If equivalent time off is not taken by the end of the contract year following the contract year in which it is earned, the Company shall pay the deferred one-half premium pay. Tour Workers who choose to bank overtime may later re-elect to receive the deferred one-half premium pay.

- c) When the banked time off is requested in writing seven (7) days in advance, employees shall receive written notice of the disposition of their request a minimum of seventy-two (72) hours prior to the requested time off. The payment of overtime shall not be a factor in canceling approved time off.

Section 3: Days Off and Schedule of Shifts

- a) The Company will designate regular periodic days off for each regular employee and will not change such designation without notice except in the case of breakdown.
- b) Relief employees, employed to provide relief of employees who follow regular schedules, will be scheduled when required for coverage. The Company will designate regular, periodic days off for all other employees and will not change such designation without notice except in the case of breakdown. The Company shall use its best efforts;
 - i. To schedule days off for relief employees on a consecutive basis; and
 - ii. To provide established schedules for relief employees.
- c) In the event the day or days off are changed to follow the original designated day or days off, then forty-eight (48) hours' notice will be given in advance of the original day or days off. In the event the day or days off are changed to precede the original designated day or days off, then forty (40) hours' notice must be given in advance of the new day or days off.
- d) When sufficient notice is not given prior to the initial day or days off, then overtime will be paid for work performed on the original day or days off.
- e) The employees may change their day or days off by mutual arrangement with the Supervisor and the Shop Steward of

the department concerned without penalty to the employer.

- f) Where a system of days off is now in effect, same shall remain in effect as long as mutually satisfactory to the Union and the Company, it being understood that this has reference to a mill system of days off and not to the individual employee's days off.
- g) When the Company changes an employee's shift schedule after the start of the week without notification being given during the first eight (8) hours of their last shift preceding the new shift, the employee shall receive two (2) hours penalty payment at the straight time day rate for the first shift worked resulting from the change.
- h) If the change in shifts during the week is temporary, the penalty payment is not payable for the second change in shifts when the employee returns to the previously established shift schedule.
- i) When an employee's established shift schedule is changed, the Company will, whenever practicable, notify the employee personally of the change.
- j) Where an employee is temporarily off work because of a shutdown of the job, department or plant of more than ten (10) days duration, the employee's regular schedule of hours per day and days per week, including the starting time and designated days off, shall, commencing with the eleventh (11th) day of such shutdown, be considered as having been suspended and shall not be in effect for the balance of said shutdown.

Call Time shall not be payable for assignments to extra work during such latter period or for assignments in connection with the resumption of operation of the job.

The ten (10) day period referred to above shall be exclusive of any recognized paid Statutory Holidays which may fall therein.

- k) The Company will cooperate with any Day Worker called in after twelve (12) midnight to ensure that this work does not preclude him/her working his/her regular eight (8) hour shift the following day. This may be accomplished by altering the hours of work to the mutual satisfaction of the employee and his/her supervisor. No penalty shall apply to the Company as a result of such an arrangement.

Section 4: Starting and Stopping Work

They shall remain at their post until a substitute is secured and if necessary shall work an extra four (4) hours. If work in excess of twelve (12) hours is required by refusal of a mate to report or when no other qualified relief is available, then the employee shall complete the extra shift. It is the duty of a Tour Worker to report for their regular shift, unless they have already arranged with their Supervisor for a leave of absence. If unavoidably prevented from reporting, they must give notice to their Supervisor or at the office, if reasonably possible, at least four (4) hours before their tour goes on duty.

When an employee has to work one extra shift, arrangements shall be made by the Company to provide one meal at the start of the shift and another meal or lunch four (4) hours later. The meal shall be eaten on Company time.

2) Day Workers

Any Day Worker required to work more than one (1) hour beyond the end of their regular scheduled eight (8) hour shift, shall be furnished a hot meal at the usual meal time by and at the expense of the Company. For clarity it is agreed that:

- a) The changes which provide that it is not the intent of the Company to replace its regular work force through the use of contract firms will not set aside existing external work arrangements and practices.
- b) Working under the flexible work practice provisions does not mean that an employee has been displaced and is working outside his/her job category.

ARTICLE XXVI - APPRENTICESHIP TRAINING PROGRAM

Section 1: Training Program

It is agreed that there shall be an Apprenticeship Training Program, the provisions of which are set forth in Exhibit "D", which is attached hereto and forms part of this Agreement.

Employees and the Company are to comply with established safety rules as amended by the Joint Safety Committees from time to time. Employees will not be expected to operate with unsafe equipment or under unsafe working conditions. Employees are expected to report immediately any unsafe equipment. An employee who has reasonable cause to believe that an unsafe condition exists may refuse to work under such conditions without being subject to discipline.

Section 2: Joint Safety Committee

- a) The Union and the Company shall cooperate in selecting one or more Safety Committees, which will meet at least once a month to consider all safety and occupational health problems.
- b) The local Joint Safety Committee shall consist of equal representation from Company and Union. This Committee shall meet at least once a month to consider all safety and occupational health problems.

Section 3: Safety Education

Section 4: Joint Labour/Management Safety Conference

- (a) A Joint Labour / Management Safety Conference of two (2) days will be held annually.
- (b) It shall be the basic principle of this Conference to assist the delegates in the development of an effective safety program through the promotion and implementation of best practices for an effective safety program in each mill.
- (c) To accomplish the implementation of an effective safety program in the mill, each Local Union shall have two (2) delegates in attendance at the safety conference. The two (2) delegates shall be compensated by their respective employer for any loss of wages. Travel and hotel expenses of the delegates shall not be paid by their respective employers.

- (d) A senior management representative shall attend the conference. Senior company officials and representatives of WorkSafeBC will be encouraged to attend. Additional delegates of either Labour or management will be permitted to attend on an observer basis.

The funding shall provide that when the monies in the Joint Trusteed Occupational Health and Safety Conference Fund reach Two Hundred Thousand Dollars (\$200,000.00), the funding will be discontinued until the fund has been reduced to Fifty Thousand (\$50,000.00).

The Jointly Trusted Fund will be used for the payment of wage loss for Local Union planning committee attendees and conference expenses.

ARTICLE XXIX - ENVIRONMENTAL PROTECTION

If the Union requests, a Joint Environmental Protection Committee will be established at the mill.

The purpose of the Committee will be to receive information, review problem areas and make appropriate suggestions regarding compliance including challenges related to climate change.

ARTICLE XXX - DISCIPLINARY ACTION

The Company has the right to discipline or discharge employees for just and reasonable cause.

The disciplinary record of an employee, including letters of reprimand or warnings, shall not be used against him/her at any time after twelve (12) months.

In cases involving suspension, the disciplinary notice will remain on the employee's file for twenty-four (24) months and not used after that period, provided no other discipline has occurred during that time.

The presence of a Shop Steward is mandatory at any meeting during which the employee is disciplined.

ARTICLE XXXI - ADJUSTMENT OF COMPLAINTS

It is mutually desired and intended by the parties that any dispute or complaint arising out of the interpretation of this agreement will be communicated by the employee to their supervisor in order to provide an opportunity for discussion and timely resolution, prior to the issue becoming a grievance.

If an employee is not satisfied with the resolution offered by their immediate supervisor they may then initiate a grievance.

