- B. to establish an effective and harmonious working relationship between the employees represented by the Union and the University; and to ensure the peaceful, prompt and equitable settlement of disputes; and,
- C. to set forth an agreement using gender neutral language covering wages, benefits, and other working conditions which shall supersede all previous agreements between the University and the Union.

Article I: Management Rights

- A. All management rights, functions and prerogatives which have not been modified or restricted by a provision of this Agreement are retained and vested exclusively with the University.
- B. Without limiting the generality of the above, these rights, functions and prerogatives include (but are not limited to) the University's authority to:
  - 1. hire, classify, transfer, direct, reprimand, suspend or discharge or otherwise discipline employees;
  - 2. determine the work requirements, the responsibilities and the standards of the work to be performed;

  - 5. determine the size and composition of the work force according to the needs of the University;

  - 7. maintain order and efficiency and generally manage the University, direct the work force, and establish terms and conditions of employment not in conflict with the provisions of this Agreement.
- C. The governance of the University is vested by statute in the Senate and the Board of Governors. The parties do not intend this Agreement to add to or subtract from the authority of those bodies in the matter of governance.

Article II: Union Recognition

- A. In accordance with the certificate issued by the B.C. Labour Relations Board December 13, 1978 and the variance of that certificate issued by the Industrial Relations Council May 20, 1992, the University recognizes the Union as the exclusive bargaining agent for all non-faculty teaching support staff excluding Laboratory Instructors I and II, Sessional Lecturers, and Associates in the Faculty of Education.
- B. If an employment category other than those in existence on the initial date of this Agreement is added to the bargaining unit during the life of this Agreement, the parties will negotiate the terms of the Agreement which shall apply to the new category.
- C. The University shall not make any written or verbal agreement with a bargaining unit employee which conflicts with this Agreement.
- D. Should this Agreement conflict with any University regulation with respect to terms and conditions of employment of bargaining unit members this Agreement shall prevail.

Article III: Stewards

Contract administration will be handled whenever possible at times other than when a Steward should be carrying out her/his assigned responsibilities.

Article IV: Dues and Union Membership or Non-Membership

- A. Although it is not a condition of employment, all employees shall be deemed to be Union members unless they opt out of membership by written notice to the Union before the end of the fourth (4th) week of their appointment. This option need be submitted only at the time of the initial appointment within the bargaining unit. The matter of Union membership is strictly the business of the members of the bargaining unit and the Union. Every employee in the bargaining unit shall pay dues to the Union during the period of employment and shall complete a written check-off request (Appendix A) at the time of accepting an initial offer of appointment within the bargaining unit. The Union shall provide the check-off form for use by the University. The check-off form unless varied need be completed only at the time of the initial appointment within the bargaining unit. A copy of each check-off form will be forwarded to the Union by the twenty-fifth (25th) day of January, May or September. Check-off requests received after that date will be forwarded in bulk as soon as reasonably possible after receipt.
- B. The University shall honour all such written requests for the check-off of dues, shall deduct the dues biweekly, and shall remit to the Union Treasurer by the fifteenth (15th) day of each month, the dues collected

in the previous month, together with a list of all bargaining unit employees. In addition to the name of each employee, that list shall contain the social insurance number, the employee identity number, department, category of employment, amount of earnings, amount of dues deducted and the cumulative dues deducted for that year.

- C. The University shall indicate the deduction of dues on each employee's pay notification and shall report on the employee's T4 slip the total Union dues deducted during the previous year.
- D. The University shall provide the Union with a current list of bargaining unit employees with the employee identity number, department and employment category of each. Such lists will be generated from information contained in the second payroll run following the start of classes in each semester and the summer session, and shall be forwarded to the Union as soon as reasonably possible thereafter.
- E. The University shall send the Union a copy of the appointment form for each appointment in the bargaining unit. The copy shall be forwarded as soon as reasonably possible following acceptance of the appointment. Copies of revised appointment forms will also be forwarded to the Union.
- F. The Union shall inform the University in writing of any change in the amount of regular dues to be deducted and the University will deduct for each semester at the rate of which it has received most recent notice provided such notice is received no later than the fifteenth (15th) day of the penultimate month of the preceding semester, i.e.,
  - by November 15th for the semester beginning in January
  - by March 15th for the semester beginning in May, and
  - by July 15th for the semester beginning in September.
- G. The University shall honour the voluntary written request (see Appendix A) from any bargaining unit employee (until the written request is revoked) to deduct and remit to the Union Treasurer uniform levies (as distinguished from regular dues) of which the Union gives the University reasonable notice. The University shall indicate on the employee's pay notification the amount of such deductions. The University shall remit to the Union Treasurer the deductions made together with a list of employees' names and amount deducted.
- H. By the end of January the University shall provide the Union with a statement of the regular dues deducted from each employee during the preceding year.
- I. The Union shall provide and the University shall distribute to every bargaining unit employee at the time of each appointment a Union information package (subject to the provisions of Article VII A).

- J. The Union shall indemnify and save the University harmless from all and any claims which may be made against it by an employee or employees for amounts deducted from pay as provided for in this Article.

Article V: Union Representation

The University shall recognize members of the Union's Executive, Stewards, and other persons authorized to act on behalf of the Union, in matters relating to bargaining unit members and this Agreement. The University shall neither discriminate against nor penalize such persons in matters related to current or future employment for the reasons that the persons participate in authorized lawful Union duties.

B. Notification

The Union shall regularly notify the University of the names of its local Executive, Stewards, and members of committees or other bodies specified in this Agreement. In the case of Stewards the Union shall notify the University of the sections of the bargaining unit for which they are responsible.

Normally, bulletin boards shall be accessible to all members of the bargaining unit. Where such access cannot be reasonably provided, the matter will be referred to the Labour-Management Committee for resolution. Departments may use a portion of the board for job postings, so long as a minimum of two-thirds of the total space is available to the Union. The associated costs where required will be shared equally by the parties provided that the expenditures have been approved by the parties.

C. University Facilities

1. Mail: For individually addressed communications within the University the Union may use campus mail. Union representatives may have reasonable access to departmental mailboxes of bargaining unit members for the purpose of distributing notices and other Union communications.
2. For the purposes of access to and charges for University facilities and services, the Union will be afforded the same services and at the same costs as provided the other unions and employee associations.

Article VII: Union Information

A. Information to Employees

In the initial correspondence with an individual regarding potential employment in the bargaining unit, the appropriate department shall include a one-page statement about the Union, prepared by the Union at its own expense, provided that the statement is first forwarded to the Executive Director, Human Resources and is not determined to be factually incorrect or inflammatory. If the Executive Director, Human Resources does not forward any suggested changes within two weeks of receiving the statement, the information shall be presumed to be acceptable.

B. Copies of Collective Agreement

The University, through the departments of appointment, shall provide a copy of the current Collective Agreement to all bargaining unit members at the beginning of their initial appointment and at the time a new Collective Agreement is implemented. The cost of preparing a sufficient number of copies for this purpose shall be shared equally by the University and the Union. The costs and the number of copies purchased shall be determined by mutual agreement.

Article VIII: Withdrawal of Services During Term of Agreement

- A. The Union shall not authorize a cessation of work, a refusal to work, a refusal to continue to work, or acts or omissions intended to restrict or limit performance by bargaining unit employees during the term of this Agreement.
- B. The University shall not declare or cause a closing of a place of employment, a suspension of work or a refusal to continue to employ a number of bargaining unit employees for the purpose of compelling or inducing employees to agree to conditions of employment.
- C. Refusal by any bargaining unit employee to cross a legal picket line shall not be considered conduct in violation of this Agreement. The parties agree that they will not coerce individuals in the matter of respecting or not respecting a legal picket line. Nothing in this Article shall limit the right of the Union to inform bargaining unit employees of their rights or of the terms of the Agreement. An employee who refuses to cross a legal picket line shall inform the Department and/or the Department Chair promptly of her/his decision.
- D. Salary will be suspended for the period during which an employee respects a picket line. Deductions from salary will be made as follows: one-tenth (1/10th) of biweekly rate deducted for each instructional day missed (under five (5)) and one-tenth (1/10th) of biweekly rate deducted for each day missed (if five (5) or more days

missed). Payment of the associated scholarship shall not be suspended. Benefits will be suspended for this period unless an employee has made satisfactory arrangements to pay both the employer's and the employee's contributions.

- E. During a semester in which a graduate Teaching Assistant withdraws her/his services according to this Article, her/his eligibility for priority for appointments shall be affected in the following way:
  - 1. if she/he was paid for thirty (30) days or less in the semester, the number of base units assigned shall not be counted in her/his priority limits;
  - 2. if she/he was paid for thirty-one (31) to eighty-nine (89) days, only half of the total number of base units assigned shall be counted in her/his priority limits;
  - 3. if she/he was paid for ninety (90) days or more, the total number of base units assigned shall be counted in her/his priority limits.
- F. Employees shall not be required or coerced in any way to perform the work of any other University employees who have chosen not to cross a picket line. Any employee who continues to perform her/his own duties is expected to carry out all the responsibilities related to her/his assigned duties.
- G. Nothing in this Article shall limit rights under Section 64 of the Labour Relations Code of British Columbia.

Article IX: No Discrimination and No Harassment

- A. The University and the Union agree that there shall be no discrimination exercised against any member of the bargaining unit in the application of this Agreement for reasons including but not limited to race, colour, age, sex, marital status, parental status, familial relationship to any person employed by the University except a person directly in charge of the execution of her/his duties, place of origin, ancestry, political affiliations or activities, citizenship, sexual orientation, religious beliefs, place of residence, disabilities, pregnancy, nor by reason of her/his membership, non-membership or activity in the Union, except for bonafide occupational requirements (BFOR). Discipline or dismissal for failure to fulfill teaching or teaching support responsibilities according to the terms of this Agreement shall not constitute discrimination.
- B. The University and the Union are committed to Employment Equity and furthering the progress of the University's Employment Equity program.  
  
The Employment Equity program will not abrogate collective agreement provisions between the University and the Union.

