RECOGNITION CLAUSES

- 1.01 (a) This agreement shall apply to and be binding upon the employees of Hydro as described in the Certificate of Bargaining Authority of the Union dated 31 July 1962 and as may be amended by the appropriate authority.
- (1) The Parties agree that all terms and conditions of the Collective agreement shall apply to and be binding upon all employees of Powertech as though they are employees of the MoveUP bargaining unit at BC Hydro.
- (b) Employees subject to this Agreement shall continue to be subject to the Agreement where such employees are required to perform their work functions on behalf of the Employer while temporarily away from their headquarters and outside the province. In cases where out of province working arrangements require variations to the terms and conditions of the Collective Agreement, the variations will be negotiated between the Parties specific to the circumstances.
- 1.02 Subject to the provisions of this Agreement, neither the Union nor the Employer in carrying out their obligations under this Agreement shall discriminate in matters of hiring, training, promotion, transfer, lay off, discharge or otherwise because of race, colour, creed, national origin, age, sex, sexual orientation, marital or family status, political affiliation or beliefs, or membership, holding of any office or activity in the Union. Notwithstanding the above, the Parties hereto subscribe to the principles of the B.C. Human Rights Act and the Canadian Charter of Rights and Freedoms.
- 1.03 (a) The Employer will not discriminate against any employee because of membership in the Union.
- (b) The Employer will permit employees who are officers, councillors, job stewards or other properly qualified representatives of the Union to carry out their duties on company time and with no loss in pay in respect to investigating complaints, resolving grievances, distributing Union bulletins, attending Joint Committee meetings, and orienting new employees as per Article 1.07(b)(3). Such

employees when carrying out these duties on company time will first obtain the approval of their Supervisor and their requests for time will not be unreasonably withheld. Where union representatives are required to conduct duties other than those outlined above, they shall be paid in accordance with Article 1.04(b).

- (c) The Employer recognizes the Union's right to select, subject to its sole discretion, Executive Board Members, Councillors, Job Stewards and any other Union official or representative whose duties involve, in whole or in part, representing Employees under this Agreement and the Employer agrees to co-operate with these persons in the performance of their duties on behalf of the Union and its membership employed by the Employer.
- (d) The Union shall notify the Employer in writing of the names of the persons authorized to represent the Union and/or the employees for the purposes of this Agreement and shall notify the Employer in writing in advance of any changes in these names.
- (e) The Employer agrees that access to its premises shall be allowed to any representative of the Union for the purpose of business related to the Union, provided advance notice is supplied to the Employer, in which case permission shall not be unreasonably denied. Access does not include use of employer facilities for group meetings without, in each case, the prior authorization of the Employer.
- (f) If the Employer has authorized the use of Employer facilities for a group meeting, the Union shall have the right to place ballot boxes in the meeting room for the purposes of conducting Union elections, referenda, polling, and Collective Agreement votes.

- 1.04
- (a) Properly qualified officers or representatives shall be granted leave of absence to carry out their duties insofar as the regular operation of the departments in which they are employed will permit and any application by them for such leave shall be given precedence over any other application for leave on the same day.
 - (b) 1. The Employer will not charge the Union for salaries of Union representatives excused from work on Union business by arrangement with the employee's supervisor where the leave of absence is one (1) day or less.

The Union will reimburse the employer for all time lost whenever an employee is continuously involved in Union business for more than one (1) day, even if it is an Executive Board meeting, an Executive Council meeting, or a combination of the two.

2. The amount of paid leave granted for the purpose of attending to Union business other than as described in Article 1.03(b) above shall not exceed 1410 hours (BC Hydro)/ 70 hours (Powertech) per year in total for the bargaining unit.
3. Where a leave of absence specified in (1) above exceeds one (1) day and for all other leaves of absence beyond a total of 1410 hours (BC Hydro)/ 70 hours (Powertech) per year for the bargaining unit, the Union is responsible for the costs of the leaves, including salary and a loading factor of twenty-two percent (22%).

- 1.05
- (a) Employees who are acting as full-time officers or employees of the Union, or who are appointed or elected to positions with the Canadian Office and Professional Employees' Union, will be placed on Leave of Absence, with the time involved considered as service with the Employer. Such Leave, once approved, shall not be interrupted by the Employer during the approved period of the Leave. On conclusion of such Leave of Absence employees will return to the position they previously held unless the Employee has been the successful applicant for another job during the period of the leave, in which case the Employee shall be placed in the new job.
 - (b) The Employer will cooperate with full-time officers or full-time representatives of the Union in performing their Union responsibilities.
 - (c) The Union may use and maintain bulletin boards on the Employer's premises and post notices as required. The Union will supply department heads with copies of any bulletins pertaining to matters in the Agreement, when they are posted by the Union.
 - (d) A Union member shall have the right to wear the recognized insignia of the Union.
 - (e) The Union shall have the right to display Union shop cards and Union decals pursuant to articles f and g below:

- (f) The Union may display union decals at the main entrance to buildings wholly occupied by BC Hydro where members of MoveUP are employed. The exact placement of the decal will be done in consultation between the local union representative and local management. The decals will not be displayed at joint tenant locations. The decal wording will read as follows:

Unless otherwise agreed with the Union, a part-time regular employee will work according to an assigned regular schedule but will not work more than 30 hours per week except that the employee may in addition relieve a full-time employee on leave of absence, sick leave or annual vacation without change to full-time regular status.
 - a) An assigned regular schedule will be established by the Employer at the time of hire and will be for a minimum period of 2 weeks.
 - b) Within an assigned schedule the days worked and the daily/weekly hours may differ.

first of the month in which the employee accumulates 1957.5 hours calculated by multiplying the employee's straight time hours worked by a factor of 1.17.

10. The Employer shall not hire or use Part-Time Regular Employees to avoid the continuance, creation or filling of positions for or by full-time employees.
11. Notwithstanding paragraph (8) above, where a part-time regular employee is working in a full-time temporary (FTT) position as defined in Article 1.06(c)(1), s/he shall be entitled to leave of absence without pay in lieu of and in an amount equal to the number of RWWL days that would be otherwise earned, in addition to their entitlement under Article 14.03(b).

A Pre-Job Conference will be held to discuss these matters if requested by either Party.

1.12 **EMERGENCY TRANSPORTATION**

On projects where hospital facilities are not available and when hospitalization of a sick employee is required by a doctor, or is considered essential by the Project Supervisor when there is no doctor in attendance, the Employer will arrange and pay for the transportation of the employee from the project to the hospital. The employee will arrange and pay for his/her own transportation back to the project.

1.13 **SENIORITY (BARGAINING UNIT)**

Where the words "bargaining unit(s)" or "union" are used in this agreement, such reference shall be deemed to mean MoveUP members employed by the Employer and referred to in article 1.01 of this agreement.

1.14 EMPLOYEE INFORMATION

The Employer will supply on a semi-annual basis a seniority list, including employee name, employee identification number, employee gender, employment status, seniority date (in the case of casual employees, hours worked), job title, department name, location name and Line of Business.

1.15 PERSONAL DUTIES NOT REQUIRED

The Employer agrees that employees shall not be required to perform for any other employee (including, but not limited to management personnel), work or duties of a personal nature.

1.16 DEFINITION OF “DEPARTMENT” AND “SIGNING GROUP”

Department:

A “department” will generally be understood to be all those employees under a Manager who reports to a Direct Report to a Vice-President or above. Where an anomaly occurs to this definition, BC Hydro may institute a definition of department which varies from the above in which case the employer will provide to the Union the rationale for the desired anomaly. If the union does not accept the anomaly, then the Union may request a hearing before a third party (to be named) who will provide a final and binding decision as to whether the anomaly should be permitted. The hearing will be informal and expedited and the third party will consider the employer’s business case, operational needs, relevant past practice, and administrative considerations in making their determination. As well, the third party will consider any issue put forth by the union in the context of the collective agreement.

Signing Group:

A “signing group” will generally be understood to be all those employees reporting to a first line manager. However, anomalies will occur, including but not limited to, employees from different geographical locations reporting to one manager, and employees from cross functional groups reporting to different managers yet still deemed to be in the same signing group. In these instances the existing signing group practices shall prevail.

If the union does not accept the signing group anomaly, then the Union may request a hearing before a third party (to be named) who will provide a final and binding decision as to whether the anomaly should be allowed. The hearing will be informal and expedited and the third party will consider the employer's business case, operational needs, relevant past practice, and administrative considerations in making their determination. As well, the third party will consider any issue put forth by the union in the context of the collective agreement.

1.17 **PUBLIC LIABILITY COVERAGE**

The Employer will indemnify and hold harmless our employees from legal liability imposed upon them arising from their normal course of employment with the Employer. The Employer does not and cannot be expected to assume risk from mistake by employees which are made by going beyond the scope of their employment or which arise from grossly negligent or irresponsible conduct.

In situations covered by this indemnity agreement the Employer will carry the defense of the action and be responsible for legal costs associated with the defense.

It is understood that this coverage applies to former employees if the incident giving rise to liability took place during the course of their employment with the Employer.

1.18 **JOINT LABOUR COMMITTEE**

The parties agree to create a joint labour management committee to discuss ways to facilitate MoveUP's communication with their membership at BC Hydro. This may include use of the Employer's email system and other ideas generated by the parties. The committee will consist of 2 representatives appointed by MoveUP and 2 BC Hydro representatives. The first meeting will be held prior to November 1, 2014.

ARTICLE 2

JOB EVALUATION

2.01 THE JOB EVALUATION SYSTEM

(Refer to MOU #33 and #48)

- (a) The Parties agree to implement the Pay Equity Job Evaluation Plan ("Plan") pursuant to Memorandum of Understanding No. 33.
- (b) The Parties shall be responsible for jointly modifying and implementing the Plan pursuant to the terms of the Memorandum of Understanding. Upon completion of Plan implementation, the Employer shall be responsible for the application of the Plan and conducting evaluations to meet ongoing operational requirements.
- (c) The Employer agrees that any changes to Plan factor or factor weightings shall be subject to agreement between the Parties.
- (d) The job grouping for employees shall be determined by the application of the Plan.
- (e) The Employer is responsible for ensuring that all Job Descriptions and Evaluations are current.
- (f) The Employer and the Union will establish a Joint Steering Committee to oversee the application of the plan.
 - (1) The Committee will consist of two representatives from each Party, with one male and one female representative from each Party. The Committee may call upon jointly agreed internal and/or external resources as required. The Employer shall allow reasonable time off work without loss of pay for MoveUP representatives to attend each meeting of the Committee. The Union will be responsible for travel and accommodation expenses for MoveUP representatives. Meeting space, equipment, supplies and jointly agreed upon external resources shall be paid by the Employer.

- (2) The Committee will maintain a current and relevant set of benchmark evaluations for the Employer to use in applying the Plan. A list of current benchmarks will be included in Appendix A.
- (3) The Committee will identify adjustments or changes needed to maintain the effectiveness of the Plan, including the Review/Appeal process, and will make appropriate recommendations for change to the Parties as required.

2.02 JOB TITLES AND DESCRIPTIONS

- (a) The Employer agrees that it will provide the Union with copies of all job descriptions covering employees for whom the Union is certified as the bargaining agent.
- (b) The Employer will provide to the Union descriptions of new jobs prior to their implementation, and no job will be bulletined until the Union has received a copy of the draft job description which substantially describes the job.
- (c) When jobs are to be downgrouped the Union will be notified and given reasons in writing 30 days prior to the effective date.
- (d) The Employer will provide the Union with a list of job titles covering MoveUP affiliated positions four times a year.

2.03 JOB EVALUATION REVIEW AND APPEAL

Where an employee believes that their job description does not accurately describe their actual job responsibilities and the group level of their job is incorrect, or that the duties they perform are more properly characterized by a different existing job description, the employee may initiate a review and may appeal in accordance with this Article.

“Days” in this Article shall mean calendar days.

- (a) An employee may initiate a review by completing the Job Evaluation Review Form and submitting it to the appropriate manager, with a copy to be forwarded to the Union and the Employer’s designated Job Evaluation representative. A review can only be initiated if a significant change has occurred in the employee’s duties or if new duties which are significant in nature have been added to their job. However, the Union, in rare and exceptional circumstances, where the

outcome of a job evaluation is unreasonable, may initiate a review.

The Job Evaluation Review Form will be agreed upon by the Joint Committee. The completed Job Evaluation Review Form must identify all of the new duties and/or changes to duties, and, if the employee believes that the duties they perform are more properly characterized by a different job description, indicate which job description they believe is applicable. The date on which the Job Evaluation Review Form is submitted will signify the official commencement date of the Review/Appeal process.

- (b) Within 60 days of the receipt of the Job Evaluation Review Form, the Employer shall respond in writing to the employee and the Union. The Employer may, during the 60 days, meet with the employee and/or the Union to obtain more information.
- (c) If the employee disputes the Employer's response in paragraph (b) above, the employee has 15 days to notify the Union and the Employer in writing of their dispute. If the Union agrees, following a consideration of the employee's concerns, that an appeal is required, the Union will determine whether the appeal is based on:
 - (i) the evaluation of the job, or
 - (ii) a different job description exists that more properly describes the duties of the employee.
- (d) If paragraph (c)(i) applies, the Union must, within 30 days of the employee's notification under paragraph (c), submit a comprehensive written rationale for the appeal to the Employer's designated Job Evaluation representative with a copy to the employee. The rationale will include, where applicable:
 - (i) identification of all of the new or changed duties warranting a revision of the job description and re-evaluation;
 - (ii) an explanation as to why the pay group level sought is more appropriate than the current pay group, with specific reference to the benchmarks in the Plan; and
 - (iii) a revised job description and all supporting documents.

- (e) In response to the Union's comprehensive written rationale under paragraph (d), the Employer will provide the Union with a comprehensive written explanation of its position within 30 days of receipt of the Union's submission.
- (f) The Union may submit a rebuttal to the Employer's submission, provided that it is submitted to the Employer within 15 days of receipt of the Employer's submission under (e). If the Union raises any new issues or arguments in its rebuttal, the Employer can make a final submission, to be provided to the Union within 7 days of receipt of the rebuttal.
- (g) If paragraph (c)(ii) applies, the Union must, within 15 days of the employee's notification to the Union under paragraph (c), contact the appropriate senior manager in writing to request a meeting, to be held within 30 days. In that meeting, the Union will submit to the senior manager all supporting evidence, documentation and reasoning for its appeal that a different existing job description more properly characterizes the duties of the employee.
- (h) Within 15 days following the meeting in paragraph (g), the Employer will provide the Union with its written response and reasoning.
- (i) Appeals that are not resolved between the parties within the process outlined in paragraphs (a) to (h) shall be referred by the Union to a Referee within 30 days following the receipt by the Union office of the Employer's comprehensive written explanation referred to in paragraph (e) or its response under (h). The referral shall be in writing and shall indicate whether the appeal is based on the grounds outlined in paragraph (c)(i) or in (c)(ii). The Union cannot pursue both grounds, unless the parties otherwise agree.
- (j) Except for paragraph (m) below, the process to be followed by the Referee in hearing an appeal shall be informal and non-legalistic and shall be based primarily on written documents, which will include but not be limited to the following:
 - (i) copy of the job description(s) in dispute;
 - (ii) Job analyst's rationale;
 - (iii) Union's comprehensive written rationale under paragraph (d) or (g);
 - (iv) Employer's comprehensive written explanation under paragraph (e) or (h);
 - (v) Union's rebuttal, if any;
 - (vi) Employer's final submission, if any;

- (vii) All documents accompanying the above submissions, e.g. questionnaires relating to the subject job.
- (k) In addition to relying on the written submissions, a representative of each Party may elect to make a concise presentation to the Referee of their respective Party's position.
- (l) No new information will be presented by either party in their submission or presentation, unless it has been shared with the other party in advance with sufficient time for the other Party to consider and provide a response
- (m) In exceptional circumstances, either party may elect to proceed with a full hearing with witnesses. However, as the intent is to proceed expeditiously, it is the Parties' intention to rely mainly on written submissions and concise presentations in most cases.
- (n) The Referee will decide appeals involving both job description disputes and/or disputes with respect to the proper group level for the job. If both the job description and the proper group level for the job are in dispute in an appeal, the Referee will hear both disputes at the hearing of the appeal, with the job description dispute being presented first.
- (o) In making a decision on the appeal of the proper job group level, the Referee will review and consider the alternate factor evaluations for the job description and make a determination of the most appropriate factor ratings by referencing benchmark job evaluations.
- (p) The Parties will make every reasonable effort to be available for a hearing of the appeal within 30 days of the referral of the appeal to the Referee.
- (q) The Parties agree that the main Referee shall be Dalton Larson. Should Dalton Larson not be available within 30 days from the time an appeal is referred to him, the Parties agree that an alternate will be utilized, who shall be John Kinzie or Brian Foley and who shall be used in that order, provided they are available earlier than Dalton Larson. The Parties shall each pay an equal share of the fees and expenses of the Referee in each case.
- (r) The parties will review this process periodically.

- (s) Time limits may be extended by mutual agreement of the Parties.
- (t) Any change to the value of the job or an allocation to a different job through the Review/Appeal process will be effective as of the date on which the Job Evaluation Review Form is submitted as per paragraph (a), unless the Parties agree to a different effective date.

2.04 **SALARY TREATMENT**

- (a) Changes in job groupings as a result of the ongoing maintenance of the Plan will be treated as follows:
 - 1. upgroupings - Article 7.04(a)
 - 2. downgroupings - Article 7.03(a)5.
- (b) It is agreed that salary treatment for employees covered by the implementation of the Plan who are currently in receipt of special salary treatment (i.e. - blue circle or red circle) shall continue to receive such treatment.

2.05 **IMPLEMENTATION OF NEWLY VALUED OR RE-EVALUATED JOBS**

- (a) In the event there is a change to the value of a job, implementation of the change will not be formalized until the Employer affirms that the change in the job description, evaluation, and/or the associated duties applies to all the incumbents in the subject job in question. The Employer shall make this determination as soon as possible but no later than 90 days following notification of the change.
- (b) If the implementation is not formalized as in (a) above, the employer may further revise the duties of the subject job, up to and including the creation of a new or revised job(s) and the populating of that job.
- (c) In such cases as (b) above, MOU # 48 will apply in determining populating of the new job(s) and the allocation of employees into the new or revised job(s). Incumbents who were performing the higher level duties in the original subject job during the time period between the official commencement of the Review/Appeal process under Article 2.03 (a), and the creation of the new or revised job(s) under Art. 2.05(b), will be compensated by temporary promotion.

The Parties agree that all outstanding issues related to the implementation of the Job Evaluation Plan will be addressed pursuant

to the 1997-2002 Collective Agreement between BC Hydro and MoveUP, including the job evaluation issues in the CP&I/CP&O area.

2.06

POSITIONS EXCLUDED FROM THE BARGAINING UNIT

The following will apply to resolve the issue of whether a new or reclassified job is included in, or excluded from, the Union's bargaining unit.

- (a) This Agreement establishes a dispute resolution mechanism which shall be used by the Parties in lieu of Section 139 of the *Labour Relations Code*.
- (b) Where BC Hydro intends to create a new M&P position at salary grade 44 (M1/P3 Roles) or lower, or intends to reclassify an existing position from the Union's Bargaining Unit to M&P at salary grade 44 or lower, BC Hydro will give written notification thereof to the Union, together with a copy of the relevant position description(s) and organizational chart(s), if then available.
- (c) In addition to paragraph "J" of this Article, where BC Hydro provides MoveUP with an "M" (Manager) role description and organization chart that outlines the role's direct reports, the parties agree that the role will be presumed excluded from the Bargaining Unit unless MoveUP can make a clear and compelling case for the inclusion of the position in the Bargaining Unit.
- (d) If the Union elects to challenge the proposed job classification as not being properly excluded from the Bargaining Unit, it shall so notify BC Hydro Employee Relations (ER) in writing within 10 working days of the Union's receipt of the notification aforesaid from ER. Within a further five working days, a meeting will occur between ER, the Union and the business unit at which the Parties shall endeavour in good faith to reach an agreement. The Parties will ensure that their representatives at such meeting shall be knowledgeable of the relevant facts and circumstances.
- (e) Where an agreement is reached between the Parties at the meeting described above, it shall be reduced to writing and signed by Hydro and the Union.
- (f) Where the parties are unable to agree, the Union shall inform the Umpire by fax of the disputed position(s) within 5 working days of the informal meeting process.

- (g) Upon notification of the challenge the Umpire shall schedule a hearing (the Hearing) with Hydro and the Union within 7 working days. The location of the Hearing will be agreed upon by the parties. In appropriate circumstances, the Hearing may be conducted by telephone conference call.
- (h) At least one working day prior to the Hearing, each party shall fax to the Umpire a summary of the issues in dispute and a proposal for their resolution. This submission cannot exceed three pages in length. If either Hydro or the Union fails to meet these requirements it will be deemed to have abandoned its position, and the dispute will be conclusively resolved in favour of the party in compliance.
- (i) Subject to article 2.06 (h), Hydro and the Union may make oral submissions to the Umpire at the Hearing, but such submission shall be limited to 45 minutes, which may be extended by the Umpire in compelling circumstances.
- (j) The Umpire shall have the power and authority to settle conclusively the dispute(s) and his decision(s) shall be binding on Hydro and the Union, and are not subject to appeal or review by any court or adjudicative body.

In reaching a decision the Umpire shall have regard to the following:

- a. the Union's certification;
 - b. the Collective Agreement;
 - c. the applicable provisions of the *Labour Relations Code* and the decisions of the Labour Relations Board pursuant thereto;
 - d. applicable arbitral jurisprudence;
 - e. the appropriate communities of interest, including the practices of the Parties, and the relationship between the core duties and qualifications of the disputed position and existing positions within the Bargaining Unit.
- (k) The Parties acknowledge their intention to focus on the resolution of current and future areas of concern. Accordingly, they agree that the current job classifications excluded prior to September 1, 2011 remain properly excluded.
 - (l) The decisions of the Umpire may be rendered orally at the conclusion of the Hearing and, in any event, in writing within 3 working days of the Hearing. The written decision shall be limited to two pages.

- (m) The Umpire shall not have jurisdiction to change this Memorandum of Agreement or to alter, modify or amend any of its provisions. The Umpire will, however, have the sole authority to resolve disputes over the interpretation of this Agreement.
- (n) The Umpire shall be Don Munroe, John Kinzie, Brian Foley and John Steeves, on a sequentially rotating basis.

3.15 **ALTERNATIVE DISPUTE RESOLUTION PROCESS**

The parties recognize that there are times when an expedited arbitration may be desirable, and therefore, agree that the following process may be used as a substitute for the formal grievance procedure outlined in Article 3 of the Collective Agreement.

- a) The process can only be used by mutual agreement between the parties who are signatory to this Collective Agreement.
- b) The parties will decide in advance of initiating the process whether the outcome will be a binding or non-binding recommendation.
- c) Each party to the arbitration will be responsible for its own costs and will share equally the cost associated with the Arbitrator.
- d) The offices of MoveUP or BC Hydro will be used for the process on an alternating basis.

- g) The parties and the arbitrator will have a brief file management conference call prior to setting the agenda for any hearing dates. This will be to ensure the agenda is kept to a manageable length.
- h) Within one week of the hearing, the parties will provide an agreed statement of facts to the arbitrator.

- k) Any decisions arising from this process shall be without precedent or prejudice to any position either party may take in the future with regard to same or similar matters. The arbitrator will remain seized with respect to implementation, interpretation and application of the decision.
- l) Procedure Guidelines
 - 1) The Opening Statement: This should basically set out the case from each party's perspective. The arbitrator will seek at this point to define the issue and to determine what evidence is agreed to and what is not.
 - 2) The Hearing: Sufficient witnesses should be called to ensure the "story" is properly told. Where it is an issue of credibility or conflicting evidence, the key individuals must testify. There shall be no grievors, managers, witnesses or supervisors to the greatest extent possible.
 - 3) The Argument: The parties will not cite legal precedents but may refer to Brown and Beatty, Palmer, etc. However, it is imperative that the relevant provisions of the Collective Agreement be canvassed by each party to ensure that all relevant clauses are put before the arbitrator.
 - 4) The Decision: If mediation fails or is not appropriate and if the decision can be rendered after a short

deliberation, the arbitrator will do so. By meeting first with the parties to explain the framework of the arbitrator's decision, the parties are provided with an opportunity to influence the exact terms of resolution. Within the framework of settlement as outlined by the arbitrator, the parties can work out exact terms which best suit the specifics of the case. Such an opportunity should not be wasted by continuing to argue the merits of the case.

- m) The Mediator/Arbitrator will be Wayne Moore. Each of the parties reserves the right to require both parties to jointly terminate the relationship with the Mediator/Arbitrator. In order to exercise this right, 30 days written notice must be provided to the other party. Such termination shall be done by a letter addressed to Mr. Moore and jointly signed by the parties' representatives. The parties will attempt to find a suitable replacement as expeditiously as possible.
- n) This agreement is without prejudice to the parties' application and interpretation of Article 3.
- o) The parties will attempt to pre-schedule 1-day hearings quarterly.

3.16 Notwithstanding all of the foregoing provisions of this Article, following the formal grievance procedure but before arbitration, by mutual agreement, the parties may request a refereed "expedited recommendation". If both parties agree to this additional step, a brief written submission including a summary of the issue, the alleged violation of the collective agreement, and the remedy sought, will be submitted by each party to a referee for an expedited recommendation. An Agreed Statement of Facts may also be provided. Following the review of the written submissions, the referee shall render their recommendation within two weeks of completing the review. The cost of the referee will be shared equally between the Union and BC Hydro. Any recommendation as a result of this process shall not be put into evidence during any Arbitration.

Notwithstanding the above, the parties may, at any stage of the grievance process, agree to any of the following:

- (a) to be bound by the recommendation;
- (b) to seek an expedited recommendation earlier.

The referee shall be Rod Germaine, or if unavailable a referee shall be selected in accordance with article 3.11.

portion of any salary increase which will bring their salaries to the maximum of the same salary range in the new scales.

(i) Method of Rounding

All bi-weekly salaries and all hourly wage rates are rounded to the nearest whole cent.

-0.50 and over are rounded to the next whole cent (dollar).

-0.49 and under are rounded to the last whole cent (dollar).

4.02 **TRADE DIFFERENTIALS AND FLOOR RATES**

(a) Definitions

1. Floor Rate: a minimum bi-weekly rate established to maintain a pay relationship between a job within the MoveUP bargaining unit and a job in another union within the same company.
2. Trade Differential: the adjustment amount which must be added to the base rate of an employee in a floor rated job to increase the employee's pay to the floor rate established for the job.

(b) Criteria

The purpose of floor rates is to establish and maintain a relationship between the salary paid to employees assigned to a position that entails a direct working relationship with members of other unions within the same company and the wages of those members.

Entitlement to a floor rate is conditional upon this direct working relationship complying with the following:

1. the duties performed by the employee must be interrelated with the union position over which the floor rate is based and must further relate to a major job responsibility of that base position; and
2. the employee must be responsible for determining the methods and procedures to be followed by the members of the other union(s); and

3. the employee must be responsible for ensuring that the work completed by the member(s) of the other union conforms to the Employer's specifications, standards and/or other relevant codes; and
4. the member(s) of the other union must be assigned to the employee to either:
 - (i) assist the employee in completing work assignments;
or
 - (ii) complete work assignments with the assistance and/or direction of the employee; or
 - (iii) receive technical training in one or more major job responsibilities where such training is of a nature that it will qualify the member(s) of the other union to perform an approved position in their own bargaining unit, and where the employee is responsible for assessing the capability and eligibility of the trainees to be appointed to the end position; and
5. the working relationship between the employee and the members of the other union must be an ongoing and demonstrable part of the MoveUP job; "once-only" or hypothetical situations will not attract a floor rate.

(c) Floor Rate Type

Parity or a 5% differential will be determined as follows:

(1) Parity

when all criteria in 4.02(b) are met except 4.02(b)4(iii).

(2) 5% Differential

when all criteria are met, or when all criteria are met except 4.02(b)4(i) and/or 4.02(b)(4)(ii).