Section 1: Grievance Procedure

- Step One** In the event that a written grievance is submitted arising out of the operation of this Agreement, except in the cases of discharge or suspension, the employee shall continue to work as per the conditions existing prior to the time that the grievance arose and any formal meeting to discuss the grievance shall be held in the presence of the shop steward.
- Step Two** If there is no satisfactory resolution at first step, then the Union may, within seven (7) days, advise the department supervisor that the employee intends to proceed with the grievance. The department supervisor and chief shop steward will then have fourteen (14) days from the date of notification to deal with and answer the grievance. Grievances other than those of individual employees may be initiated at Step Two by either party.
- Step Three** If there is no satisfactory resolution at second step, then either party may, within seven (7) days, refer the question to the Standing Committee by advising the chairmen of the Standing Committee of the intention to proceed with the grievance. The Standing Committee will then have thirty (30) Days to deal with and answer the grievance.
- Step Four** If there is no satisfactory resolution at third step, the question may, within seven (7) days, upon written request to the Standing Committee, be referred to the President of the Local and the Mill Manager, who will then have thirty (30) days to deal with and answer the grievance. Either party may elect to involve outside help at this step, such as a regional Union representative and/or senior Management representative.

Step Five If there is no satisfactory resolution at fourth step, then the matter may, within thirty (30) days, be referred to an Arbitrator.

The time periods may be extended by mutual agreement by Management and the Local Union.

Where a grievance arising from the discharge of an employee progresses to arbitration, either party may elect, in writing, to utilize the procedure outlined in Section 5 below as an alternative to the arbitration procedure set out in Section 4.

Section 2: National Officer

It is understood that in all discussions concerning grievances, any National Officer may accompany the Union Standing Committee in their meetings and the National Officer may call upon members of the Union Standing Committee or any other employee to accompany them in their meetings with Company officials.

Section 3: Time Limit

- a) In the event a grievance has not advanced to the next step within the time limit set forth in Section 1, then the grievance shall be deemed to be abandoned and all rights of recourse to the Adjustment of Complaints under this Agreement in respect of this grievance shall be at an end.
- b) The time limit between steps may be extended by mutual consent.

Section 4: Arbitration Procedure

- a) The Company and the Union will endeavor to agree upon the selection of the Arbitrator. In the event the Company and the Union are unable to agree upon the selection of the Arbitrator, they will apply, within the thirty (30) day period,

to have the Arbitrator appointed under the provisions of Section 86 of the Labour Relations Code of British Columbia.

- b) After the Arbitrator has been chosen, the Arbitrator shall meet and hear evidence of both sides and render a decision within fifteen (15) days after the Arbitrator has concluded hearings, said decision to be final and binding upon all parties to this Agreement.
- c) The parties shall bear in equal portions the fees and expenses of the Arbitrator and rental of any premises used for the hearing.
- d) The Arbitrator shall be restricted to interpreting and applying the provisions of this Agreement and shall have no authority to alter, modify, subtract from or supplement them in any way.
- e) In the case of discharge or suspension which the Arbitrator has determined to have been unjust the Arbitrator shall order the reinstatement of the employee and shall award him back pay. In the case of back pay, should there be any doubt in the opinion of the Arbitrator, the Arbitrator may order all or part back pay as deemed fit.

Section 5: Expedited Arbitration

- a) A panel of six (6) arbitrators, each of whom shall be appointed for a two (2) year term, shall be selected by mutual agreement of the Pulp and Paper Employee Relations Forum on behalf of its member companies and the Communications, Energy & Paperworkers Union of Canada on behalf of its local unions. Grievances processed under this section shall be assigned to the Arbitrators on a rotational basis.
- b) An Arbitrator must meet and hear the evidence of both parties within fifteen (15) days after assignment. If an Arbitrator is unable to commit himself to do so, the

grievance shall immediately be assigned to the next Arbitrator in order of rotation.

- c) The unavailability of counsel shall not be a reason to delay arbitration under this section.
- d) The parties will endeavor to agree on a statement of material facts, which may be submitted to the Arbitrator in advance of the hearing.
- e) The Arbitrator will give their decision and their written reasons within one week after the hearing. The reasons need not accompany the decision. Neither the decision nor the reasons will form precedent.
- f) The provisions of Sections 4(b), (c), (d) and (e) as it applies to discharge, shall apply to this section.

ARTICLE XXXII - DURATION AND AMENDING PROCEDURE

Section 1: Term of Agreement

This Agreement shall be in effect from midnight April 30, 2012 to midnight April 30, 2017, and thereafter from year to year subject to the conditions as set out in Sections 2 to 5, which follow hereunder.

Section 2: Labour Relations Code

The parties agree that the operation of Section 50 (2) of the Labour Relations Code of British Columbia is hereby excluded.

Section 3: Notice of Re-opening

- This Agreement may be opened for collective bargaining as to changes as follows:
- either party desiring any change shall mail to the other party notice in writing, by registered mail, on or after January 1, 2017, but in any event no later than midnight,

April 30, 2017, that any change is desired, and if no such notice is given by either party on or after the said January 1 and before the said April 30, the earliest time at which such notice may be given by either party is the corresponding period in the following year.

All notices given under the provisions herein on behalf of the Union shall be given by the Union (or its representative) and similarly notices on behalf of the Company shall be given by the President of the Company (or representative).

Section 4: Bargaining

If notice of desire for changes has been given in accordance with Section 3 above, the parties shall, as soon as agreeable to the parties following such date of notice, meet for collective bargaining, the Company being represented in such negotiations by a Bargaining Committee appointed by the Company and the Union being represented by a Bargaining Committee selected by said Union. Any agreement on changes arrived at and approved in such negotiations shall be binding upon the parties to this Agreement. If such negotiations cannot be completed prior to the May 1 following the date on which such notice was given, any changes in compensation to employees shall nevertheless be retroactive to the said May 1.

Section 5: Termination

In case negotiations conducted in accordance with Section 4 above break down, either party may terminate this Agreement upon the expiration of ten (10) days' notice in writing mailed by registered mail to the other party.

- f) Joint Committee to review any case of lost time from the Program because of sickness, accident, etc. and to determine the amount of additional time necessary before an employee meets his/her requirements of time served.

Central Advisory Committee

There shall be established a Central Advisory Committee of representatives of Labour and Management, for the purpose of considering policy questions and possible necessary amendments from time to time. This Committee to be composed of equal representation from Labour and Management not to exceed, in total three (3) from each group.

Entry to Program - New Apprentices

Selection for entry into the Program of persons who have no previous training in the trade will be made by the Company provided that the standards for acceptance established by the Joint Union/Management Apprenticeship Committee and the Apprenticeship Branch are applied and that first consideration is given to mill employees.

Schedule of Training for Apprentices

Upon completion of each period of training in an approved Vocational School an Apprentice will be required to pass examinations set by the Apprenticeship Branch. Practical examinations shall be confined to the area of training received. In the event of failure to pass examinations, the Apprentice shall

be required to undergo a period of re-training on subject material specified by the Apprenticeship Branch authorities and will be required to be re-examined within twelve (12) months. Failure to pass the second examination will result in a review of his/her position by the Joint Apprenticeship Committee and could result in his/her removal from the Program. Employees who are removed from the Program will be offered an entry job in keeping with their plant seniority.

- a) Successful applicants will be assigned to a specific trade as a probationer for a two (2) month period. During the probationary period the Apprentice shall receive the first year Apprentice rate.
- b) During each year of Apprenticeship, the Apprentice shall work at the trade and attend Vocational School as required by the regulations pursuant to the Apprenticeship Act.
- c) Upon the successful completion of the term of Apprenticeship and receipt of the certificate of Apprenticeship, issued by the Provincial Apprenticeship Committee, the Apprentice shall be designated as a certified Journeyman at the regular hourly rate for "A" Mechanics.
- d) If any of the aforementioned work periods are exceeded due to the unavailability of Vocational School facilities, such extra time will be credited to the Apprentice in succeeding training requirements. Also, the Apprentice's rate shall be adjusted retroactively to the commencement of the scheduled year providing the Apprentice successfully passes the examinations. Retroactivity will not apply where re-testing is necessary.
- e) For trades exceeding four (4) years, the following shall be in addition to the above. On successful completion of the fourth period of training at the Vocational School, and having spent twelve (12) months as a fourth year Apprentice, the Apprentice shall be reclassified and paid the

fifth year Apprentice rate which is equivalent to the "A" Mechanic rate for the following twelve (12) months. On completion of the final period at the Vocational School the fifth year Apprentice shall write the final examination set by the Apprenticeship Branch and, upon becoming certified, shall be designated as a certified Journeyman at the regular hourly rate for "A" Mechanics.