C. General Definitions

1. General Definition of Harassment

Harassment is aggressive or threatening behaviour which would be considered by a reasonable person to create an environment not conducive to work. Harassment may occur during one incident, or over a series of incidents including single incidents which, in isolation, would not necessarily constitute harassment. Requests, whether oral or written, made of an employee in a non-harassing manner to comply with provisions of this collective agreement or improve performance are not harassment.

2. Harassment includes sexual harassment and any of the following shall constitute sexual harassment:
  - a. unwanted sexual attention, sexual solicitation, or other sexually oriented remarks or behaviour made by a person who knows or ought reasonably to know that such attention is unwanted;
  - b. implied or expressed promise of reward affecting one's employment for complying with a sexually oriented request;
  - c. implied or expressed threat of reprisal, in the form either of actual reprisal or the denial of opportunity, for refusal to comply with a sexually oriented request.
3. Harassment includes personal harassment, and the following shall constitute personal harassment: behavior directed towards a specific person or persons which serves no legitimate purpose and which would be considered by a reasonable person to create an intimidating, humiliating, or hostile work environment.

- D. 1. The Union and the University recognize the right of bargaining unit members to work in an environment free from harassment. Within the limits of its jurisdiction under existing policies the University undertakes to discipline any person either employed by the University or enrolled as a student who engages in the harassment of a bargaining unit member during her/his term of employment in her/his capacity as an employee. Within the limits of its legal right to do so, the University will endeavor to remove any person neither employed by the University nor enrolled as a student who engages in harassment of a bargaining unit member.
2. The University will, where circumstances warrant it, make every reasonable effort to permit a bargaining unit member alleging harassment to limit or discontinue contact with the alleged harasser without incurring any penalty, pending determination of the grievance or complaint. Where the University considers that a transfer is necessary, every reasonable effort will be made to

transfer the alleged harasser. An employee who alleges harassment will not be transferred against his/her will.

E. When an employee has a harassment complaint and is seeking University action under D.1. above, the complaint shall be raised with the Course Supervisor or Chair in an attempt to resolve it in accordance with Article X within forty-five (45) days of the incident or awareness of the condition giving rise to the harassment complaint.

F. Where an employee has initiated an employment related complaint under a University Harassment Complaint process, it may be converted to a grievance under Article X up to forty-five (45) days after an informal enquiry has concluded without a successful resolution and before formal procedures have commenced.

In such cases, the complainant must withdraw the complaint under the University Harassment Complaint process. Such grievances will normally be introduced at Step I of the grievance procedure. However, nothing in this clause shall prevent the Union and the University from agreeing to introduce the grievance at Step II (See Article X C).

G. An employee may grieve the University's response to an employment related harassment complaint under Article X.

Where a complaint has been concluded using a formal mechanism under the University Harassment Complaint process and a decision rendered by the officer responsible for that process, the decision can be grieved within forty-five (45) days, commencing at Step II of the grievance procedure. (See Article X C.2).

H. Both parties recognize the right of employees to file complaints of employment related harassment under either the grievance procedure in this agreement, or under any university harassment complaint process which may be made available to employees. Where a complainant or a respondent is identified as a bargaining unit member, the harassment resolution co-ordinator or designate shall inform her/him that employees have a right to Union representation for the duration of the harassment resolution process and, in the case of complainants, that another process is available to them under the Collective Agreement if the complaint is employment related.

Article X: Grievance Procedure

A. General

1. Definition: For the purposes of this Agreement, grievance shall mean any difference or dispute arising between the parties to this Agreement, concerning the interpretation, application, or alleged violation of the Collective Agreement, whether between the

University and the Union or between the University and any employee covered by the Agreement.

2. No grievance shall be resolved merely because of a technical error in processing the grievance such as incorrect citation of articles or wrong date. A lapse of the time limits is not a technical error. Technical errors discovered at any step of the Grievance Procedure may be corrected and the Grievance shall proceed at the same step.
3. A resolution of a grievance shall not contravene the terms of this Agreement without the written agreement of the Union and the University at Step II, and no resolution of the grievance shall amend the terms of this Agreement.
4. A grievance involving more than one employee in more than one faculty or involving the Union as a whole shall go directly to Step II of the Grievance Procedure.
5. Should the University wish to lodge a grievance against the Union or any employee it shall be presented at Step II to the Joint Grievance Committee.
6. The Grievance Procedure will be used to settle any disputes without stoppage of work.
7. A Grievance must be initiated within forty-five (45) days of the incident giving rise to the grievance or of the date the grievor should reasonably have been aware of the incident.
8. Every reasonable effort will be made to schedule the joint meetings required under this Grievance Procedure at times which do not conflict with scheduled teaching assignments. When this is not possible, an employee, whether as a grievor, witness, or Union representative, who is required to miss a teaching assignment, shall suffer no reduction in compensation to which she/he would otherwise be entitled as a bargaining unit employee.
9. For any particular grievance, the time limits provided in the Grievance Procedure may be extended by mutual written consent of both parties.
10. At the culmination of any step, the grieving party may terminate the grievance procedure by informing the other party in writing of its decision to terminate.
11. Grievance settlements shall be applied retroactively to the date of the first incident giving rise to the grievance, unless an alternative settlement is mutually agreeable.
12. In this Article, and in Article XI "Arbitration", all reference to "days" shall mean all calendar days excepting those days

occurring between the last day of examinations of one semester and the first day of classes of the following semester. In the event that a time limit date falls on a day not normally worked at the University -- weekends, statutory holidays -- the date shall be taken to be the next working day.

13. Termination of an individual's employment and thereby her/his membership in the bargaining unit, shall not affect her/his right to grieve a matter which occurred during the period she/he was a bargaining unit employee, but the time limits detailed in the grievance procedure shall still apply.
14. The University shall not dismiss or discipline an employee bound by this Agreement except for just cause.
15. At any meetings outlined in this Article another Union representative may substitute for the Shop Steward. When a Union representative who is not a Steward is to accompany an employee, the Union shall inform the University, in writing in advance, of the identity of that person and her/his responsibilities.
16. The Union or the University may bring additional representatives to any meetings outlined in Section C. of this Article provided reasonable notice of the identity of the person(s) is given to the other party.
17. Following the initiation of a grievance, the University and the Union agree, upon written request, to provide disclosure of such information as necessary for the resolution of the grievance. Information consisting of minutes of meeting(s) or conversation(s), strategy or planning notes or the employer material involving preparation for grievances or arbitration is not subject to disclosure. All disclosures shall be limited by relevant statutes and regulations.

#### B. Problem Solving

The parties to this agreement strongly support an informal problem solving process between the individuals closest to the problem. To this end, an employee who has a problem with any employment issue or a potential grievance may meet with the person directly in charge of the employee's execution of her/his duties, or the Chair, in an attempt to resolve it.

However, before a potential grievance may be pursued to Step I of the Grievance process, the chair must be informed of the issues by the employee or by the Union and given a reasonable opportunity to resolve the matter. In meetings with the Chair, the employee may be accompanied by a Shop Steward or any TSSU representative if she/he so desires.

At any stage of Problem Solving, either party may request that a mediator/facilitator assist the parties in seeking a resolution (see below).

**Mediators:** The parties will maintain a list of informal mediators / facilitators agreed to by both parties, who if requested will assist the individuals involved in the informal problem solving exercise. The role of the mediator / facilitator will be to draw out the facts, ensure that both parties have an opportunity to explain the issues and to assist the parties to reach a mutual agreement. Where agreement cannot be reached, the mediator / facilitator may recommend a non-binding solution.

**Agreements:** An agreement reached must be within the powers or authority of the individuals involved and cannot bind or oblige any other party. Any agreements reached at this level will not be relied on by any party as establishing a precedent, nor will it be prejudicial to either party's ability to apply or interpret the terms of the collective agreement. Copies of written agreements must be forwarded to the Department Chair, respective Dean, TSSU and the Executive Director, Human Resources.

**Provision to advance to the Grievance level:** Any problem raised and not resolved, which falls within the definition of a "grievance" and which has been brought to the attention of the Chair as provided above, may be advanced to Step I of the grievance procedure at any time during the problem solving level discussions, or on the conclusion of discussions at the problem solving level. If there is any doubt regarding the conclusion of the informal problem solving level, then a matter to be raised as a grievance must be advanced within forty-five (45) days of the last meeting in the informal process.

### C. Grievance Procedure

#### 1. Step I

- a. Should the problem be unresolved, the employee may initiate a grievance. Within the forty-five (45) days in A.7. above or following the provisions of the Problem Solving process the employee through the Union must present the grievance in writing to the Dean of the Faculty with copies to the Department Chair and Executive Director, Human Resources. The grievance statement shall include the following:
  - (i) a description of the grievance and the incident(s) from which the grievance arose,
  - (ii) an indication of the Article(s) alleged to have been violated,
  - (iii) the suggested remedy.

- b. The Dean shall within fourteen (14) days of the filing of a notice of grievance meet with the employee who shall be accompanied by her/his Shop Steward and/or other Union representative.
- c. The Dean shall give the Union a written response to the grievance within ten (10) days of the Step I meeting and shall provide copies to the employee and the Executive Director, Human Resources.
- d. In the event of her/his inability to attend any meeting, the grievor may authorize the Union to proceed with the grievance on her/his behalf.
- e. Step I is complete when the Dean has forwarded her/his written response. If a response is not made within ten (10) days, Step I will be considered to have been completed and if there is no agreement between the parties, the grievance will automatically advance to Step II.

2. Step II

- a. Each party to this Agreement shall appoint three (3) members to serve on a Joint Grievance Committee which will attempt to resolve and shall have the authority to resolve all grievances.
- b. No person may serve as a member of the Joint Grievance Committee when she/he has had a direct involvement in the grievance being considered, with the exception of the University-wide policy grievances.
- c. The Joint Grievance Committee shall meet within twenty (20) days of receipt of the grievance in an attempt at resolution. Failing resolution at that meeting or agreement to continue the grievance at a subsequent meeting, either party may, within twenty (20) days of the Joint Grievance Committee meeting, signify in writing its desire to proceed to arbitration.

