The number of employees assigned to start work at 5:00 a.m. will be limited to two (2) employees for the purpose of shipping.

5.02 **AFTERNOON SHIFT** - Where a second shift is employed, the hours of work will be seven and one-half (7 1/2) for which eight (8) hours will be paid, plus a premium of fifty cents (\$.50) per hour. The above will not apply where the shorter second shift hours do not allow eight (8) hour between shifts.

- 5.09 **HOURS BEFORE AND BEYOND REGULAR SHIFTS** - Hours worked before regular starting time and beyond regular quitting times shall be considered as overtime and paid at double rate for time worked, except when other arrangements are made by mutual agreement between the Company and the Union Plant Committee.

- 5.11 **EMPLOYEE CHANGE OF SHIFTS** - If an employee is required to change shift in a calendar week, he will be paid at double rate for the balance of the week, unless the change resulted from the unanticipated or unscheduled absence, or return to work, of an employee.
- 5.12 (a) **SHIFT CHANGE** - Shift changes, listing individuals, will be posted by the end of the Day Shift on Thursday for the following week.
- (b) **SHIFT ROTATION** – For the Vancouver, Kelowna and Nanaimo Plants, shifts will rotate every two (2) weeks to allow employees equal time on each shift.
- 5.13 **GUARANTEED DAY** - Subject to the exceptions set forth in this Section and in Section 5.14, any employee reporting for work at the start of the employees' shift, will be guaranteed eight (8) hours work at the employee's regular job, or pay equal thereto, provided that, if there are insufficient hours of work available at the employee's regular job, the employee will perform such other work as may be assigned to the employee to qualify for such pay. This provision will apply only once each day and it will only apply to an employee's regular shift.

The provisions of this Section will not apply in case of shutdowns necessitated by emergencies beyond the control of the Company, or if the employee:

- The employee is recalled to work after leaving the premises of the Company, after completion of their regular shift.
 - The employee is scheduled to work overtime at some time after leaving the premises of the Company, after completion of their regular shift and who reports for the overtime assignment at the premises of the Company.

LETTER OF UNDERSTANDING #1

BETWEEN: A.J. FORSYTH, a DIVISION OF RUSSEL METALS INC.

(hereinafter referred to as "The Company")

**AND: UNITED STEELWORKERS
 ON BEHALF OF LOCAL 2009**

(hereinafter referred to as "The Union")

RE: ARTICLE 7 – MILESTONES/VACATION

WHEREAS the Parties entered into a Collective Agreement (hereinafter referred to as the Agreement) effective February 1st, 2006.

AND WHEREAS the Parties desire to interpret the Agreement for the purpose of the implementation of Article 7 - Vacations With Pay.

NOW THEREFORE this Letter of Understanding shall constitute an integral part of the Agreement and provides an interpretation of the Agreement in the following particulars:

(A) Adjustment of Anniversary Date to Cut-Off Date.

Reasons therefore: Since the employment date of an employee seldom coincides with a vacation cut-off date, it is necessary, in order to administer vacations in an orderly manner to adjust an employee's vacation pay and vacation time to the cut-off date.

(B) There are FIVE times when an employee's vacations must be adjusted to the cut-off date:

- (1)** After one year but less than three years' employment, when the employee is entitled to two (2) weeks' vacation.
- (2)** After three years but less than seven years' employment, when the employee is entitled to three (3) weeks' vacation.
- (3)** After seven years but less than fourteen years' employment, when the employee is entitled to four (4) weeks' vacation.
- (4)** After fourteen years but less than eighteen years' employment, when the employee is entitled to five (5) weeks' vacation.
- (5)** After eighteen years but less than thirty years' employment, when the employee is entitled to six (6) weeks' vacation.

(C) The following is the interpretation to be applied to Article 7 - Vacations With Pay in the A.J. Forsyth, a Division of Russel Metals Inc. - UNITED STEELWORKERS, ON BEHALF OF LOCAL UNION 2009.

(1) Article 7.01 of the A.J. Forsyth, a Division of Russel Metals Inc. –and– United Steelworkers, Local 2009 Agreement provides for payment of vacations to an employee who has worked less than one (1) year on the following basis:

- Four percent (4%) of his gross earnings.
- One (1) day's vacation for each major fraction of a month worked (maximum ten (10) working days).