Wherever reference is made to a year (or twelve (12) months) as an Apprentice, it shall mean a period of not less than 1600 hours worked, the said period to include time spent at the Vocational School.

Cost of Books

The Company will pay 100% of the cost of textbooks specified by the Apprenticeship Branch. The Apprentice will keep these books as personal property.

Allowances and Wage Make-Up

While attending an approved Vocational School the Apprentice will receive from the Government, allowances and school expenses in accordance with the Government's schedule of grants pertaining to Apprenticeship Training. In addition, the employee shall receive from the employer, an allowance comprised of the difference between the employee's regular straight time rate based on a forty (40) hour week, and the weekly living allowance granted by the appropriate government authorities. Allowances provided by the employer shall not apply to any periods of retraining as specified in Item 11.

General

- a) The Company agrees to develop and provide a program of on-the-job training for each trade, which shall include doing jobs of gradually increasing skills consistent with the Apprentice's training and ability.

- b) Apprentices will be required to acquire and build a kit of tools progressively throughout the Program, as specified by the Apprenticeship Branch and the Joint Union/Management Apprenticeship Committee.
- c) A category known as "Trade Utility" may be established in the Mechanical Department and complement for such category will be determined at plant level.
- d) Employees in this category will be employed to assist Tradesmen and Apprentices with Labour and similar work but will not be used in a manner that will interfere with the application of the training program (see item 7(iv) of Memorandum of Agreement dated April 20, 1964). Trade Utility rates will be paid in accordance with Exhibit "A".

HOWE SOUND LABOUR AGREEMENT

Taken from the Transcripts of
Negotiations for Contract Years

1945 - 1952 inclusive

And from Memoranda issued during
Subsequent Wage Conferences

**Howe Sound Pulp & Paper Limited

FOREWORD

During the 1946 Labour Conference it was jointly agreed that the Companies and the Union would each appoint a Committee of two (2) to select from the verbatim transcripts of the 1945-46 and the 1946-47 Joint Conferences "Statements of Policy" which were then to be approved by the National Officers of the Union and by representatives of the Companies and thereafter printed in a booklet to be entitled "Statements of Policy". (See 1946 Transcript, page 80 and page 159). This policy has been re-adopted at subsequent Labour Conferences.

The Statements of Policy contained in this booklet have been reworded for the sake of brevity and clarity, and have been agreed to by both Union and Company representatives. They are

intended as a supplemental guide in the interpretation of the contract on the points, which they cover.

STATEMENTS OF POLICY

Article II - Definitions

- a) Definition of "Supervision". (Memorandum of Agreement dated January 30, 1958)

Employees and employers recognize that supervisors are excluded from the provisions of the BC Standard Labour Agreement and accordingly it is improper for supervisors normally to do the kind of work which is done by those defined as employees in the Agreement.

It is also recognized that for the practical and efficient operation of the mills there are occasions when a supervisor must help. Such occasions must be temporary in nature and must not result in the displacement or exclusion of employees under the Agreement.

- b) Definition of "Him". (Page 98, 1946 Transcript)

Wherever the word "him" appears in the contract it will be taken as referring to a male or female employee as the case may be.

- c) Definition of "Engineering". (Page 35, 1947 Transcript)

The word "engineering" as used in this section does not refer to steam operating engineers.

Article V - Standing Committee

Payment of Representatives on Union Standing Committee. (Pages 109 - 110, 1950 Transcript)

- a) The general principle to be followed is that no employee's normal earnings shall be reduced by virtue of his/her attendance at a Standing Committee meeting.
- b) Employees attending meetings called while they are on duty will be paid for the time in attendance providing a meeting does not extend past the end of a shift.

If it does extend past the end of the shift, no allowance is made for such additional time.

- c) Employees attending meetings during their time off will not be paid.
- d) Where it is necessary to relieve an employee attending a meeting, the relief person will be paid at straight time except for any time in excess of eight (8) hours in the day which will be paid for at time and one-half.
- e) The time of the meeting shall be determined by mutual agreement.

Article VI - Hours of Work

Section 2: Overtime

It is hereby agreed by the Companies party to the BC Standard Labour Agreement that:

- (i) The hours worked on Sundays and on the recognized paid Statutory Holidays provided for in the above referred to BC Standard Labor Agreement will be used in the computation of the forty (40) hour work week.
- (ii) The foregoing arrangement applies only to Sunday and recognized paid Statutory Holiday hours and no other hours on which time and one-half has been paid, nor hours

paid for Call Time, may be used for the purpose of calculating the forty (40) hour week.

- (iii) For the purpose of calculating overtime, the basic forty (40) hour work week shall be reduced by eight (8) hours in any week in which a recognized paid Statutory Holiday occurs. Should more than one (1) recognized paid Statutory Holiday occur in any week, the basic forty (40) hour work week shall that week be reduced by eight (8) hours for each such recognized paid Statutory Holiday. For example, in a week in which one recognized paid Statutory Holiday occurs, overtime will be paid for hours worked in excess of thirty-two (32). Should it happen that two (2) recognized paid Statutory Holidays occur in one (1) week, then overtime will be paid for hours worked in excess of twenty-four (24) that particular week.

The workweek shall start at 8:00 a.m. (or at the regular hour of changing shifts nearest to 8:00 a.m.) Sunday.

Those pulp mills which are presently working on a forty-two (42) hour week schedule and which have not yet adopted the so-called "1946 Sunday Letter" shall only adopt the terms set out herein after the implementation of a forty (40) hour per week schedule. There shall be a three (3) months training period in which to prepare personnel necessary to effect the change from a forty-two (42) hour to a forty (40) hour per week schedule.

The foregoing is to be considered as supplementary to Article VI, Section 2 - Overtime, of the BC Standard Labor Agreement and supersedes all existing local agreements in respect of the computation of overtime for Sunday and Holiday work.

(1) Day Workers

Clarification of Overtime to Day Workers. (Page 90, 1949 Transcript) The employee's designated day off is Tuesday. He is given less than forty-eight (48) hours' notice that it is to be changed to Friday. He is then paid as follows:

Sunday -	8 hours plus 4
Monday -	8 hours
Tuesday -	8 hours plus 4
Wednesday	8 hours
Thursday -	8 hours
Friday -	off
Saturday -	4 hours

If he is called back at 1 p.m. Saturday to work four (4) hours in the afternoon, is he entitled to time and one-half? The answer is "no" for the reason that the contract stipulates that overtime will only be paid on the one basis. In other words, we cannot pay overtime twice on the same time. However, in the letter of October 18, 1946, Powell River Company Limited and Pacific Mills Limited did agree to include Sunday time and designated holidays time in the forty-four (44) hour week (amended to forty (40) hours 1952-53), even though time and one-half had been paid on it. They did not agree to include any other time on which time and one-half had been paid and there is no intention of broadening it at this time. On this principle, therefore, in the case above, the hours the employee worked on Tuesday, his/her designated day off, are eliminated from inclusion in the forty-four (44) hour week (amended to 40 hours 1952-53).