Article XI: Arbitration

A. General

- 1. Within ten (10) days of giving notice of its desire to proceed to arbitration the party initiating the arbitration shall notify the other in writing of its nominee to the Board of Arbitration. The second party shall name its nominee within five (5) days of notice by the party desiring arbitration. Within ten (10) days of the Notice to Proceed to Arbitration being given, the parties shall exchange written explanations of their positions on the grievance.

2. The two appointees shall meet within ten (10) days of such notice and select the Chair within five (5) days. No person involved directly in the dispute under consideration shall be a member of the Arbitration Board.

Except in the event of a strike or lockout at the University all hearings conducted by the Arbitration Board shall, whenever reasonably possible, be conducted at the University at a location other than the Administration Building.

3. The Arbitration Board shall convene as soon as possible after being constituted and shall receive and consider such material evidence and contentions as the parties may offer. The decision of the majority of the Arbitration Board, or failing a majority, the decision of the Chair of the Arbitration Board, shall be final and binding on all parties to the dispute.

B. Powers, Duties and Authority of the Arbitration Board

The Arbitration Board shall determine whether the matter before it is arbitrable. The Arbitration Board shall not have the power to add to, subtract from, disregard, alter, or modify any of the terms of this Agreement. The Board's award must be consistent with the terms of this Agreement.

C. Time-off to Attend

Where required attendance at arbitration hearings necessitates absence from scheduled teaching assignments, the grievor and one Union representative shall suffer no reduction in compensation to which they would otherwise be entitled as a bargaining unit employee.

D. Expenses

Each party shall bear the fees and expenses of its own nominee to an Arbitration Board and the parties shall jointly and equally bear the fees and expenses of the Chair. There shall be no cost for the use of University facilities.

Article XII: Academic Decisions

- A. The parties recognize that many individuals within the bargaining unit have another relationship (that of student) with the University and agree that this Agreement applies only to the terms and conditions of bargaining unit employment.
- B. Academic Decisions are the exclusive prerogative of the University and its faculty members.
- C. However, Academic Decisions regarding the status, progress or performance of students within the bargaining unit shall be grievable where:

1. they directly affect employment status, and
2. discrimination contrary to Article IX, "No Discrimination and No Harassment", is alleged by the grievor.

Article XIII: Teaching Assistants

A. Definitions

1. A Teaching Assistant is a bargaining unit employee who is appointed for a semester to assist in tutorial and/or laboratory instruction and/or related matters.
2. There are four categories of Teaching Assistants:
  - a. Graduate Teaching Assistant 1 (GTA 1). A GTA 1 must be registered at Simon Fraser University for a master's degree or as a qualifying student for a master's program.
  - b. Graduate Teaching Assistant 2 (GTA 2). A GTA 2 must be registered at Simon Fraser University for a doctoral degree or as a qualifying student for a doctoral program.
  - c. Undergraduate Teaching Assistant (UTA). A UTA must be registered at Simon Fraser University in a program leading to teacher certification, a diploma or a bachelor's degree.
  - d. External Teaching Assistant (ETA). An ETA is a person who is not otherwise a full-time employee of the University and who is not a student in any of the categories referred to in a, b or c above.

B. Qualifications

1. Many departments include a wide range of specializations and, in order to be appointed, a person must have expertise specific to the course(s) to which she/he is to be assigned.
2. Teaching Assistants shall be competent in oral and written English. However, in special circumstances, a student who has the other qualifications, but who may not have complete competence in oral English may be assigned or reassigned to duties which do not include direct classroom contact, or may be assigned to assist another employee in classroom contact.
3. Normally, an External Teaching Assistant's qualifications shall include a bachelor's degree or appropriate certification and some teaching experience.

C. Duties and Responsibilities

1. Within such limits as may be established by Senate it is the prerogative of the department and/or responsible faculty member

to determine or to change the structure, format and instructional methods in any course.

2. A Teaching Assistant is responsible for assigned instruction, usually in a classroom or laboratory setting, and/or for such related tasks as may be assigned or required by the Department Chair or her/his designate (usually the Course Supervisor) for the effective conduct of these duties. These related tasks shall include (but are not limited to) such of the following as may be assigned at the outset or during the term of the appointment:
  - a. attendance at such orientation, planning and coordinating meetings as may be scheduled for staff in the course.
  - b. attendance at the lectures and other sessions of instruction in the course.
  - c. regular consultation with the faculty member or other person responsible for the course.
  - d. preparation for the instruction to be given in the tutorial, laboratory or other setting.
  - e. preparation of handouts, problem sets, quizzes, exams and other materials.
  - f. marking of student work including the work submitted by students in the tutorial, lab or other group for which the Teaching Assistant is responsible and the assigned portion of the work submitted by students in the course generally, e.g. the midterm exam, final exam or equivalent, the marking of which may be shared among the staff in a course under the supervision of the instructor responsible. The Teaching Assistant can expect guidance, supervision and involvement from the Course Supervisor. The Course Supervisor will be responsible for final grades and grading practices.
  - g. consultation with students registered in the course or courses to which the TA is assigned, including both the maintenance of regularly scheduled and posted times for such consultation and a reasonable amount of informally scheduled consultation if necessary. Consultation may include electronic communication.
  - h. such other related duties as may be assigned, e.g. development or adaptation of audio visual material, preparation of experiments, participation in field trips.
  - i. occasional substituting for other members of the teaching or teaching support staff including the necessary related tasks.

3. The person who has responsibility for the course shall:
  - a. outline at the outset of the course the duties and responsibilities of the teaching support staff assigned to the course.
  - b. review the evaluation form and evaluative criteria with the Teaching Assistant at the beginning of the semester. The basic evaluation form for Teaching Assistants is found in Appendix E.

If a Teaching Assistant is unclear about the nature of her/his responsibilities, she/he should contact the person in charge of the course and clarify the expectations. See Article XIII E. for workload reviews.

4. The person who has responsibility for the course shall endeavour to consult with the Teaching Assistant before changing marks assigned by her/him.
5. A Teaching Assistant shall conduct her/himself in a responsible and ethical manner in the performance of her/his duties and in her/his relations with students and staff.
6. A Teaching Assistant shall not discriminate against any student on any of the grounds named in Article IX, "No Discrimination and no Harassment".
7. Within the course outline, structure, and format determined by the person responsible for the course, employees in the bargaining unit are entitled to encourage critical thought and freedom of discussion among their students. This provision is subject to the limitations of Article XIII C.

D. Assignment and Compensation

1. In addition to the nature and scope of particular duties assigned under C.2, workload will be affected by some or all of the following factors:
  - a. the number of classes (normally tutorials, labs or studios) assigned,
  - b. the number of students in each class,
  - c. the length of the scheduled periods of teaching, and
  - d. the number of marking assignments.

If one or more of the factors affecting workload makes particularly slight or particularly heavy demands on a Teaching Assistant's time, the University shall endeavour to make compensatory adjustments on other factors to ensure that the

hours required approach but do not exceed the guidelines stated in 3. and 4. below. Adjustments in workload after an appointment has been confirmed shall not result in a reduction in the total compensation received by an employee. The number of different courses to which a Teaching Assistant is assigned will also affect the hours she/he is required to work. Therefore, for each different course in which a Teaching Assistant is assigned regular classroom contact she/he shall be compensated for 1.17 base units beyond those defined in 3.b below.

Where a Teaching Assistant is assigned duties in an additional course without regular classroom contact, the Teaching Assistant will be compensated for the preparation required to fulfill the additional assigned duties. Additional duties should not be assigned in such a way so as to place an unreasonable burden upon the Teaching Assistant at any point during the Semester. (The compensation for the preparation time will generally be accomplished by providing hours within the maximum hours per base units assigned. Where that is not possible additional compensation will be paid to the Teaching Assistant.)

2.
  - a. Assignment and compensation shall be expressed in terms of base units and the number of hours of work required for each base unit is expected to approach but not to exceed forty-two (42). (See Appendix B).
  - b. There are no hours of work associated with the additional 0.17 base unit for preparation. (See Appendix B).
  - c. To compensate for all statutory holidays which may occur in a semester, the total workload will be reduced by one point one (1.1) hours for each base unit assigned, excluding the additional 0.17 base unit for preparation, e.g. four point four (4.4) hours reduction for a 4.17 base unit appointment.
3. Except as noted, each of the following shall constitute one base unit:
  - a. the initial and ongoing preparation in a course in which a Teaching Assistant is assigned regular classroom contact (as in 1. above) shall constitute 1.17 base units. This is a general provision and some preparation time will be incorporated in the base units described in b.
  - b. a one hour tutorial (or equivalent, cf. 4. below) each week for a semester and all related duties assigned or required for the effective conduct of the tutorial (or equivalent).
  - c. when a Teaching Assistant is assigned no direct classroom contact, one (1) base unit shall comprise an amount of

marking or other duties related to instruction estimated to approach, but not exceed forty-two (42) hours to perform.

The definition of base units is only an approximation of the time required for duties assigned since the actual hours may be affected greatly by differences in the expertise and experience of the employee and even by differences in style and approach to aspects of the work.

4. The parties recognize great variations across the University in subject matter and mode of instruction, and agree that it shall be the University's responsibility to establish and maintain equivalence in assignments.

In the establishment of equivalents, some guidelines can be identified as follows:

- a. Including the assigned duties related to each, a one (1) hour tutorial shall normally be considered equivalent to two (2) hours in a scheduled laboratory or to three (3) scheduled hours in an open laboratory.
- b. Including the assigned duties related to each, the following are examples of exceptional assignments deemed to be equivalent to 4 x 1 hour tutorials and the assigned related duties:

3 x 2 hour tutorials - Geography

3 x 2 hour labs - Psychology, Geography

3 x 1.5 hour tutorials - English

- c. A Department that establishes a new equivalency shall notify, in writing, the Union and Human Resources of the new equivalency at least sixty (60) calendar days prior to the commencement of a new equivalent. If the Union disagrees with the equivalency it has ten (10) working days to notify the Department, with a copy to Human Resources, outlining in writing its reasons for disagreement with the equivalency. Should the Department and the Union fail to reach agreement, the matter shall be referred to the Director of the Learning and Instructional Development Centre, who shall make the final decision.

Establishment of a new equivalent shall result in an assignment approaching but not exceeding forty-two (42) hours of work per base unit.