The provisions of this Section are the basis of adjusting a new employee's vacation pay and vacation time to a cut-off date.

(2) When an employee becomes entitled to three (3) weeks' vacation, his vacation pay and vacation time off will be adjusted to the cut-off date by:

- Crediting the employee's vacation account with two percent (2%) of his gross earnings from his employment anniversary date to the cut-off date.
- Crediting the employee's vacation account with the amount of time off resulting from applying the fraction of the year between his anniversary date and the cut-off date to five (5) working days.

(3) When an employee becomes entitled to four (4) weeks' vacation, his vacation pay and vacation time off will be adjusted to the cut-off date by:

- Crediting the employee's vacation account with two percent (2%) of his gross earnings from his employment anniversary date to the cut-off date.
- Crediting the employee's vacation account with the amount of time off resulting from applying the fraction of the year between his anniversary date and the cut-off date to five (5) working days.

(4) When an employee becomes entitled to five (5) weeks' vacation, his vacation pay and vacation time off will be adjusted to the cut-off date by:

- Crediting the employee's vacation account with two percent (2%) of his gross earnings from his employment anniversary date to the cut-off date.
- Crediting the employee's vacation account with the amount of time off resulting from applying the fraction of the year between his anniversary date and the cut-off date to five (5) working days.

(5) When an employee becomes entitled to six (6) weeks' vacation, his vacation pay and vacation time off will be adjusted to the cut-off date by:

- Crediting the employee's vacation account with two percent (2%) of his gross earnings from his employment anniversary date to the cut-off date.
- Crediting the employee's vacation account with the amount of time off resulting from applying the fraction of the year between his anniversary date and the cut-off date to five (5) working days.

Both the Company and the Union share common objectives relating to achieving the ongoing viability of A.J. The Parties recognize that change is required in the Management, Union and involvement of employees in order to achieve these objectives. In this regard, the Company and the Union agree to a process for introducing joint decision making dedicated to developing employee empowerment. For the purpose of this Letter, employee empowerment is defined as workers having the authority and training to become involved in decision making in workplace matters involving continuing improvements in productivity unit cost reduction and quality where:

- b) workers will acquire greater influence and responsibility over day-to-day operations;
- c) the skill content of jobs will be enhanced through better training;

Employee empowerment will encompass the principles of environmental protection, safety and respect for the individual, and may evolve to include new job progression and rotation systems and the establishment of work groups or self-regulated work teams.

2. CONTINUOUS IMPROVEMENT COMMITTEE

- 1. In order to achieve the objectives outlined above, the Parties will immediately establish Local Continuous Improvement Committees made up of two (2) members from the Company Management and two (2) members from the Union Bargaining Group to jointly direct the development, implementation and maintenance of an employee empowerment process.
- 2. The duties of the Local Continuous Improvement Committees will include the following:
 - a) establishing, by consensus, guidelines and training requirements specific to employee empowerment;

- b) selecting and approving, by consensus, training programs, as well as all consultants, advisors and instructors retained to assist the development and implementation of employee empowerment;
- c) approving, by consensus, all proposals for the development of employee empowerment which require modification or clarification relative to the Collective Agreement;
- d) approving, by consensus, payment of lost time wages by the Company to the Union member employees for meetings of the Local Continuous Improvement Committees;
- e) the Company and the Union Continuous Improvement Committees will meet not less than once a month at a mutually agreeable time.

3. Questions concerning the combination, amalgamation, creation or elimination of jobs arising from employee empowerment and/or other major proposals will be thoroughly discussed at the appropriate Local Continuous Improvement Committees.

If no agreement is reached on these questions, then the Parties will revert to the their rights under the Collective Agreement.

RE: MODIFIED WORK PROGRAM – JOINT COMMITTEE

The Company and the Union shall establish a committee to evaluate and monitor the modified work program, on a continuing basis. The Committee will consist of two representatives from the Company, appointed by the Company and two representatives from the Union, appointed by the Union. All decisions made by the Committee will require the agreement of the representatives of both Parties.

