(05) Should the Company intend to open position(s) for the culinary apprenticeship program within the Culinary Department, said position(s) shall be bulletined.

The Company agrees to consider current qualified employees before hiring a new employee for apprenticeship positions. Article 12 shall apply.

(07) It is the intent of the Company to have at least one (1) or more culinary apprentices and such positions shall be bulletined.

24.2 RATE OF PAY

(07) Apprentice positions within the culinary department shall be permitted. Apprentices will be paid at the rate they have attained, as per the Collective Agreement. For example, a third (3rd) year apprentice will maintain a third (3rd) year rate until they successfully

passed the Journeyperson (JP) exam and been awarded a Journeyperson position through a posting.

24.3 RULES AND REGULATIONS

(05) Kitchen apprentices will be trained in accordance with the rules and regulations established by the BC Provincial Apprenticeship Board and in conjunction with the Fairmont Culinary Apprenticeship Program and the Canadian Federation of Chefs de Cuisine.

24.4 ASSIGNMENT FOLLOWING COMPLETION

(07) Upon successful completion of said program, the employee will be classified as a Journeyperson Cook if they are the successful applicant for the position posted.

Should no position exist, then said employee shall maintain the rate applicable to the classification of third (3rd) year apprentice until such time as the employee becomes the successful applicant to a posting for such a higher-rated classification.

24.5 TECHNICAL TRAINING

(05) All culinary apprentices shall be scheduled in all areas of the Culinary Department in order to prepare them to write the appropriate exam(s).

Furthermore, in conjunction with the appropriate school's availability, the Company will schedule the apprentice, within thirteen (13) calendar months from the date of entering into a level of the program, so that they may attend the technical training portion of their program.

24.6 ALLOCATED HOURS

(99) Apprentices will not be used to displace or replace other positions except as provided herein.

Apprentices shall be permitted to temporarily replace positions, within the Culinary Department that are not greater than thirty (30) days in duration without necessity of bulletin of the position.

Should said position exceed thirty (30) days in duration, it shall then be posted and filled by a regular full-time employee.

(07) Apprentices will be scheduled according to their seniority in their "base" classification and must be willing to relinquish preference for days off and shifts. Job shadows may be utilized from time to time and the Employer will advise the Union prior

to doing so. The intent of these shadows is to show an apprentice a certain piece of work, and is not intended to take away hours from a more senior employee.

(07) Apprentice hours are in addition to regularly scheduled hours and these hours will be scheduled separate from regular hours in the department only to apprentices.

A more senior employee will not see a reduction in hours as a result of an apprentice working.

24.7 FAIRMONT EDUCATION ASSISTANCE PROGRAM

(05) Once a culinary employee has been awarded an apprenticeship program position and accepted into the Fairmont Education Assistance Program in accordance with its rules and regulations, the benefits of the "FEAP" shall not be refused or cancelled for the duration of up to three (3) years in the program without a justifiable reason.

24.8 MAINTENANCE OF BENEFITS

(05) The Company shall continue its practice of maintaining full payment of the Health & Benefits Plan premium for a culinary apprentice(s) while attending the scheduled four (4) weeks technical training portion of the program.

ARTICLE 25 – PASTRY DEPARTMENT

25.1 PASTRY DEPARTMENT

The Union and the Employer agreed to move the Pastry classifications into their own department during the 2007 negotiations. It was understood and agreed at that time that some employees may have been cross-trained and/or had tickets which would allow them to work in the Kitchen and Pastry departments, particularly in the event of a reduction in hours or on a layoff.

All employees working as of September 1st, 2007 were permitted to move across departments to protect their hours based on the rules in place prior to the signing of that agreement. Employees hired after September 1st, 2007 were used in one department or the other, pursuant to the applicable collective agreement provisions at that time.

All other provisions of the agreement relating to separate departments are applied.

ARTICLE 26 – CULINARY DEPARTMENT

26.1 (16) CULINARY DEPARTMENT

1. The Company and the Union agree the following shall apply regarding the application of clauses 9.3, 11.2, 11.7 and 11.8 of the Collective Agreement.
2. The Company will determine staffing levels by classification based on the requirements of service. Based on the structure of the kitchen and requirements of service, the company will determine sections and/or areas of work. Should there be a change in the sections and/or areas, the company will inform the union.
3. It is the Company's intention to schedule a Chef de Partie/Journeyperson on any hotline.
4. Where a Chef de Partie cannot hold work of thirty (30) hours or greater within his/her classification, the parties agree he/she may accept the reduction of hours or lay-off or be scheduled in a Journeyperson shift, subject to clauses 9.3 and 11.2 with no loss of wages.
5. Subject to clauses 9.3 and 11.2 the application of clauses 11.7 and 11.8 shall first be exercised within the area/section of the Kitchen normally worked. Should the employee not be able to exercise clauses 11.7 or 11.8 within the kitchen area/section normally worked, clauses 11.7 or 11.8 may be exercised to another area/section subject to clauses 9.3 and 11.2.
6. The Company agrees to provide the necessary training/orientation to ensure no interruption of work or reduction of hours due to lack of training. The necessary training shall be provided during regular scheduled hours.