For the purposes of this Article a new equivalence will be deemed to have been created if a Department creates a new course or changes an existing course which:

- does not comply with Article 4.a or b (above); or
  - is an equivalency that has not been in use for other courses within that Department.
5. The assignment given a GTA will not normally be fewer than three (3) or more than seven (7) base units and the most common assignment will normally be five (5) or six (6) base units.
  6. Compensation shall be inclusive of all the duties and responsibilities assigned to and performed by a Teaching Assistant during the term of the appointment and an increase in workload beyond the number of base units assigned will result in a commensurate increase in remuneration.
  7. Assigned substituting within a course for a week or less during the course of a semester in duties comparable to those already assigned will normally be considered to fall within the duties of an employee and will not result in additional compensation. If it is appropriate and feasible, arrangements may be made to exchange duties. Substitution shall not constitute an unreasonable burden on the employee.
  8. Subject to the approval of the Department Chair and the employee, the employee may be asked to give one or two lectures for the person responsible for the course and, if it is feasible, arrangements will be made to exchange duties to accommodate such a request.
  9. Substitution beyond the limits specified in 7 and 8 above must be acceptable to the Department Chair and to the employee and the employee will be compensated in full or fractional base units commensurate with the duties assigned.
  10. An increase in the number of base units assigned will result in an appropriate increase in remuneration.
  11. Should a Teaching Assistant work beyond the four (4) month term of appointment as in the case of a deferral or appeal, additional compensation shall be prorated at an hourly rate appropriate to her/his classification. The number of hours to be undertaken shall be determined by mutual agreement of the employee and Department Chair.

E. Tutorial Size, Workload Reviews and Time Use Guidelines

1. The basic Time Use Guideline (TUG) appears in Appendix C. Departmental forms may contain other job related details, but must include the elements of the basic Time Use Guideline.
2. Departments will send out Time Use Guidelines to each Course Supervisor and will require their use when establishing the

required duties and responsibilities as outlined in Article XIII C. 3. Establishment of the duties will take into account several factors, including, but not limited to, tutorial or lab size, number of marking assignments, midterm examinations and final examinations, introduction of new texts and/or new software, and preparation time. Where a Teaching Assistant is required to use course specific software or technology with which she/he has no previous experience or training, the Course Supervisor shall allocate a reasonable amount of time, up to seven (7) hours in the Time Use Guidelines for preparation related to learning to use the software or technology. Additional hours may be allocated where mutually agreed to by the Course Supervisor and the TA, and upon departmental approval.

The Course Supervisor should complete these forms during the first week of classes each semester and consult with the Teaching Assistant. The Teaching Assistant is entitled to suggest amendments to the assigned times for the various activities. The Course Supervisor is expected to provide a guideline of the approximate length of time expected to be devoted to each major activity, e.g., classroom contact, marking, office hours. The provisions of Article XIII D. 3. regarding individual variances will apply.

3. All TA assignments will be reviewed by the Course Supervisor to assess that the workload will not, by semester end, exceed the maximum hours of work provided as follows:
  - a. Prior to the end of week five (5), Departments shall remind Course Supervisors and Teaching Assistants that Course Supervisors are required to conduct a workload review (Workload Review Form in Appendix C).
  - b. The Course Supervisor will conduct the workload review in consultation with the Teaching Assistant in a timely manner so as to ensure that the course is sufficiently advanced to assess the workload. The Course Supervisor will advise the Teaching Assistant of the result of the review, and the Department will retain the copy of the completed review form until the conclusion of the following semester.

Where the Course Supervisor concludes that the workload required will, by semester end, exceed the total workload hours of the appointment, then it will be necessary to either reduce the workload, where possible, or provide additional compensation. The Department Chair shall promptly advise the Teaching Assistant of the results and reasons of decision in writing, with a copy to the Union.

After receiving the results of the workload review, the Teaching Assistant can request a meeting with the Department Chair to

discuss the review. The Teaching Assistant has the right to be accompanied by a Union representative at that meeting if she/he so wishes.

4. The University will supply the TSSU with copies of the end of week three enrollment data from the Registrar as soon as such information is available.
5. Teaching Assistants are encouraged to review their workload with their Course Supervisor on a regular basis. It is acknowledged that adjustments to the hours assigned to any one factor may be necessary, with the provision that there may be compensatory adjustments on other factors to ensure that the hours required approach but do not exceed the maximum hours per base unit assigned. The Course Supervisor must be aware of and approve any such reallocation. Early identification and consultation regarding workload concerns affords both the Teaching Assistant and the Course Supervisor a better opportunity to resolve problems. This is especially important where the Teaching Assistant believes that she/he cannot complete the work required by the Course Supervisor within the assigned hours. A Teaching Assistant who, after consulting with the Course Supervisor still reasonably believes that the workload required by the Course Supervisor will exceed, by semester end, the maximum of forty two (42) hours per base unit assigned, may submit a written request for a review to the Department Chair, at the earliest opportunity, outlining how the workload required by the Course Supervisor will exceed the assigned base unit total. The parties acknowledge that such requests do not constitute a criticism of the Course Supervisor or the Department Chair, but are a legitimate part of the ongoing monitoring of the Teaching Assistant workload.

Where the workload review finds that the Teaching Assistant has sufficient time to complete the required tasks within the TUG but is having difficulty in doing so the Course Supervisor will review the employment of time with the Teaching Assistant and provide direction as to intended use of the time and feedback on how the Teaching Assistant is currently using her/his time.

6. The Department Chair shall review the workload within ten (10) days of the written request. If found excessive, the workload shall be reduced accordingly, or, with the agreement of the employee, the compensation increased accordingly. The Department Chair will advise the Teaching Assistant of the results and reasons in writing, with a copy to the Union.
7. A Teaching Assistant who believes she/he has been required to exceed and has exceeded the total hours maximum for the base

unit assigned may grieve for the appropriate increase in compensation. Such a grievance shall not be prejudiced by any workload review.

8. Where a TA or the Union believes there is a workload issue in a specific course, the Union may request a copy of the Time Use Guideline and/or the Workload Review for that course by notifying the department in writing. Upon receipt of the written request, the department shall provide a copy to the Union of the Time Use Guideline and/or the Workload Review within ten days.

F. Appointment Priority

1. Teaching Assistants may be appointed to fill teaching support positions only when faculty members are unavailable. Faculty members and full time employees of the University are not Teaching Assistants. However, no appointment of a Sessional Lecturer I may be made if there is a qualified graduate student within the first priority group (specified in F.3.) available for appointment as a GTA.
2. Priorities are based on the following principles:
  - a. teaching-related experience in her/his field of study can be of value to a graduate student both in her/his studies and in her/his preparation for a career.
  - b. the provision of teaching-related employment is an element in the University's financial support of its graduate students.
3. a. In hiring Teaching Assistants, departments shall give priority to the applicants in the following order:
  - (i) Graduate students registered in the department with priority under XIII F.4.
  - (ii) Graduate students registered in the department without priority under XIII F.4.
  - (iii) Graduate students registered in other departments with priority under XIII F.4.
  - (iv) Graduate students registered in other departments without priority under XIII F.4.
- b. Departments must establish a detailed priority system for use in any selection between applicants within a priority group as outlined in Article XIII F. The detailed department priority system will include a statement that if an assignment within a priority group requires a selection between applicants, the graduate student without financial support from merit based

scholarships or merit based fellowships during the semester of appointment will have priority for the appointment. Departments must post the detailed priority system by the end of the eighth (8th) week of the semester prior to its implementation and keep it posted in a prominent location. The Department shall forward to the Union office a copy of any such system at the time it is first posted and each time it is amended. Any exceptions to this procedure shall be by mutual consent of the parties.

4. Graduate student priority for appointment as a Teaching Assistant shall be limited as follows:
  - a. a student registered at SFU in a master's program or as a qualifying student for a master's program shall not have priority for appointment after having held appointments totaling twenty-five (25) base units.
  - b. a student registered at SFU in a doctoral program or as a qualifying student for a doctoral program who holds a master's degree or equivalent shall not have priority for appointment after having held appointments totaling forty (40) base units.
  - c. a student registered at SFU in a doctoral program without a master's degree or equivalent shall not have priority for appointment as a GTA 2 after having held appointments totaling fifty (50) base units.
5. a. Prior to offering appointments to undergraduate students or non-students, a department must have offered appointment(s) totaling at least four (4) base units to all qualified graduate students in accordance with XIII F 3 and XIII F 4, who have applied for specific position(s), recognizing the exceptions provided in XIII F 6 and 7. If these graduate students request less than four (4) base units, then fulfilling that request will be sufficient to comply with this requirement.
  - b. If Teaching Assistant positions become available after the initially posted positions in the department have been assigned, the department will notify all graduate students registered in the department, via email. In addition, the position will be posted on the central posting system in accordance with the last paragraph of Article XVI.

Qualified graduate students who have been allocated less than four (4) base units in a given semester who apply specifically for these new positions, will have priority for additional base units up to four (4). These positions shall be assigned in accordance with Article XIII F 3.a. and 4, recognizing the exceptions provided in XIII F 6 and 7.

6. a. The parties recognize the existence of a limited number of courses for which special qualifications or professional or technical experience are important elements in determining a person's level of competence for performing tutorial or laboratory teaching support duties. The Labour - Management Committee will be the forum for discussion of the circumstances requiring such qualifications or experience.
- b. When such positions are posted the posting shall include the special qualifications or experience expected.
- c. Among candidates with equal qualifications the priorities stated in 3. shall apply.
7. The parties recognize the existence of special limited form of Teaching Assistantship (commonly called "Language Lab Monitors") in the languages laboratories conducted by the Departments of French, Spanish/Latin American Studies and Linguistics. First priority for appointment to these positions shall be given to upper division undergraduate students within the Departments of French, Spanish/Latin American Studies and Linguistics.
8. Failure to give timely acceptance of an offer of appointment may result in loss of priority for that semester.
9. Candidates stated preferences, if any, shall be among the matters considered when appointments and assignments are made.

G. Term of Appointment

The term of appointment for a Teaching Assistant shall normally be seventeen (17) weeks from the beginning of a semester. An exception to this is appointment for an Intersession or Summer Session. In any event the term of a Teaching Assistant's employment shall not exceed four (4) months.