The Company and the Union are committed to support the return to work of employees with a disability and to ensure that they are treated with respect and dignity at all times. The Company and the Union further agree that all such workers shall be accommodated short of undue hardship to the Company or other employees.

Based on the employee's attending physician's input, the employee's present physical capabilities and their present skills and abilities, the Parties will review the employee's return to work to ensure the proposed assignment is consistent with medical circumstances.

Normally the employee where possible will be returned to his classification, however, if the employee cannot return to his regular classification, the Parties will review and discuss alternate work assignments.

RE: BRAKE OPERATOR AND BRAKE OPERATOR TRAINEE – TRAINING PROGRAM

It is understood that the Brake Helper (Trainee) will assist and be a trainee for the Brake Operator. It is understood that the posted Brake Helper (Trainee) will progress to Brake Operator after their training is complete and they have demonstrated the skill and ability criteria through a practical test.

The proposed training program is as follows:

- Successful candidates for the posting will be given a "PREVUE" assessment test to ensure that basic mathematical and spatial skills are present. It is expected that a candidate achieve a minimum result of 6 out of 10 or higher in each of the one math and two spatial tests.
- The Brake Operator training period will be divided into three phases.

Phase 1 – After 500 hours of on-the-job training, a STANDARD PRACTICAL TEST will assess order instruction knowledge, proper interpretation of drawings and transfer of information to the forming job as well as basic safe operation of the brake.

Phase 2 – After 2000 hours of on-the-job training, a second STANDARD PRACTICAL TEST will assess the employee's ability to operate the brake as the lead operator and perform all standard bends.

Phase 3 – After an additional 2000 hours of brake operation as the lead operator he will be considered a fully qualified Brake Operator.

EXCEPTION: In the event an employee demonstrates exceptional skill development he may be given the opportunity to take a SPECIAL STANDARD PRACTICAL TEST by mutual agreement between the Company and the Union. The successful candidate will immediately be considered a qualified Brake Operator. In the event he fails this test he must wait for another 500 hour term before re-trying the test.

- The starting rate of pay for a trainee will be the Shear Operator rate in Appendix "A". There will be an additional training increase, subject to successful completion of the first 2000 hours and the practical test, of \$1.00 per hour over the Shear Operator's rate.
- It is understood that progression to a Brake Operator is the intent of this training plan and employees who cannot progress after a reasonable training period extension will not be able to freeze at the Brake Helper (Trainee) job. Employees who cannot progress will revert to their previous posting held prior to applying to this posting.

RE: CONTINUOUS SHIFT SCHEDULES - KELOWNA

The following provisions apply only to the Kelowna operations. Continuous shift schedules for other plants will be negotiated separately as required.

In agreement for allowing the Company to implement a seven day operation on a trial basis for a period of six (6) months (from the first week day the Kelowna employees begin the 10/12 hour shift schedule), the Company will give each employee at the Kelowna Branch a signing bonus of five hundred (\$500.00) dollars on implementation, and a further five hundred (\$500.00) dollars after six (6) months if the trial is successfully voted and incorporated into the Collective Agreement for Kelowna employees only. The vote to amend the Collective Agreement will occur no later than the end of the six (6) month trial.

The Company and Union agree to form a Joint Committee for the first year of the Collective Agreement to "iron out" any unforeseen issues with the proposed implementation of a Seven Day Continuous Shift Schedule.

Bumping – There would be no bumping allowed other than in time of layoff to hold a job. Employees wishing to leave their permanent posting or secure another permanent posting would have to wait until the position is posted.

SEVEN-DAY OPERATION The Company may implement a seven-day operation in the processing portion of the plant under the following conditions. Prior to implementing the seven-day operation the Company shall give the union written notice a minimum of two (2) regular work weeks in advance.

(Note – When the second shift is implemented, this shift premium will be discontinued and paid to the second shift.)
11. The second shift shall be scheduled from 6:00 p.m. to 6:00 a.m. and a shift premium of \$1.25 per hour shall be paid for all hours worked during that period.

However the minimum may be waived in the circumstances where unexpected business conditions cannot support a continuous seven-day shift schedule. The reasons will be discussed with the Joint Committee in the two week notice period.