Employees who have worked alternative areas/sections of the kitchen regularly and were assigned the full range of duties of the classification within the last six (6) months may request orientation but will not be required to be trained prior to scheduling.

7. Prior to October 15th of each year the Company will inform the Union of anticipated business volumes for the months of January, February and March.

Employees must advise the employer by November the 1st of their intention to exercise seniority to areas/sections of the kitchen not normally worked. The Company will determine the training requirements and training schedule.

The Company may also limit the number of employees to be trained based on the requirements of service. Training opportunities shall be scheduled by seniority and limiting the number of employees to be trained will not prevent a senior employee from maintaining shifts and hours as per clauses 9.3 and 11.2.

8. The Company retains the right to schedule an employee subject to clauses 9.3 and

11.2 outside the regular area/section.

9. (07) Employees interested in overtime will sign-up on the weekly overtime sheets posted in the kitchen. The Local Chairperson shall receive a copy of these weekly overtime sheets upon request.

Nothing in this Article will negatively impact upon the requirement to assign overtime by classification and then by department seniority to all employees listed on the weekly overtime sheets.

10. The Company will post a list of employees who are trained in the different sections/areas on October 1st and will update the list as employees are trained.

ARTICLE 27- KITCHEN STANDARDS

27.1 KITCHEN STANDARDS

(16) The opening and closing of all kitchen sections will only be performed by culinary employees holding journeyperson tickets, with the exception of the staff cafeteria. The kitchen will maintain the current minimum staffing levels for the term of the Collective Agreement:

Chef de Partie	16
Journeyperson	10

These levels and/or distribution must in no way be interpreted to limit, void or affect the other provisions of the Collective Agreement.

Should there be any reductions in the current F&B structure that would not justify the above number of staffing levels, both parties shall meet to make the required adjustments.

This in no way is a guarantee of hour for those employees who hold these positions.

ARTICLE 28 - DISCRIMINATION & HARASSMENT PREVENTION POLICY

28.1 PROHIBITED GROUNDS

The Company and the Union agree that discrimination and/or harassment of any employee because of race, colour, ancestry, place of origin, political belief, religion, marital status, family status, physical or mental disability, sex, sexual orientation or age of that person or because that person has been convicted of a criminal or summary conviction offense that is unrelated to the employment or to the intended employment

of that person is absolutely prohibited.

Every employee has the right to work in an environment, free from discrimination and harassment including sexual harassment based on the above stated prohibited grounds.

Action contravening this policy will constitute grounds for corrective actions.

(07) Every employee, union or management representative is entitled to fair treatment in the workplace and shall not discriminate against any person as per the British Columbia Human Rights Code.

Furthermore, parties to this Agreement and those governed by said Agreement shall ensure that all members of the Fairmont Empress team are treated equally with integrity, trust and respect.

The Company and the Union shall endeavor at all times to promote a work environment which is supportive of the productivity, personal goals and self-esteem of every employee. To this end, both parties will maintain open lines of communication and shall promote a good relationship built on mutual trust and respect.

28.2 DISCRIMINATION & HARASSMENT PREVENTION POLICY

The Company shall provide a copy of the Fairmont Hotels & Resorts Discrimination & Harassment Prevention Policy in effect to all newly hired employees.

Both parties shall ensure that all employees occupying a scheduled position shall adhere to and be governed by said policy.

The Company shall ensure that the employees occupying an excepted position shall adhere to and be governed by said policy.

Any amendments to said policy shall be consistent with the present Article and a copy shall be provided to all employees and shall be forwarded to the Local Chairperson and to the National Representative of the Union.

28.3 DEFINITION

DISCRIMINATION is defined as the denial of equal treatment in employment because of a prohibited ground under legislation.

HARASSMENT is defined as any course of conduct, comment or gesture relating to a person's race, age, disability or other prohibited ground, that is known, or ought reasonably to be known, to be unwelcome, or that is likely to cause offence or humiliation to any employee.

POISONED WORK ENVIRONMENT is defined as a work environment that is "poisoned" or negatively affected by discriminatory or harassing conduct based on a prohibited ground, even if not directed at a specific individual.