(2) Tour Workers

Clarification of Payment of Overtime to Tour Workers. (Page 270, 1948 Transcript)

Where a Tour Worker works an extra shift due to the absence of his/her mate who has given proper notice and the overtime

worked by the Tour Worker extends into another day, he/she will still be paid at the rate of time and one-half.

Definition of What Constitutes a Mate at Powell River. (Page 312, 1950 Transcript)

In the case of the Block Loader, there are two men on one side and one on the other. These will be numbered 1, 2 and 3. No. 1 man relieves No. 1; No. 2 relieves No. 2; and No. 3 relieves No. 3.

Relief of Mates. (Page 328, 1950 Transcript)

The Company will do everything in its power to relieve men within twelve (12) hours when these men are working due to the absence of a mate.

Section 3: Days Off and Schedule of Shifts

- a) Scheduling of Days Off. (Memorandum, 1953 Wage Conference)
- b) The Manufacturers agree that the scheduling of days off shall be on a consecutive basis wherever practicable.
- c) Sunday Running

At a meeting held in Vancouver, BC, on June 15th, 1953, between the representatives of the Powell River Company Limited and those of Local 142 of the United Papermakers and Paperworkers, continuous operation of the paper machines was agreed upon in accordance with an understanding as set out in the Minutes of the said meeting.

Section 4: Starting and Stopping Work (b) Day Workers Clarification of "Starting". (Page 260, 1948 Transcript)

When a Day Worker is established on a job that is some distance from his/her shop he/she shall be on that job ready to begin work at the time his/her pay starts and shall not cease work in advance of the time his/her pay stops. If the worker's time clock is not located close to the route he/she must travel to his job, he/she may, at the discretion of the Company, report directly to the job without punching his/her time card and his/her foreman shall be responsible for having his/her time recorded.

Article IX - Allowance for Failure to Provide Work

- (a) Clarification of the Word "Accident". (Page 60, 1945 Transcript)

The word "accident" as used in this section means a mishap occurring to an individual resulting in a shutdown. In other words, the occasion involves the human element as distinguished from the mechanical.

- (b) Clarification of "Employee's Regular Job". (Page 61 et seq., 1945 Transcript)

In the application of this section it is considered that the allowance is due to an employee only in the case where he/she is reporting for his/her regular duties and then no work is provided. If the employee's regular duties consist of ship loading and bull gang work, he/she may be transferred from one regular assignment to another without penalty providing he/she obtains work on either job. However, while working on ships he/she will receive the ship rate and while working in the yard he/she will receive the bull gang rate. In the case of an employee, whose regular duties consist of one specified job, and who reports for work and finds no work available, if such employee then transfers to a job carrying a lower rate, at his/her election, he/she shall

nevertheless receive the rate paid him on his/her regular job.

(c) Clarification of "Breakdown". (Page 258, 1948 Transcript)

A breakdown in one department which compels the closing down of one or more additional departments is a breakdown within the meaning of this section, providing the Company uses its discretion in handling the case and where there is no loss of time unjustly caused to an employee.

Article X - Call Time

(a) Applicability of Section in Specific Instances. (Page 157, 1946 Transcript)

- (i) When a Day Worker whose shift is from 8:00 a.m. to 5:00 p.m. is told to go home at 12:00 noon and return at 4:00 p.m. for work, he will receive two (2) hours Call Time because the shift was designated at 12:00 noon

(b) Definition of "Regular Scheduled Shift". (Page 65, 1949 Transcript)

A regular scheduled shift is the work defined for an employee by the Company.

(c) Applicability of Section in Specific Instances. (Questions and answers - report of Call Time Committee, 1949 Transcript)

- (i) In Section 2(a) relating to the payment of Call Time to Tour Workers, the phrase "after he has completed his/her regular shift" shall be considered to mean at that point when his/her pay stops upon being relieved by a mate.
- (ii) A Day Worker is called in on his/her designated day off reporting for work at 8:00 a.m. and working until 10:00 a.m. for which he/she received four (4) hours pay as the

minimum allowance for an employee who starts work. If notification had not been given during his/her last shift preceding the work involved, he/she would qualify for Call Time and would also qualify under the provisions of Section 3(a) wherein a minimum of four (4) hours pay will be paid for each call when work has actually commenced both to Tour Workers and Day Workers.

In the above case the worker worked two (2) hours at the overtime rate plus a two (2) hour call which would entitle him/her to five (5) hours pay, thereby meeting the requirements of Section 3. It should be made clear that an employee under these circumstances will not receive four (4) hours minimum pay plus Call Time, if any, but that the four (4) hours minimum pay includes the Call Time payment.

- (iii) A Day Worker normally working the 8-5 or 8-4 shift is ordered to go home at 12:00 noon and report back for work at 4:00 p.m. or 12:00 p.m. The employee in question is entitled to Call Time since his/her designated shift terminated at 12:00 noon and more than two (2) hours elapsed between his/her designated shift and his/her return to work.

Article XVII - Statutory Holidays

- a) Clarification of Section 4. (Page 265, 1948 Transcript)
 - (i) In the calculation of the forty-two (42) hour work week (amended to forty (40) hours 1952-53) the payment of holiday pay will not be used unless the employee actually worked Section 2(a) relating to the payment of Call Time to Tour Workers.
 - (ii) It is understood that an employee's vacation shall be exclusive of a paid holiday as recognized by the BC Standard Labour Agreement. Therefore, if one or more

such holidays fall within the employee's vacation period, he/she will be required to take the comparable number of additional days off. The employee shall only receive the pay for such recognized paid holidays falling within his/her vacation period when he/she takes the required additional time off.

(iii) Where an employee, after having agreed to do so, fails or refuses to work on a holiday, on account of sickness, or other bona-fide reason, the Company reserves the right to investigate the absence of the employee to decide whether or not he/she is entitled to holiday pay.

(iv) The sixty (60) day qualifying period referred to in Clause (a) refers to "calendar" days.

b) Clarification of Section 4(c). (Page 105, 1950 Transcript)

Employees absent on the "scheduled work day before and/or the scheduled work day after a recognized holiday" are excused from their regular scheduled shifts in instances of sickness, or of sickness in the family, and are, therefore, entitled to holiday pay. The question of the validity of the excuse of sickness can be determined by the Company in each mill in each case.

Article XXVIII - Safety and Occupational Health

Unsafe Working Conditions. (Page 136, 1947 Transcript)

It is not the policy of the Company to require an employee to work under unsafe conditions. It is admitted by the Union and the Company that it is impossible to draw a hard and fast line as to what is safe and unsafe. Being a factual question, each case must be decided on its merits, but in general an employee who justifiably refuses to work under unsafe conditions would not be subject to discipline.

Article XXX - Disciplinary Action

- a) Notification of Union Standing Committee by Employer. (Page 70 et seq., and Page 126, 1945 Transcript)

Wherever practical, the Company will notify the Union Standing Committee of its intention to discharge an employee. Under certain well-recognized circumstances where no premeditation is involved, it is permissible for the Company to discharge an employee immediately without recourse to the Standing Committee. The employee still has the right to present his/her case to the Standing Committee for consideration and if deemed proper the Standing Committee may follow the usual grievance procedure.

Article XXXI - Adjustment of Complaints

Standing Committee Can Call in Members for Discussions of Grievances with the Company. (Page 261, 1946 Transcript)

It is agreed that the Union Standing Committee may call in any other employee to accompany them in their meetings with Company officials.

Exhibit "A"

Clarification. (Memorandum No. 6, 1952 Wage Conference)

"An employee shall be considered as having been promoted to a higher rate job when he/she has taken over the duties and responsibilities of that job, without the guidance of the employee who is breaking him/her in. He/she shall then receive the higher rate. During the period the employee is being broken in and another employee is on the job and carrying the responsibility for it, the employee being broken in shall receive the hourly rate of his/her previous regular job."