(d) Bi-Weekly Floor Rate Calculation

Where the regular bi-weekly hours total 75 and the regular hours are 7.5 per day the bi-weekly floor rate shall be:

- (1) Parity = 1.00 x hourly rate of base job x regular bi-weekly hours of base job;

- (2) $5\% \text{ Differential} = 1.05 \times \text{hourly rate of base job} \times \text{regular bi-weekly hours of base job.}$

(e) Administration

1. Disputes arising from the application of the Floor Rate Criteria are subject to Article 3, Grievance Procedure, of the Collective Agreement.
2. Each Floor Rated Job will be reviewed and tested against the above defined criteria at the time that the Floor Rate is established, and at least once every 3 years as a part of the Job Evaluation Section cyclical audit of all MoveUP bargaining unit Jobs with a report forwarded to the Parties in the attached format as a part of that review process.
3. Each Floor Rate established under Article 4.03 will be documented on a Trade Differential Sheet, a copy of which will be supplied to the union; Floor Rates will be recalculated when the wage for the base job is changed and will be effective on the same date as the change in wage. The union will be advised in writing of recalculations of Floor Rates.
4. The effective date for the implementation of the Floor Rate Criteria to be 10 May 1983.
5. Employees in jobs that no longer qualify for a floor rate as of the effective date should not be affected by the new Floor Rates Criteria. However, new or transferred employees assigned to previously Floor Rated Jobs on or after the effective date will not be eligible to receive a Floor Rate or Trade Differential.

4.03

LENGTH-OF-SERVICE INCREASES

- (a) Salary advances within the ranges will normally be achieved by reaching the length of service anniversary date. However, such increases may be withheld by the employee's manager based on an assessment of the employee's performance. Where an increase is to be withheld due to inadequate performance the manager will provide one month's notice in writing to the employee affected, the officers of the Union, the appropriate Human Resources Business Partner, and the Manager, Payroll.

- (b) Employees will continue to receive length of service increases while on leave with the exception of long-term disability. Employees who return from long-term disability will be eligible to receive a length of service increase on their next anniversary date.
- (c) Provided that the increased salary will not exceed the maximum of the salary range, salary increases for employees who are eligible shall be granted in the following manner:
 - 1. An employee whose salary is equal to any step of his/her salary range will have his/her salary increased to the next higher step in that range.
 - 2. An employee whose salary is between steps of his/her salary range will have his/her salary increased by an amount equal to the difference between the two steps between which his/her salary falls but where the increase would place his/her salary above the second higher step in the range beyond his/her salary prior to the application of the increase, his/her salary will only be increased to the second higher step.
- (d) For the purposes of this article, an employee's anniversary date will be determined as follows:
 - 1. For those employees who enter service or are promoted between the 1st and 15th fifteenth day (inclusive) of any month, the anniversary date will be the first day of that month plus one year.
 - 2. For those employees who enter service or are promoted between the 16th and last day (inclusive) of any month, the anniversary date will be the first day of the next month plus one year

ARTICLE 5

TRAVELING ALLOWANCES, MOVING EXPENSES, AND LIVING EXPENSES

- 5.01
- (a) Each employee will have an established headquarters, which will be the location where the employee normally works, reports for work, or the location to which he/she returns between jobs.
 - (b) Employees hired for temporary work will be deemed to be headquartered at the location where they are recruited.

5.02

TRAVELING ALLOWANCES

- (a) The Employer will pay economy air fare for air travel and for other forms of travel, will pay the cost equivalent to first class standards as prevailed at the date of signing this Agreement and will pay for meals and sleeping accommodation for employees traveling to or from a job from a point of hiring or on company business.
- (b) When an employee is away from his/her headquarters and waiting time for departure of public transportation is expected to exceed 2 hours from normal checkout time of his/her accommodation, the employee may retain such accommodation at the Employer's expense until the time it is necessary to vacate it in order to catch the scheduled transportation. While holding accommodation outside normal working hours the time will not be paid as time worked.
- (c) Where no work is performed on the day in question, time spent in traveling by public carrier to a new headquarters or to or from a temporary job away from headquarters, including time spent in waiting for connections, will be paid at straight-time rates to a maximum of 7 1/2 hours in each day or part thereof. Time spent in traveling at the request of the Employer on a normal day off shall be paid to a maximum of 7 1/2 hours at overtime rates. If an employee is required to travel outside of North America, appropriate compensation for travel time will be discussed with the Union prior to travel.
- (d) Any time spent in travel by public carrier prior to or following the normal day's work will be paid for as time worked except that where overnight travel is required, and sleeping

accommodation is available, the hours between 24:00 and 08:00 will not be paid.

- (e) Where sleeping accommodation is required but not available, and travel takes place by public carrier, the time so spent will be paid as time worked.
- (f) A day shall be the period from 00:01 hours to 24:00 hours and shall include Saturdays and Sundays.
- (g) Except for those circumstances covered in Article 5.03, time spent in travel or transfer, either as a driver or passenger in a company vehicle or properly authorized personal vehicle, will be paid as time worked.
- (h) Should an employee be discharged for cause while in the field, the employee will be paid for all time worked, traveling expenses and traveling time back to his/her established headquarters. An employee laid off will be paid for all time worked, traveling expenses, and traveling time back to his/her point of hire or his/her established headquarters, as the employee may request. The Employer will have no obligation under this clause to employees who resign in the field and have less than 2 months' continuous service since their last date of hire.
- (i) Except as provided in the following paragraph, employees will be returned to their established headquarters at the expense of the Employer prior to taking annual vacation provided such paid vacation is 2 weeks or more, and in such circumstances will be returned from established headquarters to the work site at the expense of the Employer without any loss of paid vacation time.
- (j) Where an employee is not required to and chooses not to be returned to his/her established headquarters prior to taking annual vacation, paid travel time and expenses actually incurred in reaching the destination of his/her choice will be reimbursed. The maximum amount which the Employer will reimburse would be those costs which would be incurred if the employee were returned to his/her established headquarters.

- 5.03
- (a) Where employees are assigned to work away from regular headquarters and cannot return to same at the end of the working day and are provided with room and board, the Employer will designate a report point which, unless otherwise mutually agreed at a pre-job conference, will be the place of accommodation, a company office or a job site and will be governed by the following conditions:

1. Where time spent in travel between the designated place of accommodation and the job site is less than 16 minutes, computed under normal travel conditions, the report point will be the job site. Time spent in travel in excess of the normal travel time due to abnormal conditions will be paid as time worked at the prevailing rate.
2. Where the time spent in travel between the designated place of accommodation and the job site is 16 minutes or more, computed under normal travel conditions, the report point will be the designated place of accommodation.
3. Notwithstanding the conditions as set out in 1 or 2 above, drivers of company vehicles will be paid in circumstances where traveling time between the designated place of accommodation and the job site is less than 16 minutes. Pay for such travel time will encompass the total time involved in transporting employees from the designated place of accommodation to the job site and return, which may include pick up and delivery of the vehicle from and to a third location.

5.04 Time spent in travel between headquarters and the work site or the report point and the work site at the commencement and termination of each day's work will be paid for as time worked.

5.05 Except as otherwise agreed by the Parties at a pre-job conference, regular employees working away from their established headquarters and unable to return to their normal place of residence at the end of each working day, shall have transportation costs paid to and from their established headquarters at 3 week intervals. This shall not be construed to mean bus fare when other means of transportation are normally used. This entitlement may be shifted to take into account long week-ends, paid vacation and other contingencies, but in no circumstances shall employer-paid trips exceed one for every 3 weeks over the period of such work away from their headquarters.

Employees traveling home under the above provision shall be reimbursed for costs incurred in the storage of personal effects where such storage is required.

It is understood that this entitlement includes transportation and storage costs only. It is also understood that employees taking advantage of the paid-trip-home entitlement are not eligible for weekend living-out allowance for non-working days.

- 5.06 Where a work assignment in the field is completed on the last regular working day of the week, and it is understood that the employee is to return to his/her headquarters rather than travel directly to another work location, the employee may travel to his/her headquarters at the earliest practical time to avoid the loss of a week-end at home. Time traveled will be paid as time worked.

5.07 **USE OF COMPANY AND PERSONAL VEHICLES**

(a) Conditions For Use Of Personal Vehicles

Ownership or provision of a personal vehicle shall not be a condition of employment. However, by mutual agreement between the Employer and an Employee and provided the Employee has completed an indemnity agreement as set out in point (iii) below, the Employee's private leased or owned vehicle may be used for the business purposes of the Employer, in which case the following conditions shall apply:

- (i) The Employer shall reimburse the Employee for distance traveled in the amount of \$.46 per kilometer to a maximum of 1000 km, with \$.17 per kilometer thereafter, in each calendar month. With approval of their managers, and where an employee is required to use their four wheel drive vehicle off-road, the Employer shall reimburse such distances traveled in the amount of \$.67 per kilometer to a maximum of 1000 km, with \$.21 thereafter, in each calendar month.
- (ii) The Employer shall provide or pay for any additional parking required for any personal vehicle of any Employee which is used, upon proper authorization, for the business purposes of the Employer.
- (iii) The minimum insurance for employee-owned or leased vehicles used on BC Hydro business shall be \$300 collision deductible, \$100 comprehensive deductible, \$1,000,000 third party liability and underinsured driver coverage. Provided the Employee completes an indemnity agreement holding BC Hydro harmless for any liability to claims arising from accidents which happen while the vehicle is being used for personal reasons, BC Hydro will pay the above collision and comprehensive deductible, and third party liability in excess of the above coverage, in the event of an accident involving a vehicle being used on BC Hydro business.

- (iv) If an Employee's insurance costs increase due to an accident which occurs while the Employee is using his or her personal vehicle, upon proper authorization, in the performance of the Employee's duties, the Employer shall pay the full cost of any such increase for the entire period during which any such increase applies, unless it is conclusively established that the Employee was grossly negligent.
- (v) In addition to the above, where the Employee has the proper authorization and is required to use their vehicle more than 6 days per calendar month for business purposes, the Employer shall pay the Employee the difference in cost between the Employee's normal vehicle insurance and insurance for business purposes as set out in Clause 5.07(iii) above.

- (b) Where an Employee elects to use his/her personal vehicle in preference to public transportation, the Employee shall receive an allowance of the flat amount of fare involved plus the amount meals would have cost when traveling by public transportation. Travel time will be paid as though the Employee traveled by public transportation.

5.08

- (a) Where Employees are temporarily assigned to work away from their established headquarters, the Employer will provide board and, where necessary, lodging at no cost to the Employee in accordance with either Clause(s) 5.09, 5.10 or 5.11 below, depending upon the circumstances. Other reasonable expenses may be allowed, subject to supervisory control.
 - (i) Notwithstanding the provisions of Clause 5.08(a) above, where an Employee is temporarily assigned to work away from his or her established headquarters within the Employee's local geographic area, as defined in Clause 9.01(d), the Employee's entitlement to claim a lunch will be as follows:

1) Lunch is claimable if:

- i. The Employee is working outside of their geographic area, with the exception of Employees identified in 5.08 (a) (2) (i).
- ii. The Employee is not provided with advanced notice by a Manager of the need to work away from their established headquarters. Advanced notice for the

purposes of this article is notice no later than the end of the Employees previous regular shift.

2) Lunch is not claimable if one or more of following criteria apply:

- i. The Employee is required to do regular field work as part of their position, and such work is known and planned in advance to be away from their regular headquarter, even if the work is outside of their geographic area but within 100 kilometers of the established headquarters.
- ii. The Employee is working away from their established headquarter, but are working at another BC Hydro facility which is equipped with cafeteria or lunchroom facilities within their geographic area.

(b) If an Employee who is quartered in a commercial facility requests a room for himself/herself for either health or personal reasons, such request would be granted provided accommodation is available at the time.

5.09 A living out allowance of \$130.00/day will be paid to employees who would otherwise receive free room and board and who have the Employer's permission to be living out in accommodation not provided by the Employer. Unless the employee is returned to established headquarters or is granted paid travel time and expenses actually incurred as provided in 5.02(j) the living out allowance will not be reduced when an employee is on paid leave of absence such as annual vacation, sick leave, statutory holidays or days in lieu thereof; or for unpaid leave of absence not exceeding five working days; or while the employee is on Workers' Compensation up to the maximum of his/her unused sick leave allowance. Permission to live out will not be withdrawn except by mutual agreement. Notwithstanding the above, employees who have set up semi-permanent residences at the temporary location (such as mobile home or furnished apartment) will not have their living out allowances reduced when returned to established headquarters at the Employer's expense for periodic assignments or training of two (2) weeks or less.

5.10 Except as provided in Article 5.09 above, where the Employer is responsible for board and/or lodging, the employee may elect,

(a) To be supplied with accommodation which is equipped with cooking facilities and shall receive \$25.00 per day in lieu of

board only; or \$33.00 per day in lieu of board only where it is essential that employees cook for themselves; or

- (b) to submit an expense account in lieu of board only. It is the intent that reimbursement for board only will be based on reasonable meal expenses incurred.
 - i. Employees entitled to reimbursement of all three meals in a day may claim the per diem as set out in the Employer's guidelines without receipts; claims over the per diem amount must be supported by receipts.
 - ii. Employees entitled to reimbursement for less than three (3) meals per day, may claim the per diem as set out in the Employer's guidelines per meal incurred without receipts; claims over the per diem per meal must be supported by receipts.

5.11 CAMP CHECKOUT ALLOWANCE

- (a) Where regular or temporary employees are provided with board and lodging away from headquarters and elect to return home on weekends or on other days upon which no work is scheduled, they shall, upon request, be granted a living allowance under the following conditions:
 - 1. Employees working from expense accounts - employees provided with expenses and who elect to return home and on whose behalf the Employer incurs no expenses for the weekend, shall be granted a daily allowance equal to the living out allowance set out in Article 5.09 above.
 - 2. Employees in camp - any employee who is living in camp accommodation provided by the employer may check out of such accommodation and the employer shall pay the employee a checkout allowance of \$7.50 per day. The checkout allowance will be paid for leave on non-working days to a maximum of 6 days with the provision that an employee will work his/her scheduled shifts immediately prior to and following such established leave. Notice of an employee's intent to check out will be made in accordance with normal camp requirements.

5.12 PAYMENT OF MOVING EXPENSES

- (a) This Article shall apply to regular employees, and temporary employees who have accumulated at least one year's accredited service in the last 2 years, who are required to change their established headquarters, either at management's direction or as the result of successfully applying for a bulletined job.
- (b) The Employer shall notify the employee in writing, whether the change is permanent or temporary. When the change is to a position of a continuing nature, outside the municipal area or town in which the employee's established headquarters is located, and where their new established headquarters is further away from their place of residence than their previous established headquarters, and where the employee establishes a new primary residence that is at least 30 kilometers closer to the new headquarters within the Lower Mainland or at least 50 kilometres closer to the new headquarters outside of the Lower Mainland (both by the shortest usual public route), the Employer will bear the cost of moving expenses in accordance with the following:

Interpretation note: For the purposes of this clause, the definition of Lower Mainland is the Lower Mainland District as defined by the Ministry of Transportation as at October 31, 2012.

- (1) when a regular employee transfers to another job location permanently, at his/her own request, and where the job is of an equal or lower level than his/her present job, if the employee has more than 4 years' service or if the employee has not been moved at the Employer's expense within the previous 4 years;
 - (2) when an employee successfully applies for a bulletined job at a different location and a promotion is involved;
 - (3) when a regular employee's position becomes redundant and the employee is required to move to a new job location to continue in employment regardless of the length-of-service or the time interval between moves;
 - (4) when an employee is granted a transfer for compassionate reasons under the provisions of this clause, the Employer at its discretion may pay all or part of the employee's moving expenses.
- (c) Moving expenses for employees who qualify for a paid move under the foregoing are:

- (1) standard packing and moving charges, and transportation costs for the employee and family plus incidental expenses up to \$350.00. Incidental expenses would include such items as cleaning, disconnecting and reconnecting of appliances, etc. All expenses must be supported by receipts;
 - (2) an allowance to cover reasonable living expenses will be made to the employee when it is not possible to obtain suitable living quarters at the new location immediately;
 - (3) time off with pay will be allowed for the purpose of obtaining and moving into another home. This time off will be by arrangement with the Division Manager or delegate and will be in addition to any travel time entitlements to the new location;
 - (4) when management is the initiator of the transfer, consideration will be given to further reasonable expenses;
- (d) A regular employee who is promoted, directed by a manager to change headquarters, or displaced, shall be eligible, under the following conditions, for reimbursement for Realtor's commission in selling his/her present home and legal fees in purchasing a new home in order to take another job within that company:
- (1) the employee has been notified in writing that the change of jobs is of a continuing nature;
 - (2) a change in headquarters is involved and the new headquarters is outside municipal boundaries of the present headquarters and where the parties agree that it is not practical for the employee to commute daily to the new headquarters;
 - (3) the employee is the registered owner or joint owner of the home he/she is vacating;
 - (4) costs are actually incurred and the employee provides receipts;
 - (5) the employee continues to work for the Employer for a minimum of one year.
- (e) An employee who is residing in company housing and headquartered in a location which attracts an isolation

allowance will, on retirement, be allowed up to \$1,000 of the cost of transportation of his/her household effects to any location in the province.

5.13 In cases of transfers of a temporary nature, because of management direction or employee request, the following will apply, subject to expenses being actually incurred and the employee being required to live away from his/her regular residence:

- (a) The employee shall receive living allowances as outlined in Article 5, Clause 5.08, 5.09, and 5.10.
- (b)
 - 1. In cases of long-term temporary transfers where an employee wishes to re-establish his/her household in the new location the circumstances will be discussed between the Union and the Employer and the Employer may, at its discretion, grant moving expenses to the employee concerned.
 - 2. When a temporary transfer exceeds 6 months' duration and is to continue for an indefinite period or is to become a position of a continuing nature, the Employer may direct the employee affected to change headquarters provided there are no other employees in the same classification located at the established headquarters of that employee. However, if there are other employees in the same classification at the same headquarters who have sufficient experience, the Employer will offer the change of headquarters on the basis of seniority. Should none of the employees in the classification wish to change headquarters, the Employer may direct the employee with the least seniority to make the change. After the temporary assignment has been completed the employee who was transferred may bump back into his/her former headquarters.
- (c) It is understood that clause 5.13 does not apply where an employee is successful in a temporary job competition under Article 7.11.

5.14 **COMPANY HOUSING**

- (a) In areas where company housing is supplied as part of the conditions of employment, the employee will be so informed when he/she is selected. The employee will be informed of the quality of housing and the rental charges at the time of his/her selection.

- (b) If such housing as described above is not immediately available at the time of transfer, the Employer will supply free board and room in the case of a single employee, or pay reasonable living expenses (e.g. motel plus additional food and miscellaneous expenses) in the case of a married employee and family, until such time as permanent living quarters become available.

5.15 **ISOLATION ALLOWANCE**

- (a) Subject to the conditions herein referred, full-time regular employees covered by this Agreement shall be eligible for an Isolation Allowance on the same terms and conditions as B.C. Hydro's IBEW Local 258 affiliated employees, that is consistent with Appendix C of the current B.C. Hydro/IBEW Local 258 Agreement.
- (b) The conditions of Appendix C shall be applied to MoveUP members, during the life of this Agreement, including any changes as might be agreed between Hydro and IBEW Local 258 provided that an employee covered by this understanding shall not be paid an Isolation Allowance while any other member of his/her family in the same household is receiving an Isolation Allowance.
- (c) Notwithstanding clause 5.15(b) above, the Employer specifically agrees that the Employer's program, Incentives for Attracting and Retaining Employees, as detailed in the brochure dated April 1991, is to be incorporated by reference in the Collective Agreement and subject to change only with the agreement of the Parties.

ARTICLE 6

SENIORITY

6.01 DEFINITION OF SENIORITY

Seniority shall be defined as the length of an Employee's continuous service with the Employer within the bargaining unit, subject to the provisions of this Article.

6.02 CALCULATION OF SENIORITY - GENERAL

(a) Seniority Calculation

Seniority shall be calculated as the elapsed time from the date an Employee is first employed by the Employer within the bargaining unit, unless the Employee's seniority is broken (in accordance with this Agreement), in which event such calculation shall be from the date the Employee returns to work following the last break in his or her seniority.

(b) Recognition Of Seniority With Predecessor Employers

Employees in the bargaining unit on April 1, 1993 who were formerly employees of any predecessor employer, and whose seniority with respect to any such predecessor is or was recognized by the Union or any of its predecessors shall have all such seniority recognized for the purposes of this Agreement.

(c) Determining Seniority For Employees Hired On Same Day

When 2 or more Employees commence work with the Employer on the same day their relative seniority shall be determined by a method of random selection mutually agreed between the Employer and the Union.

(d) Seniority Accrual When Absent From Work

Except as expressly provided otherwise by this Agreement, seniority shall continue to accrue for any Employee who is absent from work due to layoff; Paid Holidays; Paid time off and approved leave of absence subject to the provisions of clause 6.02 (e) below.

(e) Payment Of Union Dues To Preserve Seniority Accrual When Absent From Work

If an Employee continues to accrue seniority under this Agreement during any absence from work, such Employee must continue paying union dues, fees, assessments and/or levies to the Union during such absence. If the Employee does not continue to make such payments, then such Employee shall not accrue seniority for the period of the leave.

6.03 CALCULATION OF SENIORITY - REGULAR EMPLOYEES

Regular Employees shall accrue seniority under this Agreement in accordance with Clause 6.02 (a).

6.04 CALCULATION OF SENIORITY - FULL TIME TEMPORARY EMPLOYEE

Full time Temporary Employees shall accrue seniority under this Agreement on the same basis as Regular Employees.

When Full-Time Temporary Employees obtain regular employment status in accordance with this Agreement, without a break in service, they shall be credited with all seniority accrued pursuant to Clause 6.02(a). In addition Full-Time Temporary Employees who are terminated or change employee status and subsequently regain Full Time Temporary or Regular status within 8 continuous months shall be credited with all previous seniority accrued.

6.05 CALCULATION OF SENIORITY - PART TIME REGULAR EMPLOYEES

- (a) Notwithstanding Article 6.02(d), Part Time Regular employees shall, except in the circumstances set out in item 6.05(b) below, only accumulate seniority on the basis of time worked.
- (b) Part Time Regular employees shall accrue seniority when absent from work only in the following circumstances:
 - i) while laid off to the recall list.
 - ii) while absent from work on sick leave.
 - iii) while absent from work and in receipt of Long Term Disability benefits.
 - iv) while absent from work and in receipt of Workers' Compensation benefits.

- v) while absent from work on maternity leave.
- vi) while on approved leave of absence.

Seniority shall be calculated on the basis of the average number of hours worked over the ten week period immediately prior to the commencement of the absence for any of the reasons listed above.

6.06 CALCULATION OF SENIORITY - CASUAL EMPLOYEES

- (a) Casual employees shall accrue seniority on the basis of hours worked, converted to a date by dividing the hours by 7.5 and counting the equivalent working days backward from the date the calculation is required. Seniority will be calculated on an as-needed basis and will only apply to:
 - Job competitions; and
 - Situations where the number of casuals doing the same job within a department is reduced.
- (b) Casual employees will lose seniority if:
 - 1. They have not worked for 8 consecutive months.
 - 2. They are dismissed for just cause and not re-instated.
 - 3. They voluntarily resign.

6.07 CALCULATION OF SENIORITY - PROBATIONARY EMPLOYEES

Probationary Employees who obtain regular status shall have their seniority dated from their entered service date.

6.08 PORTABILITY OF SENIORITY WITHIN THE BARGAINING UNIT

Any Employee who changes employment status from Regular, Part Time Regular or Temporary Employee to another of these categories of employment, without a break in service, shall be credited with all seniority accrued in accordance with this Agreement prior to such change in employment status.

Casuals will be credited with hours worked and a seniority date will be established at the date of selection.

6.09 SERVICE OUTSIDE THE BARGAINING UNIT

- (a) An employee who leaves the Union and subsequently returns shall be treated as a new employee from the date of

his/her return except as otherwise provided in this Agreement.

- (b) Employees excluded under the Labour Relations Code of B.C. and thus required to withdraw from the Union shall be credited with all seniority accrued pursuant to this Article, provided they do not in the meantime become members of another Union. Any such employee shall have the right to exercise such seniority for the purpose of re-entry to the Union bargaining unit.
- (c) Upon a decision by the Parties or the Labour Relations Board that a person and a job previously excluded from the bargaining unit shall henceforth be included in the bargaining unit, the person involved, at his/her option, may be granted seniority credit for the period of exclusion provided it is approved by the Union and provided the person exercises such option in writing to the Union within 30 calendar days of the date of entry. Seniority achieved under this clause will not be utilized under the lay-off and bumping provisions within the first 12 calendar months from the date of entry and will not be utilized under the job selection or promotional provision within the first 6 calendar months from the date of entry.

6.10 **LOSS OF SENIORITY**

An Employee shall lose his or her seniority only in the event that:

- (a) the Employee is discharged or terminated for just cause and subsequently not reinstated;
- (b) the Employee voluntarily terminates employment in accordance with this Agreement;
- (c) the Employee is laid off and recalled and fails to return to work in accordance with this Agreement or is laid off for more than 2 consecutive years;
- (d) a Full Time Temporary Employee does not subsequently regain Full Time Temporary status within 8 continuous months;
- (e) the Employee fails to maintain membership in good standing in the Union.
- (f) a casual loses seniority, in accordance with article 6.06.

- 6.11 An employee with 5 or more years of seniority in the MoveUP bargaining unit who resigns or otherwise leaves the bargaining unit and subsequently is rehired into the bargaining unit after June 01, 2002, may have this prior seniority reinstated:
- (1) after they have been employed for five continuous years in an FTT, FTR, PTR or Casual position in the bargaining unit;
 - (2) the employee serves notice to the Union of intent to reinstate within two years of their commencement in an FTT, FTR, PTR or Casual position;
 - (3) the employee satisfies all other terms and conditions of reinstatement as determined by the Union; and
 - (4) the Union gives notice to the Employer at the time reinstatement of seniority is to take effect.
- (a) This Article does not in any way diminish the Employer's rights with respect to the employee's probationary period.

ARTICLE 7

EMPLOYMENT, TRANSFER AND TERMINATION

(Also refer to MOU #17)

7.01 NEW EMPLOYEES

- (a) All persons accepting full-time regular or part-time regular employment with the Employer in jobs under the union's jurisdiction will serve a 6 month probationary period. The period will start on the date the employee commences work in the full-time regular or part-time regular job for which they were hired. This period may be extended by mutual agreement between the Employer and the Union. Prior to the expiry date of the probationary period, but not less than 5 working days before the expiry date of the period, the employee's supervisor will conduct a performance rating of the employee and will either confirm the employee's full-time regular or part-time regular status as applicable or terminate the employee.
- (b) Employees who transfer from a full-time temporary job to a full-time regular or part-time regular job of the same job title will be exempted from the 6 months probationary period, or a portion thereof, provided that the time in the full-time temporary job and the full-time regular or part-time regular job as applicable, total a minimum of 6 months unbroken service in the job.

7.02 HIRING RATES

- (a) Employees, including those from other unions within the company, will normally be hired at the minimum rate of their job group, except that the Employer may hire an employee at any step in the salary range for that job group having regard to work experience and/or attraction challenges. The Employer will advise the Union of such exceptions and will obtain the Union's agreement for hires at Step 3 and beyond.
- (b) If a temporary employee is successful in obtaining an appointment to a regular job other than the one in which he/she is employed, the employee's salary will be determined as though he/she were a new hire, except that consideration will be given to his/her experience, as set out in the previous paragraph.

 6. By definition, "blue-circled" shall mean that an employee's salary will be maintained above the maximum of the salary range for his/her job and that such salary will be increased by all subsequent across-the-board salary increases.

or the minimum_of the new group whichever is higher. If an employee is off-step their salary will be increased to the step in the new group that is at least 5% higher than their current rate, of the minimum of the new group whichever is higher; or where the resultant salary would be higher than the maximum of the new group, they shall receive such maximum.

- (b) When an employee is promoted from one floor-rated job to another floor-rated job the employee will receive an increase on his/her base rate in accordance with (a) above. Further, where the old floor rate is lower than the new floor rate the employee will receive the new floor rate; but where the old floor rate is higher than the new floor rate the employee will be red-circled at the old floor rate.
- (c) When an employee is promoted from a floor-rated job to a non-floor-rated job the employee will receive an increase on his/her base rate in accordance with (a) above. Further, where the old floor rate is higher than the new base rate the employee will be red-circled at the floor rate.

 - 2. If the employee has been on the lower group job less than one year and is promoted to the same group he/she held prior to demotion, the employee will receive the salary he/she would have achieved had the employee remained on that higher job group level.
 - 3. If the employee is promoted to a job group higher than that he/she held prior to his/her demotion, the employee's salary will be determined by applying firstly the provisions of 7.04 (d)2 and then the provisions of 7.04 (a).