SEXUAL HARASSMENT is defined as any course of conduct, comment, gesture or contact of a sexual nature that is known, or ought reasonably to be known, to be unwelcome, or that is likely to cause offence or humiliation to any employee.

28.4 COMPLAINTS

(16) Any complaint involving allegations of discrimination, harassment or a complaint arising out of a complaint filed under article 28.1 may be reported in confidence directly to the Manager, the Company's Director, Human Resources and/or the Local Chairperson or President.

All complaints will be jointly investigated promptly, thoroughly and in a manner that protects the privacy interest of all involved – the accused offender as well as the complainant.

The party receiving the complaint is obligated to report the complaint to the other party in a timely fashion in order to arrange as expeditiously as possible the joint investigation.

The complainant must indicate that he/she is willing to participate in the investigation and that the parties are required to jointly carry out the investigation. The complainant, the respondent and any witnesses are entitled to union representation throughout the course of the investigation.

Where the complainant fails to agree to participate in the investigation, or allow either party to this Collective Agreement to investigate the complaint confidentially, the complainant shall be advised that the investigation cannot take place and that there is nothing that can be done about the complaint until such time as the complainant is willing to participate in the investigation as well as interviewing any witnesses.

In cases of complaints of sexual harassment against women, the complainant shall have immediate access to the Woman's Advocate as set out in Article 31 of the Collective Agreement.

The name of the complainant or the accused offender or the circumstances related to the complaint will not be disclosed except where disclosure is necessary for the purpose of investigating the complaint or taking related corrective actions. The individual accused of harassment has the right to know and respond to all allegations.

The Company will take the actions it considers appropriate to resolve the complaint.

Should the complainant decide appropriate action has not been taken, a grievance may be filed with the Local Chairperson and admitted at Step 2 of the grievance procedure.

28.5 UNION REPRESENTATION

Both the unionized complainant and the unionized accused employee may, if they choose, have the assistance of a departmental shop steward, Union executive officer or the National Representative of the Union.

28.6 TRANSFER TO ANOTHER DEPARTMENT

Where the harassment is proven and the only solution to resolve the issue is a transfer of an employee into another classification or department, if feasible, it shall be the offender who is transferred.

28.7 DOCUMENTS ON FILE

Any and all documents related to a bona fide complaint of harassment and/or discrimination shall not be subject to the application of clause 16.11.

28.8 EXTERNAL LEGAL AVENUES

Nothing in this Article shall be considered to negate the entitlement of an employee to seek redress through external legal avenues.

28.9 (07) HARASSMENT TRAINING

The Company will ensure that paid harassment and discrimination training will be scheduled for all employees in the hotel within twelve (12) months of ratification.

The Company will ensure that all new employees shall receive paid harassment and discrimination training during orientation.

Representatives from the Union will be permitted to attend all of these sessions and participate in the discussion at no cost to the Company.

Refresher courses on harassment and discrimination will be scheduled as necessary.

ARTICLE 29 - PAID EDUCATION LEAVE

29.1 PAID EDUCATIONAL LEAVE

(16) The Empress has agreed to pay into a special fund five cents (\$0.05) per hour worked

per employee represented by Unifor for the purpose of providing Paid Education Leave. Said monies will be paid by the Company on a quarterly basis and within thirty (30) calendar days following the end of each quarter, into a trust fund established by Unifor for this purpose, and will be made payable and remitted to the following:

Unifor Paid Education Leave Training Fund
c/o Unifor Family Education Centre
R.R. #1, Port Elgin, Ontario
N0H 2C0

Paid Education Leave will be requested and granted in accordance with the provisions of this collective Agreement between The Empress and Unifor, Local 4276, and subject to the operational requirements of the service.

A leave of absence without pay will be granted to one (1) member, at a time, of the bargaining unit selected by the Union to attend an educational program offered by Unifor at the Unifor Family Education Centre in Port Elgin, Ontario.

Such leave shall be requested by the National Representative in writing to the Director of Human Resources, providing at least ninety (90) days advance notice. Such request, upon approval, will be granted in writing for up to twenty (20) days class time (plus travel time as necessary.)

It is understood that an employee on said unpaid leave of absence is also subject to the existing Collective Agreement provisions as it concerns the continued accumulation of seniority and/or entitlement to health benefits as applicable.

Furthermore, it is understood and agreed by both parties that the Company's contribution as outlined above shall be part of the individual hotel property's payroll costing.

ARTICLE 30 – HOUSEKEEPING WORKLOAD

30.1 (16) HOUSEKEEPING WORKLOAD

A process was developed for determining the allocation of Room Attendant and Turndown Attendant work and credits that are unique to the hotel while looking at other hotels and comparing best practices.