Miscellaneous

- a) Status of Employees Refusing to Work in Excess of 8 Hours Per Day or Scheduled Hours Per Week. (Page 91, 1949 Transcript)

If an employee is requested to work in excess of eight (8) hours in any one day or in excess of his/her scheduled work week hours in any one week, the employee has the right to come in or not to come in and no penalty can be imposed by the employer for the failure of the employee to come in. It is understood, however, that the Companies are entitled to look for reasonable co-operation from their employees.

- b) Conflict Between BC Standard Labour Agreement and Transcript. (Pages 46-7, 1951 Transcript)

Whenever there is a conflict between the BC Standard Labour Agreement and the Transcript, the Agreement will prevail.

- c) Native Indian Employment

In response to a Union proposal relative to encouragement of Native Indians to seek employment, the Industry will participate with the National Union in a joint committee to function during the term of the 1970 Labour Agreements. The committee will be known as the Native Indian Employment Committee, and will consist of eight (8) members, four (4) representatives of the Unions and four (4) representatives of the Industry.

The purpose of the committee will be to examine problems relative to employment of Native Indians and make appropriate recommendations to the Company and Union to further this objective.

Re: Flexible Work Practices

**April 14, 1998
Amended 2003**

LETTER OF UNDERSTANDING - FLEXIBLE WORK PRACTICES

1. The introduction of flexible work practices is designed to improve productivity, improve product quality, reduce down time, and lower costs while ensuring that the work is completed in a safe manner. The efficiencies that result from flexible work practices are also intended to assist in fulfilling the intention of Article 25 of the Collective Agreement.
2. The parties agree that this letter on flexible work practices recognizes that the primary responsibility for the operation of the mill will remain with operators and the primary responsibility for maintaining the mill will remain with trades' persons and steam plant maintenance employees.
3. It is understood that the intent of this letter will supersede local practices, and verbal and written agreements, which would impair the implementation of flexible work practices.
4. All work will be performed in a manner consistent with safety articles of the Collective Agreement as well as the Company's safety rules and the regulations issued by the WorkSafeBC of BC. It is recognized that some tasks can only be performed by employees who possess certain government certifications and in that instance, the work will only be performed by employees who possess the required government certificate.
5. The intent of this Agreement is to provide that all employees will safely utilize all of their existing skills and maximize their productivity and learn and use new skills to enhance their effectiveness.

6. The Company and the Union will meet to discuss a module based training program that will enhance the existing skills of employees. They will also discuss the option of using trainers from the bargaining unit to assist in the design and delivery of the training modules. The Company will design and introduce new training programs to facilitate the implementation of and evolution of flexible work practices.
7. All employees will be required to complete training programs as prescribed by the Company and utilize new skills acquired as a result of training. Training will be consistent for all employees in each job classification.
8. The parties recognize that the acquisition of new skills that facilitate the implementation of flexible work practices is an ongoing process and will continue over time to support the changing needs of the business.
9. The following payments will be made for flexible work practices:

Maintenance Employees	\$.95 per hour
Operations Employees	\$.40 per hour

To be implemented as follows:

- Upon ratification of the Collective Agreement, \$.45 per hour for Maintenance employees and \$.20 for operating employees.
- Immediate utilization of existing skills that may not have been previously used due to restrictive work practices.
- Employees assisting each other regardless of department or occupation.
- \$.25 per hour for Maintenance employees and \$.20 per hour for Operators upon successful completion of each

modular training program and utilization of skills acquired as a result of this training. There will be two training modules for Maintenance employees and one training module for Operations employees.

Apprentices will be paid the maintenance premiums in the usual proportion.

The same delineation that defines who is an Operator and who is a Maintenance employee shall apply to the payment of premiums. Maintenance employees will include all journeypersons as identified under Exhibit 1 - Definition of Mechanical Trades - of the Collective Agreement and roll balancers, lubrication mechanics, riggers, and sawfilers.

The parties agree that there will be no pyramiding of credits under the job evaluation plan for duties that are being compensated for under the flexible work practices agreement, unless the changes constitute new regular job duties added to their classification as defined by the job evaluation plan. These new regular job duties must result from either new or changed procedures/equipment or from the permanent reassignment of duties from another job classification.

Note: Effective April 30, 2003, all flexible work practice payments will be rolled into the wage rates.

10. Training programs implemented under point (6) are not intended to force qualification in another trade.
11. The Company agrees that no employee will lose their employment with the Company as a direct result of the implementation of flexibility initiatives under this letter. This provision applies to only those employees employed at the date of ratification of this Agreement.

12. No trades person or apprentice will be involuntarily displaced from their respective trade on a permanent basis as a result of the implementation of flexible work practices.

This does not apply to an employee who is laid off or whose job is temporarily curtailed and is recalled or works in a different job category on the basis of mill seniority.

This letter was renewed by agreement between the Company and the Union for the term of the 2012– 2017 Labour Agreement.

LETTER OF UNDERSTANDING - CONTRACTING

This is to confirm the agreement between the Company and your Union respecting the conditions that would apply to contractors coming onto the mill site to perform construction work or perform maintenance and repair work of a nature normally performed by employees in the bargaining unit. This agreement will prevail for the duration of the Howe Sound Agreement. In entering into this agreement, the Union acknowledges that, subject to contracting Article XXV, the Company retains the right to select contractors, as it deems appropriate.

No aspect of this policy applies to contractors which are certified to a Union recognized by the Local Union, it being clearly understood that a Union's affiliation to the Canadian Labour Congress, the BC Federation of Labour, or the Confederation of Canadian Unions warrants such recognition.

Any other contractor who comes onto the mill site to perform construction work or perform maintenance and repair work which is of a nature normally performed by employees in the bargaining unit shall abide by the following Code of Ethics. This Code defines the terms and conditions under which these contractors and their employees will be governed during the term of their contract.

1. Minimum Wages

The contractor's straight time hourly rate of pay for a journeyman will not be less than the straight time hourly rate for the equivalent mill journeyman. The contractor's straight time hourly rate of pay for all other employees shall not be less than the straight time hourly base rate for the mill.

2. Contributions to the Pulp and Paper Industry Pension Plan

Subject to the approval of the plan trustees and the appropriate regulatory authorities, the Company shall remit annually to the Pulp and Paper Industry Pension Plan the following:

- (i) For contractors performing maintenance and repair work of a nature normally performed by employees in the bargaining unit - the equivalent contributions.
- (ii) For contractors performing construction work - one-half the equivalent contributions.

3. Remittance to the Local Union

One percent (1%) of all wages earned calculated on the basis of straight time hours worked shall be remitted to the local Union on a monthly basis.

4. Adherence to Safety Regulations

Contractors performing construction work are responsible for ensuring that their employees comply with the health and safety regulations and policies applicable to the work being performed. When the contractors' employees are performing maintenance and repair work which is of a nature normally performed by employees in the bargaining unit, the contractors and their employees shall adhere to the established health and safety regulations and policies in force at the mill site. Management commits to deal promptly with any violations brought to its attention by the Joint Health and Safety Committee.

5. Honoring of Picket Lines

Contractors' employees shall honour all legal picket lines at the mill site. Failure to do so shall result in disqualification

from future access to the mill site for the term of the contract. A contractor will not be allowed on the mill site if it has a current, demonstrated practice of crossing legal picket lines.

The Company will honour the commitments made in this letter for the duration of the Collective Agreement and will ensure that a copy of this letter is provided to any contractor participating in the contract bidding process.