7.05 **TEMPORARY PROMOTIONS**

- (a) When, in the opinion of the manager, a temporary promotion is warranted to meet operational requirements, such temporary promotion shall be compensated as follows:

 - (ii) where the resultant salary would be higher than the maximum of the new job group, the employee shall receive the maximum.
2. Where a temporary promotion is for one full working day or more and the promotion is 3 groups or more above the employee's current level, the Employer will review the contents of the higher job group to determine the responsibilities to be assumed and will establish the appropriate job level for the relief period. The minimum increase will be two groups.
3. Where a temporary promotion is for one full working day or more to a supervisory position or a position outside the bargaining unit the employee shall be paid at the higher rate.

6. In cases where apparent salary anomalies occur, resulting from transfers to and from temporary promotions, the Parties agree to discuss such cases on the merits, subject to grievance procedure.

(Mou 67)

7. If a manager determines a need for an employee to perform work of a higher job group for an extended but finite period of time, the manager will inform the employee, in advance, of the requirement for the employee to perform that work and will provide an estimate of the period of time the employee will be required to perform the work.

Where the work of a higher job group is not performed for full working days at a time, the number of hours spent performing the higher grouped duties will be accumulated over a period of time until a full 7.5 hours is reached, at which point compensation for a one day temporary promotion will be paid in accordance with Article 7.05. For administrative ease, the manager and the employee may agree that the accumulation of the time spent performing higher grouped duties will be reviewed once each month or on some mutually agreed upon basis to determine the amount of compensation to be paid, if any, under Article 7.05.

one year's service in the higher-grouped job, upon demotion his/her salary will be that which the employee would have attained had he/she moved directly to the lower-grouped job on the same date that he/she moved to the higher-grouped job. Under special circumstances, including health cases, the salary in the lower-grouped job will be negotiated by the Parties. Upon upward revision of the basic salary scale the employee will receive the general increases that accrue to his/her lower job grouping.

If a junior candidate is selected from any of the above preference categories, Article 7.10(d) will apply such that all of the more senior candidates previously considered and rejected must be reconsidered to determine if the junior candidate's ability to perform the vacant job is significantly and demonstrably higher than all of those more senior candidates.

- (b) If at any time the Union is of the opinion that such preference has not been given, and the Employer selects from outside the bargaining unit, the Union shall have the right to grieve such selection. Where the Employer selects from outside the bargaining unit, the same ability requirements will be maintained.

These bulletins will remain posted and applications will continue to be accepted for any subsequent vacancies during the life of the bulletin. The applications will only remain valid provided no further bulletin for these position(s) is posted. These bulletins will apply to the following high turnover Customer Services Jobs in the Lower Mainland and Victoria: Electric Service Coordinator, Design Assistants, Field Service Administrators, Meter Readers, Customer Inquiry Clerks, Credit Services Clerks, and Billing and Information Clerks. Where the employer has established an equivalency for required qualifications, such equivalency shall be applied in a fair and consistent manner. (Also see Memorandum of Understanding # 40).

Upon expiration of the recall period or the forfeiting of recall rights, an employee placed in a regular position with the Employer(s) shall not be entitled to severance pay as set out in Article 9.03.

9.07

BUMPING PROCEDURE

- (a) A regular employee who is subject to displacement shall have the right to bump in accordance with this Article. Such employee shall exercise his/her bumping rights within his/her division then company-wide, in that order. Employees who exercise their bumping rights will not be required to change their status in terms of full-time or part-time. That is, where a 'least senior' bump under Article 9.07 would require the employee to change their status, the 'least senior' bump of the same status will also be offered. Job shares will be considered 2 PTR's for the purposes of bumping.
- (b) Providing the affected regular employee has greater seniority, the employee may bump, only within the employee's current division, an incumbent with less seniority:
 - 1. in the same job, or;
 - 2. in a previously permanently held job, or a job derived from it as determined through the Employer's or B.C. Hydro's job evaluation historical records, or;
 - 3. in a job at a lower level not previously permanently held, provided the job is part of a "job hierarchy" as determined by the Employer, or B.C. Hydro's Job Evaluation department, whichever is applicable, and provided the employee is currently employed within the "job hierarchy", or;

4. in a job at a lower level not previously permanently held, provided the employee has the ability to perform the job.

Notwithstanding the foregoing, when an employee elects to exercise his/her bumping rights into a job and there is more than one incumbent in that job at a given headquarters, the employee must bump the least senior incumbent in that job at that headquarters. In the event the employee is denied the bump of the least senior incumbent as outlined above, the employee may then elect to bump the next least senior incumbent in that job at that given headquarters. Should subsequent bumps be denied, the above process may be repeated at the employee's option.

- (c) Only if the affected regular employee has greater seniority and is unable to bump into a job within his/her local geographic area in accordance with the above, the employee may then bump outside his/her current division and within his/her local geographic area, the employee with the least seniority:

1. in the same job, or;
2. in a previously permanently held job, or a job derived from it as determined through the Employer's or B.C. Hydro's job evaluation historical records, or;
3. in a job at a lower level not previously permanently held, provided the job is part of a "job hierarchy" as determined by the Employer or B.C. Hydro's Job Evaluation department, whichever is applicable, and provided the employee is currently employed within the "job hierarchy", or;
4. in a job at a lower level not previously permanently held, provided the employee has the ability to perform the job.

- (d) Only if the affected regular employee has greater seniority, and is unable to bump in accordance with the above, then the employee may bump outside his/her current division, on a "company-wide" basis, the incumbent with the least seniority:

1. In the same job, or;
2. In a previously permanently held job, or a job derived from it as determined through the Employer's or B.C. Hydro's job evaluation historical records, or;
3. In a job at a lower level not previously permanently held, provided the job is part of a "job hierarchy" as determined

by the Employer or B.C. Hydro's Job Evaluation department, whichever is applicable, and provided the employee is currently employed within the "job hierarchy" or;

4. In a job at a lower level not previously permanently held, provided the employee has the ability to perform the job.
- (e) For the purposes of administering the bumping process only, where more than one regular employee is affected and elects to bump into the same job, the employees involved shall bump in order of seniority, until the bumping process is completed.
 - (f) Bumping shall occur only as stated in the foregoing provisions unless otherwise agreed by the Parties. Bumping to a position at the same level that has not been previously held by a regular employee may be implemented by agreement of the Parties.
 - (g) A regular employee who is bumped under the foregoing provisions may in turn exercise his/her seniority to bump another employee in accordance with this Article.
 - (h) Non-shift employees who exercise their bumping rights will not be required to accept a shift position. Should a non-shift employee refuse a shift position as per this Article, the employee cannot then choose to bump into a shift position within the same job at a later point in that bumping process. For clarity, this Article does not apply to employees who are shift employees at the time their options are made available.
 - (i) An employee who is on extended leave such as WCB, Long Term Disability, Pregnancy Leave, etc. will be included in the displacement and/or directed relocation process. The employee will be notified of displacement and directed relocation but will not have to exercise their options until they are deemed fit to return to active duty. In cases where it is practical (e.g. education leave, pregnancy leave) the displaced or relocated employee would be approached to participate at the time on a voluntary basis. If there is any doubt as to the employee's fitness (physical and/or mental), they will not be required to participate until they are deemed fit and able to return to active duty.

9.08 **EMPLOYEE OPTIONS**

A regular employee who is subject to displacement shall have the right to select one of the following options. Upon written presentation of the options, the employee shall have 3 full working days to select an option. This time limit may be extended by the mutual agreement of the Parties:

- (a) accept training, if applicable; or
- (b) accept placement in a vacant position, either within or outside the bargaining unit, in accordance with the provisions of this Article; or
- (c) exercise the bumping rights referred to in this Article; or
- (d) accept layoff, retaining the right to recall and to severance pay in accordance with this Agreement; or
- (e) accept severance in accordance with Article 9.03 of this Agreement.

9.09 **LAYOFF**

In the event that a regular employee is not trained, placed or is unable or declines to bump, under the terms of this Article, the employee shall be laid off, unless such employee accepts severance pay in full in accordance with Article 9.03 of this Agreement.

9.10 **SENIORITY ACCRUAL DURING LAYOFF**

In accordance with Article 6, seniority shall accrue for all purposes under this Agreement, for the duration of a regular employee's recall period, provided the employee is recalled to work prior to the end of such recall period.

9.11 **NO BENEFIT ENTITLEMENT DURING LAYOFF**

A regular employee on layoff is not entitled to employee benefits.

9.12 **RECALL PERIOD** (Refer to MOU #19)

The laid off regular employee's name shall be placed on a recall list for 2 years and considered for any regular vacancy of an equal or lower job group in accordance with Clause 9.13 below. Notice of recall for placement interview purposes shall be made personally or by double registered mail. Should the employee fail to respond to the registered mail notice within 5 working days, unless such time is extended by the Employer, the employee's name shall be dropped

from the recall list. A copy of such notice shall be sent to the Union. The laid off employee is responsible for providing the appropriate Human Resources contact with his/her current mailing address and telephone number.

The Employer will maintain an up-to-date recall list and provide a copy to the Union upon request. Any grievance filed with respect to not being recalled shall be in accordance with the provisions of Article 3 of this Agreement.

9.13 RECALL TO WORK

- (a) Recall to the regular job from which the employee was laid off shall be made on the basis of seniority (i.e. last off, first on).
- (b) Recall to other regular positions shall be limited to jobs which are of an equal or lower job group to the job from which the employee was last laid off. Such recall shall be made on the basis of an employee's past record of ability and seniority.

9.14 RETURN TO FORMER POSITION

A regular employee with the highest seniority who was previously displaced from a job shall have preference to return to his/her original job in the same department if such job becomes vacant or is re-established and if the vacancy arises within 2 years of the date of displacement from the job. In the application of this clause, the Union agrees to waive the requirement to bulletin.

9.15 IMPACT ON PAY RATES

- (a) Where a regular employee is displaced from his/her position and assumes a lower level position, the employee will be given blue-circle salary treatment.
- (b) An employee receiving blue-circle salary treatment in accordance with 9.15 (a) above will be granted continued protection in the event s/he receives a promotion from the lower level job. Continued salary protection will not be extended to employees leaving their position for lateral transfers or demotions.
- (c) Upon recall to his/her former job, an employee shall receive his/her former rate of pay plus any negotiated increases applicable to the period prior to recall. Salary treatment of recall to other positions as described in Clause 9.13(b) above shall be made in accordance with the following:

- (i) An employee with one or more years' service in the higher grouped job will retain his/her rate if it is not beyond the maximum of the lower grouped job. If an employee's rate is beyond the maximum of the lower grouped job, the employee's rate will be reduced to maximum.
- (ii) An employee with less than one year's service in the higher grouped job will assume the salary the employee would have attained had he/she moved to the lower grouped job on the same date he/she moved to the higher grouped job.

9.16 DIRECTED RELOCATION

- (a) When the Employer is contemplating a directed relocation of the established headquarters of a regular employee who is not otherwise displaced, full consideration will be given to the employee's family needs and preferences prior to directing relocation.
- (b) Where there are multi-incumbents in a job and one or more but not all of the incumbents are to be transferred to their job at another headquarters, subject to operational requirements the incumbent with the greatest seniority and present ability to perform the work shall be offered the position first. In the event that none of the incumbents elect to fill the position, the incumbent with the least seniority and present ability would be directed. In the case of a directed relocation beyond a regular employee's local geographic area, as defined in this Article, an employee will be accorded the options set forth in this Article.
- (c) Employees will be given not less than 90 days written notice of a permanent directed change in established headquarters. A copy of this notice will be forwarded to the Union.

9.17 MOVING EXPENSES

- (a) Moving expenses arising with respect to any displacement under this Article shall be paid for by the Employer in accordance with Clause 5.12 (c) and Clause 5.12 (d). Employees being recalled to positions in accordance with this Article are not entitled to moving expenses.

ARTICLE 10

- (b) In addition to the above, eligible employees as defined above shall also be covered by an Extended Health Care Plan.
- (c)
 - (i) Eligible new employees (except Casual and those hired for vacation relief) are covered under the Medical Services Plan effective the first day of the next month following the date of employment, except when the date of employment is the first day of the month, or first normal working day in the month, then coverage is effective from the first day of that month.
 - (ii) Eligible new employees as in (i) above are covered under the Extended Health Care Plan effective date of hire.
 - (iii) Vacation relief employees are covered under the Medical and Extended Health Care Plans effective the first day of the month following 4 continuous months of service except when the date of employment is the first day or first normal working day in the month, then coverage is effective from the first day of the fifth month of continuous service.
- (d) Premiums for both plans will be paid by the Employer. Participation in the plans is a condition of employment for all new employees as described above; however, employees covered by other medical plans may elect not to be covered by the above-noted plans.
- (e) Premiums shall continue to be paid on the foregoing basis for any subsequent compulsory basic medical, surgical and hospital plan introduced by the Provincial or Federal governments, unless the terms of such plans dictate otherwise.
- (f) Members of the Union who retire from the Employer's service on pension and who have completed 10 years of service may

continue to be covered under the above plans with the Employer paying premiums indicated in this section.

NOTE: The word "month" as used above means "calendar month".

Notwithstanding that the renewal collective agreement will expire on March 31, 1997, the parties are agreed that effective December 31, 1997, the existing Clause 10.01(f) will be replaced by the following:

Members of the Union who retire from the Employer's service on pension after December 31, 1997 and who have completed ten (10) years of service may elect to be covered under the Extended Health Care and Medical Services benefits plans administered for retired BC Hydro employees with the Employer paying premiums as indicated in this section.

10.02 **GROUP LIFE INSURANCE**

The Employer shall continue to provide a Group Life Insurance program which provides coverage of 200% of annual basic earnings. Premiums for this plan shall be paid by the Employer and dividends will accrue to the Employer. Except for casual employees and employees hired for temporary vacation relief enrollment is compulsory for all employees and plan coverage is effective date of hire. Enrollment for vacation relief employees is compulsory after 4 months' continuous service. Employees who retire from company service after at least 10 years' service will continue with Group Life Insurance during retirement with the premium payable and the dividend collectible by the Employer. Immediately upon retirement the coverage will be 50% of that in effect prior to retirement. It will reduce annually thereafter on each anniversary of retirement by 10% of the amount in effect prior to retirement until a minimum of \$1,000 is reached and this latter amount shall remain in effect for the remainder of the retired employee's lifetime.

10.03 **DENTAL PLAN** (Also refer to MOU #19)

All regular employees and Full-Time Temporary Employees with greater than one year of continuous service shall be eligible for coverage under a dental plan provided by the Employer which will provide benefits equivalent to those offered by Medical Services Association as of the date of signing of the Agreement in Plan A 95% effective 1 April 2001, Plan B 65% effective 1 January 1999, and Plan C (50% co-insurance) with a limit of \$2500 effective 1 April 2001 maximum lifetime benefits per person enrolled in the plan. Enrollment and continuous coverage in the dental plan is a condition

of employment for eligible employees except that employees covered by another dental plan may elect not to participate in the company plan. Coverage commences effective the date of hire for regular employees and following one year of continuous service for Full Time Temporary employees. The cost of the dental plan shall be paid by the Employer.

The parties agree that, in cases where spouses are both employed by BC Hydro, each spouse is entitled to the benefits of the dental plan.

10.04 **ACCIDENT INSURANCE**

Effective 1 January 1995, the Employer agrees to pay 100% of the premiums for an Accident Insurance Plan for 24 hour coverage. Subject to the terms of the Plan, the maximum death benefit shall be \$200,000, and maximum dismemberment benefit shall be \$75,000.

(d) Dental Plan	(d) Dental Plan
	(e) Medical Services Plan
- (c) Eligible Employees opting for Level 1 benefits shall receive a monthly payment in an amount approximately equal to the reduced cost of these benefits relative to the cost of Level 2 benefits. It is understood and agreed that an Employee shall only have the right to opt for Level 1 benefits if the Employee can provide satisfactory proof that he or she is otherwise covered by Medical Services Plan. Eligible Employees opting for Level 3 benefits shall pay, on a monthly basis, the approximate additional cost for these benefits relative to the cost of Level 2 benefits.
- (d) Eligible employees will initially enroll on their date of hire (or the date they first become eligible, if later). Following the initial enrollment, there will be an annual re-enrollment for Flexible Benefits, Voluntary Accident Insurance and the Direct Pay Drug Plan with changes effective on January 1 each year. At this time,

eligible employees may change their Flexible Benefits by only one level up or down from their current level.

- (e) Changes in Flexible Benefits, Voluntary Employee Accident Insurance, Voluntary Family Accident Insurance and the Direct Pay Drug Plan will also be allowed at other times during the year if:

- (i) dependent status changes (i.e. the employee acquires dependents or no longer has dependents), or
- (ii) the employee loses MSP, extended health, or dental coverage that was previously available through the spouse.

An employee may only move one level up or down during the year.

10.06 **VOLUNTARY BENEFITS**

It is understood that Level 1, Level 3, and Voluntary Benefits may be subject to change by the Employer. However, during the term of the current Collective Agreement, the Employer will seek the concurrence of the Union prior to making any changes.

10.08

BENEFIT PLANS ON LEAVE OF ABSENCE

- (a) An employee on leave of absence without pay, for reasons other than sick leave, maternity leave or adoption and paternity leave for a period of 15 days or more in any calendar month is required to prepay the whole cost of benefit plans as outlined in 10.01, 10.02, 10.03, 10.04, and 10.05 above in respect of that month.
- (b) Employees who are on Leave of Absence in accordance with Article 1.05 as full-time paid officers or employees of the Union, shall be eligible for coverage under all company benefit plans, on condition that the Employer's share of the cost of such plans is borne either by the Union or the Employee.

NOTE 1: Coverage in all Benefit Plans will be effective immediately following the completion of the qualifying period, if any.

NOTE 2: Further details on these plans are provided in the Supplementary Information attached to this Agreement.

10.09

BENEFITS DURING STRIKE OR LOCK OUT

The Employer agrees that in the event of any legal strike by the Union or legal Lock Out by the Employer, the Employer shall continue to provide existing benefit plan coverage, excluding Pension Plan, for those employees affected, provided the Union pays the total costs of benefit plan coverage to the Employer on or before the regular due date. By mutual agreement between the Parties, the Employer may pay the total cost of the benefit plan coverage and recover these costs from those employees affected on their return to work.

ARTICLE 11

WORKING HOURS

11.01 The hours of work of all employees, except part-time and casual employees (Article 1.06(b) and (d)), shift employees (Article 12.05) and those otherwise specifically mentioned in this Agreement, shall be as follows:

(a) Working Hours

1. The hours of work shall be the equivalent of 35 hours per week. This will be done by working a normal week of 5 x 7 1/2 hour days and allowing 17 days a year Reduced Work Week Leave (RWWL) in lieu of the 35 hour week.
2. Notwithstanding Article 11.01(a)1 above, full-time regular employees may elect by 1 December of each calendar year to take a cash payment in lieu of time off for any of the 17 RWWL days to be earned in the following calendar year. Since the cash payment will be made in advance of the RWWL being earned, a pro-rata adjustment will be made if the employee terminates from the employer before the end of the calendar year in which he/she receives the cash payment.
3. Full time temporary employees may elect to receive either time or cash for RWWL days to be earned. Time is defined as one full day off in each of the 17 bi-weekly pay periods which do not contain a statutory holiday. Cash is defined as 7% of gross bi-weekly earnings paid on a bi-weekly basis.

Temporary employees cannot take RWWL days off in advance of having earned them.

(b) Standards and Authorized Variations

1. "Standard" means the condition specified in the Agreement.
2. "Authorized Variation" means a range of alternatives specified in the agreement, within which range a supervisor may vary from the standard due to operational requirements. The supervisor will provide

employees with two weeks notice where an authorized variation is to be used.

- (i) To the extent possible, authorized variations will be agreed to between the supervisor and the affected employee(s). Where agreement is not reached, the supervisor's change to an authorized variation will not be arbitrary, discriminatory, or in bad faith, and consideration will be given to an employee's personal circumstances, and, where applicable, to an equitable sharing of preferred and unpreferred hours of work, prior to the change being implemented. It will be the responsibility of the employee(s) to inform their supervisor of the impact of the proposed change to the hours of work.

(c) Work Day

- 1. 7 1/2 consecutive hours of work, exclusive of lunch period.

(d) Work Week

- 1. The standard will be Monday through Friday.
- 2. The authorized variation will be Monday through Saturday for employees whose job duties include: employee payroll processing, customer accounts, customer telephone enquiries or credit services. All employees of NCS are also covered by this variation. This list may be amended by agreement of the Parties.

(e) Starting Time

- 1. The standard starting time will be 08:00.
- 2. The authorized variation will be a starting time between 06:00 - 10:00.

(f) Lunch Break

- 1. The standard will be per current local practice.
- 2. The authorized variation will be 1/2 hour or one hour.

(g) RWWL Application

All employees are required to take all RWWL days as time off in the year in which they are earned and at a time which does not conflict with essential departmental requirements as follows:

1. The Process for scheduling RWWL days will be as follows:
For employees hired after July 1, 2005:
 - i. By January 31st of each year, employees must schedule at least 9 of the RWWL days they have not elected to exchange for cash pursuant to 11.01 (a) (2). These days must be scheduled to be taken by July 31st. An employee may request to re-schedule these days to be taken after July 31st with permission of their manager and subject to operational requirements.
 - ii. By July 31st of each year, employees must schedule the remaining RWWL days to be taken by the end of the current year.
 - iii. Any RWWL days not scheduled by July 31st will be scheduled at BC Hydro's discretion prior to the end of the current year.
2. For employees hired prior to July 1, 2005:
 - i. By January 31st of each year, employees must schedule at least 6 of the RWWL days they have not elected to exchange for cash pursuant to 11.01(a)(2). These days must be scheduled to be taken by July 31st. An employee may request to re-schedule these days to be taken after July 31st with permission of their manager and subject to operational requirements.
 - ii. By July 31st of each year, employees must schedule the remaining RWWL: days to be taken by the end of the current year.
 - iii. Any RWWL days not scheduled by July 31st will be scheduled at BC Hydro's discretion prior to the end of the current year.
 - iv. Employees can bank up to 5 RWWL days in accordance with 11.01(g)1. Employees are encouraged to take all of their RWWL: days.
 - a. In the event that a manager cancels an employee's scheduled RWWL day, and it cannot be rescheduled in the current year, then the day will be carried forward and must be taken in the following year.
 - b. If an employee is unable to take her/his RWWL days in the year it is earned because s/he is on leave of

absence as per the collective agreement, these day(s) will be carried forward and must be taken within one year of returning to work.

3. RWWL application is dependent on cooperation and flexibility at scheduling time. Supervisors and staff should discuss the situation to gain a clear understanding of the needs of both the employee(s) and their supervisor to arrive at a mutually acceptable schedule.
 4. RWWL will apply only to full-time regular and full-time temporary employees. Except for newly hired employees and terminating employees, a person's RWWL allowance will be earned by full-time regular and full-time temporary employees in service during that period.
 5. Employees who are hired or who terminate during a period will earn and be paid out the period's RWWL allowance on the basis of 1/9 of that period's RWWL allowance for each day worked during that period.
 6. An equivalent percentage payment of RWWL will apply to part-time regular and casual employees in accordance with Article 1.06(b) and (d) of this Agreement.
 7. Employees on leave of absence without pay for a pay period will not earn RWWL for that pay period.
 8. For those employees on sick leave, long term disability or leave of absence, if the employee received pay from B.C. Hydro for any part of the pay period, he/she earns the RWWL day for that period.
- (h) The Parties will jointly initiate and monitor some "flextime" experiments in agreed units of Hydro's organization, independently of RWWL, during the life of the Agreement.
- (i) In cases where hours of work must be varied to obey Provincial Fire Regulations, or Forest Management Licensee Requirements, such work as is carried out under these conditions shall be at straight-time for the first 7 1/2 hours.
- (j) Policies and bulletins issued by the RWWL Task Force have been deleted and/or incorporated into the collective agreement where applicable. There is no intent to change the application or principles of the RWWL provisions.

(k) Security Guards

All security guards shall have their hours scheduled in accordance with Article 11.01(a). However, it is recognized that an 8 hour day may be required for certain security guard shifts. A guard working such a shift shall be paid the same amounts as he/she would have been paid had he/she worked the normal work day and week as in Article 11.01(a), above, and shall bank time worked between 7 1/2 hours and 8 hours per day which shall be taken off at straight-time rates at a time mutually agreed between the employee and his/her supervisor. In such cases overtime rates will apply to time worked beyond 8 hours in any day. In addition to the foregoing, RWWL will apply as provided in Article 11.01(a).

(l) Meter Readers

1. In general, Meter Readers shall work a 157 1/2 hour, 21 day month, reduced, as appropriate, by RWWL, as provided in Article 11.01(a). The working day shall include office reporting and clerical time, travel time from office to start of route, and shall commence at 08:00.
2. It is the intent of both Parties to this Agreement that a 157 1/2 hour month shall take care of moderate day-to-day variations in hours of work due to scheduling difficulties. Monthly time in excess of 157 1/2 hours is to be paid at overtime rates or on the basis of time off according to Article 11.02. Daily and hourly rates shall be calculated on the basis of 7 1/2 hours per day.

(m) Restoration Centre

Employees in this section shall work a 37 1/2 hour week and not more than an 8 hour day. The provisions contained in this clause may be modified within the limits of any plan for scheduling the work of the employees over periods of time which shall be approved by the Union and the Restoration Centre Supervisor. In addition the provisions of Article 11.01(a), above, shall apply.

11.02 **OVERTIME PAYMENTS**

- (a) This clause applies to all employees except shift work employees and employees subject to flexible hours.
- (b) All time worked in excess of the hours stated in the preceding clauses of this section shall be paid for at the rate of double

time (200%). All time worked on annual vacations shall be paid on the same basis plus regular salary. All time worked on statutory holidays or on scheduled days off in lieu of statutory holidays shall be at overtime rates plus regular salary, except as provided in Article 13.01(e) of this Agreement. All time worked on Saturdays, Sundays and Statutory Holidays will be paid at double time rates.

- (c) Notwithstanding Article 11.02(b), all time worked and/or travel associated with employee training shall be paid at straight time. It is understood that this clause does not apply to employees conducting the training.

- (d) Overtime Banking (Non-shift Work Employees)

Employees may transfer to the time off bank defined in Article 11.10 up to 100% of monies earned for working overtime, to be either taken as time off in lieu of wages or paid out, no later than September 30 in the year following the calendar year in which it is earned. Overtime shall be credited to the bank in hours. Overtime banked prior to July 1, 2005 may be maintained in the time off bank.

11.03 FLEXIBLE HOURS OF WORK

- (a) An employee whose job duties include: making presentations regarding the promotion of safety; representing the Employer at home improvement shows (including the PNE), trade shows, trade and contractor association meetings, and shopping centre displays; and making speeches to organizations such as service clubs, may be required to work flexible hours as defined below in order to attend such events.
- (b) Employees engaged in such work (as defined in 11.03(a) above) will not be required to work more than a maximum of 10 weekends per year under the flexible hours provision.
- (c) For purposes of this clause, and subject to the provisions of Article 11.01(a)1 and 2, the flexible work period shall be 37.5 hours consisting of a maximum of 5 consecutive days, Monday through Sunday. Time worked on scheduled days off will be compensated at double time rates.
- (d) A work day of any consecutive 7.5 hours, exclusive of lunch period, may be scheduled between 06:00 and 22:00 at straight-time rates. Time worked in excess of 7.5 hours per day will be compensated at overtime rates.

- (e) The Employer will provide as much advance notice as possible of a requirement to work flexible hours. Work scheduled under this clause will not interfere with scheduled annual vacation.
- (f) Where an employee subject to flexible hours works more than 7.5 hours per day, meal entitlements will be in accordance with Article 11.04.
- (g) Where the majority of working hours fall outside the hours of 08:00-16:30, a premium of 1/2 hour at straight time will be paid. This premium will not apply to time worked on scheduled days off, annual vacations, statutory holidays, or scheduled days off in lieu of statutory holidays.
- (h) All time worked on annual vacations shall be paid at overtime rates plus regular salary. All time worked on statutory holidays or on scheduled days off in lieu of statutory holidays will be paid at double time rates plus regular salary, except as provided in Article 13.01(e).