H. Re-employment as a Teaching Assistant

1. To be considered for re-employment, a graduate or undergraduate Teaching Assistant must maintain satisfactory performance as a Teaching Assistant.
2. The re-employment of Teaching Assistants will also depend upon the needs and budget resources of the University.

- I. For position posting, offers of employment and conditional upon enrollment see Articles XVI and XVII.

Article XIV: Sessional Instructors

A. Definitions

1. A Sessional Instructor is a bargaining unit employee who is appointed for a semester to teach a credit course. The appointment to teach a credit course normally requires some or all of the preparation of the course, the major responsibility for the presentation of course material, consultation with students and the assignment of grades.
2. Part-time and full-time Faculty (and visiting and limited term Faculty) holding the rank of Lecturer, Instructor, Assistant Professor, Associate Professor, or Professor are not Sessional Instructors. Persons who are employed full-time by the University outside the bargaining unit and who are, in addition, appointed to teach are not Sessional Instructors.

B. Qualifications

A Sessional Instructor shall hold a graduate degree or equivalent qualification in the field of her/his assignment. She/he shall also provide evidence of teaching ability commensurate with the responsibility of teaching the assigned credit course and of carrying out the duties related to the effective conduct of that course.

C. Duties and Responsibilities

1. A Sessional Instructor shall be responsible to the Department Chair or her/his designate for the teaching of the course to which she/he is assigned and for all the related duties which may be assigned or required for the effective conduct of the teaching duties.
2. In some cases a Sessional Instructor may be expected to develop and submit such items as a course outline or textbook order in advance of the semester or to assist in following up a grade appeal or the clearing up of a deferred grade after the end of the semester.
3. With respect to the presentation of a course, a Sessional Instructor will be informed by the Department Chair or her/his designate of the limitations, if any, placed on her/him in such matters as course outline, selection of texts, reading lists, assignments, grading, and the use of software. Where the use of specific and/or specialized software is identified as a requirement for the course, such notification shall occur with the offer of employment.
4. Within the scope of the course taught, and of specific limitations established from time to time by the department or by the Chair, a

Sessional Instructor shall be free to present material and information related to the subject matter of the course in a manner she/he deems appropriate, to make independent comment, and to encourage critical judgment by students.

5. A Sessional Instructor who is assigned teaching support staff to assist in the course for which she/he is responsible shall be required within such guidelines as may be provided by the Department Chair to outline the duties and responsibilities of each such member of the teaching support staff at the outset of the semester.
6. A Sessional Instructor shall conduct her/himself in a responsible and ethical manner in the performance of her/his duties and in her/his relations with students and staff.
7. A Sessional Instructor shall not discriminate against any student on any of the grounds named in Article IX "No Discrimination and No Harassment".

D. Compensation

1. Compensation for Sessional Instructors is based on the assigned weekly contact hours of lecture, seminar and/or tutorial or equivalent (as defined in Article XIII, Teaching Assistants).
2. For each different course for which she/he is responsible, a Sessional Instructor will be paid the amount of 1.25 weekly contact hours of compensation for preparation, plus one (1) weekly contact hour of compensation for each assigned weekly contact hour of lecture, seminar and/or tutorial or equivalent. In some cases, after consultation with the Sessional Instructor, the department may determine that different or additional preparation, instructional techniques, software, or texts etc. are necessary. The Department Chair will then meet with the Sessional Instructor to determine the appropriate level of additional compensation and include the appropriate compensation at the time that the appointment is offered. If the department determines that such additional work is warranted after the course has begun, the department in consultation with the Sessional Instructor will establish an appropriate date for the commencement of such additional contact hour payments. The Sessional Instructor is entitled to Union representation at such meetings, if she/he so desires.
3. Should a Sessional Instructor work beyond the end of Week one (1) of the following semester, additional compensation shall be paid at an hourly wage rate equivalent to that of a GTA 2 salary and scholarship (\$30.00 May 1, 2010 to April 30, 2011; \$30.00

May 1, 2011 to April 30, 2012; \$30.62 May 1, 2012 to April 30, 2013; \$31.24 May 1, 2013 to April 30, 2014).

4. If a Sessional Instructor is assigned duties in a course for which she/he is not responsible, she/he will be compensated for those duties on the same basis as a Teaching Assistant would be compensated.
5. In certain specific instances, equivalents other than those stated in the Agreement have been established. The University shall inform the Union of the equivalents which have been established and when the establishment of other such equivalents is anticipated the University shall notify the Union promptly and shall place the matter on the agenda of the Labour - Management Committee.

E. Employment Priority and Right of First Refusal

1. A Sessional Instructor may be appointed only when no faculty member is available to undertake the teaching responsibilities.
2. Except as modified below, all Sessional Instructors should be hired on the basis of written applications and open competitions, and the University shall have the sole right to determine which candidate, if any, shall be appointed.

A Sessional Instructor who has taught a given course within the last three (3) semesters shall be sent the posting for that given course by email at least ten (10) days before the application deadline. Such individuals may then apply for that course offering through the regular application process. The department will make every reasonable effort to ensure the email notification is sent, and given that effort, inadvertent failure to notify will not then be grievable.

3. Unless there is a candidate who in the opinion of the department has better qualifications or abilities, or there is a Sessional Instructor with a right of first refusal, priority will be given to the individual who has, to the satisfaction of the department, taught the identical course for a minimum of two (2) semesters and where the last appointment has occurred within the last three (3) semesters.
4. If a Sessional Instructor has completed work as a Sessional Instructor for either three (3) consecutive semesters or for a fifth (5) semester within three (3) years, and the Sessional Instructor has taught the identical course three (3) times within the previous nine (9) semesters, and has demonstrated satisfactory performance of assigned duties, then where that course is next to be taught by a

Sessional Instructor, she/he will have the right of first refusal in the teaching of that course.

Factors to be taken into account in determining an identical course are the calendar description, the program in which the course is offered, and the medium of course delivery. The course number will not be a relevant factor.

5. Once a Sessional Instructor satisfies the conditions in E.4. above, the department will notify the Sessional Instructor by email, with a copy to the Union, that she/he qualifies for a right of first refusal in teaching this specific course. The department will make every reasonable effort to ensure the email notification is sent, and given that effort, inadvertent failure to notify will not then be grievable. The department will contact the Sessional Instructor prior to posting the position the next time the course is to be taught by a Sessional Instructor. Normally, the Sessional Instructor will be given seven (7) working days to inform the Chair if she/he wishes to teach the course. If the Sessional Instructor opts to teach the course, posting will then be unnecessary.
6. The Sessional Instructor shall have a right of first refusal for this identical course for the next three (3) times that the course is to be taught by a Sessional Instructor or for the next three (3) years, whichever occurs first.

At the end of this period, the Sessional Instructor can re-qualify for a right of first refusal by meeting all of the above requirements in the same manner as a new Sessional Instructor.

7. Where there is more than one Sessional Instructor who meets the criteria set out in paragraph E.4. and informs the Chair as required in Paragraph E.5. then there will be a closed competition between these candidates with the department selecting the candidate who has the best qualifications or abilities.
8. Semesters spent on maternity/parental leave will not count for the purposes of qualifying for the right of first refusal or maintaining such right in accordance with sections 4 & 6 above.
9. Timely refusal of an offer of appointment shall not prejudice future employment at the University.

F. Term of Appointment

1. The term of appointment of a Sessional Instructor shall normally be four (4) months less a day or in Intersession or Summer Session, two (2) months.
2. If, at the time an appointment is being made for one (1) semester, an appointment for a subsequent semester is also approved, the

offer of appointment may include both semester appointments.

3. Where the Sessional Instructor is appointed for a third consecutive semester or for a fifth semester within three years the Department Chair will automatically review whether a Lecturer position should be established. The results of that review will be communicated to the Sessional Instructor upon conclusion of that review. Should such a position be established the Sessional Instructor shall be a candidate and it shall not be mandatory that other candidates be considered.
- G. For position posting, offers of employment and conditional upon enrollment see Articles XVI and XVII.

Article XV: Distance Education Tutor/Marker

A. Definitions

1. A Tutor/Marker is a bargaining unit employee who is appointed for a semester to provide assistance with instruction and advice to students in a distance education credit course, to mark the assignments submitted by the students in the course and provide feedback to the students. A Tutor/Marker shall be responsible to the Course Supervisor.
2. There are four categories of Tutor/Marker:
  - a. Graduate Tutor/Marker 1 (GTM 1). A GTM 1 must be registered at Simon Fraser University for a master's degree or as a qualifying student in a master's program.
  - b. Graduate Tutor/Marker 2 (GTM 2). A GTM 2 must be registered at Simon Fraser University for a doctoral degree or as a qualifying student in a doctoral program.
  - c. Undergraduate Tutor/Marker (UTM). A UTM must be registered at Simon Fraser University in a program leading to teacher certification, a diploma or a bachelor's degree.
  - d. External Tutor/Marker (ETM). An ETM is a person who is not otherwise a full-time employee of the University and who is not a student in any of the categories referred to in a, b or c above.

B. Qualifications

1. Many departments include a wide range of specialization and, in order to be appointed, a person must have expertise specific to the course(s) to which she/he is to be assigned. Postings for such positions shall include the special qualifications or experience expected.

2. A Tutor/Marker shall be competent in oral and written English.
3. Normally, an external Tutor/Marker's qualifications shall include a bachelor's degree or appropriate certification and some teaching experience.