**LETTER OF UNDERSTANDING
APPRENTICES**

The Company agrees to the establishment of a committee composed of Management representatives and appropriate

representatives of the Union to explore the possibility of working with Government, Community Colleges, and High Schools with a view to enhancing Apprenticeship opportunities with the mill. The focus of the committee would be:

2. Mill employees shall have the first opportunity to have access to the Apprenticeships being offered.
3. Develop recommendation for a program which would create an opportunity for local High Schools to participate in an apprenticeship program at the mill site.

The parties understand that such a program would be based on the principle of cost neutrality to the Company and there would be a requirement for joint Union-Management representation to the Government to access funds for this purpose.

This committee will be established within three (3) months from the date of ratification of the renewed labour agreement. Any issues arising from this process shall be referred to the Standing Committee for mutual resolution.

Re: Trades Qualifications

July 17, 2003

LETTER OF UNDERSTANDING - TRADES QUALIFICATIONS

CEP and Howe Sound Pulp and Paper both clearly recognize the critical nature of apprenticeship training and certified trades qualifications mechanisms. It is no secret that British Columbia is facing skills shortage and the pulp and paper industry is not exempt from this impending crisis.

The parties agree to work cooperatively on the issues of workplace and trades training. The Union and the Company agree that closer cooperation will help protect them against any changes that could negatively impact the skills' levels and portability of trades' persons in BC

The parties agree to the establishment of a committee comprised of management representatives of Howe Sound Pulp and Paper and appropriate representatives of CEP to develop a strategy of maintaining the principles of certified trades training

for British Columbia and the opportunity for workers to participate in inter-provincial qualifications examinations.

The parties agree to approach other like-minded employers to extend an invitation to join in the efforts of the committee as outlined above. The parties also agree that all recommendations from this committee will be communicated collectively to the provincial government.

The committee will be established within one month from the date of this letter.

Without prejudice to Article X of the labour agreement, the Company agrees to pay one (1) hour at time and one-half for any management directed phone calls made after the end of the employee's normal working hours for information to assist in any operation of Howe Sound Pulp and Paper. If the issue requires more than one (1) hour to resolve, the employee will be asked to come to work and be paid as per the provisions of the Labour Agreement.

To ensure the application of this clause, the Company and the Union will review the usage quarterly at Standing Committee and any questionable application will be identified and corrected to prevent recurrence.

B. Call Time Payable after Completion of Shift - Day Workers

In the event a Supervisor requests a day worker to work overtime after the end of his/her designated scheduled shift, and providing no prior indication was given to the employee that overtime would be required, the employee will be paid the two (2) hour call time penalty as required under Article X, Section 1 (a), Howe Sound Agreement.

Without prejudice to Article X of the labour agreement, the Company agrees to pay one (1) hour at time and one-half for any management directed phone calls made after the end of the employee's normal working hours for information to assist in any operation of Howe Sound Pulp and Paper. If the issue requires more than one (1) hour to resolve, the employee will be asked to come to work and be paid as per the provisions of the Labour Agreement.

To ensure the application of this clause, the Company and the Union will review the usage quarterly at Standing Committee and any questionable application will be identified and corrected to prevent recurrence.

C. Call Time Payable after Completion of Shift - Tour Workers

When a Tour Worker has turned over shift responsibilities to a trained mate at the completion of the shift, the Tour Worker's responsibility to the Company finishes at that time.

In the event a Supervisor requests a Tour Worker to work overtime after the Tour Worker has been duly relieved by a mate and providing no prior indication was given to the employee that overtime would be required, then the employee will be paid the two (2) hour call time penalty, as required under Article X, Section 1 (a), Howe Sound Agreement.

employee's normal working hours for information to assist in any operation of Howe Sound Pulp and Paper. If the issue requires more than one (1) hour to resolve, the employee will be asked to come to work and be paid as per the provisions of the Labour Agreement.

To ensure the application of this clause, the Company the the Union will review the usage quarterly at Standing Committee and any questionable application will be identified and corrected to prevent recurrence.

It is understood that the scheduling of the deferred time off will be on a "non demand" basis.

F. Compressed Work Week Memorandum

Definitions:

Shift: Means twelve (12) hours continuous (CWW)

Tour: Means two (2) –twelve (12) hour day shifts followed by two (2) –twelve hour night shifts followed by four (4) consecutive days off.

Eight (8) hour Schedule: Refers to eight (8) hour days, eight (8) hour afternoons, and eight (8) hour nights as defined in Article VII, Section 2: (1)(b) and Section 2: (1)(c) of the HSPP agreement.

For the purpose of a Compressed Work Week schedule, the parties hereby agree to the following terms and conditions:

- (1) The twelve (12) hour shift time of 7:30 A.M. to 7:30 P.M. and 7:30 P.M. to 7:30 A.M. will define a DAY as a period of twenty-four (24) hours beginning at 7:30 A.M., and a WEEK as a period of seven (7) calendar days beginning at 7:30 A.M. Sunday.

Compressed work weeks will be either thirty-six (36) hours or forty-eight (48) hours, with the CWW schedule being two (2) twelve (12) hour day shifts followed by two (2) twelve (12) hour night shifts, followed by four (4) consecutive days off.

- (2) This schedule may be cancelled by either party with thirty (30) days written notice or within seven (7) days if mutually agreed to by the Union and the Company.
- (3) The implementation of the Compressed Work Week will be on the conditions that there will be no extra cost to the Company and that the efficiency of any department or departments will not decrease.
- (4) It is clearly understood by both parties that replacements must be available for relief purposes when required and that if replacements cannot be made by shift move-ups to complete the crew complement, then these replacements must come from employees on their scheduled days off. In

the event adequate relief is not available, the Company will schedule employees to cover, and the area will revert back to an eight (8) hour schedule until adequate relief can be secured for continuation of twelve (12) hour shift schedules.

If securing adequate relief develops into a continuous problem, it shall remain the responsibility of the Standing Committee to submit a viable recommendation.

- (5) Anyone rescheduled to a different schedule than that shown above will be deemed to be following an eight (8) hour schedule as per Article VI. Rescheduling will only occur as a last resort.

In the event that rescheduling does occur, individuals will be compensated by being paid eight (8) hours at straight time and four (4) hours overtime as a day worker.

This will only apply to the rescheduled work day in question.

Any proposed temporary altered shift schedule (such as altered training schedule, special assignments, etc.) will go to Standing Committee for mutual resolution.

- (6) Both parties understand that problems may arise with the Compressed Work Week system. Should this occur, the Standing Committee will meet to discuss the problem to reach a satisfactory solution.
- (7) Overtime will not be paid if incurred as a result of the initial implementation or the discontinuation of the twelve (12) hour shift schedule.
- (8) Employees entering or leaving the schedule such as for relief purposes will not be paid overtime for the ninth (9th)

to twelfth (12th) hour but will be paid in accordance with Item #9.

(9) Overtime at the rate of time and one half will be paid as follows:

- (a) All work in excess of twelve (12) hours in any one (1) day.
- (b) All work in excess of thirty-six (36) hours in a thirty-six (36) hour week or forty-four (44) hours in a forty-eight (48) hour week.
- (c) For the purpose of the twelve (12) hour schedule, Sunday Letter entitlement will be based on the thirty-six (36) or forty-eight (48) hour week, depending on the number of days scheduled in that week. Overtime will be paid based on (b) above.

(10) Tour Workers who work in excess of twelve (12) consecutive hours on a regularly scheduled shift or in excess of eight (8) consecutive hours on a scheduled day off shall have the option of receiving the overtime premium on the basis of Article VI, Section 2(3)(a) of the Howe Sound Agreement or of receiving straight time for hours in excess of twelve (12) or eight (8) consecutive hours respectively, and taking equivalent time off at the hourly rate for the job when the work was performed at a time suitable to the employee and the Company during the contract year. If equivalent time off is not taken by the end of the following contract year in which it is earned, the Company shall pay the deferred one-half premium pay.