11.04

OVERTIME, TRAVEL TIME PAYMENTS AND MEAL INTERMISSIONS

- (a) If an employee is scheduled to work prior to his/her normal working hours and at his/her normal work location, traveling time will not apply.
- (b) If an employee is required to work overtime beyond his/her normal working day at his/her normal headquarters, no traveling time will be paid.
- (c) An employee called to work during off-scheduled hours or on a normal day off shall be paid at overtime rates.
- (d) All overtime worked between the hours of 00:00 and his/her normal starting time shall be paid for at 200% of straight-time rates.
- (e) Notwithstanding the provisions of Clause 11.04(i), a call-out occurring within a period of 4 hours prior to the commencement of the employee's regular working day or shift will nevertheless require the employee to report at his/her regular hour and be paid at straight-time rates for his/her full regular shift.
- (f) Where an employee is required to work less than 2 hours beyond his/her regular shift, a 1/2 hour unpaid meal period will be allowed.

- (g) An employee will be paid for a 1/2 hour meal period at the prevailing overtime rates, and the Employer will provide a meal or reimburse the employee for reasonable meal expenses incurred:
1. where the actual overtime worked, exclusive of any meal period, is 2 hours or longer before or after the regular day or shift;
 2. where an employee is called in and works 4 hours overtime;
 3. where an employee is required to work 4 hours overtime beyond an overtime meal period already taken. Where this overtime follows a regular shift the first meal period regardless of when it is actually taken, will be considered to have been taken immediately after the regular shift.
 4. where an employee misses a paid meal period to which the employee is entitled, he/she shall nevertheless be paid at the prevailing rate for such missed meal period in addition to all time worked.
- (h) Where work is pre-scheduled for normal days off and employees have been notified on the previous working day and work is to commence within 2 hours of the normal starting time, the employer will not be required to provide lunch or pay for meal time if taken.
- (i) An employee who has worked overtime shall return to work, after 8 hours' rest, but only if the employee can do so by the mid-point of his/her regular shift unless he/she will report earlier by mutual agreement. Whether or not the employee does report to work, the employee shall nevertheless be paid for the regular shift following the overtime at his/her normal straight-time rate. However, if his/her overtime finished at or before 8 hours prior to the mid-point of his/her regular shift on the day in question, the employee must return to work by the mid-point of his/her regular shift in order to qualify for full pay for his/her regular shift. An employee who is called in and reports to work before the expiration of his/her 8 hours absence shall receive double time (200%) payment for those hours which coincide with the working hours of his/her normal shift, plus his/her regular salary for the day.
- (j) Where an employee is required to work unscheduled overtime, the Employer will, on request of the employee, pay

reasonable costs for alternative transportation home under the following conditions:

1. Provided that normal means of transportation is not available.
2. Where employees are parties in car pool arrangements, "normal means of transportation" shall be deemed to include car pools.
3. For purposes of this clause, "unscheduled overtime" is defined as that overtime occurring where an employee is notified by his/her supervisor during his/her scheduled shift that the employee will be required to continue working beyond the scheduled quitting time.

11.05 REPORTING AT LOCATIONS OTHER THAN ESTABLISHED HEADQUARTERS

If an Employee is required to report for his/her regular day's work at a location other than his/her established headquarters, traveling time at the appropriate rate will be paid to and from that location, less the amount of time normally taken by the Employee to travel to and from his/her established headquarters. Mutually acceptable arrangements will be made with respect to travel arrangements and allowances, but no such arrangement will reduce any entitlement of the Employee under this Collective Agreement.

11.06 MINIMUM PAID PERIODS

- (a) If an employee is required to remain at the work place to work overtime, the employee will be paid for a minimum of 1/2 hour. Time worked beyond the first 1/2 hour of overtime will be recorded to the next higher quarter (1/4) hour. The applicable clause may be invoked with respect to meal intermissions. If the employee is required to return to his/her normal work location, aside from a normal meal intermission, or if the employee is required to perform overtime work at another location, a 2 hour minimum will apply, plus whatever traveling time is applicable. An employee scheduled to work on his/her scheduled day off (e.g. RWWL day) will be paid for a minimum of 4 hours at overtime rates, but will not be paid for time spent in traveling to and from his/her normal work location.
- (b) An employee called to work during off-scheduled hours or on a normal day off shall be paid at overtime rates for a minimum of 2 hours beginning at the time the employee leaves his/her residence. One-half hour at the prevailing rate shall be

allowed an employee to reach his/her living quarters on completion of a call-out irrespective of the amount of time actually worked. When call-outs run into a normal shift the minimum call-out provision will not apply.

11.07

PREMIUM PAYMENTS

ARTICLE 12

SHIFT WORK

(Refer to MOUs #20, #49, #51)

- 12.01 For shift work clauses effective prior to 1 January 1982, refer to previous collective agreement.
- 12.02 The Employer's various operations have required and may continue to require shift work.
- 12.03
- (a) The Employer will provide the Union and affected employees with 3 months' notice prior to introducing new shift requirements in a work area (i.e. a shift that is not currently in use in the work area or that has not been used in the work area in the preceding 12 months) This will include work areas that already have shift requirements. This notice period is required even if the new shift is added during the course of the normal shift sign-up.
 - (b) The Employer will provide the Union and affected employees with 3 months' notice if there is a required change to a full-time employee's shift due to operational reasons. If such notice is not given for a required shift change, then the full-time employee will attract overtime wages for the hours worked outside their normal shift schedule until the required notice period is satisfied.
 - (c) For clarity, the notice period outlined above is not required when canceling an already existing full-time shift (i.e. the shift is no longer required in the work area) so long as the cancellation occurs during the course of the normal shift sign-up. If the cancellation occurs at a time other than normal shift sign-up, paragraph (b) will apply.
 - (d) For further clarity, a notice period is not required when simply shifting the number of employees required on currently existing shifts so long as this change to the employee complement occurs during the course of the normal shift sign-up. For example, a change may occur to a full time regular employee's shift from the last shift schedule due to the required employee complement being changed. This is to be expected during the course of normal shift sign-up and would therefore not require notice.
- 12.04 Should an employee's position become a shift position, the employee will have the option to either:

- (a) accept the shift position, or
- (b) decline the shift position. In the latter event, the shift vacancy will be filled in accordance with the provisions of Article 7.10; the employee who has declined the shift position will continue to work regular days and hours, subject to departmental requirements, or will be treated in accordance with the provisions of Article 9.

12.05 With the exception of Restoration Centre employees, where employees work shifts, they shall be governed by the following conditions:

(a) Working Hours

1.
 - (i) The hours of work of all FTR and FTT shift employees shall be the equivalent of 35 hours per week. This will be done by allowing 17 days a year reduced work week leave in lieu of the 35 hour week. An RWWL day will be earned in each of the 17 biweekly pay periods which do not contain a statutory holiday.
 - (ii) The hours of work for all PTR shift employees shall be in accordance with Article 1.06(b) and MoU #71.
 - (iii) The hours of work for all casual employees who work shift work shall be in accordance with Article 1.06(d) and MoU #71.
2. Notwithstanding Article 12.05(a)1 above, full-time regular employees may elect by 1 December of each calendar year to take a cash payment in lieu of time off for any of the 17 RWWL days to be earned in the following calendar year. Since the cash payment will be made in advance of the RWWL being earned, a pro-rata adjustment will be made if the employee terminates from the employer before the end of the calendar year in which he/she receives the cash payment.
3. Full time temporary employees may elect to receive either time or cash for RWWL days to be earned. Time is defined as one full day off in each of the 17 bi-weekly pay periods which do not contain a statutory holiday. Cash is defined as 7% of gross bi-weekly earnings paid on a bi-weekly basis.
4. Notwithstanding the provisions outlined in Articles 11.01(g)1 and Article 11.01(g)2, it is intended that where RWWL days are available to be taken as time off they will normally be scheduled to allow shift employees one

full day off in each 3 week period excluding the last week of the calendar year.

(b) Work Day

Any consecutive 7 1/2 hours of work, exclusive of lunch period, in a 24 hour period.

(c) Work Week

Any consecutive 5 days of work out of 7 consecutive calendar days. The remaining 2 days will be scheduled as days off in lieu of Saturdays and Sundays.

(d) Statutory Holidays

In recognition that statutory holidays may be scheduled work days for shift workers, employees will be scheduled off for 11 days in lieu of statutory holidays. These days off in lieu of statutory holidays shall normally be scheduled in the pay period in which the statutory holiday falls.

(e) Premium Pay

Premium pay for shift workers as outlined in this Article, who are required to work on Sundays and statutory holidays, shall be paid at time and one-half (150%) for those days, except as provided in Article 12.05(f)2.

(f) Shift Premiums (Except NCS)

1. For the purposes of calculation of shift premiums, the day shift is defined as 08:00 to 16:30 and the basis of payment is as follows:

(i) Shift workers shall be paid a shift premium equal to 6.7% of the average hourly rate for all hours of a specific shift that fall outside the day shift except that a shift premium equal to 10% of the average hourly rate shall be paid for all hours worked between 00:00 and 06:30.

(ii) Where less than a majority of the hours of a specific shift fall within the period of 00:00 and 08:00, the period from the start of the shift to 06:30 attracts the 10% premium and the period from 06:30 to 08:00 attracts the 6.7% premium.

- (iii) Where a majority of the hours of a specific shift fall outside of the day shift, premium entitlement(s) shall apply to all hours.
- (iv) Where a majority of the hours of a specific shift fall within the period 00:00 to 08:00, the portion of the shift between 00:00 and 06:30 attracts the 10% premium and the remainder of the shift attracts the 6.7% premium.
- (v) For the purposes of this Article, average hourly rate is calculated on the basis of the average bi-weekly salary of all MoveUP-affiliated employees as at 1 April of each year, converted to hourly rate in accordance with the formula contained in Article 4.01.

2. NCS Shift Premiums

- (i) For the purpose of calculating shift premiums, shifts are defined as:
 - (a) Day Shift 08:00 - 16:30
 - (b) Evening Shift 16:15 - 00:15
 - (c) Night Shift 00:00 - 08:00
- (ii) The following premiums will be paid where the majority of hours fall within a shift other than day shift or where the shift falls on a Sunday or Statutory Holiday:
 - (a) Evening and night shifts Monday to Friday - one hour at straight-time rates;
 - (b) Evening and night shifts Saturday - 2 hours at straight-time rates;
 - (c) Sundays and statutory holidays - all shifts - 4 hours at straight-time rates.
- (iii) Except for day shift (as defined above), where the majority of hours of a shift fall within day shift the following premiums will be paid.
 - (a) Monday through Friday: 1/2 hours at straight time
 - (b) Saturday: one hour at straight time

(g) Lunch Periods

The lunch period will be taken as close as possible to mid-shift but may be varied or staggered for different employees from one hour before to one hour after the middle of the shift according to the needs of the work in progress.

(h) Overtime Payments-Shift Workers

1. All time worked in excess of the hours stated in (b) above shall be paid for at the rate of double time (200%). All time worked on annual vacations shall be paid on the same basis plus regular salary. All overtime worked on scheduled days off in lieu of Saturdays, Sundays and Statutory Holidays shall be paid at 200%.
2. Notwithstanding the provisions of Article 11.04(d), shift workers who work overtime between the start time of the scheduled shift and 8 hours prior to the start of the scheduled shift shall be paid at 200% of straight time rates for those hours.
3. Notwithstanding Article 12.05(h)1 and 12.05(h)2, all time worked and/or travel associated with employee training shall be paid at straight time. It is understood that this clause does not apply to the employees conducting the training.

(i) Overtime Banking

Employees may transfer to the time off bank defined in Article 11.10 up to 100% of monies earned for working overtime, to be either taken as time off in lieu of wages or paid out, no later than September 30 in the year following the calendar year in which it is earned. Overtime shall be credited to the bank in hours. Overtime banked prior to July 1, 2005 may be maintained in the time off bank.

(j) Sign-Ups

1. A majority of any group of shift workers may elect to have a sign-up on a seniority basis to establish choice of shifts, location and days off. Periods of the sign-up shall be 51 weeks or 24 weeks or more frequently by mutual agreement, provided that the period shall be a multiple of 3 weeks.
2. Seniority for shift sign-up shall be as defined in Article 6 or by criteria determined by a simple majority of the group concerned subject to approval by the Employer

and the Union. Once established, seniority criteria may not be changed except by a two-thirds majority vote of the group concerned. The seniority list will be posted in conjunction with the sign-up. For all other purposes of this Agreement, seniority shall be established in Article 6.

(k) Notice Of Relief

1. To provide relief coverage for unscheduled leaves of absence due to sickness, accidents, or exceptional circumstances (e.g. public announcements, major storm damage, public emergencies, etc.), the Employer will, where practical, request an employee on a 'seniority down' basis to temporarily change his/her shift. Where no employee voluntarily accepts such a shift change, the Employer will direct an employee to change his/her shift on a 'seniority up' basis. When shift employees' scheduled shifts are changed, 2 calendar days' notice will be provided. If less notice is given, up to the first two of the changed shifts, occurring consecutively, shall be at double time rates as follows:
 - (i) 48 hours' notice - no penalty;
 - (ii) 24 hours' notice - 1 shift at double time;
 - (iii) Less than 24 hours' notice - two shifts at double time.
2. Shift changes incurred by relief employees who are designated as such or shift changes requested by the employee will not be subject to overtime penalties.

- (b) Shift workers shall receive an equivalent number of days off in accordance with the conditions set out in Article 12.
- (c) When a statutory holiday falls on a Saturday or a Sunday and another day is not proclaimed in lieu thereof in accordance with paragraph(a), a day off in lieu thereof will be given on the last working day immediately preceding or the first working day immediately following the weekend on which the statutory holiday or holidays fall. The day off in lieu will be chosen by the Employer and taken by employees either individually or in groups at the Employer's discretion.

Adjustments arising out of the percentage application will be made after the employee has completed his/her vacation for the calendar year, and will be calculated using only regular earnings, time bank usage or cashout, and overtime. Notwithstanding the foregoing, deferred and banked vacations will be paid at the employee's rate of pay at the time the vacation is taken.

However, if an employee is required to postpone his/her period of annual vacation in order to carry out the duties of a higher-paid position for an uninterrupted period of a temporary transfer, and must therefore take his/her annual vacation at some other less convenient time, the employee shall nevertheless qualify for the higher rate for vacations as set out in the paragraph immediately preceding.

TRAINING

20.01 It is the Employer's general intent to follow a policy of promotion from within. To this end the Employer will, where practical, assist all employees to develop their capacities to a maximum degree possible in line with their present and future careers with the Employer. This assistance may be in the form of financial aid or job rotation training, mentoring, coaching, conferences or education leave or other developmental opportunities, in accordance with the following provisions. However, provision of this training assistance does not at any time imply a promise of promotion.

20.02 JOINT TRAINING COMMITTEE

(a) There shall be a Joint Training Committee consisting of equal representation from the Employer and the Union. The Employer and the Union shall each have 5 representatives consisting of a representative for each Line of Business (or equivalent), and a representative from Powertech. It shall be the purpose of this committee to examine the training needs of employees covered by this Agreement and make recommendations to the parties in relation to:

1. The changing staffing requirements in specific work areas.

- (b) In general, the Employer will provide for three (3) categories of financial aid as follows:
 - 1. Full cost of training borne by the Employer;
 - 2. Three-quarters cost of training borne by the Employer;
 - 3. Full cost of training borne by the individual, the Employer advancing a loan without interest.
- (c) In any particular instance the line supervisor in consultation with the appropriate Personnel Manager will be responsible for establishing the category under which application for financial assistance shall be made. The Division Manager and the Union will be consulted where agreement cannot be reached.
- (d) Cases Where Full Cost of Training is Borne by the Employer

This type of assistance will be given only at the instigation of management and requires approval by the manager of the division concerned. It is agreed that where specialized group training is to be offered, such training being a requirement in new jobs to be established, the Employer will post advance notice of such training, thus providing employees with the opportunity to apply for participation in the training course. The notice will advise that placement of employees on resulting jobs will be from amongst those taking the course. It is agreed that selection of applicants for participation in the course is at the discretion of management, and similarly, that selection of appointees to newly-established positions requiring this type of training will be at management's discretion without further bulletining.

- (e) Cases Where 3/4 Cost of Training is Borne by the Employer
 - 1. The Employer will bear 3/4 the cost of training in those cases where management agrees that additional training would be helpful to the individual's present performance, or desirable in preparation for possible

advancement within the employee's particular field of work. Cases where the period of training exceeds a year in duration shall be reviewed annually with respect to consideration for financial assistance. Moreover, at the Employer's discretion, consideration for assistance may be given only to one or more units of a course, and not necessarily to a course in its entirety.

2. Application will be made through the appropriate Personnel Manager by the employee's supervisor and must be approved by the Supervisor and the manager of the division.
3. The Employer will, if requested, lend the employee the cost of the course (interest free). Upon satisfactory completion, the employee will be reimbursed with 75% of the original fee including prescribed textbooks and examination costs.

(f) **Cases Where Full Cost of Training is Borne by the Employee**

The employee will bear the full cost of outside training where a course is related to the Employer's business but not necessarily to the employee's normal career within the company. Application for a loan will be made to the appropriate Personnel Manager, and approved by the manager of the division.

(g) **Loans and Deductions**

In all cases where a loan is required, the employee is to provide the first \$25.00. Repayment of a loan will be by payroll deductions in equal installments over the period of the course.

20.04 JOB ROTATION

- (b) It is intended that job rotation will provide selected employees with wider experience and knowledge, to the joint benefit of the individual and the Employer.
- (c) Job rotation will not interfere in any way with the normal procedure to be followed in the filling of job vacancies as set out in this Agreement.

- (d) The selection of employees for job rotation will be the responsibility of Division Managers, but employees may apply to be considered for this training. However, employees are not obligated to accept invitations to take part in job rotation.
- (e) Selected employees will have their assignments on each job rotation reviewed with them in detail, as follows:
 - 1. The purpose of the rotation program as it applies to the individual.
 - 2. The nature of the assignments involved. This will be done by either referring to an existing job description, or by preparing a list of duties if a new position is involved.
 - 3. The period of the assignment. This will normally be 6 months. There will be a 3 month and 6 month evaluation of the employee's performance when his/her progress will be discussed with him/her.
- (f) Employees will retain affiliation with their regular positions for record purposes, and their periods of rotation will be for 6 months or less, renewable for a further 6 months by agreement with the Union.
- (g) The Employer's salary administration policy provides no impediments to a rotation program:
 - 1. An employee moving to a position which is at the same level or lower level than his/her regular position will retain his salary and continue to be treated in terms of salary progression on his/her regular job.
 - 2. An employee moving to a position which is at a level higher than his/her regular position will maintain his/her present rate or be increased to the minimum rate for the job, if the latter is higher. (If the job is later bulletined and the trainee is the successful applicant the regular salary policy for increases will apply). Upon return of the applicant to his/her regular job, the employee will return to the salary he/she would have reached had he/she remained on his/her regular job.
- (h) Employees moving from a union job to an exempt job for training purposes will retain their union status and vice versa.

- (i) The Personnel Manager, in liaison with Human Resource Planning and Development, will assist line organization in working out job rotation projects for training purposes.

20.05 **EDUCATIONAL LEAVE**

- (a) Educational leave without pay of up to 4 years may be granted to regular employees of B.C. Hydro, subject to departmental requirements, for the purpose of pursuing a full-time course of studies. The employee's position will be retained for the person on leave for a period of 2 years. At the end of 2 years, the employee loses the right to the employee's former position but retains bulletining rights to any posted vacancy until the end of the leave.
- (b) Any requests for such leave will be considered on their individual merits and will not be unreasonably denied. Such consideration will include, but not be limited to, an assessment of the future value of the course of studies to the Employer. Subject to the above considerations, leave of absence may also be granted to attend semester-based courses of study. Approval of any request for education leave shall rest with the appropriate Manager, or delegate, concerned.
- (c) Any employee hired to relieve an employee on educational leave will maintain temporary status of the duration of the leave. Should the employee on leave fail to return after 2 years, the employee's supervisor may elect to fill the resulting job vacancy without bulletining the job by:
 - 1. promotion of another employee from within the department, or;
 - 2. changing the status of the temporary employee who relieved the employee on education leave.

RE: SICK LEAVE CONTROL

(Refer to Art. 15)

25 June 1971

Mr. E.R. Peck, Manager
Labour Relations Department
B.C. Hydro and Power Authority
970 Burrard Street
Vancouver, B.C.

Dear Mr. Peck:

Re: Sick Leave Control (P-6/M-30)

During the present set of negotiations we have discussed Hydro's assertion that the sick leave entitlement of employees covered by our Agreement is being abused by some. You have asked the Union to consider ways in which we can assist Hydro in controlling any abuse of sick leave.

First, let me say that the Union's basic position is that employees should be permitted to take sick leave if and when they are suffering from illnesses. We would not encourage any action which would persuade employees to come to work when they suffer from illnesses which, for their good and for the good of others working near them, should require them to be absent from work.

However, on behalf of the Union, I can assure you that we do not and will not condone the abuse of sick leave by any of our members. To this end we have already agreed to certain changes to the Agreement which were requested by Hydro. In addition we would agree that Hydro should inform employees by means of bulletins of the need for using sick leave only when they are genuinely sick, and further, that a permanent bulletin to this effect could be placed on bulletin boards throughout the Hydro system. We would also undertake to counsel members who apparently are taking above average absences because of sickness.

We hope that this will convince you of our willingness to cooperate in this matter.

Yours sincerely,

R.F. Bone

Dear Mr. Benson:

Re: Medical and Dental Appointments

On behalf of the Union, I can assure you that we do not and will not condone the abuse of Article 15.09 of the Collective Agreement which has been negotiated to provide time off without loss of pay for "legitimate" medical and dental appointments.

The Union agrees that the employer is entitled to as much notice as possible to facilitate replacement staff and scheduling of work. All employees should cooperate by giving as much notice as they can.

Further, we would encourage our members to make every effort to schedule their appointments on RWWL days, near the end of a working day or lunch time to help minimize the impact of medical or dental appointments.

Sincerely yours,

MEMORANDUM OF UNDERSTANDING # 13
RE: 10% ALLOWANCE FOR PROPERTY REPRESENTATIVES

WHEREAS, the historic 10% allowance paid to Land Representatives for irregular work hours up to 40 hours per week provided incumbents and the Employer with the required flexibility necessary to manage the irregular work hours inherent in the work of said Land Representatives; and

WHEREAS, while some field work continues today, there is also an increase in the time spent in the office by personnel now classified as Property Representatives 2 (formerly, Land Representative), such that the Employer wants to phase out the above cited 10% allowance in an equitable manner; and

WHEREAS, the Parties have the concern that removal of this allowance from persons currently receiving it would adversely affect pensionable earnings; and

WHEREAS, the Parties agree that the 10% allowance serves to simplify an otherwise cumbersome administrative time-keeping task while employees classified as Property Representative 2 are in the field;

NOW THEREFORE, by signature(s) of their duly authorized representative(s) hereinafter affixed, the above Parties do hereby agree as follows:

1. It is agreed that those employees classified as Property Representative 2 who currently receive the 10% allowance for "irregular" work hours will continue to receive this allowance for so long as they remain in the Property Representative 2 position in the Acquisition and Field Services Department. The following named employees will thus be "grandfathered" in respect of continued receipt of this 10% allowance:

T. Huber
L. Rilkoff
F. Turner

A. Forbes
D. McLatchie

2. It is agreed that the 10% allowance for the above named employees will continue to be treated as pensionable income.
3. It is agreed that when field activity for any of the above named employees is a major part of the workload, he will work up to eighty irregular hours per pay period, beyond which the provisions of Article 11.02 (Overtime) will apply for authorized overtime.
4. It is agreed that in circumstances where any of the above named employees is assigned to work that does not require irregular hours (i.e. office based), he will continue to receive the 10% allowance; however, he will work an 8 hour day as opposed to the 7 1/2 hour day prescribed by Article 11.01. Overtime will not trigger until after 8 hours of work in respect of any 1 work day.

5. It is agreed that new hires classified as Property Representative 2 in the Acquisition and Field Services Department (i.e. those not listed in point 1 above) will receive the 10% allowance during periods where field activity is a major part of their workload, in which case they will work up to 80 irregular hours per pay period, beyond which the provisions of Article 11.02 will apply for authorized overtime.
6. It is agreed that the 10% allowance paid to any new hire classified as Property Representative 2 will not be treated as pensionable income.
7. It is agreed that while assigned to work that does not require irregular hours (i.e. office based) new hires classified as Property Representative 2 will not receive the 10% allowance and will work a 7 1/2 hour day as defined in Article 11.01. The provisions of Article 11.02 will apply for any authorized overtime work beyond this point.
8. For the purposes of this Memorandum of Understanding, "major part of the workload" shall be defined to mean more than 50% of work performed during any pay period.
 - (a) Any of the above named employees for whom it is projected or actual that field activity will or does form a major part of the workload during any pay period will not be obliged during that pay period to work any 8 hour day prescribed by Paragraph 4.
 - (b) Any new hire classified as a Property Representative 2 in the Acquisition and Field Services Department for whom it is projected or actual that field activity will or does form a major part of the workload of that employee during any pay period will receive the 10% allowance for the duration of that pay period.
9. For the purposes of this Memorandum of Understanding, "headquarters" shall be defined as any B.C. Hydro office as designated by the Employer and "field activity" shall be defined as work outside the designated office location.

2. Free Area

The free area for all employees shall be the travel time normally taken to travel from the Employee's normal place of residence to his/her established headquarters to a maximum of 50 km or 30 minutes, whichever is longer. This travel time will be computed in any direction from the Employee's normal place of residence. Temporary assignments with travel time in excess of this period shall attract reimbursement as follows:

3. Travel Home

Except as otherwise agreed to by the Parties at a pre-job conference, employees working outside the free area and unable to return to their normal place of residence at the end of each working day, shall have transportation costs paid to and from the Free Area at six (6) week intervals. This shall not be construed to mean bus fare when other means of transportation are normally used. This entitlement may be shifted by up to two (2) weeks with the agreement of the manager and employee to take into account long weekends, paid vacation and other operational contingencies, but in no circumstances shall the Employer paid trips exceed an average of one for every six weeks over the period of such work away from the Headquarters.

Any agreement to shift this entitlement beyond the six (6) weeks requires the consent of the Union.

Employees travelling home under the above provision shall be reimbursed for costs incurred in the storage of personal effects where such storage is required.

It is understood that this entitlement includes transportation and storage costs only. It is also understood that employees taking advantage of the paid trip home entitlements are not eligible for weekend living out allowance for non-working days.

- c. Selections shall be on the basis of ability (to perform the work) and seniority, in that order.
- d. Ability shall include consideration of the employee's performance in the employee's present position.
- e. Article 7.01-7.05 of the Collective Agreement will apply to FTT MOU 15 positions bulletined under 4 above.
- f. Although selection of employees under the foregoing paragraphs shall rest with the employer, such selection shall be subject to the grievance procedure.

The Parties recognize that the hours of work for employees hired under MOU 15 are dependent upon the specific Project. The Project dependent work schedule will normally be 37.5 hours per week consisting of a maximum of 5 consecutive days and 7.5 consecutive hours per day. In accordance with the Collective Agreement, days and hours worked in excess of this will be compensated at overtime rates unless a 4 day/10 hour shift schedule is temporarily implemented.

Authorized Variations – hours

Further to article 11.01(b), employees hired under MOU 15 will have variable start times depending on the Project requirements and without the notice requirements in article 11.01(b)(2). RWWL days may be used to bridge short gaps in Project requirements, extend trips home and to bridge time between Projects. The Employee and the Manager will pre-schedule RWWL days by mutual agreement and subject to operational requirements and employee preferences.

Any RWWL days carried forward into the next year must be scheduled by July 1st of that year. Any RWWL days carried forward and not scheduled by July 1st will be scheduled at the manager's discretion prior to the end of

the year the RWWL days were carried forward into. RWWL days cannot be carried forward more than 2 years.

6. Layoff

Layoff of temporary employees shall be conducted by project then job site on the basis of seniority, having regard for the nature of the remaining work and the ability of the employees to perform it. Seniority is defined as total accumulated service with Hydro as a member of the Union. Seniority status will expire 24 months after the Employee's last termination date.

A "Project" has a project number and a scope of work defined by the Employer with a start and end date.

7. Salary Treatment

Salaries shall be paid in accordance with the salary scales outlined in Article 4.

(Regular Survey and Inspection Employees, as at date of ratification, shall be 'grand parented' with respect to the continued operation of Article 5(a) - Hours of Work as set out in Memorandum of Understanding #15 in the 1991-1993 Collective Agreement)

8. Once per year and prior to the commencement of the Fiscal Year or upon receipt of the next Fiscal Capital Plan, pre-job conferences will be held between representatives of BC Hydro and the Union to discuss the year's program and matters peculiar to individual projects as detailed in Article 1.11. The following specific items will be discussed and mutually agreed as required:

- a. The definition of projects and allied projects for the purposes of Article 1.06(c)1.