The current practice of allotting daily room assignments will continue for the life of this Collective Agreement.

Any proposed change of this practice during the term of this Collective Agreement will be discussed and agreed upon with the Union prior to implementation.

(20) The Union and the Company understand that room attendants are paid on an hourly basis and are expected to complete tasks as assigned by the Company.

The current practice is as follows:

- a) Room attendants shall not be assigned more than thirteen (13) credits per day based on a (8) hour shift.
- b) When a Room Attendant is assigned ten (10) or more check-outs per day, the day room assignment shall be reduced by one (1) credit.
- c) When a Room Attendant's assignment includes room on three (3) floors or more, he/she shall have his/her assignment reduced by one (1) credit.
- d) (23) When a Room Attendants' assignment includes ten (10) or more rooms with double beds the daily room assignment will be reduced by one point two (1.2) credits.
- e) When a Room Attendants' assignment includes ten (10) or more rooms with double beds, the daily room assignment will be reduced by one (1) credit.
- f) In the event a Room Attendant is required to attend a hotel meeting, they will be assigned one (1) less credit for each thirty (30) minutes in attendance at the meeting.
- g) (23) In addition to the above, when a Room Attendant enters a room and it becomes clear that the room cannot be completed in the allotted time, the Room Attendant will immediately contact the Housekeeping Shop Steward and the Housekeeping Department and advise them of the circumstances.
- h) The Manager or Supervisor will then assess what assistance is necessary. Pending the outcome of the assessment, the Manager or Supervisor may arrange assistance on completion of the assignment, may reduce the number of rooms assigned on that particular day, or may allow the room to be carried over to the next day's inventory.
- i) (20) Each long-term checkout where a guest has stayed more than six (6) days shall reduce the total daily room requirement by one (1) room.
- j) (20) Turn Down Attendants shall not be assigned more than 40 rooms per day based on a four (4) hour shift.

30.2 HOUSEKEEPING WORKLOAD MEETING

The Company agrees that they will hold a meeting every two (2) months at which will be present the Housekeeping Shop Steward, a maximum of two (2) Housekeeping employees, the Local Chairperson, Executive Housekeeper, Director of Human Resources, and the Director of Operations or designate(s) in order to review workload issues in the department and other issues that should arise.

The Union shall provide the Company with an Agenda one (1) week prior to the meeting.

There will be a review process implemented in regard to the credit system. Any changes to the current credit allotment must be agreed upon by both parties. These discussions will take place during the Housekeeping Workload Meeting.

30.3 REST PERIODS

(23) All breaks for this department will be included in their scheduled shift for the day. The break schedule may be amended subject to the requirements of service.

30.4 ROOMS CREDIT LIST

The Employer and Union shall establish the Rooms Credit List which outlines the number of credits allotted for each room. Whenever a change in a room occurs, the parties shall meet to review the changes and if required, alter the credit allotted for any room being changed to appropriately reflect the amount of credit to the changed or altered room.

30.5 CREDIT SCORE KEEPING

- a) The Employer shall issue a copy of the current Rooms Credit List to each Room Attendant for his/her use each day so that they are aware of the amount of credits they shall be allotted for the rooms they work in.
- b) In addition to the Room Credit List, Room Attendants shall be issued a daily room tally sheet for the purpose of keeping score of the credits they should be allotted for each room so that he/she knows if they are keeping pace with the workload.

ARTICLE 31 – WOMEN’S ADVOCATE

31.1 WOMEN’S ADVOCATE

(16) The parties recognize that female employees may sometimes need to discuss with another woman matters such as violence or abuse at home or workplace harassment.

They may also need to find out about specialized resources in the community such as counselors or women's shelters to assist them in dealing with these and other issues.

For these reasons the parties agree to recognize the role of the women's advocate in the workplace. The advocate will meet with female members as required, discuss problems with them and refer them to the appropriate agency when necessary.

The Company and the Union will develop appropriate communications to inform female employees about the advocacy role and contact numbers to reach the women's advocate.

The women's advocate will participate in an initial 40-hour training program organized by Unifor and an annual three-day update-training program.

The Company agrees to pay at straight time for all lost time, including travel time to attend the course(s). The travel time will be paid to a maximum of eight (8) hours each way.

Registration costs where necessary, lodging, transportation, meals, and other reasonable expenses shall be covered by the Local Union's Paid Education Leave funds.

The Women's Advocate shall be appointed by the Local Union Executive Board.

ARTICLE 32 - DURATION OF AGREEMENT

32.1 DURATION

(20) This Agreement shall be made effective from March 1st, 2023 and shall remain in effect until March 1st, 2026 and thereafter.