(11) Meals:

A hot meal, if not declined, shall be furnished at the usual mealtime, by and at the expense of the Company, to any Tour Worker required to work more than thirteen (13) consecutive hours.

- (12) When the Company changes an employee's shift schedule after the start of the week without notification being given during the first twelve (12) hours of his last shift preceding the new shift, the employee shall receive two (2) hours penalty payment at the straight time rate for the first shift worked resulting from the change.

If the change in shifts during the week is temporary, the penalty payment is not payable for the second change in shifts when the employee returns to his previously established shift schedule.

- (13) An employee who has been employed for less than one (1) year and does not qualify under (B) of Article XV - Vacations, of the Howe Sound Agreement, will receive a vacation of two (2) hours for each forty (40) hours of actual work performed during the preceding vacation period. No vacation of less than one (1) day will be granted.

- (14) Employees will be allowed to take vacations on a Tour basis. For purposes of the CWW twelve (12) hour schedule, a Tour will be the four (4) consecutive working days followed by the four (4) scheduled days off.

Vacation time may be taken in blocks of forty (40) hours plus eight (8) hours unpaid leave of absence or forty-eight (48) hours. Leftover vacation time will be granted in consecutive shifts only.

- (15) Employees will give as much notice as they possibly can on requests for leave so they can be replaced at straight time. Otherwise the necessity to work employees on their days off will effectively negate the benefits gained from the additional days free from work in the Compressed Work Week.

Employees applying for time off outside the Vacation Ground Rules, but applying for leave with three (3) tours or

more of notice, will receive a disposition of the request within one (1) tour.

(16) Grouped Hours - Taking of Statutory Floaters (equal time off with pay for work performed on statutory holidays), Deferred Statutory Holidays, and Banked Overtime.

(a) Statutory Floater time, deferred statutory holiday time and banked time will be grouped to facilitate taking paid time off in twelve (12) hour units.

(b) Statutory Floaters will be taken in units of either;

- (i) Eight (8) hours of Statutory Floater time plus four (4) hours of other paid leave or,
- (ii) Twelve (12) hours of Statutory Floater time.

(c) All Statutory Floater time must be taken in eight (8) hour minimum units to maintain floater holiday status.

(d) Employees may take four (4) hours from grouped hours if so desired to supplement Statutory Holiday pay, if they would normally have worked a twelve (12) hour shift on that day.

(e) An employee who has four (4) or more grouped hours, but less than twelve (12) hours remaining may take a twelve (12) hour shift off and be paid the number of entitled hours. At the end of the contract year, where applicable, hours less than twelve (12) not taken will be paid to the employee.

(f) With the above exceptions and those elsewhere in this Memorandum of Agreement, all other conditions of the Howe Sound Agreement will apply to the matters covered in this item.

- (17) CWW employees may take, at their option, up to eight (8) days of CWW leave without pay each contract year. CWW leaves in full tour blocks may be scheduled on the vacation schedule as 3rd choice (after Labour Crew first selection); otherwise, granting of time off will be treated in the same manner as banked time.
- (18) When a death occurs to a member of a regular full time employee's immediate family, the employee will be granted an appropriate leave of absence and shall be compensated at the employee's regular straight time hourly rate for hours lost from the regular schedule up to a maximum of thirty-six (36) hours, in accordance with the provisions of Article XIII - Bereavement Leave – Section 1: Compensation.
- (19) Any regular full time employee who is required to report for Jury Selection, Jury Duty, Coroner's Inquest, or who is subpoenaed to serve as a witness in a court action, save and except actions involving the Company and trade unions, unless subpoenaed by the Crown, on a day on which the employee would normally have worked, will be reimbursed by the Company for the difference between the pay received in such duty and the employee's regular straight time hourly rate of pay for the employee's regularly scheduled hours of work necessarily lost.

It is understood that such reimbursement shall not be for hours in excess of eight (8) per day (forty (40) per week), or twelve (12) per day, (thirty-six (36) or forty-eight (48) per week) where applicable under the designated Compressed Work Week Schedule.

The employee will be required to furnish proof of performing such service and such duty pay received.

- (20) A system of call-in for all CWW operating departments requiring coverage on an overtime basis to be adopted in principle.
- (a) Call in the classified operator on primary days off.
 - (b) Call in the classified operator on secondary days off.
 - (c) Move up next crew member from the scheduled crew and call in the classified operator for the vacant position as in (a) and (b) respectively.
- (21) A System of call-in for all CWW shift trades departments requiring coverage on overtime basis will be as follows:
- (a) Call in shift trades worker on primary days off.
 - (b) Call in shift trades worker on secondary days off.
 - (c) Call in Weekend Maintenance on days off.
 - (d) Assign day shift trades (10 hours group) as per H.S.S.A Article 1-Section H – Relief Personnel
- (22) A 5% account will be maintained for employees that request it for taking CWW leave as per (17) above. To minimize processing costs, pay out requests will be included on the leave request form when sent in for processing.
- (23) CWW Employees on the night shift will provide three and one half (3 1/2) hours relief coverage for CWW Employees on the day shift, in order the day shift crew may vote at the polls for federal or provincial elections.
- (a) Night Shift Employees will report three and one half (3 1/2) hours early for their shift and subsequently work fifteen and one half (15 1/2) hours. Compensation for time worked will be as per the Agreement. An additional two (2) hours pay at the Employee's straight time rate (for the shift) will be paid to those who are scheduled to work the fifteen and one half (15 1/2) hour shift.

- (b) Day Shift Employees will be relieved three and one half (3 1/2) hours early from their shift and subsequently will have worked eight and one half (8 1/2) hours. An additional three and one half (3 1/2) hours pay at the Employee's straight time rate (for the shift) will be paid to those who are scheduled to work the twelve (12) hour shift. These hours are paid as hours worked under the HSPF agreement.
 - (c) The Company and the Union agree that operating conditions during the fifteen and one half (15 ½) hour shift of election coverage require extra manning to ensure the safety of the employees and to mitigate any potential extra hardship on the operating crew(s) due to the extra length of the shift. The Company will schedule one extra person in each of the following areas: News/TMP, Power and Recovery and Kraft Mill. Scheduling will be the same as for work performed on Statutory Holidays – asking for volunteers on a seniority basis and if none are available, scheduling of the junior employee in each of the areas.
- (24) Except as outlined above, the terms and conditions of the existing Howe Sound Agreement remain unchanged.

G. Relief Personnel for CWW Shift Coverage (Interfacing "Days" with "Tours")

- (1) Classified Maintenance and Shipping Department personnel who are regularly scheduled as Day Workers and are scheduled to relieve CWW Tour positions for a duration of one (1) tour (4 shifts) or less, will be subject to these guidelines provided the employee is scheduled both as a Day Worker and Tour Worker within the seven (7) calendar day averaging period.
 - (a) The employee will be considered a Day Worker for the first two (2) CWW shifts scheduled and receive overtime payment of hours worked over eight (8) and

have banking privileges for hours worked over ten (10). This guideline does not provide an overtime meal except where notice has not been given.

- (b) The employee will be paid overtime payment for all straight time hours worked over forty (40) in the seven (7) calendar day averaging period.
 - (c) The employee who performs CWW relief work of over one tour will be considered a Tour Worker and adopt the Tour Workers' schedule of work and days off while they continue on the CWW schedule. When the employee comes off the CWW schedule, they return to the previously established shift schedule. The employee will have the option to work another day(s) in that week to make up the forty (40) hour workweek schedule.
- (2) Employees who are scheduled to an interface schedule and subsequently work a scheduled Sunday off will not lose the Sunday Letter option to work a lost scheduled day due to the interface schedule. An example of this schedule is on file at Standing Committee.
 - (3) At the completion of the relief assignment, the relief employees' total straight time hours will be reviewed and compensating time off will be granted without penalty to the Company.

