It shall hear and determine the difference or allegation and render its decision within ten (10) days from the time of commencement of proceedings. The decision of the majority shall be the decision of the Board.

12.04 Decision of the Board

The decision of the Board of Arbitration shall be final and binding on all parties but in no event shall the Board of Arbitration have the power to alter, modify or amend this Agreement in any respect. Should the parties disagree as to the meaning of the decision, either party may apply to the Chairman of the Board of Arbitration to reconvene the Board to clarify the decision, which it shall do within three (3) days.

The City agrees that any written statement against any member of the Union by another member of the Union shall not be used in grievances, arbitration, or any other matter excepting accident matters, that could be detrimental to employees or the Union. All reasonable arrangements will be made to permit the conferring parties or the arbitrator(s) to have access to the City's premises to view any working conditions which may be relevant to the settlement of the grievance. The party subpoenaing witnesses shall be responsible for the cost of the witness.

12.08 Attendance at Arbitration

Two (2) representatives of the Union and the grievor(s) shall be entitled to attend at arbitrations without loss of pay and benefits.

- (a) No legal counsel will be used by either party. The Union will use elected officers of the Local or a National Representative. The Employer will use either its excluded staff or its consultant.
- (b) The parties will try to arrive at a prepared, agreed-to statement of facts for joint presentation to the arbitrator.
- (c) Formal rules of evidence will be waived except for the rule of "onus".
- (d) The procedure guidelines for expedited arbitration are agreed to be as follows:

(1) Opening Statement

The précis of the issues will set out the case from each party's perspective. The appointee will seek at this point to define the real issue and to determine what evidence is agreed to and what is not.

(2) Hearing

Sufficient witnesses shall be called to ensure the facts and allegations are adequately canvassed. Where it is an issue of credibility or conflicting evidence, key individuals may be required by the appointee to testify.

(3) Argument

The parties will not cite exhaustive arbitral jurisprudence but will normally refer to Brown & Beatty or Palmer for summary purposes.

(4) Decision

If an attempt at a mediated settlement fails or is not

appropriate, and if the ensuing arbitral decision can be rendered after a short deliberation, the arbitrator will do so.

### 13.03 Warnings

- (a) The City agrees to give written particulars of any warning, censure, suspension, dismissal or other disciplinary matters to the Union unless the employee requests otherwise.

The parties are committed to the possible implementation of a ten (10) hour shift pattern for the shop operations in the public works department. The parties agree that such discussion shall take place between the parties as quickly as possible.

The parties agree that the principles guiding the ten (10) hour shift pattern shall be that no added cost shall occur for the Employer, and no loss of salary or benefits shall occur for the employee(s).

The parties agree to develop a working model to determine if the principles can be met. In the event the model can be developed, a six (6) month trial period would be implemented to determine the effectiveness of the new shift schedule.

Re: Contracting Out, Public – Private Partnerships

The parties agree with the principle that wherever possible and practical, work and services currently being performed by bargaining unit employees shall continue to be performed by bargaining unit employees, and that where the relative cost of providing such services is demonstrated to be the same or less than an outside contractor, such work required shall be done by bargaining unit personnel.

The parties agree to the following guidelines in the contracting out of services:

- (1) No employee shall be laid off from employment as a result of work being contracted out by the City of Quesnel.
- (2) It is understood that contracting out can take place to provide services to the community where the Employer has utilized City-owned equipment and operators to the fullest extent possible. Private equipment will not be hired when the regular employees (including employees on layoff) and the City equipment are available to perform the work required by the Employer.
- (3) *“Definition of Available”:* If an employee is offered the work, and accepts, whether it is considered as regular time, or overtime they shall be deemed to be considered *“available”* for the purposes of this Letter of Understanding.

The parties agree to form a Job Security Committee to discuss and attempt to resolve issues of contracting out and volunteers.

Upon the ratification of the current Collective Agreement, the Job Security Committee shall meet to discuss the feasibility of contracting *in* the current services performed at the Recycling Depot, contracted work in construction of City parks and contracted line painting.

Re: Job Security and Operational Flexibility

It is the City's intention with the various boundary expansions and growth of the City, to provide operations, which are cost effective, and of value to the taxpayer. As a result, certain operations will provide services that are twenty-four (24) hours a day, seven (7) days a week. Specifically, to implement a rotational shift pattern which includes evenings, and weekends for certain areas of the operation.

It is the Union's intention to provide job security for their members to continue to perform the work that is being provided by the City today. Also, to be a successor to any new services which the City may consider providing.

The Union and the City agree to enter into a joint partnership to discuss any services that may result from the boundary expansions, or upon expiry of any existing contracts or reductions of provincial grants or any new services which the City may consider providing.

Both parties acknowledge that in order for the City to consider providing services to these new areas, or add to any existing services, the Union and the City will need to discuss and amend the collective Agreement. The principles of the discussions would be to maximize operational flexibility so that any additional services which are being considered by the City, could be implemented in the most cost effective manner while maintaining the job security concerns of the Union.

Either party can activate discussions relating to this Letter of Understanding through Labour Management meetings. Amendments to the collective Agreement that are mutually agreed to by the parties would be implemented and administered through a Letter of Understanding.

Re: Employee Benefits Committee

The Parties share a concern for providing employees with health and welfare benefits in a cost effective and efficient manner. The Parties also recognize that while there are actions that can be taken to limit cost increases these costs are not entirely within their control.

At the 2005 negotiations the Parties discussed this matter and reached a mutual agreement that efforts should be made jointly to monitor and limit wherever possible any increased costs.

The Parties agree to create a joint committee to review on an ongoing basis the actual costs of providing the employees with the benefits provided under the collective agreement, and to consider cost saving alternatives.

The Committee shall be made up of a minimum of two (2) representatives of the City and a minimum of two (2) representatives of CUPE Local 1050. The committee may mutually agree to bring in any additional participants to the committee as they see fit.

Committee meetings shall normally be scheduled during employee's regular working hours and shall be paid as time worked. If a meeting of the committee should extend beyond an employee's normal work hours, the employee shall not be entitled to overtime pay. From time to time, it may be necessary to schedule meetings outside a committee member's regular hours. In these circumstances, an employee will be entitled to take equivalent time off, subject to regular approval procedures.

The committee shall determine by mutual agreement their meeting schedule and terms of reference within the following criteria:

- The committee shall be equally balanced insofar as representation of the City and Union;
- The committee can consider any/all methods of cost control related to health and welfare benefits;
- The committee will review any and all benefit plan contracts and may seek the advice of representatives of the benefit carriers or brokers or others;
- The committee will be supplied with and share openly statistical information related to benefit usage and costs;

- The committee can make recommendations to the City and Local 1050 as to suggested cost savings;
- No changes to existing benefit plans can be made except by mutual agreement of the City and Local 1050, and as outlined in a signed letter of agreement.

This letter of understanding and this committee will remain in place for the duration of the collective agreement.

Successorship

The City recognizes the importance to the Union of successorship rights under Section 35 of the Labour Relations Code. In the event that the City no longer operates the Quesnel and District Twin Arenas complex or the Arena in the proposed Multicentre, the City will encourage the Cariboo Regional District to ensure that any successorship rights of City employees who work at the complex are recognized.