C. Duties and Responsibilities

1. Within such limits as may be established by Senate it is the prerogative of the department and/or responsible faculty member to determine or to change the structure, format and instructional methods in any course.
2. A Tutor/Marker is responsible for assigned instruction in a distance education course, and/or such related tasks as may be assigned or required by the Department Chair or her/his designate (usually the Course Supervisor) for the effective conduct of these duties. These related tasks shall include (but are not limited to) such of the following as may be assigned at the outset or during the term of the appointment:
  - a. The Tutor/Marker will consult with the Course Supervisor in order to discuss specific instructional information and guidance related to the course and the guidelines for marking assignments and providing feedback to students. The Tutor/Marker will also consult with the Course Supervisor over any problems which arise during the semester in relation to the course. The responsibilities of the Tutor/Marker will be specified by the Course Supervisor.
  - b. The Tutor/Marker will attend an orientation meeting scheduled by the Centre for Online and Distance Education, by the eighth calendar day of the semester. Tutor/Markers shall be entitled to include the Orientation time as part of the initial preparation time of their appointment and shall be notified of this. For the Fall and Spring semesters, time at orientation shall be considered part of the six (6) hours of Professional Development and Orientation under Article XXV M. The Union will be informed of the time and place of the meeting at least one (1) week in advance, and will be allocated up to thirty (30) minutes to make a presentation.
  - c. The Tutor/Marker will establish at least two (2) office hours per week for consultation with students: one will be during the normal week-day office hours and the other should be during evening hours. Consultation may include face to face, telephone and/or electronic communication.
  - d. The Tutor/Marker will make all reasonable efforts to establish communication with each within the first two (2)

weeks of the semester and will report any difficulty in this regard to the Director of the Centre for Online and Distance Education. Failing such contact the Tutor/Marker will send out a prepared form letter.

- e. If the Tutor/Marker is unable to answer any question related to the operation of the course she/he will relay the question to an employee of the Centre for Online and Distance Education.
- f. The Tutor/Marker will attempt to answer all student questions related to the academic content of the course and will prepare her/himself to discuss issues arising from the course. If requested, the Tutor/Marker will provide recommendations to students for additional readings.
- g. The Tutor/Marker will mark the assignments for a distance education course for the students assigned to her/him and provide feedback to each student on each assignment marked. The Tutor/Marker may also be required to mark the final exam and the mid-term(s) and tests, and to provide the Course Supervisor with the marks assigned to each student. After consultation with the Course Supervisor and the Director of the Centre for Online and Distance Education, the Tutor/Marker may initiate or be required to initiate a tape or letter for all students assigned to her/him identifying assignment problems, or misinterpretations.
- h. The Tutor/Marker will provide the Director of the Centre for Online and Distance Education with a copy of the midterm (where applicable) and final exam grades.
- i. The Tutor/Marker will complete and submit a report assessing her/his experience with the course in the form requested by the Director of the Centre for Online and Distance Education.
- j. In some cases a Tutor/Marker may be expected to assist in following up a grade appeal or in clearing up a deferred grade after the end of the semester.
- k. The Course Supervisor shall endeavour to consult with the Tutor/Marker before changing marks assigned by her/him.
- l. The Tutor/Marker shall conduct herself/himself in a responsible and ethical manner in the performance of her/his duties and in her/his relations with students and staff.
- m. The Tutor/Marker shall not discriminate against any student on any grounds named in Article IX, "No Discrimination and No Harassment".

D. Assignment and Compensation

1. Assignment and compensation of distance education Tutor/Markers shall be expressed in terms of base units allocated as follows:
  - a. Two and seventeen one-hundredths (2.17) base units for preparation and tutoring for each separate course for which the Tutor/Marker is assigned duties and responsibilities.
  - b. One (1) base unit for tutoring and marking for the first increment of up to twenty (20) students enrolled in a specific course for which the Tutor/Marker is assigned duties and responsibilities at the end of the third (3rd) week of classes.
  - c. One-fourth (1/4) base unit for each additional increment of up to five (5) students enrolled in a specific course for which the Tutor/Marker is assigned duties and responsibilities at the end of the third week of classes.
  - d. Assigned base units in the initial contract of employment will be based on enrolment at the end of the registration release period, less three quarters (0.75) of a base unit.
  - e. Once enrolment is confirmed at the end of Week 3, pay for the Tutor Marker will be adjusted up where necessary to compensate for the total number of students enrolled in the course for which the Tutor Marker is assigned duties and responsibilities.
  - f. Base units are intended to approximate forty-two (42) hours of work per semester. The number of hours of work required for each base unit is expected to approach, but not exceed forty-two (42) per semester.
  - g. There are no hours of work associated with the additional 0.17 base unit for preparation.
  - h. To compensate for all statutory holidays which may occur in a semester, the total workload will be reduced by one point one (1.1) hours for each base unit assigned, excluding the additional 0.17 base unit for preparation, e.g. four point four (4.4) hours reduction for a 4.17 base unit appointment.

The definition of base units is only an approximation of the time required for duties assigned since the actual hours may be affected greatly by differences in the expertise and experience of the employees and even by differences in style and approach to aspects of the work.
2. Compensation shall be inclusive of all the duties and responsibilities assigned to and performed by a Tutor/Marker

during the term of the appointment and an increase in workload beyond the number of base units assigned will result in a commensurate increase in remuneration. Adjustments in workload after a Tutor/Marker has been appointed shall not result in a reduction in the total compensation received by an employee.

3. a. Substituting within a course for a week or less during the course of a semester in duties comparable to those already assigned will normally be considered to fall within the duties of an employee and will not result in additional compensation. If it is appropriate and feasible, arrangements may be made to exchange duties. Substitution shall not constitute an unreasonable burden on the employee. Such substitution shall occur only when acceptable to the Course Supervisor and the Director of the Centre for Online and Distance Education.
- b. Substitution beyond the limits specified in 3.a. above must be acceptable to the Department Chair, the Director for the Centre for Online and Distance Education and to the employee. The employee will be compensated in full or fractional base units commensurate with the duties assigned.
4. The University shall pay the costs of any long distance or collect calls that the Tutor/Marker incurs for the purposes of assisting distance education students assigned to her/him.
5. Should a Tutor/Marker work beyond the four (4) month term of appointment as in the case of a deferral or appeal, additional compensation shall be prorated at an hourly rate appropriate to her/his classification. The number of hours to be undertaken shall be determined by mutual agreement of the employee, Department Chair and Director of the Centre for Online and Distance Education.

E. Time Use Guidelines

1. The basic Time Use Guideline (TUG) appears in Appendix F.
2. The Centre for Online and Distance Education will send out Time Use Guidelines to each Course Supervisor and will require their use when establishing the required duties and responsibilities as outlined in Article XV C. 2.
3. Establishment of the duties will take into account several factors, including but not limited to, number of students, number of marking assignments, midterm examinations and final examinations, introduction of new texts and/or software, preparation time, and administrative duties. Where a Tutor Marker is required to use course specific software or technology

with which she/he has no previous experience or training, the Course Supervisor shall allocate a reasonable amount of time (up to seven (7) hours) in the Time Use Guideline for preparation related to learning the software or technology. Additional hours may be allocated where mutually agreed to by the Course Supervisor and the TM, and upon departmental approval. The Course Supervisor should complete these forms during the first week of classes each semester and consult with the Tutor Marker. The Tutor Marker is entitled to suggest amendments to the assigned times for the various activities. The Course Supervisor is expected to provide a guideline of the approximate length of time expected to be devoted to each major activity, e.g. marking, and office hours/student consultation. Where the Tutor Marker is also the Course Supervisor for the course, the Chair of the Department will complete the Time Use Guideline in consultation with her/him.

The provision of XV D.1.f. regarding individual variances will apply.

4. a. Prior to the end of week five (5), the Centre for Online and Distance Education will remind Course Supervisors and Tutor/Markers that Course Supervisors are required to conduct a workload review (Workload Review Form in Appendix F). The Course Supervisor, in consultation with the Director of the Centre for Online and Distance Education and the Tutor Marker, will conduct the workload review in a timely manner, so as to ensure that the course is sufficiently advanced to assess the workload, and will advise the Tutor Marker of the result of the review. If found excessive, the workload shall be reduced accordingly, or, with the agreement of the Tutor Marker, the compensation shall be increased accordingly. The Centre for Online and Distance Education shall promptly advise the Tutor Marker of the results and reason of the decision in writing, a copy to be sent to the Union. After receiving the results of the workload review, the Tutor Marker can request a meeting with the Department Chair and Director of the Centre for Online and Distance Education to discuss the review. The Tutor Marker has the right to be accompanied by a Union representative at that meeting if she/he so wishes.
- b. Upon request of a Tutor Marker who reasonably believes that her/his total workload will exceed by semester end the maximum of forty-two (42) hours per base unit assigned, the Director of the Centre for Online and Distance Education in consultation with the Course Supervisor and the Tutor Marker shall review her/his workload within ten (10) days. If found excessive, the workload shall be reduced accordingly, or, with the agreement of the Tutor

Markers, the compensation shall be increased accordingly. The Centre for Online and Distance Education shall promptly advise the Tutor Marker of the results and reason of the decision in writing, a copy to be sent to the Union. After receiving the results of the workload review, the Tutor Marker can request a meeting with the Department Chair and Director of the Centre for Online and Distance Education to discuss the review. The Tutor Marker has the right to be accompanied by a Union representative at that meeting if she/he so wishes.

5. A Tutor Marker who believes she/he has been required to exceed and has exceeded the total hours maximum for the base unit assigned may grieve for the appropriate increase in compensation. Such a grievance shall not be prejudiced by any workload review.
6. Where a TM or the Union believes there is a workload issue in a specific course, the Union may request a copy of the Time Use Guideline for that course by notifying the department in writing. Upon receipt of the written request, the department shall provide a copy to the Union of the Time Use Guideline within ten days.

F. Appointment Priority

1. A Tutor/Marker may be appointed to undertake the responsibilities specified above only when a faculty member is not available to do so.
2. Appointment of Tutor/Markers shall occur in the following order:
  - a. Qualified graduate students who have previously demonstrated satisfactory performance of assigned duties as a Tutor Marker;
  - b. Qualified applicants to be appointed as outlined for Teaching Assistants in Article XIII F. For the application of this particular clause (i.e. XV F.2.) the words "Teaching Assistant" in XIII F shall be read as "Tutor Marker".
3. In determining priority for appointment whether as a GTA or as a GTM the amounts paid under D. of this Article shall be added to the employee's total base unit accumulation.

G. Term of Appointment

The term of appointment for a Tutor/Marker shall normally be seventeen (17) weeks from the beginning of a semester. The term of a Tutor/Marker's employment shall not exceed four (4) months.

H. Re-employment as a Tutor/Marker

1. To be considered for re-employment, a graduate or undergraduate Tutor/Marker must maintain satisfactory performance as a Tutor/Marker.