In the event the Joint Committee refuses the request, the employee may, if they elect, have the case taken to the Standing Committee for further consideration.

- (5) When it becomes necessary that an employee be frozen, the employee concerned will be regressed two (2) jobs below the most senior job the employee can perform. The employee will be frozen on that job and shall be expected to relieve on the next two (2) senior positions for the purpose of providing relief for vacations, floaters and other leaves.

(This rule may not necessarily be applied in the Power and Recovery department because of ticket qualifications.)

- (6) Only two (2) employees in any one job category will be allowed to freeze, in order to ensure that proper job progression is maintained at all times.
- (7) Upon rescinding the frozen status, the employee shall re-enter the line of progression as the junior employee of the position from which the employee was originally classified and had vacated in order to receive frozen status. This is provided there is a position available (not filled on a permanent basis).

Example:

If the senior employee of the third (from top) position of a progressionary line elected to freeze, the employee would regress and become the senior employee of the fifth (from top) position in the progressionary line. Later, when unfreezing, the

employee would become the junior employee of the third position when the next vacancy occurred.

- (8) Freezing shall not affect an employee's vacation status nor his department seniority in the case of shutdowns.
- (9) It is recognized certain problems will arise from the disposition of those frozen in the past. These cases will be considered on an individual basis. When solving these problems, the above policy will act as a guideline to the judgments in these cases, and once solved, the individuals concerned will adhere to the new policy.

Footnote: The Joint Union/Management Committee on freezing shall consist of two (2) Union Standing Committee members and two (2) members from Management (with the Chairman of the Union Standing Committee being a permanent member).

9 - SPECIAL PLACEMENT FOR EMPLOYEES WITH MEDICAL LIMITATIONS

Long Term Need for Special Placement is defined as an employee's inability to perform their regular job, and the expectation that they will continue to be unable to return to that job, even after a period of recovery.

- (1) Special consideration will be given to employees with limitations who require alternate work but are capable of performing the duties of any work within the Company. Formal accommodation procedures shall be followed for all long term accommodations.
- (2) An employee who requests an accommodation must make application to the designated representative of the Health & Welfare Committee. The designated representative shall work with the Health & Welfare Committee to review the

request and provide the applicants recommendations regarding their request for accommodation.

- (3) The Health and Welfare Committee will forward the recommendation for accommodation to the Joint Standing Committee for their review. The Joint Standing Committee will review the proposed accommodation with respect to areas of the Labour Agreement that may be impacted by the accommodation and make the required decisions to enable the accommodation to be put in place. It is recognized that the ultimate responsibility for the implementation and application of the Accommodation program lies with the Company.
- (4) An employee, whose request is accepted for Special Placement, may be required to submit to a complete medical examination by an Industrial Medical Examiner to determine any specific medical limitations and establish the criteria of any new occupational requirements the employee must perform in the Special Placement Program. The cost of this examination will be borne by the Company.
- (5) An employee may request a second opinion from a recognized Industrial Medical Examiner. The cost of this examination will be borne by the employee.
- (6) An employee whose application is established and accepted and is provided with the limitations identified by the Industrial Medical Examiner, shall be informed by the Committee Representative as to the departments or work areas in which their limitations would permit them to work in line with the decision of the Joint Standing Committee that occurred in (3) above. Discussions will be held with the employee to ensure that the work suggested is compatible with the employee's qualifications as well as their medical limitations. The employee will be paid the rate of pay for the job classification to which they are assigned.

- (7) A list of employees indicating the established parameters of their accommodation will be maintained by the Health and Welfare Committee and upon the appropriate opening occurring, they will jointly review the list and the case deemed most urgent will be resolved.
- (8) In the event an employee is selected out of an established line of seniority, the case will be discussed and recommendations made by the Joint Standing Committee.
- (9) An employee receiving an accommodation under this agreement will serve an appropriate assessment period as established by the Health and Welfare Committee. In the event that it is determined that the accommodation is unsuitable, the employee will revert to their previous status.
- (10) It is recognized that the Company and Union are required to be guided by all current legislation such as the Privacy Act. It is recognized that either party will be granted access to the information required to base their decisions on with the proper authorization or waiver from the employee requesting the accommodation.

15- MEMORANDUM OF AGREEMENT JOB SHARE

Definition

Job sharing is defined as dividing all the functions of one full-time regular position between two (2) full-time regular employees, each of who works part-time in a manner that provides fulltime coverage for the position. The Supervisor is responsible for communicating the requirements of the job to both employees.

1. Procedure

- (a) Regular full-time employees wanting to job share within a department may request the supervisor to consider a proposal for a job sharing arrangement. One of the regular full-time employees must be the incumbent in the position and the other regular full-time employee must enter the position by virtue of either a lateral transfer or voluntary

application. In making a submission it is important that both employees realize they are entering a partnership. Their proposal must provide information on the qualifications and experience of each proposed partner and give details on how the arrangement will ensure the work is efficiently and effectively completed. Details which must be considered in the submission include:

- (i) Which functions will be shared and which functions will be performed by only one (1) partner;
 - (ii) How work load priorities will be determined on an on-going basis;
 - (iii) Preferred work schedule of each partner, preferred start date;
 - (iv) Other information required by the supervisor or by the job itself.
- (b) The incumbent in the regular full-time position is responsible for securing a suitable partner.
- (c) Proposed job sharing arrangements will be discussed with appropriate Department Supervision and for each job sharing arrangement there must be a written understanding signed by each employee participating and the employee's supervisor, with a copy to the Union.

2. Job Sharing Conditions

Full-time regular employees who enter a job sharing arrangement change their status to job share status. From this point on any reference to employees will be defined as job sharing incumbents.

Preferred work schedule of each partner. As the job share would be a complete 50/50 split of the position.

3. Welfare Plan Benefits

- (a) Job share incumbents will qualify for Welfare plan benefits based on working an average of one thousand forty (1040) hours in a contract year inclusive of Weekly Indemnity benefits (Article XIX).
- (b) The net costs of the coverages and benefits made available to the participating incumbents under the Welfare plan will continue to be shared between the Company and the incumbents per Exhibit 'C", 7. Benefits paid to the incumbents will be pro-rated based on earnings/hours.
- (c) There will be no duplication of plan benefits with the spouse of Job Share employees belonging to the same Local under the Collective Agreement.

4. Pensions

The company and job sharing incumbents will contribute to the Pulp, Paper Industry Pension Plan in accordance to the plan guidelines (based on hours worked).

5. Overtime

For the purpose of overtime in the job, the job sharing incumbent shall be offered the overtime. The job sharing incumbent working that day shall receive the overtime. For the dayshift worker, the person who works the Friday will be offered the weekend overtime first. Overtime if declined by both job sharing incumbents, will be offered to qualified people in the department, all things being equal.

6. Seniority & Job Posting in other areas

The incumbents in the Job Sharing arrangement shall continue to maintain the status of regular full time employees for the purpose of accumulating seniority within the department and mill.

- (d) Other Leaves (LOA's, Floaters, Sick, Family Days, DIL's) will be covered by department labour pool, if available.

- (a) The guidelines for job sharing will be for a trial period of one (1) year. This trial period may be cancelled by either the Union or Company with thirty (30) days written notice or if mutually agreed by the Union and Company within seven (7) days. After the trial period, sixty (60) days notice shall be given for cancellation or if mutually agreed seven (7) days.

- (b) If the job sharing arrangement is cancelled, the original job incumbent retains the position as a full time job while the second incumbent will apply his or her department seniority to the position held by the person with the least department seniority.