Schedule "C" - Functions Department Casual Employees (05)

1. Seniority

A casual employee will not be used to cover regular hours that could be scheduled into a regular shift for a period exceeding eight (8) continuous workweeks. A workweek shall be defined as constituting thirty (30) regular hours divided into five (5) days.

Following the period stated above, said position shall then be posted as a regular position and the successful applicant shall then be considered a regular employee entitled to all rights and benefits applicable to the regular employee.

Casual employees do not accumulate seniority and only their date of hire indicates priority for call-in, in their classification.

Casual employees will accrue in-service time for the purpose of bidding for regular positions in Schedule "A" based on one (1) day's service for each eight (8) hours worked.

Should a casual employee be appointed to a posted regular position as per Article 12 of this agreement, said employee will be granted seniority retroactive from the date of the appointment on the basis that forty (40) hours of work is equal to one (1) week of seniority. Provided they have completed sixty (60) service assignments, casual employees shall not undergo a probationary period as stated in Article 12.

2. Vacations and Statutory holidays

Casual employees shall be paid in accordance with the provisions of the British Columbia Employment Standards Act when calculating Vacation and Statutory holiday pay and shall be paid out on each corresponding pay period.

3. Hours of service

Four (4) consecutive hours, exclusive of a meal period, shall constitute a function, i.e. breakfast, lunch or dinner shift. Employees requesting shorter shifts shall be required to sign out and will be paid only for hours worked.

4. Overtime

Casual employees shall be paid for authorized overtime on the actual minute basis as one and one-half (1 ½) times the hourly base rate of pay for the first hour of overtime so worked. Overtime in excess of one (1) hour shall be paid for on the actual minute basis of two (2) times the hourly base rate of pay.

5. Rates of pay

The provisions contained in Schedule "A" shall apply during the term of Schedule "C", except that Article 13.3 will apply to casual employees.

6. Management Rights, Union Rights, and Grievance Procedure

Management rights, Union rights, and the grievance procedure shall be as defined previously in the Collective Agreement.

7. Probationary period

The probationary period for a new employee shall be up to sixty (60) service assignments. In accordance with present practice, work on any one day shall constitute an assignment.

8. Number of casual employees and availability

(05) Both parties agree that although the basis of casual employees of the current Collective Agreement is that they be used on an ad-hoc basis, there exists the necessity to maintain some control over the amount of casual employees within the Hotel.

(20) A casual employee will submit an availability sheet for the first (1st) day of each calendar month. Casual employees hired after March 1st, 2020 must be available to work at least two (2) days per week, subject to the demands of service. Casual employees hired before March 1st, 2020 must be available to work at least one (1) day per week, subject to the demands of service. If the casual employee does not offer this availability or does not work in a six (6) month period, their file will be closed and deemed terminated at that time. For casual employees attending school, this weekly availability will be waived, at the employee's request, for the exam period only. Said employees may be required to provide exam schedules as documentation.

RE: MODIFICATION TO CLAUSE 3.10

This letter of agreement is to confirm our discussions concerning the removal of the second paragraph of clause 3.10 during bargaining in 2002. It is agreed that this will not prevent certain excluded positions from continuing work that may overlap the duties of a bargaining unit position and that are recognized as common practices in the hotel industry in general.

RE: OUTSIDE CATERING

(16) The parties agree to ensure the success of the hotels' new outside catering venture. As this will involve varying locations, size and appearance the staffing levels and requirements will also be variable.

A Committee will be established with equal representation from the Union and the Employer in order to consider how such catering functions shall be operated and serviced. Because of the nature of this new venture, efficiency and cost effectiveness shall be paramount in the designing of this new service.

- It is the Company's intention to capture new business through this venture.
- Every effort will be made to utilize bargaining unit staff, although there may be some requirements for non-bargaining staffing in order to meet conveners' needs and expectations.
- The Unit Chairperson or his/her designate shall be advised of these circumstances at least seventy-two (72) hours in advance of the event, whenever possible.
- The Union shall have the ability to grieve in circumstances where a failure to use a bargaining unit member was available and was able to provide the service as required by the customer.
- The Employer will be able to demonstrate to the Union that the bargaining unit member could not have provided the service in order to satisfy the customer, although in all such cases, both parties agree to the principle of "work now grieve later".
- There may be circumstances where bargaining unit members normal duties are overlapped or modified to accommodate the customers' needs and shall be agreed to by the joint committee.
- It is not the intention to relocate current business to outside venues or contract out contrary to the Collective Agreement.

This agreement will be implemented on a go forward basis and will be reviewed as required.