An Employee moved from a project as defined to another defined project may be treated as a new hire on the project to which the Employee is transferred, and must re-establish his/her service for purposes of Article 1.06(c)1.

- b. The length of projects for purposes of Article 1.06(c)1.

Specific projects as defined in (a) above which will continue for periods in excess of 3 years will be described at the pre-job conference. In such instances temporary hirings required to staff such project and to replace those from established headquarters assigned to such projects may be allowed for periods in excess of 3 years. In these instances temporary employees will not acquire regular status under Article 1.06(c)1.

- c. To accommodate staffing of field locations and the replacement of field assigned employees temporary promotions for extended periods may be allowed.

9. Review

This MOU will be reviewed on April 30, 2011 at which time either party can give 30 days written notice to terminate this MOU. The incumbents in the FTT roles will be grandparented and will continue under the terms outlined above for as long as they remain in their role, unless otherwise agreed between the parties.

MEMORANDUM OF UNDERSTANDING # 16
(Previously Letter of Understanding # 28)
RE: LONG TERM DISABILITY (LTD) CLAIMS PROCESS

(Refer to Articles 15.04 and 15.05)

1. In the course of the 1993 Collective Agreement negotiations, the Union requested that the employer establish a cooperative process for claims management when MoveUP members are experiencing unusual difficulties with their LTD Claims. For clarification, the following outlines the normal process for claims management:
 - (a) Personnel provides the employee with claim forms and related claim filing information.
 - (b) The employee obtains required medical information and completes his/her portion of the form and has their doctor forward the claim to Hydro's Medical Doctor who in turn forwards forms to Benefits Section.
 - (c) Benefits Section conducts an administrative review to ensure necessary forms and information are provided before forwarding material to insurance company.
 - (d) The adjudication process takes various steps from immediate acceptance (payment) of claims to varying follow-up procedures to ensure all objective medical information is on hand.
 - (e) Follow-up procedures are coordinated between Benefits Section, Personnel, and the employee.
2. To assist the MoveUP in serving its members, Benefits Section will provide the following:
 - (a) Information where a claim has been denied, or where the insurance company identifies that available objective information does not support continuation of a claim. Where the insurance company sees such events occurring, BC Hydro will request that they establish standards to ensure the provision of as much advance notice as possible. Where additional information is required, Benefits Section will coordinate discussion with the insurance company.
 - (b) In some situations benefits are temporarily suspended or delayed pending receipt of information. Most of these situations are resolved through routine communications (e.g. the employee has not responded to an information request or returned the required forms; the employee's doctor has not provided requested forms; administrative delays have occurred). When a serious claim

management concern occurs, beyond the type outlined above, B.C. Hydro will inform the Union of such.

- (c) When the insurance company identifies a positive rehabilitation opportunity that addresses a difficult return to work situation, Benefits Section will advise MoveUP and coordinate through Personnel relevant information related to the return to work. Where value would be added a meeting will be arranged with Personnel, Benefits, MoveUP, and the insurance company to ensure all problem solving opportunities have been addressed.
- 3. The above captures the commitment B.C. Hydro provided to the Union in our letter dated 3 March 1993.
- 4. This Memorandum of Understanding may be changed at any time by the written mutual agreement of the Employer and the Union.
- 5. This Memorandum of Understanding shall be deemed to be incorporated into the Collective Agreement between the Employer and the Union as if set forth in full therein in writing, and shall so apply.

Dear Mr. Watson:

**Re: Consideration of Regular Employees on Recall for FTT
Assignments**

During the course of 1996 negotiations, the Parties agreed that qualified inactive regular employees on the recall list will be considered for any FTT assignment that may arise subsequent to the commencement of the individual period of recall.

RE: SHIFT SCHEDULING - RESTORATION CENTRE

Mr. F. deMoor

14 September 1981

Dear Mr. deMoor:

Re: Shift Scheduling - Restoration Centre

During 1981 negotiations, the Parties agreed on revisions to Article 12 regarding shift work and, in particular, shift scheduling. Restoration Centre employees were excepted from the shift scheduling provisions due to difficulties in ensuring that these provisions could meet the scheduling criteria of the Restoration Centre.

We agree that following ratification of the Collective Agreement, the Parties will meet to determine the applicability of the shift scheduling provisions of Article 12 to the Restoration Centre, taking into account the need for adequate continuous coverage without reduction in service or increases in staffing.

Unless or until the Parties either agree to include the Restoration Centre in the scheduling provisions of Article 12 or, failing that, to vary such provisions, current scheduling arrangements will remain in effect.

Sincerely yours,

In agreement

MEMORANDUM OF UNDERSTANDING # 22
RE: DRAFTER TRAINEES

This will confirm the agreement of the Parties to establish a Drafter Trainee Salary Scale formula which is comprised of the following elements:

1. Each year Hydro will determine the appropriate market start rate.
2. The scale will be constructed by creating 6-month steps, with the 24 - month step being Group 6 minimum, the 30-month step being Group 6 - Step 1, and the intervening steps between minimum and the 24 - month step being equal dollar increments.
3. Graduates from the Vancouver Vocational Institute, or its equivalent, who are placed on the training scale will be started at the 12 - month step.
4. All Trainees will progress, subject to satisfactory performance, at 6 - month intervals over a period of 30 months, ending at Step 1 of the Group 6 salary scale and thereafter in accord with the normal length-of-service increases. Employees who complete their training shall have their length-of-service date determined based upon the date they reach the 30-month step.
5. Coincident with the establishment of a new start rate and/or a revision to the main salary scales, the salary scale shall be amended in accordance with 2 above.
6. Those employees who are identified as Trainees prior to this Agreement and whose salaries were frozen shall have their new salary determined by a retroactive restructuring of the salary scale and shall then, if appropriate, be placed at a step in the 1981 scale consistent with their period of employment as a Drafter Trainee. For those employees who would otherwise have completed their training they shall be placed at the appropriate steps in the Drafter 1 Group 6 salary scale.

Where Hydro has a requirement to fill a Drafter position, the position will be filled:

- (a) by internal promotion or bulletin; or
- (b) if there are no suitable internal candidates, then by external hire.

Where there is a requirement for a Drafter Trainee, the same procedure will be followed.

March 25, 1996

V5G 4L9

Dear Mr. Watson:

Re: Replacement of Temporary Employees by Regular Employees
Subject to Layoff

During the course of 1996 negotiations, the Parties discussed a process whereby regular employees subject to layoff would be considered for existing temporary positions at the point they elect of are designated for layoff.

Specifically, where a temporary position is occupied by a Full Time Temporary (FTT) employee and a Regular employee has elected or is designated for layoff, the Employer will terminate the FTT and allow the Regular to complete the remainder of the FTT work requirement in the following circumstances:

1. Within the Lower Mainland (up to, but not including Squamish and Abbotsford), Victoria, or Nanaimo, the FTT position is in the same department as the Regular subject to layoff; outside the Lower Mainland (including Squamish and Abbotsford), outside Victoria, or outside Nanaimo, the FTT position is in the same headquarters as the Regular subject to layoff.
2. The FTT position is expected to continue for at least 3 more months from date of layoff of the Regular employee; and
3. The Regular has the prerequisite qualifications or an equivalency for the FTT position; and
4. The Regular has the ability to perform the FTT position.

Where the above criteria is met and more than one FTT position is identified, the FTT employee in the position with the longest expected duration from the date of layoff of the Regular employee shall be terminated, with the Regular assuming the remainder of the work requirement.

The Regular employee shall hold FTT status for the period of the FTT work requirement. They shall also retain their rights and status as a Regular employee on the recall list for the duration of their recall period.

On an exception basis, where the termination of the FTT and assumption of the remainder of the work requirement by the Regular employee would have significant impact on the business of the department, the details and impact of such will be reviewed with the Union, and the employer may elect not to proceed with the termination of the FTT employee identified.

Yours truly,

M.R. Corrigan
Labour Relations Officer

The Parties recognize that the reference in this memorandum to “ability” means “present ability”.

MEMORANDUM OF UNDERSTANDING # 24
RE: TRAINING SITUATIONS

1. INTRODUCTION

Normally, an employee receives his/her training and experience by being promoted through a series of established jobs for which separate and distinct job descriptions exist. The employee's progression from one job to another will occur when an opening exists and management determines that the employee is capable of performing the duties and responsibilities of the higher rated job.

In some situations, however, an employee is advanced through a series of progressively higher grouped jobs between which job evaluation can discover no significant difference in the duties, responsibilities and job demands. These jobs were created to allow employees to be trained for a specific job which the employee will eventually occupy, an "end" job. Under the old job evaluation system, separate job descriptions and job groups were established with relatively minor distinctions to create and deal with this type of training situation.

Minor differences in duties, responsibilities and job demands which previously resulted in different job ratings or job groupings may not be recognized under the new plan. Under these circumstances, the result will be that single job description describing the "end" job will be produced to cover all jobs in the present multi-level job structure.

When the need for a "Training Situation" is identified, Management will define the duties and responsibilities of the "end" job. A job description will be prepared for the "end" job only. This will be evaluated by the Job Evaluation Section (and will be subject to appeal as in all other job evaluation situations). Selections to training situations will be in accordance with Article 7.10 of the Collective Agreement and will include an assessment of the applicant's ability to perform the "end" job.

2. DEVELOPING A TRAINING SCALE

- (a) The time span of the training scale leading from the start rate to Minimum of the "end" job will be the number of months (rounded to the nearest six months) of elapsed time to acquire the requisite knowledge and skills under the Previous Practical Experience (PPE) factor as determined in evaluating the "end" job.
- (b) The start rate will be determined by subtracting the number of years elapsed time under PPE from the job group of the "end"

job, and will be the Minimum of the resulting job group salary scale.

(Example: "End" job Group 9
Elapsed time PPE 24 months
 $9 - 2 = \text{Group 7 Minimum start rate}$)

However, where the rounded elapsed time PPE involves a half-year period, the start rate will be Step 1 of the appropriate salary scale.

(Example: Group 9 "end" job
30 months elapsed time off
 $\text{start rate} = 9 - 2 \frac{1}{2} = 6 \frac{1}{2}$
= Group 6, Step 1)

- (c) The training scale will be constructed by dividing the dollar difference between the "end" job minimum and the start rate by the number of 6 month periods contained in the training period established in (a) above. The first such increment shall be the six month step, the second the 12 month step, etc., until the salary steps reach the Minimum of the "end" job salary scale.

3. PROGRESSION THROUGH THE SCALE

- (a) A trainee who enters the scale at the start rate will, subject to satisfactory performance, advance to each subsequent training salary step at 6 month intervals based on his/her date of appointment to the training scale. Upon completion of the training, the employee will be placed at the Step 2 of the "end" job salary scale. The employee will then be subject to progression within the salary range established for this job group in accordance with the Collective Agreement.

Note: the following is an example based on October 1, 2013 rates of the Design Tech Trainee Salary Scale which is a 24 month program

Start: Group 8, Min
End: Group 10, Step 2

<u>Effective</u>	<u>Start</u>	<u>6 Mo</u>	<u>12 Mo</u>	<u>18 Mo</u>	<u>24 Mo</u>
<u>October 1, 2013</u>	<u>\$47,090</u>	<u>\$49,665</u>	<u>\$52,241</u>	<u>\$54,816</u>	<u>\$57,391</u>

- (b) An internal applicant whose salary is greater than the trainee start rate shall retain their existing salary and their salary will

be red-circled until such time that the trainee salary scale exceeds their salary at which time they will be placed on the trainee salary scale and their salary will progress as per 3(a) above. They shall continue to receive general wage increases while their salary is red-circled. If upon graduation their salary exceeds the graduation rate (Step 2 of the end job group) they shall be placed on the closest higher step of the end job group.

- (i) Subsequent salary progression will be in accordance with normal length-of-service increases, with the employee's length-of-service date determined based upon the date they reach the end rate of the training scale.
- (ii) A full time temporary employee who returns to his/her base position after his/her temporary opportunity in the trainee program is finished is eligible for any Length of Service increases he/she may have missed while in the trainee program.
- (iii) Employees who successfully bid into a full time regular position after completing the trainee program through temporary positions will enter the full time regular position at step 2 of the salary scale.
- (c) If a person having suitable experience is appointed to a training situation, management may place him/her in any training step judged to be appropriate to his/her applicable experience.
- (d) It is the intent of the Parties that employees should not remain on training scales for an indefinite period of time. To this end, any case in which a trainee is judged to be incapable of being trained to perform the end job in a satisfactory manner will be handled according to its merits.

MEMORANDUM OF UNDERSTANDING # 28
RE: JOB SHARING

Definition

Job sharing is defined as dividing all the functions of one full-time regular position between two regular employees (including previous regular employees with post-maternity bulletining rights) or one Full Time Temporary, each of whom works part-time in a manner that provides full-time coverage for the position. The supervisor is responsible for communicating the requirements of the job to both employees.

1. Procedure

- (a) A Regular employees wanting to job share may request the supervisor to consider a proposal for a job sharing arrangement. The regular employees must be the incumbent in the position and the other regular, or a full time temporary status employee must enter the position by virtue of either a lateral transfer or a voluntary demotion. (Notwithstanding this, an employee can receive a promotion into a job sharing arrangement if they bid on a bulletined job share position as contemplated in point (b) below.) In making a submission it is important that both employees realize they are entering a partnership. Their proposal must provide information on the qualifications and experience of each proposed partner and give details on how the arrangement will ensure the work is efficiently and effectively completed. Details which must be considered in the submission include:
 - (i) which functions will be shared and which functions will be performed by only one partner;
 - (ii) how work load priorities will be determined on an on-going basis, and how these priorities will be communicated between partners to ensure nothing is missed;
 - (iii) preferred work schedule of each partner, preferred start date; and
 - (iv) other information required by the supervisor or by the job itself.
- (b) If the incumbent in the regular full-time position has been unable to attract a suitable partner, the Employer will assist the employee in the search for a suitable partner by advertising the opportunity company-wide; with reference to eligibility limited to regular employees (including previous regular employees with post-maternity bulletining rights) and full time temporary employees.

Selections for job sharing will be made on the basis of Article 7.10(d).

- (c) Proposed job sharing arrangements will be discussed with the appropriate Personnel Office and for each job sharing arrangement there must be a written understanding signed by each employee participating and the employee's supervisor, with a copy to the Union.

Subject to operational efficiency, requests for job sharing shall not be unreasonably declined by the employer.

- (d) Employees entering into job share arrangements will not be eligible for travel allowances or moving expenses at the commencement of a job share.

2. Job Sharing Conditions

- (a) Full-time regular or full-time temporary employees who enter a job sharing arrangement change their status to part-time regular.
- (b) Notwithstanding Article 1.06(b)2, employees may be requested to relieve for each other at straight time rates unless the hours of work of the relieving employee exceed 7.5 hours per day or 37.5 hours per week.
- (c) Notwithstanding Article 1.06(b)7, and Article 14.03, employees in a job sharing arrangement will be entitled up to 2 weeks leave of absence without pay annually. The two weeks may be taken in unbroken sequence.
- (d) Employees in a job share arrangement may elect to attend meetings such as Departmental Meetings, Training Courses, Joint Union/Management Committee Meetings, etc., without such hours being included in the total hours of the two job share partners. Such time will be considered time worked, however will not trigger the overtime provisions unless the hours of the individual exceed 7 1/2 per day or 37 1/2 in the week. Under these circumstances, employees will be paid a minimum of 2 hours at straight time.
- (e) Multiple job share partners working in a department may elect to work additional hours to their normal job share scheduled, in order

to cover off an absence from work of another job share employee. Such hours must be approved by the Department Manager and must not, when totaled with all other job share hours in the department, exceed the total number of job share hours allotted to job share arrangements working in that department. The only

exception to this will be when the total number of job share hours has been increased as a result of (1) above.

3. Termination of the Job Sharing Arrangement

- (a) If the job sharing arrangement is terminated by the employer, 30 days written notice must be given to the affected employees with a copy to the union.
- (b) Should the job sharing arrangement be terminated by the employer, the job sharing partner who originally held the position will again assume that position. The provisions of article 9 will apply to the other incumbent.

If the original incumbent declines the full-time regular position, then the remaining partner will be offered the job and the provisions of article 9 will apply to the original incumbent. If the remaining partner declines, the position will be bulletined and the provisions of article 9 will apply to this remaining partner.

- (c) An employee may only vacate the job share due to transfer or termination. In this event, the other employee will assume the position on a full time basis, and may elect to initiate a new job share partnership starting as per 1 above. The Union will be notified by the employer upon the termination of a job share arrangement.

- 4. This Memorandum of Understanding may be changed at any time by the written mutual agreement of the Employer and the Union.
- 5. This Memorandum of Understanding shall be deemed to be incorporated into the Collective Agreement between the Employer and the Union as if set forth in full therein in writing, and shall so apply.

BC Hydro will maintain a record of amounts allocated for this purpose and will credit such amounts with an annual rate of interest at BC Hydro's deposit account rate. The cost of interim salary scale adjustments, as attached in Appendix B, shall also be drawn from this funding. On completion of the necessary Pay Equity salary adjustments, allocated funds which are not used shall remain with the employer.

MEMORANDUM OF UNDERSTANDING # 39
RE: SICK LEAVE WHILE ON ANNUAL VACATION

7 August 1997

(Refer to Articles 14 and 15)

Mr. S. Watson
Senior Business Representative
Canadian Office and Professional Employees'

Dear Mr. Watson:

This is further to our discussions with respect to the application of sick leave once an employee has commenced Annual Vacation, as well as the application of sick leave with respect to scheduled RWWL days.

The Union agrees to recognize B.C. Hydro's practice in the application of sick leave once an employee has commenced Annual Vacation, which is to defer Annual Vacation when serious disability or illness, certified by a doctor, occurs after the commencement of Annual Vacation and the Annual Vacation has been scheduled for longer than five days.

It is understood and agreed that such deferral of Annual Vacation for serious disability or illness does not apply in cases where the Annual Vacation has been scheduled for a period of five days or less and the employee has already commenced their vacation.

With regards to the application of sick leave and RWWL days, the Parties agree that the following principles will be applied:

1. When sickness occurs after quitting time of a given working day but before starting time on the immediately following normal working day which is a scheduled RWWL day, such RWWL day will be taken and recorded as such.
2. When a person is off sick on the working day before a scheduled RWWL day, or sickness occurs during the working day before a scheduled RWWL day, and should the sickness continue into or through the scheduled RWWL day, the time will be recorded as sick leave and the RWWL day shall remain in the employee's Article 11.10 (a) time bank and may be rescheduled at a later date.

Yours truly,

Susanne Matheson

RE: APPLICATION OF ARTICLE 7.10(g)

With respect to the language found in Article 7.10(g) which reads "...Where an employee who bids laterally on the same position they currently hold does not possess the required educational qualifications, they shall be deemed to possess such qualifications...", the Parties agree to the following:

It is understood that this language was not intended to "automatically" apply to temporary employees nor regular employees temporarily holding positions other than their regular positions. Notwithstanding this, it is further understood that although these employees are not "automatically" deemed to meet the educational requirements by virtue of this language, they may be otherwise deemed to possess such qualifications through an appropriate assessment. Any equivalencies applied in these circumstances shall be applied in a fair and consistent manner.

MEMORANDUM OF UNDERSTANDING # 41
RE: LIFESTYLE COORDINATORS

WHEREAS, B.C. Hydro requires the flexibility to select and rotate employees from any employee group to perform the function of Lifestyle Coordinator in the employer's health and wellness program in order to ensure the continued success of the program; and

WHEREAS, The Office and Professional Employee's Union Local 378 takes the position that the Lifestyle Coordinator duties are encompassed by the Union's Order of Certification;

NOW THEREFORE, the Parties agree that the following terms will apply in resolving their mutual concerns:

- (1) job selections for the position of Lifestyle Coordinator will be made based on the language of Article 7.10(d); however, the Union has acknowledged B.C. Hydro's concern that the employer must be able to solicit interest and select candidates from all employee groups. To this end the Parties further agree as follows:
 - (a) applicants from all employee groups will be evaluated based on the same selection criteria for any given competition; and
 - (b) should an applicant from outside the MoveUP bargaining unit apply and whose ability is significantly and demonstrably higher than applicants within the bargaining unit, the Employer shall be free to select the external applicant, subject to the grievance procedure. In the event the successful applicant is from outside the bargaining unit, the terms of Points 4(a) - (c) below shall apply.
- (2) in order to encourage interest in available Lifestyle Coordinator positions, job bulletins shall be posted in a generic, "expression of interest" fashion, with mention made that the positions are covered by the terms of the MoveUP Collective Agreement;
- (3) Lifestyle Coordinator positions may be either permanently held by the incumbent, or they may be designated as rotational, subject to the operational requirements of the area to which the position reports. Where the position is designated as rotational, the following applies:
 - (a) the Parties agree to apply the terms of Article 20.04 for up to 3 years from the date of selection;
 - (b) the successful applicant's regular position will be held open and the applicant shall return to this position following their rotation as a Lifestyle Coordinator. Such applicants shall not be eligible to occupy any other rotational Lifestyle Coordinator position for a

period of 3 years from the expiry date of his/her most recent rotation.

- (c) where the successful applicant is from outside the bargaining unit, the terms of Article 20.04(f) shall apply for the duration of the rotation, with an equivalent union dues deduction payable to MoveUP for this period.
- 4. current Lifestyle Coordinator incumbents at the signing of the 14 July 1992 Letter of Understanding shall remain in their positions and retain their current affiliations.
- 5. if a Lifestyle Coordinator position is posted to be permanently held, rather than designated as rotational, all persons, including incumbents of other Lifestyle Coordinator positions may apply. The 3 year restriction set out in (3) above does not apply.
- 6. any person whose regular position is a bulletined permanent Lifestyle Coordinator position is not eligible to apply for a Lifestyle Coordinator position when it is posted on a rotational basis.
- 7. persons who occupy a rotational Lifestyle coordinator position are not eligible to compete for other rotational Lifestyle Coordinator positions.
- 8. persons occupying a rotational Lifestyle Coordinator position are subject to being bumped in accordance with Article 9.07 of the collective agreement. Incumbents of rotational Lifestyle coordinator positions who are bumped shall be returned to their regular position. Employees who bump into the rotational Lifestyle Coordinator position shall occupy that position only for the remainder of the rotational period after which time they shall receive options in accordance with Article 9.08 of the collective agreement. Vacant rotational Lifestyle Coordinator positions will not be considered vacancy placement opportunities under Article 9.05 of the collective agreement.

This Memorandum of Understanding may be changed at any time, or otherwise terminated, by mutual agreement of the parties.

RE: PAST SERVICE CREDITS FOR DETERMINING
OF ANNUAL VACATION ENTITLEMENT

Following the completion of one year service after re-entry, the employee will earn and take their vacation entitlement at the rate of 6%, 6.4%, 8%, 10%, or 12% depending upon his/her vacation entitlement taking into account the employee's past service credits.

During the first year of re-employment, the employee will earn vacation at a rate of 6%. In the second year of re-employment beginning March 23/06, that employee would earn Annual vacation at a rate of 8%. If that same employee were to quit employment on June 23/06, they would be paid their annual vacation entitlement from March 23/06 to June 23/06 at 8%.

Annual Vacation is credited on the first day of January each year. A returning employee is entitled to past service annual vacation commencing on their first anniversary date of their return to BC Hydro. However, for system reasons, the actual days of entitlement do not appear in the employee's vacation account until the following January. So to carry the example further, if the employee did not quit employment, the 20 days of vacation to which they were entitled would appear on their records in January 07.

MEMORANDUM OF UNDERSTANDING # 44

RE: RESPECTFUL WORKPLACES

1. BC Hydro and MoveUP, are committed to providing a workplace that maximizes each employee's contribution to the success of the corporation to the greatest extent possible. The purpose of this Memorandum is to promote respectful behaviour and to prevent disrespectful behaviour within BC Hydro's workplace wherever possible.
2. Employees are responsible for conducting themselves within the spirit and intent of this Memorandum and for contributing to a workplace free of harassment and disrespectful behaviour.
3. Managers will foster in their areas a working environment where harassment and other disrespectful behaviours as defined in this memorandum are not tolerated, and will take timely action whenever they have knowledge of these behaviours.
4. The Employer is committed to providing tools and training to employees and managers to provide them with information, tools and processes for resolving issues that arise under this memorandum.
5. Retaliation against an individual for making a complaint or participating in a resolution process under this Memorandum is prohibited. Such retaliation shall be considered a form of harassment and shall be dealt with through this Memorandum.
6. The parties to this memorandum agree to handle matters arising within it under the strictest confidentiality.
7. The parties agree that findings made as a result of an investigation under this Memorandum that employees have engaged in disrespectful behaviour as defined in this Memorandum.
8. Definitions

(a) Respectful Workplace Behaviour:

- Respectful behaviour is being considerate and compassionate of others; it also includes treating others with dignity and respect while communicating openly and honestly. Respectful behaviour in the workplace is work-focused, professional and in keeping with BC Hydro's Core Values.
- Respectful Workplace Behaviour includes legitimate performance management or disciplinary conversations between managers and their employees.
- All BC Hydro employees, contractors and managers are expected to exhibit respectful workplace behaviour in the course of performing their duties for or on behalf of BC Hydro.

(b) BC Hydro Workplace:

- A “BC Hydro Workplace” includes any offices, plants, stations, or other physical facilities where work is performed by BC Hydro employees or contractors.
- It also may include any place where there is a link between work performed by BC Hydro employees, or on behalf of BC Hydro, and an employee or contractor’s activities.

(c) Disrespectful Workplace Behaviour:

- Disrespectful Workplace Behaviour can be viewed as the opposite of Respectful Workplace Behaviour. There are four types of disrespectful behaviour that are unacceptable in BC Hydro’s workplaces:

(i) Personal Harassment: Deliberate conduct or comment, which a reasonable person would consider to be:

- Objectionable;
- Directed towards a specific person or group;
- Serves no legitimate work purpose, and;
- Has the effect of creating an intimidating, humiliating or offensive workplace.
- This does not include actions taken in good faith while exercising managerial/supervisory rights and responsibilities (e.g. performance reviews and performance management).

(ii) Sexual Harassment: Unwelcome conduct or comment of a sexual nature that detrimentally affects the work environment or leads to adverse job-related consequences. Conduct of a sexual nature includes, but is not limited to:

- Sexual or physical assault;
- Propositions in exchange for workplace favours;
- Derogatory or degrading remarks of a sexual nature or regarding gender or sexual orientation;
- Sexist jokes causing embarrassment or offence told or carried out after the joker has been advised that they are embarrassing or offensive, or that by their nature, would be understood by a reasonable person to be embarrassing or offensive;
- Unwelcome sexual flirtations, advances or propositions, sexually suggestive or obscene comments or gestures, leering;
- Other like behaviour.

This definition of sexual harassment is not meant to inhibit interactions or relationships based on mutual consent or normal social contact between employees.

(iii) Workplace Violence: “The attempted or actual exercise by a person of physical force within the context of work so as to cause injury to a worker, and includes any threatening statement or behaviour which gives a worker reasonable cause to believe that the worker is at risk of injury.” (*OSH Standard 802*)

(iv) Discrimination: Discrimination is any objectionable or unwelcome conduct or comment in respect to a prohibited ground as listed in the BC Human Rights Code. These grounds are:

- Race;
- Colour
- Ancestry;
- Place of Origin;
- Religion;
- Marital Status;
- Family Status;
- Physical or Mental Disability;
- Sex;
- Sexual Orientation;
- Age

As with Disrespectful Behaviour, Discrimination is not tolerated at BC Hydro. Disrespectful Workplace Behaviours may be a part of, or a form of, Discrimination when based on a ground listed above.

(d) Whether or not conduct is seen as “disrespectful” will depend on the circumstances of each case. In most cases, the complainant must expressly reject the conduct or object to the conduct in order to complain about it. In other cases, it will be sufficient if the individual engaging in the behaviour knows or ought to have known that the conduct is unwelcome.

9. Resolution Procedures

(a) Employee Self-Help Resources

- i) Employee-to-Employee: An employee who believes they are experiencing disrespectful conduct should first discuss the matter directly with the employee(s) involved.
- ii) Employee-to-Manager: An employee who believes they are experiencing disrespectful conduct but is not comfortable dealing with the matter directly should raise the matter with their manager. If the employee is experiencing difficulty with their manager’s conduct, they should raise it to their manager’s superior, or to their area’s Human Resources Business Partner.

