Pension Plan Description

The retirement benefit is based upon the former Westar Timber Ltd. Retirement Plan for Salaried Employees as amended January 1, 1979.

The main features of the Pension Plan are as follows:

3. Credit is given for all continuous service with the Company. This does not include service with any predecessor company.
4. Pension benefits are calculated in accordance with a formula of which the essential parts are:
 - (i) final average earnings based on earnings during the sixtieth consecutive months when earnings are highest;
 - (ii) for credited service from or after January 1, 1980 -- one percent (1%) of final average earnings up to the final average maximum pensionable earnings under CPP and one and three-quarters percent (1-3/4%) of final average earnings in excess of that level;
 - (iii) for credit service as a participant in Hourly Plan #1 between January 1, 1966 and December 31, 1979 – one percent (1) final average earnings up to the final average maximum pensionable earnings under CPP and one and three-quarters percent (1-3/4%) of final average earnings in excess of that level;
 - (iv) for credited service in Hourly Plan #1 prior to January 1, 1966 - one and three-quarters percent (1 3/4%) of final average earnings;
 - (v) for credited service while not a participant in Hourly Plan #1 prior to December 31, 1979 -- three-quarters of one percent (3/4%) of final average earnings.
 - (vi) post April 14, 1992; Pope & Talbot service, one point thirty five per cent (1.35%) up to the CPP maximum earnings and two (2%) of earnings in excess of the CPP maximum earnings.
5. Employees who were active participants in Hourly Plan #1 will have all prior contributions with interest credited to their voluntary account.
6. Effective October 1, 1990 all monies and interest accrued to date in the C.M.S.G. employees voluntary contribution account shall be transferred to a R.R.S.P. account of the employee's choice.

Effective October 1, 1991, 1% of the employees' gross wages shall be put into a R.R.S.P. account of the employee's choice.

Effective October 1, 1992, 2% of the employees' gross wages shall be put into a R.R.S.P. account of the employees' choice.

Effective October 1, 1993, 3% of the employees' gross wages shall be put into a R.R.S.P. account of the employee's choice.

Effective October 1, 1994, 3% of the employees' gross wages shall be put into a R.R.S.P. account of the employee's choice.

7. If an employee becomes disabled while a member of the Plan and qualifies for payments from long term disability as provided for in the collective agreement, the pension will continue to accrue as though the employee was still working and earning at the rate in effect immediately prior to disability.
8. Normal retirement is at age 65, but retirement may be as early as age 55 with Company approval. There is no reduction in accrued pension benefit if retirement is after age 60. Effective October 1, 1990 the reduction schedule for early retirement shall be as follows:

 - Age 59 years - 3% reduction - 97% pension
 - Age 58 years - 3% reduction - 94% pension
 - Age 57 years - 4% reduction - 90% pension
 - Age 56 years - 4% reduction - 86% pension
 - Age 55 years - 4% reduction - 82% pension
9.
 - (a) If employment is terminated the vesting schedule is fifty percent (50%) after three (3) years' service increasing by ten percent (10%) per year until one hundred percent (100%) vesting is reached after eight (8) years' employment. In order to be eligible for a vested benefit, required contributions with interest will remain in the fund. Voluntary contributions if any will be refunded or if the employee elects will be transferred to an RRSP.
 - (b) Effective October 1, 1995; the vesting schedule of the CMSG Pension Plan shall be amended to reflect the changes prescribed by the B.C. Pension Benefits Standards Act.
10. Should an Officer die at any time before his/her normal retirement date while still employed with the Company, his/her designated beneficiary will receive any contributions he/she has made with interest. However, should the Officer die after age 55 but before his/her normal retirement date, his/her designated beneficiary will receive a pension benefit. The payments will start on the first day of the month which is the same as or next succeeds the date of the Officer's death and will cease after sixty (60) such payments have been made. This benefit is calculated as though the Officer had actually retired on the date of his/her death. The Officer's beneficiary will also receive a refund of all the officer's contribution with accrued interest.
11. Interest shall be credited to contribution accounts as of the last day of each plan year and at a rate as determined by the Retirement Board.

CMSG PENSION HISTORY SUMMARY

In negotiations in July 1980, with the former Canadian Cellulose Company, Limited, for the October 1, 1981 to September 30, 1983 collective agreement a Letter of Understanding was negotiated that established a "new plan" for the employees represented by the CMSG. It was agreed that the plan would be based on the Canadian Cellulose retirement plan for salaried employees as amended January 1, 1979.

There was a six year moratorium of all aspects of the plan and "the Guild agrees not to propose any change to the Plan or required contributions to the Plan for six years". The letter then addresses in the third paragraph:

"In due course a new plan document will be prepared and distributed to the Guild. This document, which will be consistent with legislative statutes, will fully express the concepts, terms and operating principles of the new plan."

The Board of Directors of the Canadian Cellulose Company, passed a resolution on February 26, 1980 which created, effective January 1, 1980; The Canadian Cellulose Company, Limited Retirement Plan for Employees Represented by the Canadian Merchant Service Guild.

In the new collective agreement negotiated for the period October 1, 1983 to September 30, 1986; the pension plan description was put in the collective agreement.

The same language was renewed during contract negotiations for the October 1, 1986 to September 30, 1990 collective agreement with a reference to the new name of Westar Timber Ltd. The reference to the new name of Westar Timber Ltd. was because of a corporate name change and not an acquisition by Westar Timber Ltd.

In the CMSG negotiations with Westar Timber Ltd. in 1990, the Guild tabled several proposals to amend the pension plan including changes to the benefit formula, early retirement, indexing and survivor benefits.

In the Memorandum of Agreement dated September 18, 1990 several changes to the pension plan were agreed to including:

- changes to make the plan non-contributory
- changes to transfer the voluntary contributions into an RRSP for each member
- changes to the early retirement discounts
- early retirement and bridging benefits for several employees

The above changes were not made to the then existing pension plan for the Westar salaried employees, the changes were only made to the Westar CMSG plan.

During Contract negotiations for renewal of the 1990 - 1995 collective agreement, Pope & Talbot Ltd. and the CMSG agreed to further amendments.

During contract negotiations for renewal of the 1995 – 2000 collective agreement, Pope & Talbot Ltd. and the CMSG agreed to provisions to provide a Special Early Retirement and a Bridging Benefit.

During contract negotiations for the renewal of the 2000 – 2005 collective agreement, Pope & Talbot and the CMSG agreed to provisions to provide a Special Early Retirement and a Bridging Benefit.

In addition, Pope & Talbot and the CMSG agreed to a new Defined Contribution Pension Plan for all new Officers hired after October 1, 2005. The Company and the CMSG also agreed to a Letter of Agreement which provides that current Officers who may be impacted by a reduction in forces and are recalled within a specified period, will continue to be eligible for the Defined Benefit pension plan.