RE: SECURITY DEPARTMENT SCHEDULING

The parties agree that the Security Department shall implement a working schedule for members of the bargaining unit pursuant to the following:

1. That each regular employee of the department shall be scheduled on a twelve (12) hour shift rotation basis.

Whenever possible, restricted and on-call employees will also be scheduled on a twelve (12) hour shift rotation and the provisions of this LOU will be in effect.

The parties understand however, that instances may arise where this is not possible.

If a regular schedule [eight (8) hours or less] is worked, the provisions of the Collective Agreement will apply.

2. That the twelve (12) hour shift rotation shall be based on a schedule that is the same or similar to the attached appendix.

The parties understand that instances may arise which may require the need to deviate from the attached example schedule.

This will be permitted provided there is advance notice given and local agreement.

3. That during the course of each shift, each employee shall be entitled to two (2) paid fifteen (15) minute rest periods.

- The first rest period shall occur in the mid portion of the first half of the shift.
- The second rest period shall occur in the mid portion of the last half of the shift.
- That during the course of each shift, each employee shall be entitled to two (2) paid thirty (30) minute meal periods, the first occurring in the mid

portion of the first half of the shift and the second occurring in the mid portion of the last half of the shift.

4. Overtime rates shall be paid pursuant to the following:
 - Any work performed either before or after the scheduled hours of work shall be paid at double time.
 - Any work performed on an employee's scheduled day off shall be paid at double time.
5. The parties understand that this may result in a net loss of up to four (4) hours on average in any month and that net loss of hours shall not be the subject of a grievance.
6. Days taken off as Annual Vacation days as set out in Article 6.2 shall be taken at the rate of eight (8) hours per day to the maximum number of days that each employee is entitled to.
7. Statutory Holidays shall be paid as follows:
 - Employees who are off on the Statutory Holiday shall receive eight (8) hours as per Article 5.1
 - Employees who work the Statutory Holiday shall be paid one and one half (1½) times their hourly base rate of pay for all time worked up to twelve (12) hours and double (2) time for all hours worked thereafter.
8. The parties agree that this twelve (12) hour shift rotation shall be done on a without prejudice basis.

Either party may serve sixty (60) days written notice to cease the operation of this LOU and all provisions of the Collective Agreement shall revert to their previous operation and application.
9. This LOU is subject to the ratification by the principle of each party. Ratification shall be communicated in writing to the other party.

This Agreement will be implemented on a go forward basis and will be reviewed as required.

Explanations for Statutory Holidays and Annual Vacations

Statutory Holidays

There are twelve (12) Statutory Holidays (Stat Days) spelled out in the Collective Agreement and a 5 x 8 day pattern worker is eligible to receive twelve (12) Stat Days at eight (8) hours each totaling ninety six (96) hours for the year.

Therefore, at the end of every year, a regular worker would have been entitled to twelve (12) Stat Days at eight (8) hours each.

If a 4 x 12 hour pattern worker were to receive their Stat Days at twelve (12) hours instead of 8 hours, that would mean that at the end of the same year, a 4 x 12 pattern worker would receive twelve (12) hours pay for the same twelve (12) Stat Days and at the end of the year.

Twelve (12) Stat Days paid at 12 hours would net the 4 x 12 hour pattern worker one hundred and forty-four (144) hours for the same number of Stat Days.

This means that depending on where the Stat Day falls during the work week for a 4 x 12 hour pattern worker, he/she may see a small reduction in the total number of hours for that pay period.

This will not result in a net loss in pay over the year because of the rotational nature of the scheduling in the Security Department.

The total amount of eligible hours will not exceed 96 hours for the year.

Annual Vacation Days

The same theory applies to vacation days. Vacation day increments were negotiated based on a 5 x 8 hour shift pattern. That is why the increments go up by five (5) days at a time as set out in Article 6.2.

Therefore, when vacation days are taken, it is usually in blocks of five (5) days. Because of that, when a 4 x 12 hour pattern worker schedules his/her vacation days, they are paid out in 8 hour blocks for the days that are taken.

Because a 4 x 12 hour pattern worker receives more days off in a year than a 5 x 8 hour pattern worker, depending on what days are being taken as vacation days in relation to the days off that the Employee has in a particular week, his/her pay may see a small reduction in a pay period where vacation days are taken.

This is because at the end of any year, an Employee's entitlement is based on years' service pursuant to the grid as set out in Article 6.2 and based on that grid, it works out an average of forty (40) hours of Annual Vacation Pay for each week [five (5) day work week] taken.

Therefore, depending on a 4 x 12 hour pattern worker's days off either prior to or immediately after vacation days are taken, he/she may see a small increase or reduction in pay based on the five (5) day Vacation Day payout.