- iii) Respectful Workplace Coordinator: Employees may also consult with BC Hydro's Respectful Workplace Coordinator at any point in the process. Participation in any of services offered by the Respectful Workplace Coordinator is voluntary for all parties. First-time consultations will be kept confidential, unless the matter is escalated to BC Hydro management or unless the same parties to an issue request assistance of the Respectful Workplace Coordinator a second time.

(b) Internal Investigations

- (i) Employees who believe that they have been subjected to disrespectful behaviour may request an Internal Investigation into the matter after attempting to resolve the issue using the employee self-help resources.
- (ii) An Internal Investigation will also occur without the need for a request by an employee if a manager becomes aware of potential disrespectful behaviour as defined in this Memorandum,.
- (iii) The purpose of an Internal Investigation is to determine whether there has been a violation of this Memorandum and to seek ways of resolving the issue to the parties' mutual satisfaction. If there is no potential resolution to the issue, the investigators will make a determination whether there has been a violation of this Memorandum.
- (iv) The Manager, Employee Relations will be notified of the request or need for an Internal Investigation. Employee Relations, will notify the appropriate MoveUP Union Representatives of the matter prior to the commencement of an investigation.
- (v) The Internal Investigation will be conducted by the manager responsible for the area where the matter arises, with the assistance of an HRBP. Where the matter concerns the manager responsible for the area, that manager's superior will conduct the Internal Investigation.
- (vi) Upon completion of the investigation, the HRBP and manager will write a report of their findings, and send a copy of this report—with all of their meeting notes attached—to the HR Team Lead, the Respectful Workplace Coordinator, the Manager - Employee Relations and the MoveUP Union Representative(s) involved in the investigation will receive a copy of the report.
- (vii) Complainant(s) and Respondent(s) will receive a letter summarizing the findings of the investigation, but will not receive a copy of the full report.

(c) External Review and Investigation

- (i) If one or more employees involved in an Internal Investigation disagree with the findings of the HRBP and the manager, they may file a request for an External Review within ten (10) days of receiving the written results of the Internal Investigation.
- (ii) In exceptionally complex circumstances, BC Hydro may decide to ask an External Complaint Officer to conduct an External Investigation into the matter instead of engaging an Internal Investigation. Where this

matter involves a unionized employee, BC Hydro will consult with the appropriate MoveUP Union Representative(s) prior to selecting the external Complaint Officer.

- (iii) An External Review is a review of the internal investigation results, and an External Investigation is an investigation conducted by a non-BC Hydro employee. Both are conducted by an External Complaint Officer.
- (iv) External Complaint Officers are assigned to conduct Reviews or Investigations by the Respectful Workplace Coordinator at the request of BC Hydro under this Memorandum. They may be a Respectful Workplace Advisor, but will in all cases have experience, training and/or expertise in conducting harassment investigations.
- (v) The External Complaint Officer will review all documents made during the Internal Investigation, and will meet once with each participant in the Internal Investigation. The External Complaint Officer will then determine whether or not the findings of the Internal Investigation are supported by the evidence collected, and issue a report of their findings to the CHRO, Manager - Employee Relations, the Vice-President for the area, the HR Team Lead(s) for the area(s) involved in the matter, the Respectful Workplace Coordinator, and Union Representative(s) involved in the investigation.
- (vi) Only if the External Complaint Officer determines that the findings of the Internal Investigation are not supported by the evidence, the External Investigator will conduct their own External Investigation into the matter. The External Complaint Officer will write a report summarizing the evidence collected and their findings, and this report will be sent to the CHRO, Manager, Employee Relations, the Vice-President for the area, the HR Team Lead(s) for the area(s) involved in the matter, the Respectful Workplace Coordinator, and the Union Representative(s) involved in the investigation. This report is not to be distributed to anyone else.
- (vii) Complainant(s) and Respondent(s) will receive a letter summarizing the findings of the investigation, but will not receive a copy of the full report.

(d) Issue Resolution

- (i) Following the completion of any investigation or review, the manager(s) for the area(s) involved in a Respectful Workplace matter will meet with the Respectful Workplace Coordinator and the appropriate HR Team Lead to review the needs of the work groups affected by the findings, and to put into place any steps that must be taken to ensure that the area is productive and free of disrespectful behaviour in the future. Where this matter involves a MoveUP member, BC Hydro will consult with the appropriate Union Representative(s) prior to making this decision.
- (ii) Wherever appropriate or at the recommendation of the Respectful Workplace Coordinator, the Respectful Workplace Coordinator, Manager, Supervisor and/or HRBP will meet with the Complainant(s),

- Respondent(s) and their Representatives together when working towards resolving an issue.
- (iii) If there are findings that the Respectful Workplace Policy was violated by one or more individuals, the HRBP and manager, in conjunction with Employee Relations and the HR Team Lead, will determine an appropriate remedy. Where this matter involves a unionized employee, BC Hydro will consult with the appropriate MoveUP Union Representative(s) prior to making this decision.
 - (iv) The HRBP and manager will meet with each of the employees directly involved in the investigation, along with their Representatives, to advise them of their findings and their implications, both verbally and in writing via a letter summarizing the report.

(e) Issue Follow-up

- (i) Within six months following the conclusion of an Internal Investigation, External Review or External Investigation, the Respectful Workplace Coordinator will contact the Manager / Supervisor (s) responsible for the area(s) where the issue arose and the Union Representatives involved in the matter, and will follow up on the outcome of the report and the current state of the workplace subject to investigation. The Respectful Workplace Coordinator will document this conversation and provide a summary to the HR Team Lead and the Employee Relations Manager.
10. This Memorandum of Understanding shall be effective with the re-launching by BC Hydro of the Respectful Workplace Policy, and deemed to be incorporated into the Collective Agreement between the Employer and the Union as if set forth in full therein in writing, and shall so apply.

MEMORANDUM OF UNDERSTANDING # 48
RE: INITIAL IMPLEMENTATION AND ONGOING MAINTENANCE OF
PAY EQUITY JOB EVALUATION

Whereas the Parties agree that this Memorandum of Understanding will govern the settlement of grievances #18-96 (96.0059) and # 91-95 part 2 (95.0241), where applicable: and, whereas it is agreed the provisions of article 9 do not apply to the implementation and ongoing administration of the Pay Equity Job Evaluation Plan, except with respect to matters that are not expressly provided herein,

the Parties agree to the following:

1. The Parties agree that each provision of this Memorandum will only apply with respect to emerging jobs derived from or superceding the originating job, unless otherwise agreed by the Parties.
2. This Memorandum stands alone and the Parties agree that its provisions cannot be relied on in any dispute with respect to the interpretation or application of any other provision of the Collective Agreement. It is confined to those issues defined as falling within its terms.
3. Disputes arising under this Memorandum will be addressed in an expedited process by reference to one of the following mediator/arbitrators - J. Gordon, A. Hope, S. Kelleher, D. Munroe. The process will be informal and decisions that cannot be reached by consensus will be made by the mediator/arbitrator and will be final and binding. The mediator/arbitrator will be selected for disputes by rotation or by mutual agreement provided that the mediator/arbitrator selected agrees to hear the dispute within 7 working days and to publish any decisions required within 72 hours of having completed the hearing. Decisions will not be precedential; will be brief; will be confined to findings of fact, brief analysis and the result.
4. Where there are *multi-incumbents* in the same job within a department (a department for purposes of this memorandum is the same as referred to in Article 7.10(a)) and as a result of applying the Pay Equity plan for *one or more but not all* the incumbent's positions are to be *upgrouped*, it is recognized that no candidate has a vested right to the upgrouped job. B.C.Hydro will apply the process outlined in Article 7.10(a) among the multi-incumbents. Where there is an increase in position(s) or if there is an existing vacancy they will be filled using the process outlined in Article 7.10(a) or (b). Selections will be based on Article 7.10(d).
5. Where there are *multi-incumbents* in the same job within a department and as a result of applying the Pay Equity plan *one or more but not all* the incumbent's positions are to be downgrouped, the decision as to which incumbent(s) will remain in the higher position will be addressed under the expedited mediation/arbitration process set out in this Memorandum. In

the circumstances where this paragraph applies, the determination of which incumbent will remain in the higher position will be based upon a sufficient ability test, with the result that the senior incumbent who has the sufficient ability to perform the work in the higher position will be entitled to that position and the junior employee will assume the lower level position. Where the senior incumbent does not have the present sufficient ability to perform all of the work in the higher position, but would have such ability had he or she been given a specific training opportunity that was provided to a junior employee in the same job, the senior employee will be offered the same training with the condition that the training is successfully completed within a 90 day calendar period. (As per LOA #4 re: Interpretation of MOU #48 - February 2000).

6. Where there are *single or multi-incumbents* in the same job within a department and as a result of applying the Pay Equity plan all the incumbents positions are either *upgrouped, downgrouped or remain at the same level* they will all be assigned to the job.
7. Where there is a *single incumbent* in a job within a department and duties are added, deleted, or otherwise changed and either a different existing title is required at the *same level or different level* or a new job is created at the *same level or different level*, then providing the emerging job is derived from the originating job or supercedes the originating job or if the Parties otherwise agree, and providing the incumbent has the present ability to do the job she/he shall assume the position. In the event the individual does not have the present ability and cannot achieve the necessary level of ability with training, in a reasonable period of time, the individual will be displaced.
8. Where there are *multi-incumbents* in the same job within a department and duties are added, deleted or changed in one or more but not all positions and either a different existing title is required at the *same level* or a new job is created at the *same level*, then provided the emerging job is derived from the originating job or supercedes the originating job or if the Parties otherwise agree, the incumbent with the greatest seniority and present ability to perform the job shall be offered the position first. In the event none of the incumbents in the originating job elect to fill the emerging job, the incumbent with the least seniority and present ability would assume the job. If none of the incumbents has the present ability and cannot achieve the necessary level of ability with training in a reasonable period of time, the most junior individual(s) will be displaced.
9. Where there is a *single incumbent* in a job within a department, pursuant to Article 9.16(a) and (b) the incumbent may be transferred from his/her current job to a job *at another headquarters* having the *same level* but a different job title and job code, provided the emerging job is either derived from or supercedes the originating job.

10. Where there are multi-incumbents in the same job within a department and pursuant to Article 9.16(a) and (b) one or more but not all of the incumbents are to be transferred from their current job to a job at another headquarters having the same level but a different job title and job code, then providing the emerging job is either derived from or supersedes the originating job, the incumbent with the greatest seniority and present ability to perform the job shall be offered the position first. In the event none of the incumbents in the originating job elect to fill the position, the incumbent with the least seniority and present ability would be directed.

MEMORANDUM OF UNDERSTANDING # 49
RE: CONTINUOUS SHIFT OPERATIONS AT NCS

This Memorandum is for a one year pilot period commencing pay #2 on January 10th, 1998, and will be renewed and become part of the Collective Agreement following the pilot period unless either Party provides 2 months notice of intention to seek modification or let the agreement lapse.

In the event a dispute arises over the interpretation or application of this Memorandum the matter will be decided giving consideration to the principle that the agreement is not intended to result in decreased benefits or conditions for the employees; neither should the agreement result in increased costs for the employer.

1. The hours of work for full-time Computer Operator 3 employees in continuous operations will be from 7:00am to 7:15pm or 7:00pm to 7:15am. Starting times may be varied by agreement of the Manager and the employee(s).
2. Shift rotation will be on a four 'days on' - six days off basis with the exception of the relief shifts, which will be three 'days on' - four days off. This includes 17 RWWL days built into the schedule. The shift rotation may be changed by mutual agreement between the majority of the affected employees and management. The Union will be notified of any proposed changes to established shift rotations prior to their implementation. In the event the Union disagrees the original shift rotation will be maintained.
3. Each shift shall have an unpaid lunch period of 35 minutes.
4. In the event an employee is scheduled for an education course on a day(s) that would normally be scheduled off, the employee will be paid at straight-times for the duration of the course, subject to a minimum payment of four hours. The employee may elect to be paid cash or have the time credited to their time off bank. If notice of less than 24 hours is received the employee affected will be paid at overtime rates for the first day of the course. Should an employee be scheduled for training on their scheduled days off more than once in an eight week period, overtime rates will apply.
5. Subject to the approval by the Manager or his/her designate, employees under this memorandum may request a mutual exchange of working hours. Each employee shall assume the hours of work of the employee she/he replaces but shall continue to receive her/his own regular rate of pay. If premium payment is involved, the premium will be paid to the employee working the work period to which the premium rate applies.

6. It is understood that shifts will be 11 hours 40 minutes, excluding the lunch period. An employee's time bank will be credited with 4.16 hours for each day worked.
7. Annual vacation, sick leave, WCB, jury duty, compassionate leave, etc. are paid at 7.5 hours for each day scheduled to work, with 4.16 hours being added to their time bank.
8. An employee's entitlement to annual vacation days will be pro-rated by dividing the annual vacation entitlement in hours by 11.66. The corresponding calculations are:

15 days vacation - 9.65 scheduled days off
20 days vacation - 12.85 scheduled days off
25 days vacation - 16.05 scheduled days off
30 days vacation - 19.30 scheduled days off

Partial days will be converted back to hours and added to the employee's time bank in the New Year.

9. 'Days on' that are scheduled off for other than current vacation entitlements will have 7.5 hours paid from their time bank. Each pay period will also have 4 days off scheduled which represent the equivalent of Saturdays and Sundays.
10. Employees shall have three 15 minute paid rest periods per shift.
11. Employees shall be scheduled to work 150 shifts (totaling 1750 hours) in each calendar year, less vacation entitlement.
12. If at the end of the calendar year a shift worker has not worked or has exceeded the prescribed hours (1750 hours), the excess or deficit will be carried over and integrated into the schedule for the first quarter of the following calendar year.
13. Employees who work statutory holidays as part of their 'days on' schedule shall be paid a premium rate of one and one-half times the normal rate of pay for all hours of work which fall on the statutory holiday (00:00 - 24:00 including Christmas Day and New Years Day).
14. No NCS employee shall be scheduled to work both Christmas day and New Years Day. Christmas day for scheduling purposes only shall be considered the period between 7:00pm Dec 24th to 7:15pm Dec 25th. New Years day shall be considered the period between 7:00pm Dec 31st to 7:15pm Jan 1st.
15. As statutory holidays are already excluded from the scheduled 1750 hours, employees are not entitled to any additional days off.

16. Shift premiums cease upon commencement of LTD.
17. Notice of relief situations under Article 12.05(k) shall include vacation relief, banked time off requests and training.
18. Employees working these shifts will receive 11.727% premium on their gross salary representing a blended average of the shift premiums under Article 12.05(f)2.

MEMORANDUM OF UNDERSTANDING # 50
RE: PAYOUT OF TIME OFF BANK UPON CHANGE OF STATUS
FROM/TO FTR TO/FROM PTR

The Union and the Employer (hereinafter referred to as the "Parties") hereby agree to the full and final settlement of the Payout of Time Off Bank When Changing Employee Status from FTR to PTR Grievance (Union #97.0054/BCH #48/96) upon the following terms and conditions:

1. An employee who changes status from FTR to PTR or vice versa will maintain their time off bank accumulated under Article 11.10 (a). This time off bank does not include current year Annual Vacation.

2. **Changing Status from FTR to PTR.**

PTR employees are automatically paid a bi-weekly percentage for AV, RWWL and Statutory Holidays as outlined in Article 1.06(b) 7 & 8. This percentage payment will be applied to time scheduled off as a PTR. It is understood that when changing status from FTR to PTR, Pay Department will make a one time adjustment to the number of days in the employee's time off bank earned as a FTR such that when a day is taken from the time off bank as a PTR and the bi-weekly percentage is applied, the amount paid out as a PTR equates that which was earned as an FTR.

The benefit calculation formula used in determining the appropriate bi-weekly percentage is: $\{(AV\% + 4.4\%) \times 1.07\} + 7\%$ where the AV% is based on the employee's years of service, 4.4% is the percentage for statutory holidays, and 7% is the percentage for RWWL days. Because AV and Statutory holiday pay form part of gross bi-weekly earnings as per Article 1.06(b)(8), these amounts are multiplied by 1.07 to ensure RWWL is paid on earned AV and Statutory holiday pay.

For example, an employee with 5 years of service will have a bi-weekly percentage of 18.13% applied to their pay upon changing status to PTR. If such employee had 20 days in their time off bank, upon change of status to PTR, their time off bank will be adjusted to 16.93 days (20 days divided by 1.1813). This adjustment will keep the employee whole as the employee's bi-weekly percentage will automatically be applied back to their pay when the employee utilizes time from their time off bank.

3. **Changing Status from PTR to FTR.**

When changing status from PTR to FTR the employee's time off bank will be increased by the amount of the employees' applicable bi-weekly percentage.

4. Any request by an employee to have their time off bank paid out in cash will be made as per Article 11.10 (c).

5. This agreement also applies to an employee who changes status from FTT to PTR. The provisions of point #2 above will apply in this case.
6. This agreement does not apply to an employee who changes status to or from that of a Casual. It is understood that for an employee who changes status from FTR, PTR or FTT to that of Casual, that the employee's time off bank will be paid out in full. Similarly, should a Casual employee accumulate a time off bank and then change status to FTR, PTR or FTT, their time off bank will be paid out in full.

MEMORANDUM OF UNDERSTANDING # 51
RE: SEVEN DAY PER WEEK SHIFT OPERATIONS
AT NETWORK OPERATION SERVICES

The agreement reached under this Memorandum is necessitated by recent developments within the Electric Utility Industry in the Pacific Northwest and California. Effective 31 March 1998 at the latest, the respective Utilities will be implementing a seven day per week Pre-Scheduling function within their Control Areas. In order to accommodate this change in the BC Hydro Control Area, the Parties have agreed to a shift operation of the Pre-Scheduling function currently located at Burnaby Mountain, within T&D Network Operation Services.

In the event a dispute arises over the interpretation or application of this Memorandum the matter will be decided given consideration to the principle that the agreement is not intended to result in decreased benefits or conditions for the employees; neither should the agreement result in increased costs for the employer.

1. The hours of work for full-time Transmission Records Administrator employees in the Network Operation Services seven day per week operations will be from 07:15hrs to 18:00hrs. Starting times may be varied by agreement of the Manager and the employee(s).
2. Shift rotation will be on a four 'days on' - four 'days off' basis. The shift rotation may be changed by mutual agreement between the majority of the affected employees and management. The Union will be notified of any proposed changes to established shift rotations prior to their implementation. In the event the Union disagrees the original shift rotation will be maintained.
3. Each shift shall have an unpaid lunch period of 30 minutes.
4. In the event an employee is scheduled for an education course on a day(s) that would normally be scheduled off, the employee will be paid at straight-times for the duration of the course, subject to a minimum payment of four hours. The employee may elect to be paid cash or have the time credited to their time off bank. If notice of less than 24 hours is received the employee affected will be paid at overtime rates for the first day of the course. Should an employee be scheduled for training on their scheduled days off more than once in an eight week period, overtime rates will apply.
5. Subject to the approval by the Manager or his/her designate, employees under this memorandum may request a mutual exchange of working hours. Each employee shall assume the hours of work of the employee s/he replaces but shall continue to receive his/her own regular rate of pay. If premium payment is involved, the premium will be paid to the employee working the work period to which the premium rate applies.

6. It is understood that shifts will be ten hours and 15 minutes (10.25 hours), excluding the lunch period. An employee's time bank will be credited with 2.75 hours for each day worked.
7. Employees shall have three 15 minute paid rest periods per shift.
8. Current annual vacation, current RWWL days, sick leave, WCB, jury duty, compassionate leave, etc. are recorded at 7.5 hours for each day scheduled to work, with 2.75 hours being added to their time bank.
9. An employee's entitlement to annual vacation days will be pro-rated by dividing the annual vacation entitlement in hours by 10.25. The corresponding calculations are;

15 days vacation - 10.98 scheduled days off
 20 days vacation - 14.63 scheduled days off
 25 days vacation - 18.29 scheduled days off
 30 days vacation - 21.95 scheduled days off

10. Employees will continue to be eligible for the cash payment in lieu of time off for any of the 17 RWWL days as set out in Article 11.01(a). Employees electing time off will have their RWWL days pro-rated by dividing their RWWL entitlement (in hours) by 10.25 as follows:

Regular Y days	Pro-rated amount
17	12.44 days
16	11.71 days
15	10.98 days
14	10.24 days
13	9.51 days
12	8.78 days
11	8.05 days
10	7.32 days
9	6.59 days
8	5.85 days
7	5.12 days
6	4.39 days
5	3.66 days
4	2.93 days
3	2.20 days
2	1.46 days
1	0.73 days

11. Partial or unused annual vacation days will be converted back to hours and added to the employee's time bank in the new year. Partial or unused RWWL days as in item 10 which reside in the time bank will be converted back as well.
12. "Days on" that are scheduled off for other than current vacation entitlements or current RWWL days will have 7.5 hours paid from their

- time bank. Each pay period will also have 4 days off scheduled which represent the equivalent of Saturdays and Sundays.
13. Employees shall be scheduled to work an average 182.5 shifts (totaling 1875 hours) in each calendar year, less vacation entitlement and RWWL days.
 14. If at the end of the calendar year a shift worker has not worked or has exceeded the prescribed hours (1875 hours), the excess or deficit will be carried over and integrated into the schedule for the first quarter of the following calendar year.
 15. Employees who work statutory holidays as part of their 'days on' schedule shall be paid at a premium rate of one and one-half times the normal rate of pay for all hours of work which fall on the statutory holiday. No Pre-Scheduling employee shall be scheduled to work both Christmas day and New Years day.
 16. As statutory holidays are already excluded from the scheduled 1875 hours, employees are not entitled to any additional days off.
 17. Shift premiums cease upon commencement of LTD.
 18. Employees working these shifts will receive premiums in accordance with the shift premiums under Article 12.05(f)1. I.e.: 6.7% between 07:15 - 08:00 and 16:30 and 18:00.

MEMORANDUM OF UNDERSTANDING #52
RE: BURRARD GENERATING STATION

This agreement replaces Memorandum of Understanding #52 dated April 27, 2000. It addresses the provision of laboratory analytical support on a 7 day per week basis for routine Burrard Generating Station (BGS) operations. This MOU will expire at the end of April 2003 unless otherwise agreed by the Parties.

In the event a dispute arises over the interpretation or application of this memorandum the matter will be decided giving consideration to the principle that the agreement is not intended to result in decrease benefits or conditions for employees, neither should the agreement result in increased costs for the employer.

1. The hours of work for the full-time regular and full-time temporary (FTR and FTT) Lab Technicians scheduled for 7 day coverage shall be from 7:00 am to 3:30 pm.

Starting and ending times may be varied by agreement of the manager and the employee(s).

2. The shift schedule for the full-time temporary (FTT) Lab Technical Assistant(s) that may be hired for the cooling water test program shall be determined by the Parties with consideration given to operational requirements.

Starting and ending times may be varied by agreement of the manager and the employee(s).

3. The shift rotation for the Lab Technicians working on the 7 day coverage shall be on a 5 day on, 3 day off basis with slight modifications to avoid weekend and statutory holiday overlap.
4. The 7 day schedule includes RWWL days, which have been built into the schedule. Consequently, the time bank enhancement does not apply to RWWL days. The scheduled rotation may be changed by mutual agreement between the affected employees and management. In the event of disagreement, the schedule rotation described herein shall be maintained. The Union shall be notified of any changes proposed to the established scheduled rotation prior to their implementation. In the event the Union disagrees the scheduled rotation described herein shall be maintained.
5. Each person shall have an unpaid lunch period of 30 minutes.
6. Each person shall have two 15 minutes paid rest periods.
7. Subject to the approval of the Manager or his/her designate, employees under this memorandum may request a mutual exchange of working hours. Each employee will assume the hours of work of the employee she/he

replaces but will continue to receive her/his own regular rate of pay. If premium payment is involved, the premium will be paid to the employee working the work period to which the premium rate applies.

8. It is understood that the schedule shall be for an 8 hour day for those employees involved with the 7 day scheduled coverage excluding the lunch period. For the purposes of time keeping and since pay is based on 7.5 hr/day, for each day worked an employee's time bank shall be credited with 0.5 hours.
9. Sick leave, work related injury leave, jury duty, and compassionate leave shall be paid at 7.5 hours for each scheduled day of work, with 0.5 hours being added to their time bank.
10. An employee's entitlement to annual vacation days will not be pro-rated. Consequently, 0.5 hours will not be added to the employee's time bank.
11. Days "on" that are scheduled "off" for other than current vacation entitlements shall have 7.5 hours paid, first from their accumulated 0.5 hours/day time bank (Q time bank) and then from their regular time bank. Each pay period shall also have 4 days off scheduled. This represents the equivalent of Saturdays and Sundays.
12. Employees shall be scheduled to work a total of 1825 hours in each calendar year, less vacation entitlement. Any excess or deficits in hours will be reconciled annually on 31 December through adjustments to scheduled working hours in the next quarter.
13. Employees who work statutory holidays as part of their 'days on' schedule shall be paid a premium rate of one and one-half times the normal rate of pay for all hours of work which fall on the statutory holiday. The employees shall also have 7.5 hours credited to their time bank.
14. Employees who are scheduled to work a statutory holiday as part of their 'days on' schedule but are not required due to reduced staffing needs, may take the day off and receive 7.5 hours pay for the day. However, 0.5 hours will not be credited to the employee's time bank. It is recognized that this has the potential for an employee accumulating a negative or positive time bank balance which will require reconciliation.
15. As Statutory holidays are not built into the schedule any employee who is not scheduled to work on a statutory holiday shall be entitled to 7.5 hours credited to their time bank. No pre scheduled employee will be scheduled to work both Christmas Day and New Years Day.
16. Premiums shall be paid in accordance with Article 12.05 (f) and cease upon commencement of LTD.

17. Notice of relief situations under Article 12.05(k) include vacation relief, banked time off requests and training.

RE: SELF-FUNDED SABBATICAL LEAVE

During the 1997 round of negotiations the Parties agreed to provide regular MoveUP members the opportunity to participate in a self-funded sabbatical leave program. The details of the program are the same as what is offered to Management and Professional staff at B.C. Hydro and will be provided to an employee upon their request.

Subject to the application of Article 9, at the end of the leave the employee will return to the regular position they held immediately prior to their departure. In the event that an employee on a leave pursuant to this memorandum would have been displaced 'but for' the leave, the employee will be subject to Article 9 but will not receive their Article 9 options until their return to work date, unless otherwise agreed to by the Parties. The employee is to contact the Employer at least 14 days in advance of their return to work date to confirm their return to work.

The program that is in effect for Management and Professional staff on the date of ratification of the Agreement shall remain in effect for MoveUP affiliated employees for the term of this Agreement.

MEMORANDUM OF UNDERSTANDING # 54
RE: MoveUP AND BC HYDRO'S LABOUR RELATIONS FORUM

This Memorandum of Understanding sets out the basis for establishing and maintaining an ongoing Labour Relations Forum (Forum) between MoveUP, Local 378 of the Canadian Office and Professional Employees Union, and BC Hydro.

It is understood that a more favourable relationship cannot be simply negotiated or mandated, it must be developed together by the parties to the relationship. However, the parties recognize that without a shared relationship philosophy, it will be difficult to improve the current relationship. Representatives of MoveUP and BC Hydro therefore acknowledge the need to work jointly with each other and with their principals toward the development of a more harmonious relationship.

The MoveUP and BC Hydro also recognize that many factors, both internal and external, have created and will continue to create new challenges to an effective working relationship. The parties therefore wish to set out the principles and guidelines for the establishment of the Forum and to identify the ways in which the MoveUP and BC Hydro intend to address certain labour relations issues on an ongoing basis. Nothing in this document is intended to abrogate any rights presently held by either party. The parties also recognize that in striving to meet their objective of establishing a stable and productive working relationship, periodic amendments to this document may be required from time to time.

One of the objectives of establishing this Forum will be to have a mechanism in place to respond to certain issues raised by either party which, if not dealt with in a timely fashion, could adversely affect the relationship between the parties. The parties recognize the importance of developing a consultative Forum for purposes of securing and maintaining a Collective Agreement that reflects the ongoing needs of the parties bound by it and which seeks to build labour relations stability within BC Hydro.

1. Working/Problem Solving Sessions

A consultative Forum (known as the Labour Relations Forum) will be established, maintained, and scheduled, to enable the parties to deal with certain issues for the purpose of improving the Labour Relations environment within BC Hydro. This Forum will consist of regularly scheduled meetings between the parties, and other such meetings as required, with the expectation that there would be no less than eight meetings per year.