2. The re-employment of Tutor/Markers will also depend upon the needs and budget resources of the University.

I. Supervisor

1. If a person other than a full-time employee of the University is appointed as Supervisor of a distance education credit course, the appointment shall be within the bargaining unit. Such an appointment may be in addition to an appointment as a Distance Education Tutor/Marker and if so shall entail additional remuneration. Distance Education Supervisors shall not be responsible under this appointment for the design of the course or the development of course materials.
  2. The Course Supervisor shall be responsible to the Department Chair or her/his designate for overseeing the operation of the course during the term of appointment. Course Supervisor responsibilities shall include but not be limited to the following:

    - f. preparing assignments for the following semester;
    - g. endeavouring to consult with the Tutor/Marker before changing marks assigned by the Tutor/Marker.
  3. The Supervisor shall conduct herself/himself in a responsible and ethical manner in the performance of her/his duties and in her/his relations with students and staff.
  4. The Supervisor shall not discriminate against any student on any grounds named in Article IX "No Discrimination and No Harassment".
- J. For position posting, offers of employment and conditional upon enrollment see Articles XVI and XVII.

Article XVI: Position Posting and Offers of Employment

At least six (6) weeks prior to the commencement of the semester, positions shall be posted on the departmental website and on a central website designated by the University, with an electronic copy sent to the Union office. All postings will include a course number or title, location, closing date and identify if the position is for a Teaching Assistant, Tutor Marker or Sessional Instructor. In addition, a statement will be included to advise applicants that the University is committed to the principle of equity in employment. All postings shall remain open and accessible for two (2) weeks. The department will include in Sessional Instructor postings a list of the minimum qualifications and recommended qualifications that will be used to determine whom to hire.

At least three (3) weeks prior to the commencement of the semester, the successful applicants shall receive written notification of the employment offer and whether or not the offer is conditional upon enrollment. (Reference Article XVII: Conditional Upon Enrollment). Departments shall make reasonable efforts to determine and include in the employment offer the number of base units, or contact hours for Sessional Instructors.

The written contract of employment shall be provided to the successful applicant not later than one week prior to the commencement of the semester. An applicant who has been unsuccessful in obtaining any appointment may request reasons, from the department, why s/he was unsuccessful. Upon receipt of such a written request, within fourteen (14) calendar days, the Department will provide a brief explanation why the applicant was unsuccessful. This time limit may be extended by mutual written consent of both parties.

Where a successful applicant does not have a valid Social Insurance Number, s/he may notify their department, which will then provide the applicant with a letter on department letterhead containing the name and telephone number of the contact person in the department. This letter will state that the applicant has been offered and has accepted employment, the start and end date of the employment and will be signed by both the applicant and a representative of the department.

At the time of admission, SFU International will inform international students in writing about the importance of obtaining a SIN card and of the application procedure of getting this card.

Whenever possible, positions that are reposted or become available after the closing date will be posted on the central website, and shall remain open at least two (2) working days prior to being awarded.

Article XVII: Conditional Upon Enrollment

- A. An appointment may be made conditional upon enrollment and, if an appointment is made on that basis, the appointee will be so informed at the time she/he is offered the appointment.
- B. The condition shall lapse by the end of the first week of classes of the semester or session.
- C. No more than fifty percent (50%) of the contracts of employment within a given department shall be made conditional upon enrollment.
- D. In the case of Teaching Assistants or Tutor Markers, compensation equal to one week's pay will be provided if an appointment under this section is canceled.
- E. In the case of Sessional Instructors, where an appointment is made conditional upon enrollment and the course is canceled before the first week of classes then compensation equal to 0.75 contact hours shall be paid. Where the course is canceled during the first week of classes the compensation shall be equal to one (1) contact hour.

Article XVIII: Employment Evaluation

- A. An employee must be evaluated at least once during any semester in which she/he is employed except in the case of ELC/ITP employees. An ELC/ITP Instructor who has completed her/his probationary period must be evaluated at least once per year. The evaluative criteria shall be made clear to the employee upon commencement of duties.
- B. Except in cases of gross misconduct related to the employee's suitability for employment, evaluation must be made only on the employee's qualifications and performance of assigned duties and responsibilities.
- C. Evaluation may include assessment of the employee's performance by the students assigned to the employee, but decisions not to reappoint an employee cannot be based exclusively on student evaluations. Each employee shall be assessed on an individual assessment form. The employee has a right to an assessment by the person to whom the employee is responsible and/or such other person(s) as may be designated by the Chair. The request for an evaluation must be sent in writing to the Chair, in a timely manner.
- D. Each department shall prepare student assessment forms suited to its own use, with the consultation of the departmental Shop Steward, or other Union Representative. A copy of the form must be forwarded to the Union Office.
- E. The purpose and importance of student assessments must be stated explicitly on the form.

- F. There shall be no alteration of the employee's completed student assessment forms or the summary prepared therefrom, by any persons granted access to them.
- G. Access to all original student assessment forms and all summaries of those forms shall be guaranteed to each person evaluated therein. The original completed forms shall be withheld from the person evaluated only until submission of final grades is completed. Any student assessment form received after final grades are approved by the Department will be disregarded and destroyed. Access to original student assessment forms shall be available to the individual for a period of three (3) semesters following the semester in which the assessment was made.
- H. A copy of the department's evaluation shall be forwarded to the person evaluated by the end of the first week of classes of the following semester. The evaluation shall not normally be considered part of the file until she/he has had reasonable opportunity to discuss the evaluation with her/his supervisor and add comments to the file. This shall not preclude the use of the evaluation for rehiring in the semester immediately following the evaluation.
- I. Whenever reasonably possible, supervisors shall bring serious or continuing problems to an employee's attention. If not resolved to the supervisor's satisfaction it should again be brought to the employee's attention in writing, before formally citing such problems in evaluations, or using them in any proceedings against the employee.
- J. The design, administration and interpretation of such evaluations falls within the area of management's rights and responsibilities. Such rights and responsibilities will be exercised in a fair and reasonable manner.
- K. Where an employee is not reappointed due to unsatisfactory performance, the department will immediately notify the employee of that fact and the reason for the decision.

The employee, following such notification, may request a meeting with the Department Chair to discuss the reasons for the decision and to place additional information before the Chair. Such a meeting will be held within three working days of the request. The employee is entitled to TSSU representation at that meeting if she/he wishes.

The Department Chair will, within forty-eight (48) hours, determine whether the original decision will be changed or not. This finding shall be immediately conveyed to the employee.

If the employee upon receipt of the second decision wishes to file a grievance that grievance shall commence at Step II of the grievance procedure.

If no resolution to the grievance is achieved at Step II the matter shall be referred to an expedited arbitration process. The parties will meet to discuss the time frames to be used on each grievance, however, the following deadline is established for all such arbitration (unless altered by mutual agreement of the parties). The decision of the arbitrator must be issued prior to the conclusion of the appointment process for the semester following the one in which the dispute arises (e.g. if the reappointment dispute involves the spring semester, the arbitration award must be published prior to the conclusion of the appointment process for the summer semester).

Article XIX: Employment File

- A. An employment file shall be kept for each bargaining unit employee. This file shall include the departmental copy of the normal appointment document(s), a current curriculum vitae if available, and copies of such student or faculty evaluations of the employee's work performance as are normally maintained by the department. If this procedure is not followed, the report shall not become part of the employee's employment file. Such reports must be copied to the employee's employment file. Any employee so affected shall be given the opportunity to reply in writing as outlined in E. above, and shall have recourse through the grievance procedure. If successfully grieved, said reports and all associated documentation shall be removed from the employment file and sent to the Manager, Employee Relations in Human Resources.

2. Notwithstanding Articles XIII H.1. and XV H.1.,
  - a. if after two (2) subsequent teaching assignments, no further written reports which express dissatisfaction with the employee's work performance or work-related conduct have been added to the employee's employment file, upon request of the subject of the written report, said reports and all associated documentation shall be removed from the employment file and sealed in the University Archives. If the employee is subsequently found to have demonstrated unsatisfactory work performance or work-related conduct, this documentation may be unsealed and taken into account in hiring, discipline, discharge or any related matters. Otherwise the documentation will be destroyed after five (5) years under seal.
  - b. Except in cases of gross misconduct or grossly unsatisfactory behaviour, if the subject of the written report is not rehired within three (3) subsequent semesters, the written report shall not be taken into account in the consideration for reemployment in future semesters provided that no further written reports expressing dissatisfaction with the employee's work performance or work-related conduct have been added to the employment file. The size of this reserve will be determined through consultation between the TSSU and the University. The applicant must identify him/herself as an employee in the bargaining unit on the application.
- d. Assessment of eligibility for assistance from the TSSU Member Child Care Bursary will be determined by Financial Assistance on a financial needs basis subject to the availability of funds.
- e. Financial Assistance will determine the maximum disbursement available per semester for any one bargaining unit member.
- f. Written notification regarding the status of the application will be sent out by Financial Assistance by no later than the end of Week 8 of classes in the semester in which the application is made. Upon notification, successful applicants will have the amount of the child care fund awarded for the semester credited to their student account.
- g. Financial Assistance will provide a written statement of expenditures related to the TSSU Member Child Care Bursary on an annual basis to the Executive Director, Human Resources, with a copy to the Union.
- h. Issues arising out of the administration and distribution of the TSSU Member Child Care Bursary will be referred to the Labour-Management Committee which may include the Director of Academic Resources. Notwithstanding this provision, TSSU members may request an appeal or review of their TSSU Member Child Care Bursary application directly to Financial Assistance.

Re: Payroll Deductions

The parties agree that TSSU employees who are also students during the semester of their TSSU appointment can have their tuition deducted from their salary, without late fees or other penalties for so doing.

Where an employee receives other funds from the University, these funds will be used first as payment towards any tuition owing and the remainder of any tuition owing may then be deducted from the employee's salary.