RE: BUILDING MAINTENANCE ENGINEERS SCHEDULING

The parties agree that the working schedule for the classification of Building Maintenance Engineer shall be implemented pursuant to the following:

1. That each regular employee of the department shall be scheduled on a twelve (12) hour shift rotation basis with forty-four (44) hours worked one (1) week and thirty-six (36) hours worked the next week.

It is understood that this rotation will involve working three (3) twelve (12) hour shifts and one (1) eight (8) hour shift the first week and three (3) twelve (12) hour shifts the next week.

Whenever possible, restricted and on-call employees will also be scheduled on a twelve (12) hour shift rotation and the provisions of this LOU will be in effect.

The parties understand however, that instances may arise where this is not possible.

If a regular schedule [eight (8) hours or less] is worked, the provisions of the Collective Agreement will apply.

2. That the twelve (12) hour shift rotation shall be based on a schedule that is the same or similar to the attached appendix.

The parties understand that instances may arise which may require the need to deviate from the attached example schedule. This will be permitted provided there is advance notice given and local agreement.

3. That during the course of each shift, each employee shall be entitled to two (2) paid fifteen (15) minute rest periods.
 - The first rest period shall occur in the mid portion of the first half of the shift.
 - The second rest period shall occur in the mid portion of the last half of the shift.

4. That during the course of each twelve (12) hour shift, each employee shall be entitled to two (2) paid thirty (30) minute meal periods, the first occurring in the mid portion of the first half of the shift and the second occurring in the mid portion of the last half of the shift.

During the course of the eight (8) hour shift, the employee shall be entitled to one (1) paid thirty (30) minute meal period.

5. Overtime rates shall be paid pursuant to the following:
- For the eight (8) hour shift, work performed either before or after the scheduled hours of work shall be paid at one and one-half (1 ½) times the hourly base rate of pay for the first hour of overtime and two (2) times the hourly base rate of pay for hours worked in excess of one (1) hour.
 - For the twelve (12) hour shift, work performed either before or after the scheduled hours of work shall be paid at double time.
 - Any work performed on an employee's scheduled day off shall be paid at double time (2x).
6. The parties understand that this shift rotation schedule may result in a net loss of hours and that shall not be the subject of a grievance.
7. Days taken off as Annual Vacation days as set out in Article 6.2 shall be taken at the rate of eight (8) hours per day to the maximum number of days that each employee is entitled to.
8. Statutory Holidays shall be paid as follows:
- Employees who are off on the Statutory Holiday shall receive eight (8) hours as per Article 5.1
 - Employees who work the twelve (12) hour shift on the Statutory Holiday shall be paid one and one half (1½) times their hourly base rate of pay for all time worked up to twelve (12) hours and double (2) time for all hours worked thereafter.
 - Employees who work the eight (8) hour shift on the Statutory Holiday shall be paid one and one half (1½) times their hourly base rate of pay for all time worked up to eight (8) hours and double (2) time for all hours worked thereafter.

9. The parties agree that this twelve (12) hour shift rotation shall be done on a without prejudice basis.

Either party may serve sixty (60) days written notice to cease the operation of this LOU and all provisions of the Collective Agreement shall revert to their previous operation and application.

10. This LOU is subject to the ratification by the principle of each party. Ratification shall be communicated in writing to the other party.

This agreement will be implemented on a go forward basis and will be reviewed as required.

Explanations for Statutory Holidays and Annual Vacations

Statutory Holidays

There are twelve (12) Statutory Holidays (Stat Days) defined in the Collective Agreement and a 5 x 8 day pattern worker is eligible to receive twelve (12) Stat Days at eight (8) hours each totaling ninety-six (96) hours for the year.

Therefore, at the end of every year, a regular worker would have been entitled to twelve (12) Stat Days at eight (8) hours each.

If a 4 x 12 hour pattern worker were to receive their Stat Days at twelve (12) hours instead of eight (8) hours, that would mean that at the end of the same year, a 4 x 12 pattern worker would receive twelve (12) hours pay for the same twelve (12) Stat Days and at the end of the year.

Twelve (12) Stat Days paid at twelve (12) hours would net the 4 x 12 hour pattern worker one hundred and forty-four (144) hours for the same number of Stat Days.

This means that depending on where the Stat Day falls during the work week for a 4 x 12 hour pattern worker, he/she may see a small reduction in the total number of hours for that pay period.

This will not result in a net loss in pay over the year because of the rotational nature of the scheduling in the Maintenance Department.

The total amount of eligible hours will not exceed 96 hours for the year.