2. Representation

There will be two designated senior representatives assigned from each party, one of which will be the President, MoveUP (or designate), and the other, the Manager, Labour Relations, BC Hydro (or designate). The designated representatives will coordinate their respective agendas and will work toward the resolution of issues brought forward. Other participants may be brought in by the

parties on an “as required” basis to act as a resource in helping resolve the issues being addressed.

3. Issues to be Addressed

Issues brought forward by the parties may include, but not be limited to, the following: proposed changes to the collective agreement; mutually agreed unresolved issues from the most recent round of collective bargaining; other mutually agreed non-bargaining issues from either party; and, business focused operational issues that have a labour relations impact. Issues brought to the Forum will be discussed on an informal and without prejudice basis, and categorized as being: (1) potentially resolvable within the Forum; (2) not resolvable within the Forum; (3) referable to collective bargaining; and (4) set aside with reasons to the initiator. Every effort will be made to deal with “resolvable issues” as expeditiously as possible. In regard to such issues, the parties will endeavor in good faith to arrive at resolutions without external assistance. However, the parties agree that some “resolvable issues” may require third party assistance, and the parties will therefore appoint a standing mediator who may be called upon as the parties determine. The parties subsequently agreed to appoint Brian Foley as a standing mediator who may be called upon to assist the parties address same “resolvable issues”.

4. Resolution Implementation

Resolutions to issues that involve changes to the Collective Agreement shall be announced and implemented as the parties determine. It is understood that some resolutions may require a ratification procedure.

5. Communications

Communication of Forum resolutions will be jointly coordinated. To that end, the parties will keep joint minutes. In addition, each party will be free to engage in direct communications with their respective constituents, with a copy of such communiqués being sent to the other party.

Labour Relations Forum: Collective Bargaining

- Except in relation to proposed changes to the Collective Agreement, the Forum will continue its activities during periods of formal collective bargaining.
- Formal collective bargaining will commence after either party gives the other party written notice of its intention to renew the Agreement in accordance with the terms of the Collective Agreement between the parties. Typically, notice to bargain will occur no less than four months prior to the expiry of the Collective Agreement. The objective is to conclude bargaining by the expiry date of the current agreement.
- The parties will commit appropriate resources to the bargaining process to enable issues to be dealt with in an expedited and thorough fashion.
- Issues resolved through the Forum that are not ratified and implemented immediately, will subsequently be brought to the bargaining table for

incorporation in the next renewal Collective Agreement and will be subject to ratification as part of that settlement.

The parties believe that in order to achieve a positive labour relations environment there must be open communication and trust between the parties and a shift towards a more constructive approach to resolving issues of mutual concern. In support of the objective to achieve and maintain positive labour relations, the parties commit themselves to the principles of the Labour Relations Forum.

MEMORANDUM OF UNDERSTANDING #57
RE: PAY EQUITY - CSFR 5 AND WORK LEADER

(Refer to MOU #2)

Upon mediation, the Parties agreed to settle all of the outstanding grievances relating to the implementation of the Pay Equity Job Evaluation Plan (the "Plan") raised in the Union's grievance letters dated August 28, 1996 and October 1, 1996 (save and except for those matters previously resolved in the November 7, 1996 Memorandum of Understanding between the Parties), which Plan is prescribed by Memorandum of Understanding No. 33 and Article 2 of the Collective Agreement, upon the following terms:

1. The Parties recognize that under the express terms of Letter of Understanding No. 33, Section 9, the application of the Plan may result in the downgrouping of some jobs.
2.
 - (a) All employees who are currently classified as non-office Meter Readers shall remain "grandfathered" in their current job description and salary scale pursuant to the terms of the March 19, 1991 Memorandum of Agreement between the Parties re: Meter Readers. The "grandfathered" Meter Readers shall continue to be provided with the options set out in said Memorandum.
 - (b) With respect to employees hired subsequent to March 19, 1991 into positions that involve a substantial amount of meter reading, these incumbents shall continue to be classified as Customer Service Field Representative 5.
 - (c) If as a result of a review under the terms of the Plan, the CSFR 5 job is upgrouped in salary, the Parties agree that prior to the implementation of the newly evaluated CSFR 5 job, the Parties will meet to review what impact, if any, the upgrouping should have on CSFR 5 incumbents whose duties involve substantially meter reading functions. It is understood that BC Hydro may modify the job duties for those CSFR 5 positions which involve substantially meter reading functions, with the possible result that such positions and incumbents would remain at their current pay group level.
 - (d) The Parties shall establish a joint committee in an effort to address concerns raised by the Employer relating to the positions which require a substantial amount of meter reading, with the Parties agreeing to enter such discussions in good faith. The concerns raised by the employer include, but may not be limited to:
 - (i) interaction of the meter readers with the public; and
 - (ii) completion of and changes to meter reading routes.

3. If an employee is assigned substantially all the duties and responsibilities that are set out in Memorandum of Understanding No. 2 ("Work Leadership Responsibilities") that employee will be designated as a Work Leader, but if an employee is not assigned substantially all of those duties and responsibilities, the employee will not be designated as a Work Leader.

It is recognized that there may be positions with other forms of work direction and/or guidance, which duties are set out in the job description; however, these duties do not represent substantially all of the duties and responsibilities set out in MOU #2. Therefore, such positions will not have the "Work Leader" designation in their job title and will be evaluated under the Plan.

Work Leader positions shall also be evaluated under the Plan, and where the Plan does not specifically result in a higher job grouping, a Work Leader position shall be paid a minimum of one job group above the highest grouped MoveUP affiliated position over whom the Work Leader has M of U #2 responsibilities.

4. With respect to the current Plan implementation, as set out in Section 7 of MOU #33, BC Hydro shall review the manner in which jobs are described by the various Strategic Business Units and, if it is determined that there are jobs in which employees are required to do essentially the same work, every reasonable effort will be made to ensure that those jobs are described in a similar manner and are assigned the same title and job code. The Union's Job Evaluation Officer shall be provided with details of said review and be provided the opportunity for comment and input.
5. Any disputes that arise under the terms of this Memorandum of Settlement, including disputes relating to the interpretation of the Plan and descriptive relationship of jobs between Strategic Business Units, may be referred to Dalton Larson, who shall meet with the Parties and attempt to resolve the dispute through a process of non-binding mediation. Any disputes relating to the interpretation of the Plan shall be resolved by reference to the express terms of the Plan and the collective agreement and the generally recognized principles of job evaluation.

Re: CALL MONITORING FOR CALL CENTRES

The purpose of call monitoring is to ensure consistency among Call Centres and Agents, in terms of the correct dissemination of information, the application of established policies and procedures and the delivery of service to our customers.

Business calls may be randomly monitored and recorded from a remote location, a local observation point or by means of a recording device. BC Hydro agrees to provide the Union and employees with notice of equipment and facilities which are to be utilized for the purpose of monitoring and measuring individual employee performance as part of a regular performance monitoring program. The Company further agrees to advise the Union and employees of the monitoring and measuring capabilities of all job related equipment prior to the application of those capabilities.

In situations where the existence of employee performance difficulties is evident, such that more frequent monitoring is required, the employee and the Union will be advised. For the purposes of performance difficulties the Quality Listeners shall only be workleaders or management personnel. The Employer agrees not to compel any employee in the Bargaining Unit to testify before either an arbitrator or the Labor Relations Board of BC or any of its successors.

Monitoring and work-related statistics will be used to

- Provide the Company with information needed to determine the level of service to customers and to establish staff requirements,
- Enhance the ability of managers, workleaders and Call Centre Agents to work cooperatively in providing high quality work; and
- Complement employee training and development.

Business lines in the Call Centres will be equipped to enable quality monitoring of calls related to the Authority's business. Any and all private calls will be deleted. To ensure employee privacy, dedicated phones with unmonitored access have been provided for personal use. Personal calls made from these facilities will not be monitored.

MEMORANDUM OF UNDERSTANDING # 68
(Formerly a Letter of Agreement)
Re: P&C Service Center - Power Supply

The parties recognize that certain contractors and sub-contractors performing work at the P&C Service Center in Burnaby should more properly be employees governed by the MoveUP certification. To that end, BC Hydro and MoveUP agree to the following terms and conditions for their inclusion:

1. Effective the date of signing of this agreement, all positions identified in Appendix 'A' attached hereto, which are located at P&C Services in Burnaby or other future Hydro facilities which may replace it, shall be included in the Union's bargaining unit.
2. The contractors at the P&C Services Center to whom Hydro offers jobs will have the right (provided in writing) to join MoveUP or remain outside the bargaining unit ('grandparented') as long as they hold a contract with the P&C Service Center. The window for joining MoveUP is only available during the same time period the offer of employment is open for acceptance. When a 'grandparented' individual leaves his/her current or future re-negotiated contractor or sub-contractor relationship with Hydro at the P&C Services Center, and BC Hydro requires the continuation of the function within the P&C Services Center, the position will be posted pursuant to the terms of the Collective Agreement.
3. BC Hydro will submit to MoveUP, no less than quarterly, a list of 'grandparented' contractors, their positions and earnings and equivalent to union dues on the earnings, so long as they fill jobs brought within the bargaining unit by this Letter of Agreement. BC Hydro will also submit to MoveUP the sum of \$10,000 representing full settlement of retroactive dues from 1 April 1999.
4. Receipt of the dues in no way obligates the Union to represent the 'grandparented' individual.
5. The 'grandparented' individuals will only have the right to join MoveUP pursuant to the terms of item 2 above. Once they have elected to join, their decision is final.
6. Individuals who elect to join the Union will have their salaries (minus approximately 25% for benefits) blue-circled should their rate of pay be higher than the range established under the pay equity/job evaluation plan. They will in all other respects be covered by the terms of the collective agreement.
7. Individuals who elect to join the union will have their seniority established according to when they last began a continuous contractor relationship with the P&C Service Center. Effective use of the seniority granted is governed by Article 6.09c of the Collective Agreement.

8. In the event of layoffs at P&C Services and there is a mix of individuals who are 'grandparented' and Union members occupying the same positions, both groups will be pooled and subject to layoff/contract termination in reverse order of length of service, provided the remaining person(s) have the present ability to do the remaining work.

MEMORANDUM OF UNDERSTANDING # 69
(Formerly Letter of Agreement #10)

Re: Coordinator of Occupational Safety and Health (COSH) Trainees

BC Hydro is interested in providing a more comprehensive method of ensuring the orderly and adequate development of individuals interested in occupational safety and health positions. To address this need, a Coordinator of Occupational Safety and Health (COSH) Trainee position will be created pursuant to this memorandum of understanding. The goal is for individuals trained under the terms of this MOU to ultimately be qualified for Coordinator of Occupational Safety and Health (COSH) jobs within Hydro upon the satisfactory completion of a prescribed period of on-the-job training. The parties therefore agree to the following terms:

1. 24 month training opportunities will be bulletined as FTR COSH Trainee vacancies subject to the bulletining procedure within the Collective Agreement.
 - (a) Each year, BC Hydro will determine its COSH Trainees requirements and number of vacancies. The parties shall then agree on the number of COSH Trainees to be hired in the current year. Agreement shall not be unreasonably withheld.

Such vacancies shall be bulletined and preference shall be given to qualified MoveUP members currently on BC Hydro's staff.
 - (b) Interviews will be conducted with unsuccessful internal candidates, if requested, to assist those who may lack some of the necessary qualifications to determine what courses are required to enable them to qualify for the COSH Trainee program.
 - (c) Hydro will establish the standard entry level criteria, acceptability of internal applicants to qualify for entry into the COSH Trainee program, and determine the training requirements for each COSH Trainee vacancy. The training requirements will be linked to the increasing range of duties and responsibilities which are to be performed year-to-year as a COSH Trainee progresses through the range. Hydro will provide financial assistance, in accordance with Article 20 of the MoveUP Agreement and Hydro policy.
2. Each COSH Trainee will be hired into a "base" FTR COSH Trainee position within a SBU. COSH Trainees will require exposure to 4 key areas within Hydro: Transmission and Distribution, Power Supply, Corporate Groups, and Corporate Safety. Therefore, developmental rotations to all areas will occur within the 24 month period.

3. Fifteen of the 24 months in the position will be spent in the “base” SBU. Nine months in the position would be spent equally in each of the remaining 3 key areas. Developmental rotations into Corporate Groups and Corporate Safety may be combined into one 6 month rotation.
4. Each year Hydro will determine the appropriate Market Rate at which newly hired COSH Trainees will start. Successful applicants to COSH Trainee vacancies will start at the COSH Trainee start rate. Successful applicants with experience directly applicable to the job will be placed at an appropriate step on the salary scale.
5. Salary Scales:

Start Rate – Market Rate as set by BC Hydro on a year-to-year basis.
End Rate – Group 10, Minimum.

 - (a) Scales will be constructed by creating four 6 month steps. The steps up the salary scale will be determined by subtracting the start rate from the end rate and distributing the dollar difference to each of the 4 steps in equal increments.
 - (b) All COSH Trainees will progress, subject to satisfactory performance, at 6 month intervals over a period of 24 months, ending at the Minimum of the Group 10 salary scale.
 - (c) Employees who complete their training shall have their length-of-service date determined based upon the date they reach the 24 month step except as in item #10 below.
6. Coincident with the establishment of new start rates and/or a revision to the main salary scales, the salary scales shall be amended in accordance with point #5 of this memorandum.
7. Hydro will review its COSH requirements at the end of each Trainee’s training period to determine whether or not it has a need for a regular COSH vacancy and will advise the Union.
8. Regular COSH positions will be bulletined according to the Collective Agreement.
9. COSH Trainees will be expected to bulletin into COSH positions in accordance with Article 7 of the Collective Agreement.
10. While in the 2 year training period, COSH Trainees will not be eligible to apply for any MoveUP positions unless the Parties mutually agree to such a request. COSH Trainees may bid on regular COSH vacancies at any time after completing 15 months of training. If they are successful in bidding into a FTR COSH position during their training period they will

immediately advance to the Group 10 minimum and the length of service increases will be based on their anniversary date of obtaining the FTR COSH position. This notwithstanding, COSH Trainees must complete the 24 month training period. Successful applicants from within the COSH Trainee pool will be awarded a COSH position subject to the completion of the 24 month training program.

11. Should there exist COSH vacancies that cannot be filled through the normal bulletin process, the least senior COSH Trainee who has completed the program will be placed in the vacant position. Should such employees not be available, the Trainee closest to the conclusion of the program may be placed into the COSH position, provided that the Trainee has completed at least 15 months in the program.
12. The Parties will do their utmost to ensure that COSH Trainees who are not successful in bulletining into a position are placed in a regular vacancy upon completion of the 24 month program. Furthermore, upon completion of their COSH training program, trainees who were regular MoveUP affiliated employees immediately prior to entering the trainee program, and who are not able to find a COSH position, and who are not extended by mutual agreement of the parties as per point #13 below, will be guaranteed a comparable job placement within BC Hydro. Their placement will be comparable to their original "home position" before entering the trainee program.
13. Upon completion of the 24 month training program, COSH Trainee graduates may be retained in their "base" SBU FTR Trainee position for a maximum period of one year. This period may be extended by mutual agreement of the Parties and such agreement will not be unreasonably withheld.
14. Involvement from COSHs will be sought regarding the development of the training program. Furthermore, the Parties will meet on a yearly basis to discuss issues related to the ongoing delivery and success of the COSH developmental program.
15. The Parties shall establish a union-management committee of 2 managers; one from Power Supply and one from Transmission and Distribution; and 2 employee representatives that are practicing COSH's; one from Power Supply and one from Transmission and Distribution. The MoveUP shall determine, in conjunction with the practicing COSH's, the employee complement of the committee.
16. The union-management committee will make recommendations to the Manager of Corporate Safety and Health respecting the design, management, and administration of the program which will include establishing all components of the program contents and measures for progression at regular intervals, as well as:

- design, develop, monitor, and amend as is necessary the COSH Training program. This may include developing performance and assessment metrics, and a regular reporting to the Manager of Corporate Safety and Health.
 - ensure consistent treatment in the development and training program of COSH Trainees across the different Strategic Business Units (SBUs).
 - monitor cross-SBU postings.
 - review of individual performance and feedback including:
 1. confirmation that the skills, knowledge, and ability requirements set for each COSH Trainee are comparable and appropriate.
 2. confirmation of the evaluation of a COSH trainee's performance with respect to the aforementioned requirements and progression from step-to-step.
 3. identifying appropriate steps to correct any deficiencies (e.g. additional educational needs, on the job work assignments, and projects).
 4. being advised of removal from the program of any employee who fails to demonstrate satisfactory progress.
17. Disputes over the application of this memorandum shall be resolved by the Parties.
18. This Memorandum of Understanding will remain in effect until such time as the parties mutually agree to terminate the MOU, or either party unilaterally gives 90 days written notice to terminate the letter. Should either party unilaterally give 90 days written notice to terminate, the parties will be required to meet with a mediator to resolve any differences giving rise to the termination notice before the MOU can be considered terminated.

MEMORANDUM OF UNDERSTANDING # 70
(formerly known as Letter of Agreement #11)

RE: Work Leader, Transmission Scheduling-Operate Assets

In the event a dispute arises over the interpretation or application of this Letter of Agreement the matter will be decided giving consideration to the principle that the agreement is not intended to result in decreased benefits or conditions for the employee; neither should the agreement result in increased costs for the employer.

- 1 The hours of work for the full-time Work Leader Transmission Scheduling, will be from 8:15 a.m. to 5:30 p.m. Starting times may be varied by agreement of the Manager and the employee.
- 2 It is understood that shifts will be 8 hours 45 minutes, excluding the lunch period. An employee's time bank will be credited with 1.25 hours for each day worked.
3. Employees shall have two 15 minute paid rest periods per shift and one unpaid lunch period of thirty (30) minutes.
- 4 Shift rotation will be on a 4 days on (Tuesday, Wednesday, Thursday, Friday) - 3 days off (Saturday, Sunday, Monday). This includes RWWL days which have been built into the schedule (i.e. no additional RWWL days are granted as they are imbedded in the "4 days on – 3 days off" schedule). Consequently, the time bank enhancement does not apply to RWWL days. The shift may be changed by mutual agreement between the employee and management. The Union will be notified of any proposed changes to established shift rotation prior to their implementation. In the event the Union disagrees the original shift rotation will be maintained.
5. Sick leave, WCB, jury duty and compassionate leave are paid at 7.5 hours for each day scheduled to work, with 1.25 hours being added to their time bank.
6. An employee's entitlement to annual vacation days will not be pro-rated. Annual vacation will be scheduled in one-week blocks (M-F) at 7.5 hours per day. Consequently, 1.25 hours will be not added to their time bank.
7. If the employee is required to work statutory holidays as part of their 'days on' schedule, the employee shall be paid a premium rate of 150% the normal rate of pay for all hours of work which fall on the statutory holiday (00:00 -24:00). The employee will also have 7.5 hours credited to their time bank.
- 8 As Statutory holidays are not built into the schedule, if the employee is not scheduled to work on a statutory holiday, the employee shall be entitled to 7.5 hours credited to their time bank.

9. Shift premiums will be paid in accordance with Article 12.05(f) and cease upon commencement of LTD.

RE: AREA SCHEDULER AND COORDINATOR VEGETATION MAINTENANCE TRIPARTITE AGREEMENTS

The parties previously entered into tripartite agreements regarding the shared jurisdiction of the Area Scheduler and Coordinator Vegetation Maintenance positions. Due to jurisdictional challenges managing these shared positions, the parties agree as follows:

1. MOA #72 Area Scheduler and MOU # 65 Coordinator Vegetation Maintenance will be terminated effective immediately upon signing.
2. The Area Scheduler position is placed within the IBEW bargaining unit.
3. The Coordinator Vegetation Maintenance position is placed within the MoveUP bargaining unit.
4. MoveUP members currently in the Area Scheduler position will have the one time option of transferring into the IBEW bargaining unit. They must exercise this option within one month of the parties signing this agreement by signing the attached election form. MoveUP members who elect to transfer to the IBEW bargaining unit will also transfer their accrued service and seniority into the new bargaining unit. MoveUP members who elect not to transfer to the IBEW will remain a MoveUP member in their current position and their terms and conditions of employment will continue under the MoveUP collective agreement. Once the position is vacated, it will revert to a position within the jurisdiction of the IBEW and all new hires will be members of the IBEW.
5. The Area Scheduler position will be its own General Classification under the IBEW collective Agreement.
6. IBEW members currently in the Coordinator Vegetation Maintenance position will have the one time option of transferring into the MoveUP bargaining unit. They must exercise this option within one month of the parties signing this agreement by signing the attached election form. IBEW members who elect to transfer to the MoveUP bargaining unit will also transfer their accrued service and seniority into the new bargaining unit. IBEW members who elect not to transfer to the MoveUP will remain an IBEW member in their current position and their terms and conditions of employment will continue under the IBEW collective agreement. Once the position is vacated, it will revert to a position within the jurisdiction of MoveUP and all new hires will be members of MoveUP.
7. IBEW members in the Coordinator Vegetation Maintenance position who transfer to the MoveUP bargaining unit in accordance with this agreement will remain at the same rate of pay and will be placed in the MoveUP job grade 9.

8. It is understood that MoveUP has recently requested a review of the Coordinator Vegetation Maintenance. After a review of the position, the employees and the Union were advised that since the job description had not changed the evaluation rationale remained unchanged. Therefore until the job description changes, it is agreed that the position will remain at a Pay Grade 9. This is not intended to affect the right of MoveUP members to appeal the decision under the job evaluation process.
9. Members who transfer bargaining units in accordance with this agreement will have the ability to apply for current and future competitions in their new bargaining unit.

MEMORANDUM OF UNDERSTANDING #73
- Graduate Technologist Trainees (GTTs)

BC Hydro and MoveUP agree that this memorandum of understanding sets out the procedure whereby graduates of technological institutes may be hired by BC Hydro as "Graduate Technologist Trainees" (GTTs) for the purpose of ultimately filling Technologist jobs upon the satisfactory completion of a prescribed period of on-the-job training.

This MOU replaces MOU#14 for the Technologists-in-Training job streams, MOU#60 for the Engineering Graduate Technologist Trainees, MOU# 62 for the Customer Projects and Installations (CP&I) Graduate Technologist Trainees, MOU#63 for the Transmission Maintenance Graduate Technologist Trainees, and the proposed MOU for Apparatus Testing Graduate Technologist Trainees. MOU#61 (Protection & Control GTT) is no longer active, as these positions moved to the IBEW bargaining unit.

The Parties therefore agree to the following:

1. Each year, BC Hydro will determine its GTT stream requirements and number of vacancies in each Business Group. The Parties shall then agree on the number of GTTs to be hired in each stream in the current year. Agreement shall not be unreasonably withheld.
2. Regular GTT stream vacancies in designated departments are subject to the bulletining procedure within the Collective Agreement.
 - a Upon agreement between the Parties on the number of GTTs to be hired in each stream in the current year per point #1 above, such vacancies shall be bulletined and preference shall be given to qualified MoveUP members currently on BC Hydro's staff.
 - b All internal applicants will be interviewed to assist those who may lack some of the necessary qualifications to determine what courses are required to enable them to qualify for the GTT stream program.
 - c BC Hydro will establish the standard entry level criteria, acceptability of internal applicants to qualify for a GTT stream vacancy and determine the training requirements for each GTT stream vacancy. The training requirements will be linked to the increasing range of duties and responsibilities to be performed as a GTT progresses through the range of each GTT stream. BC Hydro will provide financial assistance, in accordance with Article 20 (Training) of the MoveUP Agreement and BC Hydro policy.
3. Each year BC Hydro will determine the appropriate Market Rate at which newly hired GTTs will start within each stream.

4. Coincident with the establishment of new start rates and/or a revision to the main salary scales, the salary scales shall be amended in accordance with the following:

a Group 10 End Job – Engineering GTTs and Transmission Maintenance GTTs

- i **Start Rate** - Market Rate as set by BC Hydro on a year-to-year basis.
End Rate - Group 10, Step 1.
- ii Scales will be constructed by creating four 6-month steps. The steps up the salary scale will be determined by subtracting the start rate from the end rate and distributing the dollar difference to each of the 4 steps in equal increments.
- iii All Engineering GTTs and Transmission Maintenance GTTs will progress, subject to satisfactory performance, at 6-month intervals over a period of 24 months, ending at Step 1 of the Group 10 salary scale and shall then progress to Step 2 of the Group 10 salary scale upon the completion of 36 months. Progression through the range shall not be unreasonably withheld.
- iv Employees who complete their training shall have their length-of-service date determined based upon the date they reach the 24-month step.

b Group 11 End Job – Design GTTs and Apparatus Testing GTTs

- i **Start Rate** - Market Rate as set by BC Hydro on a year-to-year basis.
End Rate - Group 11, step 1
- ii A salary scale shall be constructed by creating four 1 year steps. Step increments up the salary scale shall be determined as follows:
- iii Design GTTs and Apparatus Testing GTTs will reach the equivalent of Group 11, Step 1 upon the completion of 48 months in the program. Step rates will be determined by subtracting the Start rate from the Group 11, Step 1 rate and applying the difference in 4 equal increments.
- iv Each year, subject to satisfactory performance in the requirements per point #2(c) above, Design GTTs and Apparatus Testing GTTs will progress to the next step in the

range. Progression through the range shall not be unreasonably withheld

5. GTTs may be:

- a assigned to a headquarters for the duration of the program
- b required to change headquarters and relocate a maximum of once per year;
- c required to carry out temporary rotations to other locations/departments;
- d required to carry out temporary field and/or out of town work assignments.

6. Engineering GTTs

Candidates hired into Engineering GTT vacancies will be designated into specific departments at the time of hire and will be awarded a Group 10 job in that department subject to successful completion of the training program. Failure to complete the program will result in de-selection from the regular position.

7. Design, Transmission Maintenance and Apparatus Testing GTTs

a. Regular Technologist vacancies will be bulletined according to the collective agreement as they arise. Design, Transmission Maintenance and Apparatus Testing GTTs will be required to bid into regular positions to secure an end job. GTTs may bid after completing the first year of the GTT program. GTTs selected to these bulletins will be required to successfully complete the remainder of their respective GTT program prior to being awarded the Technologist designation. Failure to complete the program will result in de-selection from the regular position.

b. GTTs who are unsuccessful in bidding on a Technologist regular vacancy by the time they complete their program shall be placed by management into any Technologist vacancy not successfully filled through the bulletin process.

c. The Parties recognize that this process has caused a holding period in the past where there is no vacancy in which to place a GTT. While recognizing that a "Grads in Holding" situation may occur, the Parties will do their utmost to ensure that GTTs are placed in a regular vacancy upon completion of their program.

d. "Grads in Holding" may be maintained in their trainee location for a maximum of one (1) year, or as extended by mutual agreement. At the end of this holding period, "Grads in Holding" may not remain in their end training location beyond one year following graduation from the program without mutual agreement between the Parties. At the end of this period, the provisions of Article 9 will apply.

8. The Union and the Employer each agree to appoint one (1) representative from each of the four program areas to a committee to be known as the Graduate Technologists Trainees Committee. In addition to these eight participants, the Union and Employer may also appoint one (1) additional representative to provide guidance to the committee. The Chairperson for each meeting shall alternate between a representative of the Union and a representative of management. The GTT Committee will meet at least twice per year and at any other times the Committee deems necessary. It shall be the purpose of this Committee to oversee GTT programs and their application. It may also establish GTT sub-committees for individual GTT programs where there are enough trainees to warrant additional oversight within a particular program.

- a The committee in consultation with line management will be responsible for establishing all components of the program contents and measures for progression at regular intervals, including: i) confirmation that the skills, knowledge, and ability requirements set for each GTT are comparable and appropriate; ii) confirmation of the evaluation of individual GTT's performance with respect to the aforementioned requirements and progression from step-to-step; iii) identifying appropriate steps to correct deficiencies (e.g. additional educational needs, on the job work assignments, and projects.); iv) being advised of removal from the program of any employee who fails to demonstrate satisfactory progress, and; v) determination of location and timing of employee development moves. The committee shall take into consideration: (1) employee development needs and personal circumstances; (2) BC Hydro's requirements.
- b When the GTT Committee determines that it is necessary to establish a sub-committee for a particular GTT program as per paragraph 8, the Committee may delegate any of the responsibilities in 8(a) to the sub-committee. Participation on the sub-committee will be determined by MoveUP and BC Hydro.