Employees who wish to have their tuition deducted from their salary shall complete the enrolment form on the SFU Payroll website. Employees must include in this form the dollar amount that they wish to have deducted from each payroll deposit. RE: W Courses

The University is in the process of introducing writing intensive (W) courses designed to foster undergraduate students' acquisition of lifelong abilities in communication, critical thinking and writing. The implementation of these courses, among others, is being facilitated by the Undergraduate Curriculum Implementation Task Force (UCITF). It is recognized that TSSU members that have been appointed to a W course need specialized training to ensure that they have the skills necessary to effectively and efficiently carry out their duties involved with that W course.

The specific mechanism and implementation for such courses has not been finalized and various models are under consideration. Pending a final determination in this regard, for the term of the collective agreement, the Union and the University agree to the following:

1. All courses which have been designated as a W course will be identified as such in the job posting.
2. Any TA or TM training which is required for W courses will be paid through the existing base unit pay scale. Mandatory training may be taken prior to or concurrently with the course. Such mandatory training will not be considered a necessary prequalification to receive a W appointment.
3. Course supervision and evaluation of Teaching Assistants and Tutor Markers for all W courses will be the sole responsibility of the Course Supervisor.
4. Course Supervisors will ensure that for all W courses, course assignments, marking criteria and examinations will comply with Time Use Guidelines.
5. Course Supervisors will be required to conduct an automatic workload review of all W courses by the end of week five (5).
6. In recognition that the consultation and marking time required for W courses is typically higher than for non-W courses, the UCITF,

as part of the initial implementation of W courses, recommended that, where applicable, the student-TA ratio be reduced by as much as one-third and that funding be allocated to implement this recommendation. In practice departments use a variety of methods to manage TA workloads. Whatever methods departments use, they shall ensure that TA workloads do not exceed the Base Units assigned and that the workload of a W course appointment remains comparable to that of a non-W course appointment.

- 7. It is anticipated by the UCITF that the development and delivery of W courses will be done by faculty. However, if a Sessional Instructor is appointed to a W course, then she/he will be compensated at least an additional half contact hour (0.5) over the minimum compensation levels set in Article XIV.D, for the first time that the Sessional Instructor teaches a W course. Where an existing course is changed to a W course, with no resulting change in the pedagogy or the method of instruction, additional preparation will not be paid. The additional half contact hour (0.5) compensation is in recognition that the initial workload for instructors of W courses will typically be higher than for instructors of non-W courses. Additionally departments offering W courses shall ensure that the workload of the Sessional Instructor is not excessive and that the compensation paid to the Sessional Instructor shall reflect any approved additional work done.
- 8. Any Sessional Instructor training which is required for W courses will be paid at an hourly wage rate equivalent to that of a GTA 2 salary and scholarship.
- 9. The University will advise the Union of changes to the undergraduate core curriculum in a timely manner and will provide the Union with semesterly updates from the UCITF regarding W course workloads at Labour/Management meetings.

Any other issue that may arise involving the implementation of W courses may be directed to the Labour-Management Committee for resolution.

**LETTER OF AGREEMENT  
BETWEEN  
TEACHING SUPPORT STAFF UNION  
AND  
SIMON FRASER UNIVERSITY**

Re: Article XXVIII – TSSU Member Child Care Bursary

Upon its inception, the TSSU Member Child Care Bursary has been administered by Financial Assistance (Student Services) in accordance with the provisions that apply to all SFU University Bursaries. Assessment of eligibility for assistance from the TSSU Child Care Bursary is determined by Financial Assistance based on the criteria specified in the above noted Article, the financial need including childcare expenses of the TSSU member and the same criteria applicable to all bursary applicants except as noted below:

Eligible child care expenses for the purposes of this Article shall include bona fide expenses incurred by the TSSU member whether those expenses are incurred for licensed child care, license-not-required child care or in-child's-home care. Receipts for expenses may be required by Financial Assistance for the purposes of documenting the child care expenses actually incurred by the TSSU Member.

In the determination of financial need, Financial Assistance is limited in its ability to fund all bursary applicants as the total amount of all bursary funds applied for by students exceeds the amount of bursary funds available, and accordingly bursary applicants receive less than the full amount of financial need assessed by Financial Assistance.

The TSSU Member Child Care Bursary is unique in that it was set up to provide additional funds specifically for TSSU members (not the general student population) to help offset the cost of childcare expenses.

Further to this understanding, the parties agree that unlike other University bursaries which are limited to a percentage of assessed financial need, TSSU members with childcare expenses will be eligible for additional funding from the TSSU Member Child Care Bursary bringing their total disbursement to 100% of assessed need, subject to the availability of funds.

- A. The University shall fill vacant continuing positions in the ELC/ITP program with part-time continuing, laid off and/or temporary employees, prior to hiring new employees.
- B. Consideration for continuing positions in the ELC/ITP program shall be based equally on ability, qualifications and seniority.
- C. The University shall fill vacant continuing positions in the ELC/ITP program with applicants, giving primary consideration to the ability and qualifications of those applicants. If after such consideration two or more applicants for a position are considered to have equal ability and qualifications, the one with the most seniority shall receive the position.
- D. In the assignment of the instructional contact hours for a particular term, the University will ensure, as far as possible, that the maximum number of hours available and requested by each employee is assigned on the basis of seniority. The process of determining seniority based instructor assignments to courses may be varied by mutual agreement between the University and the Union.

L Article II: Job Postings

- A. Vacancies for all continuing positions in the ELC/ITP program will be posted in prominent places in the department, such as the ELC/ITP bulletin board. The posting will be for at least ten (10) working days prior to hiring. A copy of the posting will be sent to the Union Office.
- B. This posting will include the specific job title, outline of the job duties, the salary range and a list of the minimum qualifications and recommended qualification that will be used to determine whom to hire. In addition, a statement will be included to advise applicants that the University is committed to the principle of equity in employment.
- C. A copy of all job postings will be sent to those employees on the laid off list.
- D. Vacancies for temporary positions longer than twelve (12) weeks will be posted. Where a temporary vacancy under twelve (12) weeks has been filled, the Union will be provided notification of the employee hired and the length and terms of the temporary appointment, no later than seven (7) working days after the temporary employee has accepted the position.
- E. An applicant who has been unsuccessful in obtaining a continuing position may request reasons why she/he was unsuccessful. Upon receipt of such a written request, within fourteen (14) calendar days,

the Department will provide a brief explanation why the applicant was unsuccessful. This time limit may be extended by mutual written agreement of the parties.

3. Where a temporary ELC/ITP instructor is appointed for more than two (2) consecutive terms, the establishment of a continuing position shall be reviewed by the Director. Upon request by the temporary ELC/ITP Instructor, the Director will meet with the temporary employee and review the status of the position. - D. Prior to any change in the minimum qualifications for any instructional position in the ELC/ITP Program, the department will inform the Union specifying the proposed change and the reason for the change. Within ten (10) working days of such notification the Union may request to meet and discuss the proposed change. In such cases the employee on the laid off list will have twenty-four (24) hours to reply. A continuing employee accepting a temporary appointment, will retain rights of recall to continuing positions, and will be returned to the recall list at completion of the temporary appointment.

L Article X: Disciplinary Action, Suspension, Termination and Resignation

A. Definitions

1. Termination: An involuntary ending of employment.

2. Resignation: A voluntary ending of employment

B. Satisfactory Evidence

1. In all cases of discipline including termination, the University must provide satisfactory evidence of just cause.

2. The University shall inform an employee in writing of any written reports which express dissatisfaction with the employees work performance or work related conduct. Such notification including a copy of said reports will be delivered to the employee no later than ten (10) working days after generation by the University. If this procedure is not followed, the report shall not become part of the employees employment file. Any employee so affected shall be given the opportunity to reply in writing and shall have recourse through the grievance procedure. If successfully grieved, said reports and all associated documentation shall be removed from the employment file and destroyed.

D. Progressive Discipline

1. The value of progressive discipline with the aim of being corrective in application is recognized by both parties;

2. Except in the cases of gross misconduct, discharge for just cause will be preceded in a progressive manner by some or all of the following: counseling, oral warning, written warning, and suspension, all of which will be documented;

3. All documents with respect to the discipline of an employee will be copied to the Union.

E. Suspension

1. Suspension is a form of employee discipline and may be imposed for misconduct. Written notice will be given to the employee with a copy to the Union. A suspension shall not exceed five (5) days, and any employee suspended shall be returned to the position last held prior to the suspension.

2. No employee may be suspended except for a just and reasonable cause.

F. Termination

1. An employee to be terminated for a just and reasonable cause

shall receive, prior to the termination, a letter giving notification and reason (s) for the termination. A copy of the notice shall be sent to the Union no later than the date that the employee is to receive the termination notice.

G. Reinstatement

1. If, as a result of the Grievance Procedure, it is found that an employee has been terminated for unjust cause, except as may be ordered by an arbitrator, that employee will be reinstated to her/his former position without loss of seniority, rank or benefits, and shall be compensated by the University for all wages lost retroactive to the date of termination.

H. Notice of Resignation

1. If an employee resigns, notice will be given as far in advance as possible, but not less than ten (10) working days prior to the date of resignation. An employee who submits notice of resignation shall be entitled to retract this notice of resignation within three (3) working days from the date tendered.

I. Wages and Benefits on Resignation or Termination

1. In the case of resignation or termination, the employee will receive all vacation entitlements and salary due to the date of resignation or termination. All such entitlements will be paid within six (6) days of the last day of employment.

L Article XI      Time Off for Union Business

- A. The University shall permit time off from work for four (4) ELC/ITP Instructors on the Union negotiating team. Such time will include one-half (1/2) hour before and one-half (1/2) hour after actual negotiation time for Union caucus. Prior to the commencement of negotiations, the Union will provide the University with the names of employees who will have the right to attend negotiating sessions. The granting of each request will be subject to the ability of the department to accommodate the time off, but granting will not be unreasonably withheld. The Union will be charged for salary maintenance of their negotiators who have been released from classroom contact time to attend negotiations. The University agrees to credit the Union at two (2) times the average hourly wage of those present for the classroom contact hours missed.
- B. Where attendance at a grievance meeting or an arbitration hearing conflicts with any scheduled contact hours arising from current employment in the ELC/ITP Program, the grievor(s) and their chosen Union Representative, or an alternative Union representative where their chosen Union representative is not available, shall be allowed to attend without the loss of pay.