Annual Vacation Days

The same theory applies to vacation days. Vacation day increments were negotiated based on a 5 x 8 hour shift pattern.

That is why the increments go up by five (5) days at a time as set out in Article 6.2.

Therefore, when vacation days are taken, it is usually in blocks of five (5) days.

Because of that, when a 4 x 12 hour pattern worker schedules his/her vacation days, they are paid out in 8 hour blocks for the days that are taken.

Because a 4 x 12 hour pattern worker receives more days off in a year than a 5 x 8 hour pattern worker, depending on what days are being taken as vacation days in relation to the days off that the Employee has in a particular week, his/her pay may see a small reduction in a pay period where vacation days are taken.

This is because at the end of any year, an Employee's entitlement is based on years' service pursuant to the grid as set out in Article 6.2 and based on that grid, it works out an average of forty (40) hours of Annual Vacation Pay for each week [five (5) day work week] taken.

Therefore, depending on a 4 x 12 hour pattern worker's days off either prior to or immediately after vacation days are taken, he/she may see a small increase or reduction in pay based on the five (5) day Vacation Day payout.

Amendment to Building Maintenance Engineers Schedule

(16) In February 2016, meetings were held to discuss a newly proposed shift schedule. The following is an amended Letter of Understanding that was signed off February 4, 2016

and represents the schedule currently in use at the time of signing of this Collective Agreement:

The parties have met and discussed proposed changes to the current schedule.

Pursuant to Part 2 of Letter of Understanding #7 (Building Maintenance Engineers Scheduling) the Building Maintenance Engineers have proposed and requested a new shift rotation schedule as documented on the following pages.

It is agreed that:

- The shift engineers will work twelve (12) hour shifts in a combination of thirty-six (36) and forty-eight (48) hour work weeks. Over the eight (8) week rotation, they will average thirty-nine (39) hours per week.
- The day engineers will work a forty (40) hour weekly schedule of either one (1) twelve (12) hour shift, three (3) eight (8) hour shifts, and one (1) four (4) hour shift or five (5), eight (8) hour shifts.
- In the event that there are scheduling challenges, the day engineers may be required to work some of the twelve (12) hour shifts to ensure there is necessary coverage. The shift engineers will make all reasonable efforts to ensure that the day engineers do not work night shifts.
- In order to transition to this new schedule, some engineers may need to work in excess of the shifts normally scheduled for the week and agree that this work will be performed at straight time. Other employees may initially work fewer hours in order to transition to the new schedule.
- As this is an employee initiated request, if the schedule reverts back to the rotation currently set out in LOU #7, overtime will not be incurred by the Employer in order to effect this reversion. It is also understood that other employees may initially work fewer hours in order to revert back to the previous schedule.
- All other provisions contained within current LOU #7 will remain in effect.

The parties agree that this amended shift rotation schedule shall be done on a without prejudice basis.

Any issues that arise as a result of this new schedule will be discussed in a timely fashion. Either party may serve thirty (30) days written notice to cease the operation of this amended shift schedule and all provisions of LOU #7 shall revert to their previous operation and application.

RE: BANQUET SERVERS WORKING IN Q AT THE EMPRESS

During the course of 2016 negotiations, The Union and the Company agreed to establish a process for Banquet servers to work in Q at the Empress (Q). For temporary positions that are posted, Banquet servers not having the required qualifications will be permitted to apply provided the following criteria are met:

1. They will not be released from Banquets to work in Q until it is operationally feasible to do so. As such, Banquet servers may not be able to move into their temporary position in Q until July. If the Banquet server has days of no work in Banquets, they may avail themselves of the provisions of article 9.20 and work on those days in Q before moving into that position on a temporary basis. The Banquet server will complete their temporary position and return to Banquets when operationally required to do so. This will likely take place in September.
2. The notion of departmental seniority will apply. Banquet servers will be scheduled after all other regular employees in Q, but they will maintain their seniority ranking amongst other Banquet servers also working in Q in temporary positions. For example, if there are 40 employees in Q and 5 employees from Banquets accept a temporary position, they will be scheduled in rank order 41-45, in order of their Banquet/hotel seniority. The Banquet servers will be scheduled before temporary new hires in Q.
3. The Banquet server will receive the same training as a new employee who has been hired. The provisions of Article 12.5 regarding the trial period will be in effect.
4. Banquet employees availing themselves of this LOU will not be permitted to exercise their right to bump into Q at any time.
5. This LOU only contemplates those employees who do not meet the current minimum qualifications for serving in Q.
6. The parties agree to meet in a timely fashion to discuss any issues arising from the application of this LOU.
7. The parties agree that this LOU will be in effect for the term of this Collective Agreement.