9. Disputes over the application of this memorandum shall be resolved between the Parties.

MEMORANDUM OF UNDERSTANDING # 74

RE: FULL TIME TEMPORARY AND CASUAL COMMUNITY OUTREACH REPRESENTATIVES AND WORK LEADERS

Community Outreach Representatives and Work Leaders represent BC Hydro in communities throughout the province by attending events and delivering presentations to educate customers. The parties recognize Community Outreach Representatives and Work Leaders are a unique group of FTT and casual employees who require increased flexibility due to varied working hours. The parties agree to the following terms:

For FTT employees:

1. A work day of any consecutive 7 5 hours, exclusive of lunch period, may be scheduled between 6:00 and 22:00 at straight-time rates. Time worked in excess of 7.5 hours per day will be compensated at overtime rates.
2. A work week shall consist of 37.5 hours, consisting of five days, Monday through Sunday. Days off will not be split up more than four times in a four month period. Days worked in excess of five days in a work week will be compensated at overtime rates.
3. The employer will post the schedules two weeks in advance. If, due to legitimate business needs, it becomes necessary to vary a schedule with less than two weeks notice, the employer will ask for volunteers. Where no employee voluntarily accepts such a shift change, the Employer will vary the schedule in an equitable manner and those impacted by the change will receive the following premiums:

Change in hours of work on a pre-scheduled day:

- (i) 48 hours' notice - no penalty
- (ii) Less than 48 hours' notice - overtime pay for the difference in shift

Change in scheduled days off:

- (i) Minimum one week notice: no penalty
 - (ii) Less than one week notice: compensated at overtime rates for hours worked on scheduled day off.
4. Due to the nature of the work performed, regular weekend work is required. As such, there is no limit on the number of weekends Full Time Temporary Community Outreach Representatives and Work Leaders work in one year.
 5. Where an employee works more than 7.5 hours per day, meal entitlements will be in accordance with article 11.04.

6. Where the majority of the working hours fall outside the hours of 08:00 – 16:30, a premium of ½ hour at straight time will be paid. This premium will not apply to time worked on scheduled days off; annual vacations, statutory holidays, scheduled days off in lieu of statutory holidays, or time worked that is already attracting premium pay in accordance with paragraph three above.
7. All time worked on annual vacations shall be paid at overtime rates plus regular salary. All time worked on statutory holidays or on scheduled days off in lieu of statutory holidays will be paid at double time rates plus regular salary, except as provided in Article 13.01 (e).

For Casual Employees:

1. Once per term, the Employer will review planned use of casual staff with the Union.
2. Casual staff working in Outreach shall only be used to fill in for FTTs on sick leave, days off, and at large Outreach events or during campaigns (i.e. Power Smart Month, Spring Lighting Campaign, home shows).
3. A work day of any consecutive 7.5 hours, exclusive of lunch period, may be scheduled between 6:00 and 22:00 at straight-time rates. Time worked in excess of 7.5 hours per day will be compensated at overtime rates.
4. Where an employee works more than 7.5 hours per day, meal entitlements will be in accordance with article 11.04.
5. Where the majority of the working hours fall outside the hours of 08:00 – 16:30, a premium of ½ hour at straight time will be paid.
6. The Employer will post the schedules two weeks in advance, however because of the nature of casual work, two weeks advance notice may not always be possible.
7. If for any reason, either party wishes to terminate this agreement with respect to the use of casual employees only they can do so by providing 30 days notice.

MEMORANDUM OF UNDERSTANDING # 75

RE: FULL TIME REGULAR COMMUNITY OUTREACH REPRESENTATIVE WORKLEADERS

Preamble:

The purpose of this agreement is to allow for the creation of two FTR roles (one in the lower mainland and one on Vancouver Island) with the same flexibility set out for the FTT Community Outreach Representatives and Work Leaders under MOU # 74, on a trial basis. The parties recognize that the flexibility inherent to this role differs from that generally required of FTR employees.

The parties acknowledge that Community Outreach events occur on almost all weekends throughout the year and require the use of Work Leaders during this time. The parties also acknowledge that time off on weekends will be subject to essential operational requirements and managerial approval.

As such, the following terms will apply:

1. A work day of any consecutive 7.5 hours, exclusive of lunch period, may be scheduled between 6:00 and 22:00 at straight-time rates. Time worked in excess of 7.5 hours per day will be compensated at overtime rates.
2. A work week shall consist of 37.5 hours, consisting of five days, Monday through Sunday. Days off will not be split up more than four times in a four month period. Days worked in excess of five days in a work week will be compensated at overtime rates.
3. The employer will post the schedules two weeks in advance. If, due to legitimate business needs, it becomes necessary to vary a schedule with less than two weeks notice, the employer will ask for volunteers. Where no employee voluntarily accepts such a shift change, the Employer will vary the schedule in an equitable manner and those impacted by the change will receive the following premiums:

Change in hours of work on a pre-scheduled day:

- (i) 48 hours' notice - no penalty
- (ii) Less than 48 hours' notice -overtime pay for the difference in shift

Change in scheduled days off:

- (i) Minimum one week notice: no penalty
- (ii) Less than one week notice: compensated at overtime rates for hours worked on scheduled day off:

4. Due to the nature of the work performed, regular weekend work is required. As such, there is no limit on the number of weekends Full Time Regular Community Outreach Representative Work Leaders work in one year.

In order to transition from the normal Wednesday to Sunday work schedule to the Monday to Friday training schedule (see MOU #76) in the Fall and Winter Terms, the parties agree to:

- a. Require the use of 2 RWWL days on the Saturday and Sunday prior to the week of Winter training (in January). By doing so, this would provide the weekend prior to training and after training as weekend time off.
- b. Require the use of 2 RWWL days on the Saturday and Sunday prior to the week of Fall training (in September). By doing so, this would provide the weekend prior to training and after training as weekend time off.

It is the intent of the parties that FTR Community Outreach Representative Work Leaders will have up to eight weekends off per calendar year and the parties recognize that the most opportune time for these weekends to be taken is when there are no events scheduled. These will include the four weekends referenced in 4a and 4b above, and additional weekends will be requested subject to essential operational requirements.

5. Where an employee works more than 7.5 hours per day, meal entitlements will be in accordance with article 11 04.
6. Where the majority of the working hours fall outside the hours of 08:00 - 16:30, a premium of ½ hour at straight time will be paid. This premium will not apply to time worked on scheduled days off; annual vacations, statutory holidays, scheduled days off in lieu of statutory holidays, or time worked that is already attracting premium pay in accordance with paragraph three above.
7. All time worked on annual vacations shall be paid at overtime rates plus regular salary. All time worked on statutory holidays or on scheduled days off in lieu of statutory holidays will be paid at double time rates plus regular salary, except as provided in Article 13.01 (e).

This MOU will expire on March 31, 2010. If it is not renewed in 2010, at that time, the incumbents in the FTR roles will be grandparented and will continue under the terms outlined above for as long as they remain in their role.

MEMORANDUM OF UNDERSTANDING #76

RE: TRAINING SCHEDULE FOR COMMUNITY OUTREACH REPRESENTATIVES AND WORK LEADERS

Further to the agreement reached between the parties on the above mentioned MOU, the parties hereby agree to the following training schedule for all Community Outreach Representatives and Work Leaders.

Training Schedule:

2. For the Winter Term (period normally between January and April), training will take place on a Monday to Friday schedule.
3. For the Spring / Summer Term (period normally between May and August), training will take place on a Wednesday to Sunday schedule.
4. For the Fall Term (period normally between September and December), training will take place on a Monday to Friday schedule.

Due to the nature of the work, the parties agree that Community Outreach events occur on almost all weekends throughout the year. By implementing a Monday to Friday training schedule the parties acknowledge that overtime may be required on the weekends around training during the Fall and Winter Terms, as business needs and events require. The parties agree to meet after 12 months to examine if additional overtime was incurred as a result of this MOU. MEMORANDUM OF UNDERSTANDING #78
Re: TELEWORK PROJECT

Preamble

This memorandum is intended to build on the evolving nature of work and to provide flexibility on the location in which work gets completed, in addition to the flexibility already provided in hours of work. The memorandum is also meant to recognize that the traditional methods of “work” are changing and that BC Hydro and MoveUP are endeavouring to be responsive to the needs of the business, as well as their employees and members.

Governing Principles

- a) Conservation – one of BC Hydro’s primary goals, objectives and values is focused around conservation. Allowing telework supports this objective.
- b) Honesty and Integrity – BC Hydro and MoveUP understand the challenges with telework and expect managers and employees to mitigate these challenges by undertaking flexible work practices in good faith and according to this Memorandum.
- c) Governance – it is important for any flexible work arrangement to have the appropriate agreements in place to ensure that expectations are communicated, documented, and the proper approvals are in place per this Memorandum.
- d) Professionalism – BC Hydro has a highly educated and professional employee base, many of whom are in the bargaining units. It is important that this memorandum reflect and appreciate their membership in the union yet also respect their abilities and professional status.
- e) Intergenerational – we are currently in an environment where the nature of work is evolving as are the people who undertake that work. A results based workplace where the ability to do work in different places at different times is changing the manner in which we approach terms and conditions of employment. This memorandum is meant to be flexible to the generational differences in our workforce while providing options that meet the needs of BC Hydro, MoveUP, and its employees.

Examples of Opportunities for Telework

- (i) occupations that involve traveling or where traveling is required for business reasons
- (ii) workers that require quiet space to work
- (iii) occasional mid-day appointments
- (iv) other situations where the manager and employee mutually agree that the arrangement may be beneficial

The primary intent of this Memorandum is for regular and on going telework arrangements, although one-off circumstances as described above are also covered. For exceptional circumstances such as large events, physical barriers (i.e. floods, road closures, inclement weather), and emergency situations that may result in telework please refer to MOU # 79. Telework may also be a consideration in accommodation cases, although this would occur under our Duty to Accommodate obligations and outside of the telework project.

If an employee intends to work outside of his/her normal working hours (including working overtime), these hours must be pre-approved by the manager. Authorized Variations may occur in accordance with article 11 of the collective agreement.

MEMORANDUM OF UNDERSTANDING #81
RE: SECURITY SENSITIVE POSITIONS

BC Hydro currently conducts background checks on all new hires. In order to help protect BC Hydro's Critical Assets (CA's), Critical Cyber Assets (CCA's), and operations through the reasonable exercise of Corporate due diligence and compliance with applicable regulatory and industry requirements, the Parties also agree to the following with respect to employees covered by the collective agreement:

1. Security Sensitive Positions (SSP's) are positions where employees have unescorted access to and/or control over BC Hydro's critical assets, critical cyber assets and operations and, if so inclined, could cause significant loss or harm to BC Hydro, its customers, or others.
2. Upon ratification of this agreement, BC Hydro will provide the Union with an initial list of all of those SSP's and incumbents that are identified and require Personal Risk Assessments (PRA's), and associated security compliance training. This list will be provided on a confidential basis. BC Hydro and the Union will review the initial list of those SSP's and incumbents prior to them being finalized.
3. The Union can withhold their approval of any SSP if they believe the decision to identify it as an SSP was not reasonable in relation to the applicable regulatory and industry requirements. Union approval will not be unreasonably withheld. Should the Union withhold their approval they shall refer the matter to arbitration within five (5) working days and the arbitrator will make his/her decision on the reasonableness of BC Hydro's decision. The Parties agree to process the matter to arbitration expeditiously. This also applies to paragraph 5 below.
4. Where security sensitive requirements change and/or BC Hydro identifies other CA's, CCA's, or SSP's, the Union will be notified that PRA's and appropriate security compliance training will be required for personnel in those other identified SSP's.
5. BC Hydro may add to the initial list of SSP's by providing the Union with the job title and a rationale for the addition. BC Hydro and the Union will review those additional SSP's prior to them being added.
6. BC Hydro requires employees' working in SSP's to undergo a Criminal Records Check (CRC), including an International Criminal Records Check.
7. Employees who seek to occupy a SSP that they have not previously occupied within the previous seven (7) years and who are successful in the selection process, shall be required to undergo a CRC, prior to the

commencement of the SSP. Until the employee clears the CRC they will remain in their current position.

8. Employees occupying SSP's shall undergo a CRC every seven (7) years as long as they continue to occupy a SSP.
9. Employees in SSP's, as at date of ratification, who have not gone through a CRC within the last seven (7) years, will be required to do so once the SSPs, are identified.
10. All criminal convictions will be reviewed by BC Hydro's designated external legal counsel to filter any convictions clearly unrelated to their role at BC Hydro. Only those convictions which may potentially be related to an employee's role will be referred to Employee Relations pursuant to paragraph 16 below. BC Hydro will not decide that a criminal conviction is related to employment without prior discussions with the affected employee and their Union, if consented by the employee.
11. Notwithstanding paragraph 8 above, the employees in SSP's must immediately disclose to BC Hydro's designated external legal counsel any criminal charges or convictions that arise after the signing of this Memorandum of Understanding, in which event BC Hydro may require the employee to undergo a CRC.
12. Employees who are required to undergo a CRC in accordance with the foregoing will provide all necessary consent for the conduct of the CRC process.
13. Employees who are required to undergo a CRC must complete a release and self-disclosure form and submit it to HR Services.
14. HR Services will oversee the processing of all CRC forms.
15. The results of all CRCs will be securely stored by HR Services and external service providers in compliance with applicable privacy legislation.
16. Employee Relations will lead a review of the CRC results and will determine whether the criminal conviction(s) or charges are related to the employee's employment at BC Hydro.
17. If Employee Relations determines that the criminal conviction(s) or charges are unrelated to the employee's employment, the employee will be so advised and the CRC and any other investigatory documentation will be stored in compliance with all applicable privacy legislation.

18.If Employee Relations determines that the criminal conviction(s) or charges are related to the employee's employment in a SSP, BC Hydro will (except where an employee has given BC Hydro just cause for discipline) consult with the Union in an attempt to accommodate the employee:

MEMORANDUM OF UNDERSTANDING #82

RE: OVERPAYMENT RECOVERY

The Employer has the right to recover overpayments and this will constitute an assignment of wages under the Employment Standards Act. At least 30 days written notice will be given to the employee of: (1) the nature of the overpayment; (2) the option to negotiate a mutually agreeable pay back plan; (3) failing that, the employer will begin to deduct the overpayment in the next pay cycle. Such repayments will not exceed more than 10% of net pay in any pay period.

Overpayments mean “monetary payments made in error or personal charges incurred without authorization,” and shall not involve any interpretive issue under the collective agreement. When negotiating a repayment plan the employee shall have the right to request the Union to represent them in such negotiations.

In cases where an employee leaves the company (quit, fire, lay-off) the recovery can be 100% offset by the final pay and any subsequent payments that may be owed after termination (e.g. gainsharing). “

Agreed to this 20th day of November, 2012, in the City of Burnaby, British Columbia.

SUPPLEMENTARY INFORMATION

B.C. Hydro Pension, Group Life Insurance,
LTD, Medical Services and Dental Plans

NOTE: These plans are not necessarily agreement matters. Details below are provided for information only. The plans reflect details of benefits provided at Level 2 of the Flexible Benefits Plan.

Employees wishing further information about these plans or plan benefits at Levels 1 or 3 of the Flexible Benefits Plan should either consult their booklet "You and B.C. Hydro", "Hydro Flex for MoveUP Employees" or direct enquiries to Personnel offices.

PENSION PLAN

The Hydro Plan was introduced in 1965 and provides a pension based on 2% of the average of the best 5 consecutive years plan earnings for each year of service as a member of the plan. Membership is compulsory for new regular and full-time temporary employees after 3 months service. Membership is optional for MoveUP casual employees whose earnings exceed 35% of the Yearly Maximum Pensionable Earnings (YMPE) for two consecutive calendar years.

Normal retirement is at age 65. Retirement following age 60 (or after age 55 with 35 years service), is possible without reduction of the accrued pension. Earlier retirement after reaching age 50, with at least 10 years service and provided age plus service is at least 65, is also possible. For employees retiring prior to age 60 the pension is reduced by 5% for each year the retirement date is before age 60 or for those retiring after age 55, 5% for each year service is less than 35 if this results in a smaller reduction.

Effective April 1/99 the reduction for early retirement will be reduced from 5% per year to 3% per year.

Effective April 1/2000 the age and service requirement of 55-59 years of age with 35 years of service will be changed to a minimum of age 55 with age and service totaling 85.

Please note that applicable Pension Plan rules are applied at the time of termination of employment or death. Therefore, prospective rule changes only apply to employees who terminate (or die) after the effective date of the change.

Integrated with the Canada Pension Plan, the plan requires contributions of 6.31% of plan earnings, 1.1% of which is allocated for cost of living supplements. Hydro matches employees' required cost of living contributions and contributes the additional funds necessary to provide the promised benefits.

Hydro administers the plan and the B.C. Superannuation Commissioner has custody of the funds and manages their investment under regulation of the B.C. Hydro and Power Authority Act.

Pensions are indexed each year on 1 January with the percentage increase limited by either the cost of living increase or the amount of funds available in the Index Reserve Account. The Index Reserve Account is derived principally from matching contributions and from interest earned on plan funds set aside to pay pensions to the extent that the interest exceeds the amount the actuary has assumed will be earned.

GROUP LIFE INSURANCE PLAN

The Group Life Insurance Plan is underwritten by Sun Life Assurance Company. For new employees under age 65 enrollment is compulsory. For part-time regular and full-time regular employees, coverage is effective the first date of employment. For full-time temporary employees coverage is effective after 3 months continuous employment; only casual employees are excepted.

Coverage during employment is for 200% of basic annual earnings. Changes to coverage, necessitated by changes in earnings, take place for employees at work 1 January and 1 July each year, based on basic pay rates in effect on those dates. Coverage terminates 31 days after employment terminates but may be converted to an individual policy without the need to provide evidence of insurability, within that 31 day period.

An employee who becomes totally and permanently disabled before age 65 or date of retirement, if earlier, will have full coverage continued until age 65 or retirement date, if earlier. Totally disabled employees may apply for premium waiver which if accepted by Sun Life Assurance Company will continue coverage in effect at date of disability without payment of premium. Premium waivers have the effect of eliminating the taxable income that must be reported if the employer continues to pay monthly premiums to the insurance co. A totally disabled employee who has been diagnosed as terminal, may be able to apply for an advance payout of basic life insurance (25% of coverage to a maximum of \$50,000) to help them meet medical costs and settle estate matters. The balance of the insurance will be maintained for payment to the employees beneficiary after death occurs. For employees who have attained age 60 or older, the "Living Benefit" amount will be half of the amount of life insurance benefit the employee would be entitled to in five years time according to the schedule described under "Coverage After Retirement". Medical evidence is required by the insurer.

Subject to insurance law, changes to beneficiary may be made through your Personnel Service Area. Under current tax rules the total monthly premium paid by the employer is taxable income. See article 10 for Agreement provisions.

NOTE: The above information does not form part of any offer or proposal and is provided for purposes of information only. Changes to the text of the Supplementary Information appended to the 1991-1993 MoveUP/BC Hydro Collective Agreement are underlined for ease of reference.

MEDICAL SERVICES PLANS

Basic Medical Services

The plan covers the cost of required medical, surgical, obstetrical and diagnostic services to employees and dependents. It also covers some services in oral surgery, chiropractic, physiotherapy, optometry and similar practice. The plan is standard throughout B.C.

Under current tax rules the employer's share of the premium is taxable income.

EXTENDED HEALTH CARE

This plan provides partial coverage for cost of ambulance, prescription drugs, (limited to Pharmacare drug formulary) special nursing, semi-private and private rooms in hospitals, artificial limbs and eyes, rental or purchase of a wheel-chair or special equipment, speech therapy for children under age 16, hearing aids, acupuncture, physiotherapy and chiropractors additional to or not covered by the Medical Services Plan of B.C. One hundred percent (100%) of eligible expenses, with no deductible may be claimed from and is reimbursed by Medical Services Association, to a maximum lifetime benefit of \$500,000 per person. Some expenses covered by the EHC plan may be reimbursed under Pharmacare; where that happens MSA will help sort out which plan pays for what.

Vision care coverage will be provided to cover the cost of lenses, frames or contact lenses when prescribed by a person legally qualified to make such prescriptions to a limit of \$100.00 for each dependent child in any 12 month period. Effective 1 January 1999 the plan shall be amended to include a vision care addendum which provides benefits up to \$225 each 24 months for the employee and spouse. Effective 1 April 2001 the plan shall be amended to include a vision care addendum which provides benefits up to \$250 each 24 months for the employee and spouse.

Claims should be submitted regularly throughout the year. You have until 31 March to submit prior year's expenses to the Pharmacare plan and until 31 December to submit prior year's expenses to the EHC plan.

See Article 10 for agreement provisions.

LONG TERM DISABILITY (LTD)

The LTD Plan is underwritten by Sun Life Financial Group Benefits and is compulsory for all but casual and vacation relief employees. For full-time regular, part-time regular and full-time temporary employees coverage is effective after 3 months continuous employment. Effective January 1, 1995 coverage for full-time regular and part-time regular employees coverage is effective the date of hire. Full-time temporary employees coverage continues to be effective after 3 months continuous employment.

If onset of disability occurs prior to January 1, 1995 the plan pays benefits of 50% of the employee's basic earnings in payment at the onset of disability through sickness or accident but not for the first 30 days of disability which are covered by available sick leave credits. Payments continue while an employee continues to satisfy the definition of disability under the group insurance contract and from performing normal duties. After 2 years of absence payments continue only while the employee is disabled from performing any occupation he/she is reasonably fitted for by training, education or experience. Coverage ceases at age 65. Payments are reduced if the employee is eligible for Canada Pension Plan Disability Pension or retires on pension or receives group insurance installment payments as a totally disabled person. Payment is not made if Workers' Compensation time-loss benefit is payable.

If disability onset occurs on or after January 1, 1995 the plan pays benefits of 66 2/3 % of the employees basic earnings in payment at the onset of disability but not for the first 105 calendar days accumulated over a period of 26 weeks.

If disability onset occurs on or after January 1, 1995 payments continue while an employee remains disabled from performing normal duties but after 2 years of benefit payment, payment continues only while the employee is disabled from performing any occupation he/she is reasonably fitted for by training, education or experience. Coverage ceases at age 65. Payments are reduced if the employee is eligible for Canada Pension Plan Disability Pension or retires on pension. Payment is not made if Workers' Compensation time-loss benefit is payable.

Prior to January 1, 1995 employees will pay 100% of required premiums and if disability onset occurs prior to January 1, 1995 disability payments received will be a non-taxable benefit. Effective January 1, 1995 the employer will pay 100% of required premiums and if disability onset occurs on or after January 1, 1995 disability payments received will be taxable income.

Effective January 1, 1995 employees may elect to be covered by the benefit package in this agreement or, alternately, optional benefit packages as set out by the employer.

DENTAL PLAN

This plan is underwritten by Medical Services Association and provides preventive, major reconstruction, and orthodontia services that are routinely performed in the office of a general practicing dentist or denturist, while you are covered by the plan.

Part A - covers maintenance and normal restorative services such as examinations and x-rays; preventive treatments such as scaling and fluoride applications; extractions; normal surgery by dentists; fillings; inlays and onlays and repairs and relining of appliances.

Part B - covers major reconstruction and replacement services such as crowns (rebuilding natural teeth), full or partial dentures, and crowns and bridges (to replace missing teeth).

Part C - covers orthodontic services by an orthodontist or a dentist.

Coverage ceases at the end of the month in which your employment ceases. The coinsurance percentage shown in Article 10.03 is the percentage of eligible expenses reimbursed by the plan. Eligible expenses are the lesser of (1) the amount shown in the schedule for covered services as agreed each year by Medical Services Association and the dental college and denturists' society and (2) the actual fee charged. Before starting treatment ascertain from the dentist or denturist if the proposed treatment is covered by the plan and to what extent the proposed fee will be reimbursable.

See Article 10.03 for Agreement provisions.

PAYROLL DEDUCTIONS

1. Pension contributions during absence on Workers' Compensation time-loss, or sick leave are deducted from payments made by Hydro. If the payments are insufficient to have deductions made, arrangements with Pay Department are possible to maintain contributions to the Hydro Plan. An employee on LTD, who is not receiving any payments from Hydro, may be eligible to have pensionable service accrue without making contributions according to the terms of the BC Hydro Pension Plan.
2. Union dues deductions during absence on Workers' Compensation time-loss, LTD or sick leave are maintained only while the employee receives regular payments through Pay Department of sick pay or supplements to Workers' Compensation or LTD. When payment ceases the employee should make personal arrangements to continue union dues.

3. LTD premiums are not payable for any period during which LTD benefits are being received.

LETTER OF AGREEMENT

Between

British Columbia Hydro and Power Authority

And

Canadian Office and Professional Employees' Union, Local 378

Re ECONOMIC STABILITY DIVIDEND

Definitions

1. In this Letter of Agreement:

"Collective agreement year" means each twelve (12) month period commencing on the first day of the renewed collective agreement. For example, the collective agreement year for a collective agreement that commences on April 1, 2014 is April 1, 2014 to March 31, 2015 and each period from April 1 to March 31 for the term of the collective agreement.

"Economic Forecast Council" means the Economic Forecast Council appointed under s. 4 of the *Budget Transparency and Accountability Act*, [S.B.C. 2000] c. 23;

"Forecast GDP" means the average forecast for British Columbia's real GDP growth made by the Economic Forecast Council and as reported in the annual February budget of the government;

"Fiscal year" means the fiscal year of the government as defined in the *Financial Administration Act* [1996 S.B.C.] c. 138 as 'the period from April 1 in one year to March 31 in the next year';

"Calendar year" Is a twelve (12) month period starting January 1st and ending December 31st of the same year based upon the Gregorian calendar.

"GDP" or "Gross Domestic Product" for the purposes of this LOA means the expenditure side value of all goods and services produced in British Columbia for a given year as stated in the BC Economic Accounts;

"GWI" or "General Wage Increase" means a general wage increase resulting from the formula set out in this LOA and applied as a percentage increase to all

wage rates in the collective agreement on the first pay day after the commencement of the eleventh (11th) month in a collective agreement year;

“Real GDP” means the GDP for the previous fiscal year expressed in constant dollars and adjusted for inflation produced by Statistics Canada’s Provincial and Territorial Gross Domestic Product by Income and by Expenditure Accounts (also known as the provincial and territorial economic accounts) and published as “Real Gross Domestic Product at Market Prices” currently in November of each year.

The Economic Stability Dividend

2. The Economic Stability Dividend shares the benefits of economic growth between employees in the public sector and the Province contingent on growth in BC’s real GDP.

3. Employees will receive a general wage increase (GWI) equal to one-half (1/2) of any percentage gain in real GDP above the forecast of the Economic Forecast Council for the relevant calendar year.

4. For greater clarity and as an example only, if real GDP were one percent (1%) above forecast real GDP then employees would be entitled to a GWI of one-half of one percent (0.5%).

Annual Calculation and publication of the Economic Stability Dividend

5. The Economic Stability Dividend will be calculated on an annual basis by the Minister of Finance for each collective agreement year commencing in 2015/16 to 2018/2019 and published through the PSEC Secretariat.

6. The timing in each calendar year will be as follows:

- (i) February Budget – Forecast GDP for the upcoming calendar year;
- (ii) November of the following calendar year – Real GDP published for the previous calendar year;
- (iii) November - Calculation by the Minister of Finance of fifty percent (50%) of the difference between the Forecast GDP and the Real GDP for the previous calendar year;
- (iv) Advice from the PSEC Secretariat to employers’ associations, employers and unions of the percentage allowable General Wage Increase, if any, for each bargaining unit or group with authorization to employers to implement the Economic Growth Dividend.

7. For greater clarity and as an example only:

For collective agreement year 3 (2016/17):

- (i) February 2015 – Forecast GDP for calendar 2015;
- (ii) November 2016 – Real GDP published for calendar 2015;
- (iii) November 2016 - Calculation of the fifty percent (50%) of the difference between the 2015 Forecast GDP and the 2015 Real GDP by the Minister of Finance through the PSEC Secretariat;
- (iv) Direction from the PSEC Secretariat to employers' associations, employers and unions of the percentage allowable General Wage Increase, if any, for each bargaining unit or group with authorization to employers to implement the Economic Growth Dividend; and
- (v) Payment will be made concurrent with the General Wage Increases on the first pay period after respectively February 1, 2016, February 1, 2017, February 1, 2018 and February 1, 2019.

Availability of the Economic Stability Dividend

8. The Economic Stability Dividend will be provided for each of the following collective agreement years: 2015/16 (based on 2014 GDP); 2016/17 (based on 2015 GDP); 2017/18 (based on 2016 GDP); and, 2018/19 (based on 2017 GDP).

Allowable Method of Payment of the Economic Stability Dividend

9. Employers must apply the Economic Stability Dividend as a percentage increase only on collective agreements wage rates and for no other purpose or form.
